

Base Prospectus

ARGENTUM CAPITAL S.A.

(a public limited liability company (société anonyme) incorporated under the laws of Luxembourg with its registered office at 51 Avenue J.-F. Kennedy, L-1855 Luxembourg, registered with the RCS under number B.182.715 and subject to the Securitisation Act 2004) (the “Company”)

Secured Note Programme

Argentum Capital S.A. is a special purpose vehicle incorporated as a *société anonyme* (public limited liability company) under the laws of Luxembourg and has the status of an authorised securitisation undertaking under the Securitisation Act 2004 and is supervised by the *Commission de Surveillance du Secteur Financier* (“CSSF”).

This Base Prospectus gives information on the Company and its programme (the “**Programme**”) for the issuance of secured notes (“**Notes**”). The liability of the Company under the Notes and the Programme is separate in respect of each Series of Notes. The Company has established its Programme by entering into a programme deed, as amended and restated from time to time (the “**Programme Deed**”). Under the Programme, the Company may from time to time issue series (each, a “**Series**”) of Notes, in one or more classes (each, a “**Class**”) and tranches (each, a “**Tranche**”), on the terms set out in this Base Prospectus as completed by the final terms prepared in connection with such Tranche (the “**Final Terms**”) or the pricing supplement prepared in connection with such Tranche (the “**Pricing Supplement**”). Notes may also be issued under the Programme on terms set out in a prospectus relating to the Notes, incorporating by reference the whole or any part of this Base Prospectus (a “**Series Prospectus**”) or by a Pricing Supplement (which, together with a Series Prospectus, are the “**Alternative Drawdown Documents**”) and each an “**Alternative Drawdown Document**”). References to applicable Final Terms in this Base Prospectus include only final terms pursuant to Article 5.4 of Directive 2003/71/EC (and amendments thereto, including Directive 2010/73/EU) (the “**Prospectus Directive**”).

Under Luxembourg law, the Company’s assets and liabilities can be divided into “Compartments” (as defined herein under “*Overview of the Programme*”). The Company acting in respect of one of its Compartments (the “**Issuer**”) will purchase assets and/or enter into other contractual arrangements using the proceeds of issue of the Series of Notes, and those assets and the Issuer’s liabilities in respect of any one Series of Notes will be allocated to the Compartment created for that Series of Notes and will be segregated from the Company’s other assets and liabilities and from the assets and liabilities allocated to all other Compartments. The assets in the Compartment will be available exclusively to meet the Issuer’s obligations in respect of that Series of Notes, whether or not such Series comprises Classes, and may not be used by the Company to meet its obligations in respect of any other Series of Notes or any other obligations.

In addition, each Series of Notes will be secured by a security interest created in favour of the Trustee over the assets allocated to a Compartment relating to such Series of Notes as described in “Master Conditions – Condition 5 (*Security*)”. If the proceeds of enforcement of the security are not sufficient to meet all of its obligations in respect of the Series of Notes, the Issuer’s obligations in respect of the Notes will be limited to those proceeds. Neither the assets of another Compartment nor any of the Company’s other assets will be available to meet any shortfall.

This Base Prospectus constitutes a base prospectus as contemplated by the Prospectus Directive. The Base Prospectus has been approved by the Central Bank of Ireland (the “**Central Bank**”), as competent authority under the Prospectus Directive. The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Application has been made to the Irish Stock Exchange (the “**Irish Stock Exchange**”) for Notes issued under the Programme during the 12 months from the date of this Base Prospectus to be admitted to the Official List of the Irish Stock Exchange (the “**Official List**”) and to trading on its regulated market (the “**Main Securities Market**”). References in this Base Prospectus to Notes being “listed” (and all related references) shall mean that such Notes have been admitted to trading on the Main Securities Market and have been admitted to the Official List. The Main Securities Market is a regulated market for the purposes of Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments (“**MiFID**”). Such approval relates only to the Notes which are to be admitted to trading on the Main Securities Market or other regulated markets for the purposes of MiFID and/or which are to be offered to the public in any Member State of the European Economic Area.

However, Notes may also be listed and admitted to trading on such other or further stock exchanges (such Notes, together with Notes admitted to trading on the Main Securities Market and listed on the Official List, the “**Listed Notes**”) as may be agreed between the Company and the relevant Dealer(s) and as specified in the applicable Final Terms or Series Prospectus for the relevant Notes. Unlisted Notes may also be issued pursuant to the Programme on the terms set out in the relevant Pricing Supplement. The applicable Final Terms or, where an Alternative Drawdown Document is prepared (which shall be the case for Credit Linked Notes and Collateral Basket Notes), the applicable terms and conditions set out in such Alternative Drawdown Document (the Final Terms or such provisions of the Alternative Drawdown Document, as the case may be, the “**Issue Terms**”) in respect of the issue of any Notes will specify whether or not such Notes will be listed on the Official List and admitted to trading on the Main Securities Market or any other stock exchange as may be agreed between the Company and the relevant Dealer(s). Notes to be admitted to the Official List and to trading on the Main Securities Market may only be issued by way of Final Terms under this Base Prospectus where (i) a public offering of the Notes is not intended, (ii) the minimum specified denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes) and (iii) the Original Collateral is CS Original Collateral. Where any of (i) a public offering or distribution of the Notes is intended, (ii) the minimum specified denomination of the Notes is less than €100,000 (or its equivalent in any other currency as at the date of issue of the Notes) or (iii) the Original Collateral of the Notes is not CS Original Collateral, then a Series Prospectus will be required for the Notes to be admitted to the Official List and admitted to trading on the Main Securities Market or other regulated markets for the purposes of MiFID. This Base Prospectus has not been reviewed by the Central Bank in relation to any Pricing Supplement.

Prospective investors should have regard to the factors described under the section of this Base Prospectus headed “Risk Factors” and, in particular, to the limited recourse nature of the Notes and the fact that the Company is a special purpose vehicle. This Base Prospectus does not describe all of the risks of an investment in the Notes.

Readers of this Base Prospectus should have regard to the definitions set out in “Master Conditions – Condition 1 (*Definitions and Interpretation*)” herein. Unless otherwise defined elsewhere in this Base Prospectus, capitalised terms used in this Base Prospectus shall have the meaning given to them in “Master Conditions – Condition 1 (*Definitions and Interpretation*)”.

Any websites referred to herein do not form part of the Base Prospectus.

The distribution of this Base Prospectus and any Issue Terms or Alternative Drawdown Document and the offering or sale of the Notes in certain jurisdictions may be restricted by law. In particular, no action has been or will be taken by the Company, the Arranger or any Dealer(s) (save as specified in the relevant Series Prospectus) which is intended to permit a public offering of the Notes or distribution of this Base Prospectus or any Issue Terms in any jurisdiction where action for that purpose is required. The Notes do not represent a participation in any of the collective investment schemes pursuant to Art. 7 ss of the Swiss Federal Act on Collective Investment Schemes (“CISA”) and thus do not require an authorisation of the Swiss Financial Market Supervisory Authority. Therefore, investors in Notes offered to the public in Switzerland are not eligible for the specific investor protection under the CISA.

The Notes have not been and will not be registered under the United States Securities Act of 1933 (the “**Securities Act**”) and include Notes in bearer form that are subject to U.S. tax law requirements. For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus in the United States, Switzerland and the European Economic Area, see “*Subscription and Sale*”.

Each of the Arranger and the Dealer(s) accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Base Prospectus or any such statement.

Prospective purchasers of Notes should have regard to the factors described under the section headed “*Risk Factors*” in this Base Prospectus. This Base Prospectus does not describe all of the risks of an investment in the Notes. 		<p>Limited Recourse and Non-Petition</p> <p>Claims against the Issuer by holders of the Notes of a Series and each other creditor relating to such Notes will be limited to the proceeds of such Notes and the Collateral applicable to such Notes.</p> <p>If the net proceeds of such Series of Notes and the net proceeds of the realisation of the Collateral are not sufficient to make all payments due in respect of such Notes and due to each other creditor relating to such Notes, no other assets of the Company will be available to meet such shortfall and the claims of the Noteholders and any other creditors relating to such Notes in respect of any such shortfall shall be extinguished.</p> <p>No party will be able to petition for the winding-up of the Company as a consequence of any such shortfall.</p>
		<p>Priority of Claims</p> <p>Following any Liquidation or on an enforcement of the Security, the rights of the Noteholders to be paid amounts or delivered assets due under the Notes will be subordinated to (i) amounts owing to the Swap Counterparty pursuant to the Credit Support Annex, (ii) the Issuer's share of the payment or satisfaction of all taxes owing by the Company, (iii) the fees, costs, charges, expenses and liabilities due and payable to the Trustee including costs incurred in the enforcement of the Security (including any taxes to be paid, legal fees and remuneration), (iv) certain amounts owing to the Custodian, the Paying Agents and the</p>

		<p>other Agents in respect of reimbursement for sums paid by them in advance of receipt by them of the funds to make such payment and fees, costs, charges, expenses and liabilities, (v) fees of the Disposal Agent, (vi) any amounts owing to the Swap Counterparty under the Swap Agreement, (vii) the Issuer's share of fees of the Corporate Services Provider owing by the Company and (viii) any other claims as specified in the Conditions as may be amended by the Issue Deed relating to the relevant Series of Notes, that rank in priority to the Notes.</p>
		<p>Negative Pledge/Restrictions</p> <p>There is no negative pledge. However, so long as any Note remains outstanding, the Issuer will not, without the consent of the Trustee and the Swap Counterparty, engage in any business other than the issuance or entry into of bonds, notes or other securities or the entry into of loans or other agreements for the payment or repayment of borrowed money, subject to the provisions of the Securitisation Act 2004 and the articles of incorporation of the Company, and provided always that such obligations are secured on assets of the Issuer other than the Company's share capital and those assets securing any other obligations of the Issuer and that they are entered into on a limited recourse and non-petition basis. In addition, the Issuer will be subject to certain other restrictions including that it will not, without the consent of the Trustee and the Swap Counterparty, declare any dividends, have any subsidiaries or employees, purchase, own, lease or otherwise acquire any real property, consolidate or merge with any other person, convey or transfer its properties or assets substantially as an entity to any person (other than as contemplated by the Conditions) or issue any further shares.</p>
		<p>Events of Default</p> <p>The conditions of the Notes contain the following events of default (each an "Event of Default"):</p> <ul style="list-style-type: none"> (i) default is made for more than 14 days in the payment of any interest or Instalment Amount in respect of the Notes or any of them, other than any interest or Instalment Amount due and payable on the Maturity Date, and other than where any such default occurs as a result of an Original Collateral Default, a Note Tax Event, an Original Collateral Tax Event, an Original Collateral Call, a Swap Termination Event, a Swap Counterparty Event or a Counterparty Bankruptcy Credit Event; (ii) the Issuer does not perform or comply with any one or more of its other obligations under the Notes or the Trust Deed which default is incapable of remedy or, if in the opinion of the Trustee such default is capable of remedy, is not in the opinion of the Trustee remedied within 30 days after notice of such default shall have been effectively given to the Issuer by the Trustee; or (iii) the Issuer: (1) is dissolved (other than pursuant to a consolidation, amalgamation or merger on terms previously

		<p>Meetings</p> <p>The conditions of the Notes will contain provisions for convening meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority.</p>

C.10	Explanation on how the interest amount is affected by the value of the underlying	<p>See C.9 above, plus:</p> <p>Notes issued under the Programme may have an interest amount linked to derivative instrument(s) referencing certain assets and/or indices, and such derivative instrument(s) shall be specified in the relevant Series Prospectus. The value of the derivative instrument(s) will be dependent on the assets and/or indices referenced by the respective instrument. The relevant Series Prospectus will describe the effect the value of the derivative instrument(s) can have on the interest amount payable under the relevant Series of Notes, including those instances where the interest amount payable may increase, or as the case may be, decrease.</p>

C.11	Listing and admission to trading of the Notes	<p>Application has been made to the Irish Stock Exchange for certain Notes issued under the Programme during the 12 months from the date of this Base Prospectus to be admitted to the Official List and to trading on its Main Securities Market. No assurance can be given that such an application to admit Notes to the Official List and to trading on its regulated market will be successful. The Irish Stock Exchange is a regulated market for the purposes of Directive 2004/39/EC.</p> <p>Notes may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer(s) in relation to a specific Series. Notes which are neither listed nor admitted to trading on any market may also be issued.</p>
C.12	Minimum Denomination	<p>The minimum denomination of each Note will be such as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Currency of such Note.</p>
D.2	Key information on the key risks that are specific to the issuer	<p>There are certain factors that are material for the purpose of assessing the risks associated with the Issuer. Factors which could materially adversely affect the Issuer and its ability to make payments due under the Series of Notes include matters of Luxembourg law (such as the Company being structured to be insolvency-remote, not insolvency-proof and the provisions of the Securitisation Act 2004 providing that the assets allocated to a Compartment are only available for the Transaction Parties of the Series relating to that Compartment), the Notes being limited recourse obligations (meaning that a Noteholder's claim may be extinguished if there is a shortfall in funds available to meet payments under the Notes) and related risks.</p>
D.3	Key information on the key risks that are specific to the debt securities	<p>There are also certain factors which are material for the purpose of assessing the risks associated with Notes. These include the fact that such Notes may not be a suitable investment for all investors (for example if they do not have the requisite knowledge and experience in financial and business matters to evaluate the merits and risks of an investment in the Issuer in the context of their financial position or are not capable of bearing the economic risk of an investment in the Issuer for an indefinite period of time), the Swap Agreement and Credit Support Annex (if any) (for example the Swap Agreement's possible early termination in various circumstances which would result in the early redemption of the Notes) and the related credit exposure to any Swap Counterparty. If the net proceeds of the Notes and the net proceeds of the realisation of the Collateral are not sufficient to discharge all payments obligations of the Issuer in accordance with the applicable priority of payments, Noteholders may lose their entire investment.</p> <p>Other risks, including, without limitation, sovereign risk, Eurozone risk and political, economic, geographical or industry related risks that are not directly related to the Notes may also materially affect the value and performance of the Notes.</p>

E.2b	Reasons for the offer and use of proceeds	The net proceeds of an issue of a Series of Notes will be applied by the Issuer, subject to the provisions of the Securitisation Act 2004, to purchase the Collateral applicable to such Series and/or enter into the Transaction Documents and/or to fund any initial payment obligations under any related Swap Agreement and/or in meeting certain expenses and fees payable in connection with the operations of the Issuer and the issue of any Notes.
E.3	A description of the terms and conditions of the offer	Element E.3 is not applicable at Programme level but further details on the terms and conditions of the offer of a Series of Notes will be specified in the relevant Series Prospectus.
E.4	Interest material to the offer including conflicts of interests	<p>Various potential and actual conflicts of interest may arise between the interests of the Noteholders of a Series of Notes and either the Issuer, the Swap Counterparty (if applicable) and/or any other parties as may be specified in the relevant Series Prospectus, as a result of the various businesses, management, investment and other activities of such persons. Each such person and its respective affiliates acting in such capacities in connection with the issue of Notes shall have only the duties and responsibilities expressly agreed to by it in the relevant capacity specified in the relevant Series Prospectus and shall not, by virtue of its or any other affiliates acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as expressly provided with respect to each such capacity. None of such persons is required to resolve such conflicts of interest in favour of the Noteholders.</p> <p>Any other interests that are material to the issue of a Series of Notes shall be specified in the relevant Series Prospectus.</p>
E.7	Estimated expenses charged to the investor	Element E.7 is not applicable at Programme level but further details on estimated expenses of a Series of Notes (which will be charged to the relevant investor(s)) shall be specified in the relevant Series Prospectus.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its scheduled obligations under the Notes issued under the Programme. The Issuer is not in a position to express a view on the likelihood of any contingency highlighted by a risk factor occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes or the reduction of any such amounts may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and the applicable Issue Terms or Alternative Drawdown Document, and reach their own views prior to making any investment decision.

The risk factors identified in this Base Prospectus are provided as general information only and the Arranger and the Dealer(s) disclaim any responsibility to advise purchasers of Notes of the risks and investment considerations associated therewith as may exist at the date hereof or as may from time to time alter. Additional risk factors may be set out in any Alternative Drawdown Document for any Series and prospective purchasers should also read those risk factors in connection with the Notes to which such Alternative Drawdown Document relates.

General

The Notes

The Notes are complex instruments that involve substantial risks and are suitable only for sophisticated investors who have sufficient knowledge and experience and access to such professional advisers as they shall consider necessary in order to make their own evaluation of the risks and the merits of such an investment (including without limitation the tax, accounting, credit, legal, regulatory and financial implications for them of such an investment) and who have considered the suitability of such Notes in light of their own circumstances and financial condition. Prospective investors should ensure that they understand the nature of the risks posed by an investment in the Notes, and the extent of their exposure as a result of such investment in the Notes and, before making their investment decision, should consider carefully all of the information set forth in this Base Prospectus and, in particular, the considerations set forth below. Owing to the structured nature of the Notes, their price may be more volatile than that of unstructured securities.

Investors

Each prospective investor in Notes should have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal and interest may reduce as a result of the occurrence of different events whether related to the creditworthiness of any entity or otherwise or changes in particular rates, prices, values or indices, or where the currency for principal or interest payments is different from the prospective investor's currency.

Investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should therefore consult its professional advisers to determine whether and to what extent (i) the Notes are legal investments for it, and/or (ii) other restrictions apply to its purchase of any Notes. Financial institutions should consult their professional advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

For the purposes of these risk factors, references to “Noteholders” or “holders” of Notes should generally be read as including holders of beneficial interests in such Notes, except where the context otherwise requires.

No fiduciary role

None of the Issuer, the Arranger, the Dealer(s) or any of the other Transaction Parties or any of their respective affiliates is acting as an investment adviser or as adviser in any other capacity, and none of them (other than the Trustee under the Trust Deed) assumes any fiduciary obligation to any purchaser of Notes or any other party, including the Issuer.

None of the Issuer, the Arranger, the Dealer(s) or any of the other Transaction Parties assumes any responsibility for conducting or failing to conduct any investigation into the business, financial condition, prospects, creditworthiness, status and/or affairs of any issuer or obligor of any Collateral or the terms thereof or of any Swap Counterparty or the terms of the relevant Swap Agreement.

Investors may not rely on the views of the Issuer, the Arranger, the Dealer(s) or any of the other Transaction Parties for any information in relation to any person.

No reliance

A prospective purchaser may not rely on the Issuer, the Arranger, the Dealer(s) or any of the other Transaction Parties or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to any of the other matters referred to above.

No representations

None of the Issuer, the Arranger, the Dealer(s) or any of the other Transaction Parties makes any representation or warranty, express or implied, in respect of any Collateral or any issuer or obligor of any Collateral or of any Swap Counterparty or in respect of any relevant Swap Agreement or in respect of any information contained in any documents prepared, provided or filed by or on behalf of any such issuer or obligor or in respect of such Collateral or of any Swap Counterparty or in respect of the relevant Swap Agreement with any exchange, governmental, supervisory or self regulatory authority or any other person.

None of the Arranger or the Dealer(s) makes any representation or warranty, express or implied, in respect of the Issuer or in respect of any information contained in any documents prepared, provided or filed by or on behalf of the Issuer.

Risks relating to the Issuer

Securitisation Act 2004 and Compartments

The Company is established as a *société anonyme* (public limited liability company) within the meaning of the Securitisation Act 2004. This means that claims against the Company by the Secured Creditors (including the Noteholders) in respect of each Series of Notes will be limited to the net proceeds of the Mortgaged Property for each Series included in the relevant Compartment. Further, under the Securitisation Act 2004, the net proceeds of the Mortgaged Property for each Series are available only for distribution to the specified Noteholders and other creditors relating to such Series.

A creditor of the Company may have claims against the Company in respect of more than one Series, in which case the claims in respect of each individual Series will be limited to the net proceeds of the Mortgaged Property relating to such Series only. Assets held in different Compartments of the Company are deemed to be assets of separate entities for the purpose of creditors. The Board of the Company may establish one or more Compartments. Each Compartment is a separate and distinct part of the Company’s estate (*patrimoine*) which may be distinguished by the nature of acquired risks or assets, the Conditions of the Notes issued in relation to the Compartment comprising the Master Conditions and relevant Issue Terms, and the reference currency or other distinguishing characteristics.

The specific objects of each Compartment and the Conditions of the Notes issued in respect of it shall be determined by the Board. Each Noteholder shall be deemed to fully adhere to, and be bound by, the Conditions applicable to the relevant Notes.

Subject as may be specified in the Articles and to any particular rights or limitations for the time being attached to any Notes, including, without limitation, the relevant Conditions thereof, if the net assets of a Compartment are liquidated, the proceeds of liquidation shall be applied in the order set out in the Conditions. The rights of Noteholders and other Secured Creditors in respect of a Series of Notes are limited to the assets of the corresponding Compartment, where these rights relate to that Compartment or have arisen at the occasion of the creation, the operation or the liquidation of the relevant Compartment. The assets of a Compartment are, in principle, available only to satisfy the rights of the Noteholders of Notes issued in relation to that Compartment and the rights of creditors whose claims have arisen at the occasion of the creation, the operation or the liquidation of that Compartment (including the other Secured Creditors).

Fees, expenses and other liabilities incurred on behalf of the Company but which do not relate specifically to any Compartment may, under certain circumstances, be payable out of the assets allocated to Compartments. The Board shall ensure, to the extent possible (although there is no guarantee that the Board will be able to achieve this), that creditors of such other liabilities expressly waive recourse to the assets of any Compartment. The rights of creditors (the “**Non Compartment-Specific Claims Creditors**”) whose claims have not arisen in connection with the creation, operation or liquidation of a Compartment and which have not waived their recourse to the assets of any Compartment, shall be allocated by the Company on a half year basis in arrears to all the Compartments (on an equal basis and *pro rata temporis* for Compartments created within such half year) where the relevant Conditions or the Articles expressly authorise Non Compartment-Specific Claims Creditors to have recourse against the rights and assets allocated to such Compartments. Such rights of a Non Compartment-Specific Claims Creditor against a Compartment are hereinafter referred to as the “**Pro Rata Rights**”. Each Non Compartment-Specific Claims Creditor acknowledges and accepts that such Pro Rata Rights are subject to the rights of any creditor having the benefit of any security created over such assets allocated to a Compartment and once all the assets allocated to a Compartment in respect of which it has Pro Rata Rights have been realised, it is not entitled to take any further steps against the Issuer or the Company to recover such Pro Rata Rights and the right to receive any sum in respect of the Pro Rata Rights shall be extinguished. The Board shall establish and maintain separate accounting records for each of the Compartments of the Company for the purposes of ascertaining the rights of the Noteholders of Notes issued in respect of each Compartment for the purposes of the Articles and the Conditions, and such accounting records shall be conclusive evidence of such rights in the absence of manifest error.

The assets of each Compartment may include the proceeds of the issue of the Notes of the relevant Series and the Collateral. The fees, costs and expenses in relation to the Notes of each Series are allocated to the Compartment relating to the relevant Series in accordance with the Conditions and the Articles.

Noteholders of a Series, whether or not comprised of Classes, will have recourse only to the Mortgaged Property relating to the relevant Series of Notes.

The Company is a special purpose vehicle

The Company's sole business is the raising of money by issuing Notes or entering into certain other obligations within the limits of the Securitisation Act 2004 (in respect of each Series, the “**Issuer**”), in each case for the purposes of purchasing assets and/or entering into related derivatives and other contracts. The Issuer has covenanted (amongst other things) not, as long as any Note remains outstanding, without the consent of the Trustee and the Swap Counterparty, to engage in any business other than the issuance or entry into of bonds, notes or other securities or the entry into of loans or other agreements for the payment or repayment of borrowed money, and provided always that such

obligations are secured on assets of the Issuer other than the Issuer's share capital and those assets securing any other obligations of the Issuer and that they are entered into on a limited recourse and non-petition basis. In addition, the Issuer will be subject to certain other restrictions including that it will not, without the consent of the Trustee and the Swap Counterparty, declare any dividends, have any subsidiaries or employees, purchase, own, lease or otherwise acquire any real property, consolidate or merge with any other person, convey or transfer its assets substantially as an entity to any person (other than as contemplated by the Conditions) or issue any shares. As such, the Issuer has, and will have, no assets other than its issued and paid-up share capital, such fees (as agreed) payable to it in connection with the issue of Notes or entry into other obligations from time to time and any Mortgaged Property and any other assets on which Notes or other obligations are secured.

Contracting on limited recourse basis

The rights of Noteholders to participate in the assets of the Issuer are limited to the net proceeds of the Mortgaged Property. If the payments received by the Issuer in respect of the Mortgaged Property are not sufficient to make all payments due in respect of the Notes, the obligations of the Issuer in respect of the Notes will be limited to the Mortgaged Property.

To give effect to the provisions of the Securitisation Act 2004 under which the net proceeds of the Mortgaged Property of a Compartment are available only for the Transaction Parties for the relevant Series relating to that Compartment, the Issuer is (subject as provided for in the Trust Deed) permitted only to contract with parties on a "limited recourse" basis such that claims against the Issuer in relation to each Series would be restricted to the net proceeds of the Mortgaged Property of the Compartment for the relevant Series. In addition, the Issuer is (subject as provided for in the Trust Deed) permitted only to contract with parties on a "non-petition" basis. Provided such parties have agreed a non-petition clause, no such party will be able to petition or take any other step for the winding-up or the bankruptcy of the Company or any other similar insolvency related proceedings in Luxembourg. However, there is no guarantee that all claims which arise against the Company will be on a limited recourse and non-petition basis, in particular claims arising from parties which have no direct contractual relationship with the Issuer.

The Mortgaged Property relating to one or more Compartments may be subject to claims by creditors other than the relevant Transaction Parties for the relevant Series (including creditors whose claims are preferred by law), resulting in a shortfall in the amounts available to meet the claims of the relevant Transaction Parties. Noteholders may be exposed to competing claims of other creditors of the Company if foreign courts which have jurisdiction over assets of the Company allocated to a Compartment do not recognise the segregation of assets and the compartmentalisation, as provided for in the Securitisation Act 2004. The claims of these other creditors may affect the scope of assets which are available for the claims of Noteholders and those of the Transaction Parties. If, as a result of such claims, a shortfall arises, such shortfall will be borne by the Noteholders and the Transaction Parties.

Allocation of Liabilities Among All Noteholders

Any liability which is not a Series-specific liability (that is, it does not relate to any Compartment in respect of which a Series of Notes is issued) which is not otherwise funded may be apportioned between the Series. The apportionment of such liability will reduce the return that would otherwise have been payable on such Notes. The Issuer will seek to contract with all counterparties on a limited recourse basis such that claims in respect of any liability which is not Series-specific may not be made in respect of the assets of any Compartment.

The rights of creditors (the "**Non Compartment-Specific Claims Creditors**") whose claims have not arisen in connection with the creation, operation or liquidation of a Compartment and which have not waived their recourse to the assets of any Compartment, shall be allocated by the Company on a half year basis in arrear to all the Compartments (on an equal basis and *pro rata temporis* for Compartments created within such half year) where the relevant Conditions or the Articles expressly authorise Non Compartment-Specific Claims Creditors to have recourse against the rights and assets allocated to such

Compartments. Such rights of a Non Compartment-Specific Claims Creditor against a Compartment are hereinafter referred to as the “**Pro Rata Rights**”. Each Non Compartment-Specific Claims Creditor acknowledges and accepts that such Pro Rata Rights are subject to the rights of any creditor having the benefit of any security created over such assets allocated to a Compartment and once all the assets allocated to a Compartment in respect of which it has Pro Rata Rights have been realised, it is not entitled to take any further steps against the Company (including in its capacity as Issuer) to recover such Pro Rata Rights and the right to receive any sum in respect of the Pro Rata Rights shall be extinguished.

Consequences of Winding-up Proceedings

The Company is structured to be an insolvency-remote vehicle.

The Company is (subject as provided for in the Trust Deed) permitted only to contract with parties who agree not to make any application for the commencement of winding-up, or bankruptcy or similar proceedings against the Company. Legal proceedings initiated against the Company in breach of these provisions shall, in principle, be declared inadmissible by a Luxembourg court.

However, if the Company fails for any reason to meet its obligations or liabilities, a creditor who has not (and cannot be deemed to have) accepted non-petition and limited recourse provisions in respect of the Company is entitled to make an application for the commencement of insolvency proceedings against the Company. In that case, such creditor (other than a Non-Compartment Specific Claims Creditor or a Compartment Specific Claims Creditor) should not have recourse to the assets of any Compartment but would have to exercise his rights over the general assets of the Company, but not to the assets of any other Compartment.

Furthermore, the commencement of such proceedings may, in certain conditions, entitle creditors to terminate contracts with the Company and claim damages for any loss suffered as a result of such early termination.

The Company is insolvency-remote, not insolvency-proof.

Disposal Agent appointment to terminate on a Company Bankruptcy Event

If the Company is subject to a Bankruptcy Event, the appointment of the Disposal Agent shall be terminated as a matter of Luxembourg law, such that the Disposal Agent will no longer be authorised to Liquidate the Collateral.

Certain powers may not be enforceable under Luxembourg law

Certain powers of the Trustee or any receiver as conferred upon it under the Law of Property Act 1925 or the Insolvency Act 1986 may not be enforceable under Luxembourg law.

Fees and Expenses

The Noteholders should note that, in relation to a Series of Notes, fees and expenses (including fees payable to the Arranger and/or the Trustee) as set out in the applicable Issue Terms, may rank senior to payments of principal and interest on the Notes.

Evolution of international fiscal policy

Luxembourg has concluded a number of double taxation treaties with other member states. It may be necessary or desirable for the Company to seek to rely on such treaties particularly in respect of income and gains of the Issuer. Whilst each double taxation treaty needs to be considered individually taking into account fiscal practices primarily of the country from whom relief is sought a number of requirements need to be met. These requirements may include ensuring that an entity is resident in Luxembourg, is subject to taxation there on income and gains and is also beneficially owner of such income and gains. Fiscal policy and practice is constantly evolving and at present the pace of evolution has been quickened due to a number of developments which include, but are not limited to, the Organisation for Economic

Co-operation and Development (“**OECD**”) base erosion and profit shifting project. Fiscal policy may change which may or may not be accompanied by a formal announcement by any fiscal authority or the OECD. As a result, there can be no certainty that the Company will be able to rely on double tax treaties because fiscal practice of the construction of double tax treaties and the operation of the administrative processes surrounding those treaties may be subject to change. For example, fiscal practice could evolve such that the Company could be regarded as not being the beneficial owner because the overriding commercial object of the Company to allocate income and gains, less certain expenses and losses for the benefit of Noteholders, and the Company is entitled to a tax deduction in respect of that allocation and, as such, the Company would not be able to rely on a double taxation treaty on its own behalf.

EU Directive on the Taxation of Savings Income

Council Directive 2003/48/EC on the taxation of savings income (the “**Savings Directive**”) requires an EU Member State to provide to the tax authorities of other EU Member States details of payments of interest and other similar income paid by a person established within its jurisdiction to (or for the benefit of) an individual resident, or certain other types of entities established, in that other EU Member State.

Austria and Luxembourg instead opted for the possibility to impose a withholding system for a transitional period (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld) unless during such period they elect otherwise.

In accordance with the law of 25 November 2014, Luxembourg will elect out of the withholding system in favour of an automatic exchange of information with effect as from 1 January 2015. The Council of the European Union has adopted a Directive (the “**Amending Directive**”) which will, when implemented, amend and broaden the scope of the requirements of the Savings Directive described above. The Amending Directive will expand the range of payments covered by the Savings Directive, in particular to include additional types of income payable on securities, and the circumstances in which payments must be reported or paid subject to withholding. For example, payments made to (or for the benefit of) (i) an entity or legal arrangement effectively managed in an EU Member State that is not subject to effective taxation, or (ii) a person, entity or legal arrangement established or effectively managed outside of the EU (and outside any third country or territory that has adopted similar measures to the Savings Directive) which indirectly benefit an individual resident in an EU Member State, may fall within the scope of the Savings Directive, as amended. The Amending Directive requires EU Member States to adopt national legislation necessary to comply with it by 1 January 2016, which legislation must apply from 1 January 2017.

If a payment were to be made or collected through an EU Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment pursuant to the Savings Directive or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to such Directive, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. Furthermore, once the Amending Directive is implemented and takes effect in EU Member States, such withholding may occur in a wider range of circumstances than at present, as explained above.

The Issuer is required to maintain a Paying Agent with a specified office in an EU Member State that is not obliged to withhold or deduct tax pursuant to any law implementing the Savings Directive or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000, which may mitigate an element of this risk if the Noteholder is able to arrange for payment through such a Paying Agent. However, investors should choose their custodians and intermediaries with care, and provide each custodian and intermediary with any information that may be necessary to enable such

persons to make payments free from withholding and in compliance with the Savings Directive, as amended.

Investors who are in any doubt as to their position should consult their professional advisers.

FATCA and the possibility of U.S. withholding tax on payments

Background

The foreign account tax compliance provisions of the Hiring Incentives to Restore Employment Act of 2010 impose a withholding tax of 30 per cent. on (i) certain U.S. source payments and (ii) payments of gross proceeds from the disposition of assets that produce U.S. source dividends or interest, in either case made to persons that fail to meet certain certification or reporting requirements. To avoid withholding under “FATCA” (as defined in Master Condition 1(a) (*Definitions*)), a non-U.S. financial institution (“**FFI**”) must enter into an agreement with the Internal Revenue Service (an “**IRS Agreement**”) (as described below) or otherwise be exempt from the requirements of FATCA. Non-U.S. financial institutions that enter into IRS Agreements or become subject to provisions of local law (“**IGA legislation**”) intended to implement an intergovernmental agreement entered into pursuant to FATCA (“**IGAs**”), may be required to identify “financial accounts” held by U.S. persons or entities with substantial U.S. ownership, as well as accounts of other financial institutions that are not themselves participating in (or otherwise exempt from) the FATCA reporting regime. In addition, in order (a) to obtain an exemption from FATCA withholding on payments it receives or (b) to comply with any applicable IGA legislation, a financial institution that enters into an IRS Agreement or is subject to IGA legislation may be required to (i) report certain information on its U.S. account holders to the government of the United States or another relevant jurisdiction and (ii) withhold 30 per cent. from all, or a portion of, certain payments made to persons that fail to provide the financial institution information, consents and forms or other documentation that may be necessary for such financial institution to determine whether such person is compliant with FATCA or otherwise exempt from FATCA withholding.

Under FATCA, withholding is required with respect to payments to persons that are not compliant with FATCA or that do not provide the necessary information, consents or documentation, where such payments are made on or after (i) July 1, 2014 in respect of certain U.S. source payments, (ii) January 1, 2017, in respect of payments of gross proceeds (including principal repayments) on certain assets that produce U.S. source interest or dividends and (iii) January 1, 2017 (at the earliest) in respect of “foreign passthru payments”, provided that for “obligations” that are not treated as equity for U.S. federal income tax purposes, FATCA withholding will only apply to such obligations that are issued or materially modified on or after (a) July 1, 2014 or (b) the date that is six months after the date on which the final regulations defining “foreign passthru payments” are filed with the Federal Register in the case of an obligation that would only be subject to FATCA withholding to the extent payments on such obligation were treated as “foreign passthru payments”.

The application of FATCA to interest, principal or other amounts paid with respect to the Notes, the Collateral (if any) and the Swap Agreement (if any) and the information reporting obligations of the Company or the Issuer, as appropriate, and other entities in the payment chain is still developing. In particular, a number of jurisdictions (including Luxembourg) have entered into IGAs with the United States, which modify the way in which FATCA applies to their jurisdictions. The full impact of such IGAs and IGA legislation thereunder on reporting and withholding responsibilities under FATCA is unclear. The Company or the Issuer, as appropriate, and other entities in the payment chain may be required to report certain information on their U.S. account holders to government authorities in their respective jurisdictions or the United States in order (i) to obtain an exemption from FATCA withholding on payments they receive or (ii) to comply with applicable law in their jurisdiction. It is not yet certain how withholding on “foreign passthru payments” will be dealt with under the IGAs or if such withholding will be required at all.

Possible impact on Payments on Collateral (if any) and Swap Agreement (if any)

If the Company or the Issuer, as appropriate, fails to comply with its obligations under FATCA (including the Luxembourg IGA and any IGA legislation thereunder), it may be subject to FATCA withholding on all, or a portion of, payments it receives with respect to the Collateral (if any) or the Swap Agreement (if any). Any such withholding would, in turn, result in the Issuer having insufficient funds from which to make payments that would otherwise have become due in respect of the Notes or Swap Agreement (if any) with respect to a Series. No other funds will be available to the Issuer to make up any such shortfall and, as a result, the Issuer may not have sufficient funds to satisfy its payment obligations to Noteholders. Additionally, if payments to the Issuer in respect of its assets, including the Collateral (if any), are, will become or are deemed on any test date to be subject to FATCA withholding, the Notes will be subject to early redemption (See “Early redemption for Events of Default, tax or other reasons” below). No assurance can be given that the Company or the Issuer, as appropriate, can or will comply with its obligations under FATCA or that the Company or the Issuer, as appropriate, will not be subject to FATCA withholding.

Possible impact on payments on the Notes

The Issuer expects to require (and expects other intermediaries through which Notes are held to require) each Noteholder to provide certifications and identifying information about itself and its owners (or beneficial owners) in order to enable the Issuer (or such an intermediary) to identify and report on the Noteholder and certain of the Noteholder’s direct and indirect U.S. beneficial owners to the Internal Revenue Service or another applicable authority. The Issuer may also be required to withhold amounts from Noteholders (including intermediaries through which such Notes are held) that are FFIs that are not compliant with, or exempt from, FATCA or Noteholders that do not provide the information, documentation or certifications required for the Issuer to comply with its obligations under FATCA. Additionally, the Issuer is also permitted to make any amendments to the Notes and the Swap Agreement (if any) as may be necessary to enable the Issuer to comply with its obligations under FATCA (including the Luxembourg IGA and any IGA legislation thereunder) and any such amendment will be binding on the Noteholders.

Neither a Noteholder nor a beneficial owner of Notes will be entitled to any additional amounts in the event FATCA withholding tax is imposed on any payments on or with respect to the Notes. As a result, Noteholders may receive less interest or principal, as applicable, than expected.

FATCA IS PARTICULARLY COMPLEX AND ITS APPLICATION TO THE COMPANY, THE ISSUER, THE NOTES AND NOTEHOLDERS IS SUBJECT TO CHANGE. EACH NOTEHOLDER SHOULD CONSULT ITS OWN TAX ADVISER TO OBTAIN A MORE DETAILED EXPLANATION OF FATCA AND TO LEARN HOW FATCA MIGHT AFFECT SUCH NOTEHOLDER IN LIGHT OF ITS PARTICULAR CIRCUMSTANCES.

Regulation of the Issuer by any regulatory authority

Save for registration with the RCS in Luxembourg and the CSSF’s approval, the Issuer is not required to be licensed, registered or authorised under any current securities, commodities, insurance or banking laws or regulations of its jurisdiction of incorporation. There is no assurance, however, that in the future such regulatory authorities would not take a contrary view regarding the applicability of any such laws or regulations to the Issuer. There is also no assurance that the regulatory authorities in other jurisdictions would not require the Issuer to be licensed or authorised under any securities, commodities, insurance or banking laws or regulations of those jurisdictions. Any requirement to be licensed or authorised could have an adverse effect on the Issuer and on the holders of the Notes.

Anti-money laundering

The Issuer may be subject to anti-money laundering legislation in its jurisdiction of incorporation. If the Issuer were determined by the relevant authorities to be in violation of any such legislation, it could

become subject to substantial criminal penalties. Any such violation could materially and adversely affect the timing and amount of payments made by the Issuer to Noteholders in respect of the Issuer's Notes.

Risks relating to the Notes

Limited recourse obligations

The Notes are direct, secured, limited recourse obligations of the Issuer payable solely out of the Mortgaged Property over which security is given by the Issuer in favour of the Trustee on behalf of the Noteholders and other Secured Creditors. Payments due in respect of the Notes prior to redemption or acceleration thereof will be made solely out of amounts received by or on behalf of the Issuer in respect of the Mortgaged Property. The Issuer will have no other assets or sources of revenue available for payment of any of its obligations under the Notes. No assurance can be made that the proceeds available for and allocated to the repayment of the Notes at any particular time will be sufficient to cover all amounts that would otherwise be due and payable in respect of the Notes. If the proceeds of the realisation of the Security received by the Trustee for the benefit of the Noteholders prove insufficient to make payments on or deliveries under the Notes, as the case may be, the Notes, no other assets will be available for payment or delivery in respect of the shortfall, and, following distribution of the proceeds of such realisation, any outstanding claim against the Issuer in relation to the Notes shall be extinguished and no debt shall be owed by the Issuer in respect thereof.

Further, only the Trustee may pursue remedies against the Issuer for any breach by the Issuer of the terms of the Trust Deed, the Notes or the Coupons and no Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound to proceed in accordance with the terms of the Trust Deed, fails to do so within a reasonable period and such failure is continuing. In addition, in respect of any failure by the Issuer to make payment or delivery of the Final Redemption Amount and/or any interest or Instalment Amount that became due and payable on the Maturity Date, no Secured Creditor may direct the Trustee to pursue any remedies against the Issuer for any breach by the Issuer of the terms of the Trust Deed, the Notes or the Coupons until the Relevant Payment Date, which is the tenth Reference Business Day after the Maturity Date.

In addition, only the Trustee may enforce the Security over the Mortgaged Property in accordance with, and subject to, the terms of the Trust Deed.

No person other than the Issuer will be obliged to make payments on or deliveries under the Notes.

Security

The Notes will have the benefit of Luxembourg and English law-governed security interests (and, in certain circumstances, security interests governed by the laws of any other relevant jurisdiction) which are granted to the Trustee (for the benefit of the Transaction Parties for the relevant Series) over the Mortgaged Property allocated to relevant Compartment.

The Securitisation Act 2004 provides that the net proceeds of the Mortgaged Property for each Series of Notes are available to meet only the claims of Secured Parties (including the Noteholders) for that Series.

Meetings of Noteholders, written resolutions, modification, waivers and substitution

The Trust Deed contains provisions for calling meetings of Noteholders to consider matters affecting their interests generally and to obtain written resolutions on matters relating to the Notes from Noteholders without calling a meeting. A written resolution signed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes of the Relevant Noteholder Proportion who for the time being are entitled to receive notice of a meeting in accordance with the provisions of the Trust Deed and whose Notes are then outstanding shall, for all purposes, be deemed to be an Extraordinary Resolution. In certain circumstances, where the Notes are held on behalf of a clearing system, the Issuer and the Trustee will be entitled to rely upon approval of a resolution proposed by the Issuer or the Trustee (as the

case may be) given by way of electronic consents communicated through the electronic communication systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. in aggregate nominal amount of the Notes of the Relevant Noteholder Proportion for the time being outstanding, and such electronic consents shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders of the Relevant Noteholder Proportion duly convened and held. A written resolution or an electronic consent described above may be effected in connection with any matter affecting the interests of Noteholders, including the modification of the Conditions, that would otherwise be required to be passed at a meeting of Noteholders satisfying the special quorum in accordance with the provisions of the Trust Deed. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting or in respect of the relevant resolution (or participate in the written resolution or electronic consent, as the case may be) and Noteholders who voted in a manner contrary to the majority (either in a meeting or by written resolution). The Trustee may, in certain circumstances and without the consent of Noteholders, (i) agree to certain modifications of, or the waiver or authorisation of any breach or proposed breach of, the provisions of the Notes, (ii) determine that any Event of Default or potential Event of Default shall not be treated as such or (iii) agree to the substitution of another entity as principal debtor under any Notes in place of the Issuer.

Trustee indemnity and remuneration

In certain circumstances, the Noteholders may be dependent on the Trustee to take certain actions in respect of a Series of Notes, in particular if the Security in respect of such Series becomes enforceable under the Conditions. Prior to taking such action, the Trustee may require to be indemnified and/or secured and/or pre-funded to its satisfaction. If the Trustee is not indemnified and/or secured and/or pre-funded to its satisfaction it may decide not to take such action and such inaction will not constitute a breach by it of its obligations under the Trust Deed. Consequently, the Noteholders would have to either arrange for such indemnity and/or security and/or pre-funding or accept the consequences of such inaction by the Trustee. Noteholders should be prepared to bear the costs associated with any such indemnity and/or security and/or pre-funding and/or the consequences of any such inaction by the Trustee. Such inaction by the Trustee will not entitle Noteholders to take action directly against the Issuer to pursue remedies for any breach by the Issuer of the Trust Deed, the Notes or the Coupons (although the events giving rise to the need for Trustee action might also permit the Noteholders to exercise certain rights directly under the Conditions).

So long as any Note is outstanding, the Issuer shall pay the Trustee remuneration for its services. Such remuneration may reduce the amount payable to Noteholders.

Priority of Claims

During the term of the Notes, following a Liquidation or on an enforcement of the Security, the rights of the Noteholders to be paid amounts or delivered assets due under the Notes will be subordinated to (i) amounts owing to the Swap Counterparty pursuant to the Credit Support Annex, (ii) the Issuer's share of the payment or satisfaction of all taxes owing by the Company, (iii) the fees, costs, charges, expenses and liabilities due and payable to the Trustee including costs incurred in the enforcement of the Security (including any taxes to be paid, legal fees and remuneration) (iv) certain amounts owing to the Custodian, the Issuing and Paying Agent and the other Agents in respect of reimbursement for sums paid by them in advance of receipt by them of the funds to make such payment and fees, costs, charges, expenses and liabilities, (v) fees of the Disposal Agent, (vi) any amounts owing to the Swap Counterparty under the Swap Agreement, (vii) the Issuer's share of fees of the Corporate Services Provider owing by the Company and (viii) any other claims as specified in the Conditions as may be amended by the Issue Deed relating to the relevant Series of Notes, that rank in priority to the Notes.

No gross-up

In the event that any withholding tax or deduction for tax is imposed on payments on or in respect of the Notes (as a result of FATCA or otherwise), the Noteholders will not be entitled to receive grossed-up

amounts to compensate for such withholding tax nor be reimbursed for the amount of any shortfall. In certain circumstances, the imposition of such taxes or deductions for tax will result in the Notes being redeemed early at their Early Redemption Amount (as further described below in the section of this Base Prospectus headed “*Risk Factors – Early Redemption for Events of Default, tax or other reasons*”).

Modification, waivers and substitution

The Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders of the relevant Series, including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions of the Notes also provide that the Trustee may, in certain circumstances and without the consent of Noteholders, agree to (i) any modification of any of the Conditions or any of the provisions of the Transaction Documents that in the opinion of the Trustee is of a formal, minor or technical nature or is made to correct a manifest error, (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach of any of the Conditions or any provisions of the Transaction Documents that in the opinion of the Trustee is not materially prejudicial to the interest of the Noteholders or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer subject to the prior written consent of the Swap Counterparty.

Early redemption for Events of Default, tax or other reasons

The Notes may be redeemed on a date other than on a final redemption on the Maturity Date upon the occurrence of certain tax events with respect to the Notes or the Original Collateral, upon the occurrence of certain events with respect to the Original Collateral (which, depending on what is specified in the applicable Issue Terms, may include the Original Collateral being called for redemption or repayment prior to its scheduled maturity date, the Original Collateral becoming payable prior to its scheduled maturity, certain failures to make payments in respect of the Original Collateral, the conversion of the Original Collateral into another instrument or a redenomination of the currency in which the principal or interest of the Original Collateral is due to be paid), upon the termination of the Swap Agreement, upon the value of the Original Collateral and the Swap Agreement falling to or beneath a certain level or upon the occurrence of certain regulatory events. In addition, either the Noteholders and/or the Trustee (dependent on the relevant event and as specified in the Conditions) may have the right to direct a redemption of the Notes upon the occurrence of an Event of Default with respect to the Notes, the occurrence of certain default events relating to the Original Collateral or upon the bankruptcy or certain other defaults of the Swap Counterparty. In such circumstances, the Disposal Agent may be required to liquidate some or all of the Collateral and/or the Trustee may enforce the Security following the occurrence of an Enforcement Event (as the case may be) and any Swap Agreement may terminate in accordance with its terms.

Upon early termination of the Swap Agreement (if any), an early termination payment based on the losses or costs or, as the case may be, gains of the determining party in entering into a replacement transaction or its economic equivalent (or otherwise determined in accordance with the terms of such Swap Agreement) will be payable by the Issuer to the Swap Counterparty, or (as the case may be) by the Swap Counterparty to the Issuer under the Swap Agreement. The determination of any such losses or costs or, as the case may be, gains will be dependent on a number of factors including, without limitation, (i) the creditworthiness and liquidity of the assets underlying the swap payments, (ii) market perception, interest rates, yields and foreign exchange rates, (iii) the time remaining to the scheduled termination date of the Swap Transactions under the Swap Agreement and (iv) where a Credit Support Annex has been entered into as part of the Swap Agreement, the value of any collateral received by the Issuer, or collateral posted by the Issuer, thereunder.

The amount payable to a Noteholder in such circumstances will be either:

- (i) where Cash Settlement is specified in the applicable Issue Terms or where Noteholder Settlement Option is specified in the applicable Issue Terms and such Noteholder has elected or is deemed to have elected to receive the Early Cash Redemption Amount, an amount per Note equal to the Early Cash Redemption Amount; or
- (ii) if Noteholder Settlement Option is specified in the applicable Issue Terms and such Noteholder does not elect or is not deemed to have elected to receive the Early Cash Redemption Amount, an amount per Note equal to the Physical Redemption Amount.

Where Classes are applicable in respect of a Series of Notes and the applicable Issue Terms specify that where one Class of Notes redeems early, all Classes of Note shall redeem early (as further described below in the section of this Base Prospectus headed “*Risk Factors – All Classes of Notes may be redeemed as a result of an Early Redemption Commencement Date that occurs in respect of certain Class(es) of Notes only*”) and an Early Cash Redemption Amount shall be determined in respect of each Class of Notes. In such a scenario, (i) the Swap Agreement will be deemed to comprise only the Swap Transaction in respect of the relevant Class and the portion of the Credit Support Annex relating thereto, (ii) where either of the Issuer or the Swap Counterparty have a Credit Support Balance under the Credit Support Annex, a proportion of such Credit Support Balance determined to relate to the Swap Transaction for the relevant Class shall be taken into account in determining an Unpaid Amount, and (iii) any early termination payment of the Swap Agreement payable by the Issuer shall be limited to the value of the portion of Original Collateral attributable to the relevant Class.

The Noteholders will be paid such amounts and/or delivered such assets, as the case may be, after payment of any priority claims in accordance with the Conditions. There is no assurance that in such circumstances the proceeds and/or assets available following payment of any such priority claims will be sufficient to pay or deliver, as the case may be, in full the amounts that holders of the relevant Notes would expect to receive in the event that the Notes redeemed in accordance with their terms on their Maturity Date or that such holders will receive back the amount, or assets with a value equal to the amount, they originally invested.

In both cases, the Noteholders will be exposed to the market value of the Collateral and the Swap Agreement (for a consideration of factors that may impact such values see “*Risk Factors – Market Value of Notes*” below).

All Classes of Notes may be redeemed as a result of an Early Redemption Commencement Date that occurs in respect of certain Class(es) of Notes only

If the applicable Issue Terms specify that Classes are applicable in respect of a Series of Notes, unless such Issue Terms also specify that “Independent Class Early Redemption” is applicable, any Early Redemption Commencement Date which applies in respect of one Class of Notes shall be deemed to apply to all Classes of Notes, and all of the Notes will be redeemed at their respective Early Cash Redemption Amount. Consequently, Noteholders should be aware that all Notes may be redeemed notwithstanding that an Early Redemption Commencement Date has only occurred in respect of the other Class(es) of Notes.

All Classes of Notes may be redeemed as a result of an Enforcement Notice in respect of certain Classes of Notes only

Even where the applicable Issue Terms specify that Classes and “Independent Class Early Redemption” apply in respect of a Series, if an Enforcement Notice is delivered in respect of a Class of Notes, all other Class(es) of Notes shall redeem early and the Enforcement Notice shall be deemed to apply to all Class(es) of Notes. As such, Noteholders should be aware that where the Trustee enforces Security following the occurrence of an Enforcement Event, all of the Security shall be enforced and all Class(es) of Notes shall redeem early, even where the Enforcement Event only relates to certain Class(es) of Notes.

Where Classes apply, certain Classes may be uncollateralised depending on whether the value of the Swap Transactions across the Series are positive or negative to the Issuer

Where Classes apply in respect of a Series, a proportion of any Credit Support Balance of the Issuer that the Swap Transaction (where it is of a positive value) relating to any Class redeeming early to the Issuer bears to the total amount of Swap Transactions across the Series that are of a positive value to the Issuer shall be taken into account when determining an Unpaid Amount. Noteholders should be aware that as the Credit Support Balance of the Issuer will be shared out amongst the Swap Transactions (if any) under which the Issuer is exposed to the Swap Counterparty, where there are Swap Transactions that are of positive value to the Swap Counterparty, the Issuer will be less collateralised than would otherwise be the case, and will be exposed to the Swap Counterparty for the remaining amount. As such, if the Swap Counterparty is in a bankruptcy scenario, any such Classes coming down early that are of positive value to the Issuer would be unsecured against the Swap Counterparty in respect of amounts owing in relation to the Early Redemption Amount.

Market Value of Notes

For the purposes of this section, references to “Collateral” shall also include Original Collateral to the extent that such Original Collateral has been transferred to the Swap Counterparty under the Swap Agreement by virtue of the Credit Support Annex thereto.

The market value of the Notes will be affected by a number of factors, including, but not limited to (i) the value and volatility of the Collateral and the creditworthiness of the issuers and obligors of any Collateral, (ii) the value and volatility of any index, securities, commodities or other obligations to which payments on the Notes may be linked, directly or indirectly, and the creditworthiness of the issuers or obligors in respect of any securities or other obligations to which payments on the Notes may be linked, directly or indirectly, (iii) market perception, interest rates, yields and foreign exchange rates, (iv) the time remaining to the Maturity Date and (v) the nature and liquidity of the Swap Agreement or any other derivative transaction entered into by the Issuer or embedded in the Notes or the Collateral. Any price at which Notes may be sold prior to the Maturity Date may be at a discount, which could be substantial, to the value at which the Notes were acquired on the Issue Date.

Prospective purchasers should be aware that not all market participants would determine prices in respect of the Notes in the same manner, and the variation between such prices may be substantial. Accordingly, any prices provided by a Dealer may not be representative of prices that may be provided by other market participants. For this reason, any price provided or quoted by a Dealer should not be viewed or relied upon by prospective purchasers as establishing, or constituting advice by that Dealer concerning, a mark-to-market value of the Notes. The price (if any) provided by a Dealer is at the absolute discretion of that Dealer and may be determined by reference to such factors as it sees fit. Any such price may take into account fees, commissions or arrangements entered into by that Dealer with a third party in respect of the Notes and that Dealer shall have no obligation to any Noteholder to disclose such arrangements. Any price given would be prepared as of a particular date and time and would not therefore reflect subsequent changes in market values or any other factors relevant to the determination of the price.

Specified Denominations may involve integral multiples

Notes may have Specified Denominations of a certain amount plus one or more integral multiples of a smaller amount (the “**Integral Multiples**”) in excess thereof, in which case (i) for so long as the relevant Clearing Systems so permit, the Notes will be tradable only in the minimum authorised denomination of the Specified Denomination and the Integral Multiples and (ii) it is possible that the Notes may be traded in amounts in excess of the Specified Denomination that are not Integral Multiples of the Specified Denomination. A Noteholder who, as a result of trading such amounts as contemplated in (ii) above, holds an amount which is less than the Specified Denomination in its account with the relevant Clearing System at the relevant time may need to purchase a principal amount of Notes such that its holding

amounts to not less than the Specified Denomination in order to be able to transfer its Notes (subject in all cases to the rules and procedures of the relevant Clearing System).

Application of negative interest rates

Negative interest rates may apply from time to time in certain circumstances to any cash funds held by the Custodian on behalf of the Issuer which have been transferred by the Swap Counterparty to cover its credit risk under any Credit Support Annex or derive therefrom. To the extent that such negative interest rates were to apply, the amount of cash collateral held by the Issuer in respect of its exposure to the Swap Counterparty would be reduced. Whilst the application of any negative interest rates will ultimately be borne by the Swap Counterparty unless the Swap Agreement is terminated as a result of an Event of Default thereunder by either the Issuer or the Swap Counterparty or as a result of a Counterparty Bankruptcy Credit Event, where such a termination does occur as a result of such an Event of Default or Counterparty Bankruptcy Credit Event the reduction in funds held by the Custodian could increase the amount to be claimed by the Issuer from (and therefore the credit risk to) the Swap Counterparty under the Swap Agreement.

CREST Depository Interests (“CDIs”)

If the Issuer intends to permit interests in a Series of Notes to be held through CREST Depository Interests to be issued by the CREST Depository (as specified in the relevant Issue Terms) investors in CDIs will not be the legal owners of the Notes to which such CDIs relate (such Notes being “**Underlying Notes**”). CDIs are separate legal instruments from the Underlying Notes and represent indirect interests in the interests of the CREST International Nominee Limited (the “**CREST Nominee**”) in such Underlying Notes. CDIs will be issued by the CREST Depository to investors and will be governed by English law.

The Underlying Notes (as distinct from the CDIs representing indirect interests in such Underlying Notes) will be held in an account with a custodian. The custodian will hold the Underlying Notes through the relevant clearing system. Rights in the Underlying Notes will be held through custodial and depository links through the relevant clearing system. The legal title to the Underlying Notes or to interests in the Underlying Notes will depend on the rules of the relevant clearing system in or through which the Underlying Notes are held.

Rights in respect of the Underlying Notes and, by extension, the Collateral relating to such Underlying Notes cannot be enforced by holders of CDIs except indirectly through the CREST Depository and CREST Nominee who in turn can enforce rights indirectly through the intermediary depositaries and custodians described above. The enforcement of rights in respect of the Underlying Notes will therefore be subject to the local law of the relevant intermediary. These arrangements could result in an elimination or reduction in the payments that otherwise would have been made in respect of the Underlying Notes in the event of any insolvency or liquidation of the relevant intermediary, in particular where the Underlying Notes held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.

If a matter arises that requires a vote of Noteholders, the Issuer may, with the prior written consent of the Trustee or with the sanction of an Extraordinary Resolution, make arrangements to permit the holders of CDIs to instruct the CREST Depository to exercise the voting rights of the CREST Nominee in respect of the Underlying Notes. However, there is no guarantee that it will be possible to put such voting arrangements in place for holders of CDIs.

Holders of CDIs will be bound by all provisions of the CREST Deed Poll and by all provisions of or prescribed pursuant to the CREST International Manual (April 2008) issued by Euroclear UK & Ireland Limited and as amended, modified, varied or supplemented from time to time (the “**CREST Manual**”) and the CREST Rules (contained in the CREST Manual) applicable to the CREST International Settlement Links Service. Holders of CDIs must comply in full with all obligations imposed on them by such provisions.

Investors in CDIs should note that the provisions of the CREST Deed Poll, the CREST Manual and the CREST Rules contain indemnities, warranties, representations and undertakings to be given by holders of CDIs and limitations on the liability of the CREST Depository as issuer of the CDIs. Holders of CDIs may incur liabilities resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the money invested by them.

Investors in CDIs should note that holders of CDIs may be required to pay fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service. These will include the fees and expenses charged by the CREST Depository in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the Underlying Notes through the CREST International Settlement Links Service.

Investors in CDIs should note that none of the Issuer, the Arranger, the Dealer(s) or any Agent will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders acting in connection with CDIs or for the respective obligations of such intermediaries, participants or accountholders under the rules and procedures governing their operations.

Risks relating to Credit Linked Notes

The following risks apply only to those Notes in respect of which the CLN Conditions Product Supplement is specified as applying in the applicable Drawdown Document.

General risks relating to Credit Linked Notes

A number of the Credit Linked Notes may have features which contain particular risks for investors. Set out below is a description of the most common such features:

Risk of loss of Interest

Save as otherwise provided in the relevant Issue Terms, if a Credit Event occurs, interest will cease to accrue on the Credit Linked Notes (or, in the case of Basket CLNs or Index Linked CLNs, a portion thereof equal to the Reference Entity Notional Amount of the Reference Entity in respect of which a Credit Event and relevant Event Determination Date has occurred) as at the Interest Payment Date (or Issue Date where no Interest Payment Date has occurred) occurring on or immediately preceding the relevant Event Determination Date.

Risk of loss of principal

Investors bear the risk of loss of principal if a Credit Event and a relevant Event Determination Date occur. The Early Cash Redemption Amount, in respect of a Series of Notes (or, in the case of Basket CLNs or Index Linked CLNs, a portion thereof equal to the Reference Entity Notional Amount in respect of the Reference Entity in respect of which a Credit Event and a relevant Event Determination Date has occurred) is likely to be less than the outstanding principal amount of the Notes and may be zero.

See also "*Risks relating to Credit Event Redemption Method*" below.

Risks relating to the Additional CLN Conditions and the Credit Derivatives Determinations Committees

Additional CLN Conditions

The terms and conditions of the Credit Linked Notes do not incorporate by reference the definitions and provisions of the 2014 ISDA Credit Derivatives Definitions, as such definitions may be amended by the supplements thereto and there may be differences between the definitions used in the Additional CLN Conditions and the 2014 ISDA Credit Derivatives Definitions. As such, investing in Credit Linked Notes is not exactly the same as entering into a credit default swap that incorporates the 2014 ISDA Credit Derivatives Definitions.

While ISDA has published the 2014 ISDA Credit Derivatives Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market is expected to continue to evolve and change. Consequently, the 2014 ISDA Credit Derivatives Definitions and the terms applied to credit derivatives, including Credit Linked Notes, are subject to interpretation and further evolution. Past events have shown that the views of market participants may differ as to how the 2014 ISDA Credit Derivatives Definitions operate or should operate. As a result of the continued evolution in the market, interpretation of the Credit Linked Notes may differ in the future because of future market standards. Such a result may have a negative impact on the Credit Linked Notes.

There can be no assurances that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or Noteholders. Future amendments or supplements to the terms applicable to credit derivatives generally will only apply to Credit Linked Notes that have already been issued if the Issuer and the Noteholders agree to amend the Credit Linked Notes to incorporate such amendments or supplements and other conditions to amending the Credit Linked Notes have been met.

The 2014 ISDA Credit Derivatives Definitions introduced the new Asset Package Delivery provisions. As at the date of this Base Prospectus, the Auction Redemption Terms have not been updated to reflect such Asset Package Delivery provisions. The Calculation Agent has discretion to adjust the Auction Final Price for any Asset Package if it determines that the Auction Final Price does not reflect the price for the entire Asset Package and in doing so the Calculation Agent may, but is not obliged to, have regard to any Auction Redemption Terms published by ISDA to settle credit derivatives transactions following an Asset Package Credit Event.

Credit Derivatives Determinations Committees

The Credit Derivatives Determinations Committees (each, an “**ISDA DC**”) were established pursuant to the March 2009 Supplements to the 2003 ISDA Credit Derivatives Definitions to make determinations that are relevant to the majority of the credit derivatives market and to promote transparency and consistency. Further information about the ISDA DCs may be found at www.isda.org/credit.

Whether or not a Credit Event or Succession Event has occurred, and certain decisions relating thereto, may be dependent on determinations made by the ISDA DC. In certain circumstances, determinations made by the Calculation Agent may be overridden by subsequent determinations made by an ISDA DC. If the Issuer delivers a Credit Event Notice or Succession Event Notice to the Trustee, the Noteholders should be aware that such notice may be superseded by a determination of an ISDA DC.

The Calculation Agent shall have regard to and, where applicable, be bound by decisions made by an ISDA DC.

Noteholders will have no ability to submit questions to an ISDA DC, no influence on the composition of an ISDA DC and no recourse to ISDA or to the members of such ISDA DC, in each case solely by virtue of being an investor in the Notes. None of the Issuer, the Swap Counterparty or the Calculation Agent will have any liability to the Noteholders where they rely on a determination of an ISDA DC.

Credit Suisse International and certain of its affiliates are currently members of one or more ISDA DCs. In reaching decisions, neither Credit Suisse International nor any other member of an ISDA DC will take account of the interests of the Noteholders.

Noteholders shall have no recourse against the Issuer, the Calculation Agent, any institutions serving on an ISDA DC or the external reviewers in the event of any loss arising directly or indirectly from any action, determination or resolution taken or made by an ISDA DC.

Exposure to Reference Entities, Obligations, Underlying Obligations, Underlying Obligors, Reference Obligations and Deliverable Obligations

Unless otherwise provided in the relevant Issue Terms, investors in Credit Linked Notes are exposed to the credit risks and other risks associated with each relevant Reference Entity and their Obligations,

Underlying Obligations, Underlying Obligors, Reference Obligations, Deliverable Obligations and any relevant jurisdictional risks.

The Basket CLNs and Index Linked CLNs are linked to the credit risk of more than one Reference Entity and the likelihood of a Credit Event occurring and the risk of loss of principal or loss of interest on a Basket CLN or an Index Linked CLN may therefore be greater than for a Single Name CLN which is linked to the credit risk of only one Reference Entity. The likelihood of a Credit Event occurring in respect of any of the Reference Entities referenced by a Basket CLN or an Index Linked CLN will differ for each Reference Entity and prospective investors should conduct their own analysis of the credit risk of each of the multiple Reference Entities for the relevant Basket CLN or Index Linked CLN.

Synthetic Exposure

The Credit Linked Notes do not represent a claim against any Reference Entity and, in the event of any loss, investors in Credit Linked Notes will not have recourse under the Credit Linked Notes to any Reference Entity nor shall a Noteholder have any legal, beneficial or other interest whatsoever in any of the Obligations, the Reference Obligations, the Valuation Obligations or the Deliverable Obligations relating to a Credit Linked Note. The Issuer is not obliged to own or hold any Obligation or Reference Obligation, and no inference may be drawn from the Programme, the Additional CLN Conditions or any relevant Issue Terms that the Issuer holds any such Obligation or Reference Obligation or has any credit exposure to any Reference Entity. Amounts payable under the Credit Linked Notes are not, in any direct or indirect way, limited by, associated with, or linked or calculated by reference to, any loss of bargain, cost of funding or any other actual loss or cost suffered by the Issuer as a result of its holding or not holding any Obligation or Reference Obligation.

Neither the Issuer nor the Calculation Agent has made any investigation of, or makes any representation or warranty, express or implied, as to the existence or financial or creditworthiness or other condition of any Reference Entity or the Reference Obligation or Obligations or Deliverable Valuation Obligations of such Reference Entity or any information provided in respect of such Reference Entity. The Issuer and/or the Calculation Agent may, at any time, be in possession of information in relation to any Reference Entity (which may or may not be publicly available). None of such persons shall be under any obligation to make any such information available to Noteholders or any other party.

The Issuer and/or the Calculation Agent may have access to information with respect to a Reference Entity that would (or would if available from a Public Source), amongst other things, constitute Publicly Available Information with respect to a Credit Event or otherwise suggest that a Credit Event has occurred or may occur with respect to a Reference Entity. There is no obligation on the Issuer or the Calculation Agent to disclose such information to any Noteholder, nor to respond to any Noteholder's enquiries or requests for information with respect to any such, or similar, event.

Credit Events

Prospective investors should note that not all Credit Events have easily ascertainable triggers and disputes can and have arisen as to whether a specific event did or did not constitute a Credit Event. However, under the Credit Linked Notes and subject to any determinations made by an ISDA DC which will be binding on the Issuer and the Calculation Agent, the ISDA DC and/or the Calculation Agent's determination of a Credit Event will, in the absence of manifest error, be conclusive and binding on all persons (including, without limitation, the Noteholders), notwithstanding the disagreement of such persons or other financial institutions, rating agencies or commentators.

The occurrence or non-occurrence of a Credit Event will directly and materially affect the return and/or the value of the investor's investment in the Notes. The likelihood of a Credit Event occurring in respect of any Reference Entity will generally fluctuate with, among other things, the financial condition and other characteristics of such Reference Entity, general economic conditions, the condition of certain financial markets, political events, developments or trends in any particular industry and changes in prevailing

interest rates. Public information which is available in relation to any Reference Entity may be incomplete, misleading or out-of-date.

Successors and Substitute Reference Obligations

Following a Succession Date, one or more Successor Reference Entity(s) will (unless otherwise specified in the relevant Issue Terms) be deemed to be a Reference Entity in replacement of (or in addition to, as applicable) the relevant Reference Entity originally specified in the relevant Issue Terms. Further, upon a Reference Obligation ceasing to exist in the manner specified in the definition thereof, a Substitute Reference Obligation may be selected.

As a result of the circumstances discussed in the preceding paragraph, a Series of Notes may be linked to the credit of one or more Reference Entities and their Obligations and Reference Obligations notwithstanding that such Reference Entities, Obligations and Reference Obligations were not specified in the relevant Issue Terms upon issuance of such Series of Notes.

Redemption after Scheduled Maturity Date

Redemption may occur irrespective of whether the relevant Credit Event is continuing on or after a relevant Event Determination Date. The Early Redemption Date may be later than the Scheduled Maturity Date. If the Issuer determines, in its sole and absolute discretion, that one or more Reference Entities is or may be subject to (a) a Credit Event, (b) if “Grace Period Extension” is specified as applicable in the relevant Issue Terms, a Potential Failure to Pay or, (c) if “Repudiation/Moratorium” is specified as applicable in the relevant Issue Terms, a Potential Repudiation/Moratorium, the Credit Linked Notes then outstanding shall not be redeemed on the Scheduled Maturity Date but shall be redeemed instead on the Extended Maturity Date. If an extension of the Scheduled Maturity Date applies pursuant to and in accordance with Additional CLN Condition 4 (*Maturity Date Extension*), the Calculation Agent may deliver a Credit Event Notice or the ISDA DC may make a DC Credit Announcement which will trigger settlement of the Credit Linked Notes in accordance with the Auction Redemption Terms, Cash Redemption Terms or Fixed Recovery Redemption Terms, as the case may be, after the Scheduled Maturity Date.

Calculation Agent Discretion

Unless, in accordance with the Additional CLN Conditions, the ISDA DC makes a DC Credit Event Announcement or a DC No Credit Event Announcement and the Calculation Agent is bound by such determination, the decision when and whether to deliver a Credit Event Notice and, if applicable, a Notice of Publicly Available Information, is at the sole and absolute discretion of the Calculation Agent. Such notices are effective when delivered to the Issuer. The delivery of or failure to deliver copies of such notices to Noteholders will not affect the effectiveness of such notices.

Risks relating to the Credit Event Redemption Method

The Credit Event Redemption Method specified in the relevant Issue Terms will affect how the Credit Linked Notes are redeemed. Prospective investors should assess whether the Credit Event Redemption Method is appropriate for them prior to investing in the Credit Linked Notes.

Auction Redemption

If “Auction Redemption” is specified as applicable in respect of the Credit Linked Notes, then the amounts payable by and/or rights and obligations of the parties under the Credit Linked Notes in respect of the relevant Reference Entity or Reference Obligation will be determined in accordance with the Auction Final Price. This may result in a lower recovery value than a Reference Entity or Reference Obligation would have if such Auction Final Price had not been used.

If an ISDA DC does not decide to conduct an Auction with respect to obligations of the relevant Reference Entity satisfying the relevant characteristics as set out in the relevant Issue Terms, then Cash

Redemption shall apply. In such circumstances, the Value of the Valuation Obligations will be determined using Quotations in respect of the Deliverable Obligations.

In the event of a Governmental Intervention Credit Event or certain Restructuring Credit Events which constitute an Asset Package Credit Event, the Auction Final Price may be determined by reference to the value of the Asset Package received or retained by a Relevant Holder in place of the Prior Deliverable Obligation or Package Observable Bond in connection with such Asset Package Credit Event. Such Asset Package may be worth significantly less than the original Package Observable Bond prior to such Asset Package Credit Event and may result in a significantly lower Early Cash Redemption Amount being paid out to Noteholders than would have been the case following the relevant Credit Event had the Auction Final Price been determined only by reference to Deliverable Obligations.

Cash Redemption

If Cash Redemption applies with respect to the Credit Linked Notes (which will be the case when Auction Redemption is not possible), the Calculation Agent will value the Reference Obligation or any other obligation of the Reference Entity fulfilling certain criteria including the Deliverable Obligation Category and Deliverable Obligation Characteristics by asking for quotations from Quotation Dealers. The date, time and method of such auction, and the selection of the Reference Obligation, will impact the Value of the Valuation Obligations. The Quotation Dealers selected by the Calculation Agent must be financial institutions, funds or other entities that purchase or deal in obligations similar to the Reference Obligation; however, the Quotation Dealers have no duty towards any Noteholder and may not be aware that the purpose of the auction is to determine a Value of the Valuation Obligations for purposes of the Credit Linked Notes or any other Credit Linked Notes.

Investors should note that the Value of the Valuation Obligations determined pursuant to a dealer poll may be significantly different to the Auction Final Price.

In the event of a Governmental Intervention Credit Event or certain Restructuring Credit Events which constitute an Asset Package Credit Event, the Value of the Valuation Obligations may be determined by reference to the value of the Asset Package received or retained by a Relevant Holder in place of the Prior Deliverable Obligation or Package Observable Bond which would otherwise have been valued in order to determine the Value of the Valuation Obligations. Such Asset Package may be worth significantly less than the original Prior Deliverable Obligation or Package Observable Bond prior to such Asset Package Credit Event and may result in a significantly lower Cash Redemption Amount being paid out to Noteholders than would have been the case following the relevant Credit Event had the Value of the Valuation Obligations been determined only by reference to Deliverable Obligations.

Early Cash Redemption Amount in respect of Credit Linked Notes following a Credit Event

If a Credit Event occurs with respect to any Reference Entity, the Credit Linked Notes will fall due for redemption at an amount equal in aggregate to the Early Cash Redemption Amount and no further payments of interest and/or principal in respect of any Notes will be due and payable. The Early Cash Redemption Amount is, in respect of Credit Linked Notes, an amount determined with respect to the Series (or, where the applicable Issue Terms specify that Classes apply, each Class) of Notes, in the Specified Currency (although, for the avoidance of doubt, each component of the Early Cash Redemption Amount shall be determined in the Base Currency, with the final amount converted into the Specified Currency once all determinations are made) by the Calculation Agent which will take into account (a) the Collateral Proceeds, (b) the Affected Swap Gain or Affected Swap Loss, (c) the Credit Event Loss Amount, and (d) where all Credit Linked Notes are being redeemed, any interest amount to be transferred to the Issuer by the Swap Counterparty in respect of the cash balance from time to time (if any) within the Issuer's Credit Support Balance which, where Classes apply, the Calculation Agent determines, acting in a commercially reasonable manner, to be attributable to the Swap Transaction relating to each Class of Notes being redeemed.

The Affected Swap Gain or Affected Swap Loss reflects the early termination amount that the Calculation Agent determines would be payable to the Issuer (in the case of an Affected Swap Gain) or by the Issuer (in the case of an Affected Swap Loss) upon the early termination of the Swap Agreement. The Affected Swap Gain or Affected Swap Loss takes into account, among other things, (i) the scheduled payments under the Notes; (ii) the scheduled payments under the Original Collateral which determine the amounts payable by the Issuer to the Swap Counterparty under the Swap Agreement; and (iii) the limited recourse nature of the Swap Agreement in respect of the Issuer's obligations thereunder. Where Classes apply, the Affected Swap Gain or Affected Swap Loss in respect of each Class of Notes will be valued separately, in the Base Currency for such Class, and a relevant portion of the Credit Support Annex will be similarly attributed to each Class of Notes.

Early Cash Redemption Amount in respect of Credit Linked Notes where no Credit Event has occurred

Where Credit Linked Notes are redeemed early for any reason other than the occurrence of a Credit Event, interest shall be deemed to have ceased to accrue from and including the immediately preceding Interest Payment Date or (if no such preceding Interest Payment Date) the Issue Date, the Notes will fall due for redemption at an amount equal in aggregate to the Early Cash Redemption Amount and no further payments of interest and/or principal in respect of any Notes will be due and payable.

The Early Cash Redemption Amount is, where no Credit Event has occurred, an amount determined with respect to the Notes (or, where the applicable Issue Terms specify that Classes apply, each Class of Notes), in the Specified Currency (although, for the avoidance of doubt, each component of the Early Cash Redemption Amount shall be determined in the Base Currency, with the final amount converted into the Specified Currency once all determinations are made) for the Notes, by the Calculation Agent which will take into account (a) the Collateral Proceeds, (b) the portion of any Termination Payment in respect of the Swap Agreement that is payable to the Issuer by the Swap Counterparty (and, where Classes apply, is attributable to such Class of Notes being redeemed), (c) the portion of any Termination Payment in respect of the Swap Agreement that is payable by the Issuer to the Swap Counterparty (and, where Classes apply, is attributable to such Class of Notes being redeemed) and (d) where all Credit Linked Notes are being redeemed, any interest amount to be transferred to the Issuer by the Swap Counterparty in respect of the cash balance from time to time (if any) within the Issuer's Credit Support Balance. Where Classes apply, each of limbs (b), (c) and (d) will be subject to the determination by the Calculation Agent, acting in a commercially reasonable manner, as to what portion or amount is attributable to the Swap Transaction relating to each Class of Notes being redeemed.

The Collateral Proceeds represents, in the Base Currency, all cash sums derived from Liquidation of the Applicable Proportion of the Collateral or, where Classes apply, the Applicable Proportion of the Class Collateral.

The Termination Payment payable to the Issuer from the Swap Counterparty, or from the Issuer to the Swap Counterparty, represents an aggregated amount due under the Swap Agreement following an early termination of the same.

Prospective Noteholders must read and understand all the provisions herein that relate to the calculation of the Early Cash Redemption Amounts before investing in the Notes.

Other risk factors relating to Credit Linked Notes

A Credit Event may occur even if the Issuer and/or Swap Counterparty suffers no loss

The Issuer's obligations under the Notes and the Swap Transaction are irrespective of any loss which the Issuer and/or the Swap Counterparty may suffer as a result of the circumstances giving rise to a Credit Event. Neither the Issuer nor the Swap Counterparty are required to suffer any loss, liability or other detriment at any time as a condition to the occurrence of a Credit Event Determination Date, nor is any party required to have any credit exposure to any Reference Entity at any time.

Determination of Value

Whilst the Value of the Valuation Obligations are determined by reference to Quotations, if no Quotations are obtained, such value shall be determined by the Calculation Agent acting in a commercially reasonable manner. Where an asset the value of which is being sought is illiquid or of a low notional amount, there may be limited availability of dealers willing to provide Quotations. In such circumstances, the Calculation Agent would instead make such determination. No assurance can be given that sufficient numbers of Quotations will be available.

Hedging

In the ordinary course of their business, including without limitation in connection with their market-making activities, the Swap Counterparty, the Calculation Agent, the Quotation Dealers and/or any agent or any Affiliate of any of them (each such entity, a “**Programme Party**”) may effect transactions for their own account or for the account of their customers and hold long or short positions in any applicable Reference Obligation or related derivatives. In addition, in connection with the offering of the Credit Linked Notes, any Programme Party may enter into one or more hedging transactions with respect to any applicable Reference Obligation or related derivatives. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by any Programme Party, a Programme Party may enter into transactions with respect to any applicable Reference Obligation or related derivatives which may affect the market price, liquidity or value of the Credit Linked Notes and which could be deemed to be adverse to the interests of the relevant Noteholders. Any Programme Party may pursue such hedging or related derivatives actions and take such steps as they deem necessary or appropriate to protect their interests without regard to the consequences for any Noteholder.

No Guarantee of Performance

The Credit Linked Notes constitute direct and unsubordinated obligations of the Issuer that are linked to the credit risk of each Reference Entity and/or Reference Obligation specified in the relevant Issue Terms. No Programme Party guarantees, or otherwise stands behind, the performance of any Reference Entity or Reference Obligation or is under any obligation to make good losses suffered as a result of Credit Events.

Provision of Information

The Programme Parties, whether by virtue of the types of relationships described herein or otherwise, may possess information in relation to any Reference Entity, any Affiliate of a Reference Entity, any Reference Obligation or any guarantor that is or may be material in the context of the Credit Linked Notes and that may or may not be publicly available or known to the Noteholders or any other person. The Credit Linked Notes will not create any obligation on the part of any of the Programme Parties to disclose any such relationship or information (whether or not confidential).

No Representations

None of the Programme Parties makes any representation, express or implied, as to any Reference Entity or any Reference Obligation or the credit quality thereof, or any information contained in any documents provided by any Reference Entity or filed by a Reference Entity with any exchange or with any governmental authority.

Calculation Agent

All calculations and determinations made by the Calculation Agent in relation to the Credit Linked Notes are final and binding on the Issuer, the Trustee, the Paying Agents, any agents appointed under the Agency Agreement and the Noteholders.

In selecting any Deliverable Obligations or Valuation Obligations or in making any other selection in accordance with the Credit Linked Conditions, the Calculation Agent is not under any obligation to the Noteholders or any other person and, provided that such selection meets the criteria specified, the relevant Calculation Agent will not be liable (in any capacity whatsoever) to account to the Noteholders or

any other person for any profit or other benefit to it which may result directly or indirectly from any such selection.

Suspension of payments upon a Sanctions Event

Noteholders may be exposed to the risk that if any Note, Noteholder, the Issuer, the Collateral, the Collateral Obligor, the Trustee, the Issuing and Paying Agent, the Dealer, the Custodian and/or the Swap Counterparty is subject to any Sanctions that result in a Sanctions Event, payments under the Notes to that Noteholder may be suspended and may be paid into a suspense account. If any such payments due to the Noteholders are paid into a suspense account, no interest shall accrue and in certain circumstances, the Custodian may apply negative interest rates to any cash funds. As such, the amount due to Noteholders following a Sanctions Event End Date may be reduced by any negative interest. Prospective investors should note that, during the existence of a Sanctions Event, Noteholders will have no right to take any action to compel the Trustee or the Issuer to take any action or enforce the Collateral and that the Calculation Agent has broad discretion to determine the amounts (if any) due to Noteholders following the occurrence of a Sanctions Event.

Risks relating to the Collateral

No investigations

No investigations, searches or other enquiries have been made by or on behalf of the Issuer or the Trustee in respect of the Collateral or the issuers and obligors of the Collateral. No representations or warranties, express or implied, have been given by the Issuer, the Arranger, the Dealer(s), the Trustee or any other person on their behalf in respect of the Collateral or the issuers and obligors of the Collateral. Any publicly available information in respect of the Collateral or the issuers and obligors of the Collateral has been accurately reproduced and no facts have been omitted that would render such reproduced information inaccurate or misleading.

Collateral

The Collateral relating to any Notes will be subject to credit, liquidity and interest rate risks. In the event of an insolvency of an issuer or obligor in respect of any Collateral, various insolvency and related laws applicable to such issuer or obligor may (directly or indirectly) limit the amount the Issuer or the Trustee may recover in respect of such Collateral.

If the Issuer has entered into a Credit Support Annex as part of its Swap Agreement, by virtue of the collateral requirements applicable to any such arrangements the Collateral held by it from time to time may comprise assets other than, or in addition to the Original Collateral, or may comprise less Collateral than the amount held by it on the Issue Date, as assets will be required to be delivered to the Issuer by the Swap Counterparty which have an aggregate value (after the application of the relevant valuation percentage haircut specified in the Credit Support Annex) at least equal to the exposure that the Issuer has to the Swap Counterparty under the Swap Agreement. Where the Issuer holds other or additional assets, the types of assets that may comprise Collateral may be diverse and may be less liquid and more volatile than the Original Collateral. If pursuant to the terms of the Credit Support Annex, cash is posted to the Issuer (which will be credited to the Issuer's Cash Account with the Custodian), interest (if any) will accrue in accordance with the Custodian's deposit terms and conditions. Such interest rate may be positive (in which case interest will be credited to the Cash Account) or negative (in which case interest will be debited from the Cash Account).

If Notes redeem other than on a final redemption on the Maturity Date, the Collateral relating thereto will be sold or otherwise liquidated (except where otherwise transferred in accordance with the Conditions). No assurance can be given as to the amount of proceeds of any sale or liquidation of such Collateral at that time since the market value of such Collateral will be affected by a number of factors including but not limited to (i) the creditworthiness of the issuers and obligors of the Collateral, (ii) market perception, interest rates, yields and foreign exchange rates, (iii) the time remaining to the scheduled maturity of the

Collateral and (iv) the liquidity of the Collateral. Accordingly, the price at which such Collateral is sold or liquidated may be at a discount, which could be substantial, to the market value of the Collateral on the Issue Date and the proceeds of any such sale or liquidation when taken together with the proceeds of termination of any related Swap Agreement and any other assets available to the Issuer that relate to the relevant Series of Notes may not be sufficient to repay the full amount of principal of and interest on the relevant Notes that the holders of such Notes would expect to receive in the event that the Notes were redeemed in accordance with their terms on their Maturity Date.

The Arranger and the Dealer may have acquired, or during the terms of the Notes may acquire, confidential information or enter into transactions with respect to any Collateral and they shall not be under any duty to disclose such confidential information to any Noteholder, the Issuer, the Trustee or any of the other Transaction Parties.

Substitution of Original Collateral

A Noteholder holding more than 50 per cent. in principal amount of outstanding Notes may, if specified in the applicable Issue Terms, request a substitution of any Original Collateral with a nominal amount of new collateral obligations which fulfil the criteria specified in the relevant applicable Issue Terms. Upon effective delivery of a valid Substitution Notice to the Disposal Agent, the Disposal Agent shall Liquidate the Substituted Collateral Obligations and the Issuer shall use such Liquidation Proceeds to purchase the Replacement Collateral Obligations. The Liquidation Proceeds of the Substituted Collateral Obligations may not be sufficient to purchase the nominal amount of Replacement Collateral Obligations specified in the relevant Substitution Notice, and in such a case the aggregate nominal amount of Original Collateral after such substitution may be more or less than the aggregate nominal amount of Original Collateral prior to such substitution.

Original Collateral Subordination

The Original Collateral relating to any Notes may comprise direct, unconditional, unsecured and subordinated obligations of the Original Collateral Obligor. In the event of any dissolution, liquidation or winding up of the Original Collateral Obligor, in bankruptcy or otherwise, the payment of principal and interest on any such subordinated Original Collateral will be subordinated to the prior payment in full of all the Original Collateral Obligor's present and future unsubordinated creditors. As a result of the subordinated nature of such Original Collateral, the value attributed thereto by dealers in the market is likely to be substantially less than the value attributed to unsubordinated debt obligations of the Original Collateral Obligor. In particular, the value of such Original Collateral will be affected in the event that the Original Collateral Obligor is or is likely to be dissolved, liquidated or wound up (which may occur in conjunction with an Original Collateral Default) and could be zero. The value of the Original Collateral is an integral component of the Early Cash Redemption Amount that will be payable on the Notes were they to be redeemed early and will directly impact the return of the Noteholders upon early redemption.

Collateral Baskets

Where Collateral Basket Notes are applicable, the Original Collateral will comprise separate Collateral Components and as such a Collateral Event may occur in respect of one or more Collateral Components, resulting in the partial redemption of each Collateral Basket Note to reflect the weighting of the Affected Collateral Component.

Risks relating to the Swap Counterparty and the Swap Agreement

The ability of the Issuer to meet its obligations under the Notes may depend on the receipt by it of payments under the Swap Agreement (if any). Consequently, the Issuer is exposed not only to the occurrence of an Original Collateral Default in relation to the Original Collateral and the volatility in the market value of the Collateral, but also to the ability of the Swap Counterparty to perform its obligations under the Swap Agreement. Default by the Swap Counterparty may result in the termination of the Swap Agreement and, in such circumstance, any amount due to the Issuer upon such termination may not be paid in full.

If on the termination of the Swap Agreement an amount is payable by the Swap Counterparty to the Issuer (for the avoidance of doubt, taking into account any collateral posted between the parties pursuant to the terms of any Credit Support Annex to the Swap Agreement), then the Issuer shall have an unsecured claim against the Swap Counterparty for such amount.

The receipt by the Issuer of payments and/or deliveries under the Swap Agreement is also dependent on the timely payment and/or delivery by the Issuer of its obligations under the Swap Agreement. The ability of the Issuer to make timely payment and/or delivery of its obligations under the Swap Agreement depends on receipt by it of the scheduled payments under and/or deliveries of the Original Collateral. Consequently, the Issuer is also exposed to the ability of the issuers and guarantors of the Original Collateral to perform their respective payment and/or delivery obligations.

In the circumstances specified in any Swap Agreement entered into by the Issuer in connection with the Notes, the Issuer or the Swap Counterparty may terminate all outstanding Swap Transactions under the Swap Agreement in full, as described in the section of this Base Prospectus headed “*The Swap Agreement*”. Any termination of the Swap Transactions under a Swap Agreement will result in a redemption in full of the relevant Series of Notes at their Early Redemption Amount. Upon any such redemption, the amount paid or delivered to Noteholders to redeem such Notes may be significantly less than the Noteholder’s original investment in such Notes and may be zero.

Where the applicable Issue Terms specify that the Pass-Through Note Terms Product Supplement applies to a Series of Notes, unless otherwise specified in the applicable Issue Terms the Issuer will not enter into a Swap Agreement.

Risks relating to the Custodian

Custodian risk

Collateral in the form of cash or transferable securities will be held in an account of the Custodian in the name of the Issuer. Where the Collateral consists of assets other than cash or transferable securities, it may be held in the name of the Issuer or under the control of the Custodian or in such other manner as is approved by the Trustee.

The ability of the Issuer to meet its obligations with respect to the Notes will be dependent upon receipt by the Issuer of payments from the Custodian under the Agency Agreement for the Notes (if the Collateral is so held). Consequently, the Noteholders are relying not only on the creditworthiness of the Collateral, but also on the creditworthiness of the Custodian in respect of the performance of its obligations under the Agency Agreement for such Notes.

Any cash deposited with the Custodian by the Issuer and any cash received by the Custodian for the account of the Issuer in relation to a Series will be held by the Custodian as banker and not as trustee. Accordingly, such cash will not be held as client money and will represent only an unsecured claim against the Custodian’s assets.

Sub-Custodians, Depositories and Clearing Systems

Credit risk

Under the Agency Agreement the Issuer authorises the Custodian to hold the Collateral in the Custodian’s account or accounts with any sub-custodian, any securities depository or at such other account keeper or clearing system as may be appropriate for the type of instruments which comprise the Collateral.

Where the Collateral is held with a sub-custodian, the sub-custodian will be approved by the CSSF and the Custodian will remain liable for the losses resulting from the negligence, wilful default or fraud of such sub-custodian. Where the Collateral is held with a securities depository or clearing system (whether via the Custodian, a sub-custodian or otherwise), the ability of the Issuer to meet its obligations with respect

to the Notes will be dependent upon receipt by the Issuer of payments from the Custodian under the Agency Agreement for the Notes (if the Collateral is so held) and, in turn, the Custodian (and any applicable sub-custodian) will be dependent (in whole or in part) upon receipt of payments from such, securities depository or clearing system. Consequently, the Noteholders are relying not only on the creditworthiness of the Collateral and the Custodian in respect of the performance of its obligations under the Agency Agreement for such Notes (and any obligations of any sub-custodian under or pursuant to the Agency Agreement or otherwise), but also on the creditworthiness of any securities depository or clearing system holding the Collateral deposited by the Custodian or any sub-custodian.

Lien/Right of set-off

Pursuant to their terms of engagement, sub-custodians, security depositaries or clearing systems may have liens or rights of set-off with respect to the Collateral held with them in relation to any of their fees and/or expenses. If, for whatever reason, the Custodian fails to pay such fees and/or expenses, the relevant sub-custodian, security depository or clearing system may exercise such lien or right of set-off, which may result in the Issuer failing to receive any payments due to it in respect of the Collateral, and thereby adversely affecting the ability of the Issuer to meet its obligations with respect to the Notes.

Therefore, the ability of the Issuer to meet its obligations with respect to the Notes will not only be dependent upon receipt by the Issuer of payments from the Custodian under the Agency Agreement for the Notes (if the Collateral is so held) but will also be dependent on any sub-custodian, security depository or clearing system not exercising any lien or right of set-off in respect of any Collateral that it holds. Consequently, the Noteholders are relying not only on the creditworthiness of the Collateral, but also on the creditworthiness of the Custodian in paying when due any fees or expenses of such sub-custodian, security depositaries or clearing systems (or the ability of the Issuer to pay such amounts due to the Custodian and/or the sub-custodians, security depository or clearing system).

Risks relating to the Paying Agents

Any payments and/or deliveries made to Noteholders in accordance with the Conditions will be made by the Issuing and Paying Agent and/or the Paying Agents on behalf of the Issuer. Pursuant to the Agency Agreement, the Issuer is to transfer to the Issuing and Paying Agent such amount as may be due under the Notes, on or before each date on which such payment and/or deliveries in respect of the Notes becomes due.

If the Issuing and Paying Agent and/or the Paying Agents, while holding funds for payment to Noteholders in respect of the Notes, is declared insolvent, the Noteholders may not receive all (or any part) of any amounts due to them in respect of the Notes from the Issuing and Paying Agent and/or the Paying Agents. The Issuer will still be liable to Noteholders in respect of such unpaid amounts but the Issuer will have insufficient assets to make such payments (or any part thereof) and Noteholders may not receive all, or any part, of any amounts due to them. Consequently, the Noteholders are relying not only on the creditworthiness of the Collateral, but also on the creditworthiness of the Issuing and Paying Agent and the Paying Agents in respect of the performance of its obligations under the Agency Agreement to make or facilitate payments to Noteholders.

Risks relating to the Disposal Agent

Liquidation

Where the Notes of a Series or a Class thereof are to be redeemed as a result of a redemption being triggered prior to the Maturity Date, or where the Collateral has a stated maturity falling after the Maturity Date of the Notes, the Disposal Agent is generally required to sell or otherwise liquidate the Collateral. Except as otherwise set out in the Conditions, the Disposal Agent is permitted to sell all or any part of the Collateral at any time or at different times during the relevant period or in stages in respect of smaller portions, and will not have any liability for doing so if a higher price could have been obtained had such

sale taken place at a different time during such specified period and/or had or had not been effected in stages in respect of smaller portions.

If the Company is subject to a Bankruptcy Event, to the extent that a competent bankruptcy officer has been appointed in the context of the bankruptcy proceedings, such bankruptcy officer will replace the Disposal Agent and will Liquidate the Collateral in accordance with the applicable legal and regulatory provisions.

Replacement Disposal Agent

Upon the occurrence of a Disposal Agent Bankruptcy Event, the Disposal Agent's appointment will be automatically terminated and the Issuer will be required to appoint a replacement institution to take its place. Such replacement will be chosen either by the Issuer, with the prior approval of the Trustee and (unless either a Counterparty Bankruptcy Credit Event in relation to the Swap Counterparty or a Swap Counterparty Event has occurred) the Swap Counterparty or by the Noteholders acting by Extraordinary Resolution. Arranging for and appointing any such replacement may delay any required liquidation of the Collateral and related payments and/or deliveries on the Notes and there is no guarantee that any replacement will be found. Any delay or failure to appoint such a replacement may have adverse consequences for the Noteholders.

Risks relating to the Calculation Agent

Upon the occurrence of a Calculation Agent Bankruptcy Event, the Calculation Agent's appointment will be automatically terminated and the Issuer will be required to appoint a replacement institution to take its place. Such replacement will be chosen either by the Issuer, with the prior approval of the Trustee and (unless either a Counterparty Bankruptcy Credit Event in relation to the Swap Counterparty or a Swap Counterparty Event has occurred) the Swap Counterparty or by the Noteholders acting by Extraordinary Resolution. Arranging for and appointing any such replacement may delay certain determinations and related payments and/or deliveries on the Notes and there is no guarantee that any replacement will be found. Any delay or failure to appoint such a replacement may have adverse consequences for the Noteholders.

Risks relating to all Agents

The application of FATCA withholding to interest, principal or other amounts payable under or in respect of the Notes is not clear (see "*Possibility of U.S. withholding tax on payments*" above). If an amount in respect of FATCA withholding were to be deducted or withheld from interest, principal or other payments payable under or in respect of the Notes, neither the Issuer nor any Agent nor any other person would, pursuant to the Conditions, be required to pay additional amounts as a result of such FATCA withholding. In such circumstances, Noteholders might receive less than otherwise expected.

Conflicts of Interest

General

For the purposes of this section, references to "Collateral" shall also include Original Collateral to the extent that such Original Collateral has been transferred to the Swap Counterparty under the Swap Agreement by virtue of the Credit Support Annex thereto.

Credit Suisse International and/or any of its affiliates ("**CS**") may act in a number of capacities in connection with any issue of Notes. CS shall have only the duties and responsibilities expressly agreed to by the relevant entity in the relevant capacity and shall not, by virtue of its or any affiliate acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as may be expressly provided with respect to the relevant capacity. CS may enter into business dealings relating to the Notes or the Collateral or any asset to which the Notes or Collateral are exposed, including the acquisition of the Notes, from which the relevant entity may derive revenues and profits in addition to any fees stated in the various documents, without any duty to account therefor.

CS may from time to time be in possession of certain information (confidential or otherwise) and/or opinions with regard to the issuer or obligor of any Collateral which information and/or opinions might, if known by a Noteholder, affect decisions made by it with respect to its investment in the Notes. Notwithstanding this, CS shall not have any duty or obligation to notify the Noteholders or the Issuer or any other Transaction Parties (including any directors, officers or employees thereof) of such information and/or opinions.

CS may deal in any obligation of the issuer or obligor of any Collateral and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business transactions with, the issuer or obligor of any Collateral and may act with respect to such transactions in the same manner as if the relevant Swap Agreement and the Notes of the relevant Series did not exist and without regard to whether any such action might have an adverse effect on the issuer or obligor of any Collateral, the Issuer, the Swap Counterparty or the holders of the Notes of the relevant Series.

CS may at any time be active and significant participants in or act as market maker in relation to a wide range of markets for currencies, instruments relating to currencies, securities and derivatives. Activities undertaken by CS may be on such a scale as to affect, temporarily or on a long-term basis, the price of such currencies, instruments relating to currencies, securities and derivatives or securities and derivatives based on, or relating to, the Notes or any Collateral. Notwithstanding this, CS shall not have any duty or obligation to take into account the interests of any party in relation to any Notes when effecting transactions in such markets.

In addition, other potential conflicts of interest may arise where the Notes are offered to the public, as any distributor (which can be CS or any Transaction Party) will act pursuant to a mandate granted by the Issuer and will receive commissions and/or fees on the basis of the services performed and the outcome of the placement of the Notes to the public.

One or more of CS or any Transaction Party may:

- (i) have placed or underwritten, or acted as a financial arranger, structuring agent or adviser in connection with the original issuance of, or may act as a broker or dealer with respect to, the Collateral;
- (ii) act as trustee, paying agent and in other capacities in connection with certain of the Collateral or other classes of securities issued by an issuer of, or obligor with respect to, the Collateral or an affiliate thereof;
- (iii) be a counterparty to issuers of, or obligors with respect to, certain of the Collateral under a swap or other derivative agreements;
- (iv) lend to certain of the issuers of, or obligors with respect to, the Collateral or their respective affiliates or receive guarantees from such issuers, obligors or their respective affiliates;
- (v) provide other investment banking, asset management, commercial banking, financing or financial advisory services to the issuers of, or obligors with respect to, the Collateral or their respective affiliates; or
- (vi) have an equity interest, which may be a substantial equity interest, in certain issuers of, or obligors with respect to, the Collateral or their respective affiliates.

When acting as a trustee, paying agent or in other service capacities with respect to the Collateral, the Transaction Parties may be entitled to fees and expenses senior in priority to payments and/or deliveries on such Collateral. When acting as a trustee for other classes of securities issued by the issuer of any Collateral or an affiliate thereof, a Transaction Party will owe fiduciary duties to the holders of such other classes of securities, which classes of securities may have differing interests from the holders of the class of securities of which the relevant Collateral is a part, and may take actions that are adverse to the

holders (including, where applicable, the Issuer) of the class of securities of which the relevant Collateral is a part. As a counterparty under swaps and other derivative agreements, a Transaction Party may take actions adverse to the interests of the Issuer, including, but not limited to, demanding collateralisation of its exposure under such agreements (if provided for thereunder) or terminating such swaps or agreements in accordance with the terms thereof. In making and administering loans and other obligations, a Transaction Party may take actions including, but not limited to, restructuring a loan, foreclosing on or exercising other remedies with respect to a loan, requiring additional collateral or other credit enhancement, charging significant fees and interest, placing the issuers of, or obligors with respect to, any Collateral in bankruptcy or demanding payment on a loan guarantee or under other credit enhancement. The Issuer's acquisition, holding and sale of the Collateral may enhance the profitability or value of investments made by a Transaction Party in the issuers thereof or obligors in respect thereof. As a result of all such transactions or arrangements between a Transaction Party and issuers of, and obligors with respect to, the Collateral or their respective affiliates, a Transaction Party may have interests that are contrary to the interests of the Issuer and the Noteholders.

The Trustee

In connection with the exercise of its functions, the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders. In acting as Trustee under the Trust Deed, the Trustee shall not, in respect of Notes of any Series or Class thereof, assume any duty or responsibility to any of the Swap Counterparty, the Custodian, the Issuing and Paying Agent, any of the Paying Agents or any other Secured Creditor or any other Transaction Party (other than to pay any such party any moneys received and payable to it and to act in accordance with the Conditions and the Trust Deed and other than in respect of any obligations it may have to Secured Creditors in respect of any enforcement of the Security) and shall have regard solely to the interests of the Noteholders and (save where expressly provided otherwise in the Transaction Documents to which the Trustee is a party) shall not be obliged to act on any directions of any Secured Creditor or Transaction Party if this would in the Trustee's opinion be contrary to the interests of the Noteholders.

The Swap Counterparty

Prospective investors should be aware that, where the Swap Counterparty is entitled to exercise its discretion or to undertake a decision in such capacity in respect of the Swap Agreement (including any right to terminate the Swap Agreement), in respect of the terms and conditions or otherwise in respect of the Notes, then unless specified to the contrary therein, the Swap Counterparty will be entitled to act in its absolute discretion and will be under no obligation to, and will not assume any fiduciary duty or responsibility for, the Noteholders or any other person. In exercising their respective discretions or deciding upon a course of action, prospective investors should expect and understand that the Swap Counterparty may attempt to maximise the beneficial outcome for itself (that is maximise any payments due to it and minimise any payments due from it) and will not be liable to account to the Noteholders or any other person for any profit or other benefit to it or any of its respective affiliates that may result directly or indirectly from any such selection.

Risk Factors relating to the market

Investor suitability

Prospective investors who consider purchasing the Notes should reach an investment decision only after carefully considering the suitability of the Notes in light of their particular circumstances. Investment in the Notes may only be suitable for investors who:

- (i) have substantial knowledge and experience in financial, business matters and expertise in assessing credit risk which enable them to evaluate the merits and risks of an investment in the Notes and the rights attaching to the Notes;
- (ii) are capable of bearing the economic risk of an investment in the Notes for an indefinite period of time;
- (iii) are acquiring the Notes for their own account (as principal and not as agent) for investment, not with a view to resale, distribution or other disposition of the Notes (subject to any applicable law requiring that the disposition of the investor's property be within its control); and
- (iv) recognise that it may not be possible to make any transfer of the Notes for a substantial period of time, if at all.

Independent review and advice

Each prospective purchaser of the Notes must determine, based on its own independent review (including as to the financial condition and affairs and its own appraisal of the creditworthiness of the Issuer, the Swap Counterparty and any relevant obligor in respect of the Collateral and such professional advice (including, without limitation, tax, accounting, credit, legal and regulatory advice)) as it deems appropriate under the circumstances, to assess the economic, social and political condition of the jurisdiction in which each relevant obligor is located and determine whether an investment in the Notes is appropriate in its particular circumstances.

In so doing, and without restricting the generality of the preceding paragraph, such prospective purchaser must determine that its acquisition and holding of the Notes (i) is fully consistent with its (or if it is acquiring the Notes in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether it is acquiring the Notes as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or if it is acquiring the Notes in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the Notes. None of the Issuer, the Trustee, the Dealer(s) or any of their respective affiliates is acting as an investment adviser, or assumes any fiduciary obligation, to any purchaser of Notes.

Neither this Base Prospectus nor any Issue Terms is intended to provide the basis of any credit or other evaluation or should be considered as a recommendation or as constituting an invitation or offer that any recipient of this Base Prospectus or any Issue Terms should purchase any of the Notes. The Trustee and the Dealer(s) expressly do not undertake to review the financial condition, creditworthiness or affairs of any relevant obligor(s).

Withdrawal, termination and early closing of public offers

If Notes are distributed by means of a public offer, in certain circumstances as set out in the relevant Series Prospectus, the Issuer may have the right to refrain from commencing or to withdraw the offer and in such circumstances the offer will be deemed to be null and void. In such case, any amounts paid by an investor to a distributor in relation to the purchase of Notes will be returned to the relevant investor by the distributor but, depending on the agreement(s) in place between the investor and the distributor and/or the distributor's distribution policies, interest may or may not accrue on such amounts. There may also be a time lag between the cancellation or withdrawal of the offer, as applicable, and the return of any such amounts and, unless otherwise agreed with and paid by the relevant distributor, no amount will be payable to investors as compensation in respect thereof and investors may be subject to reinvestment risk.

Unless otherwise provided in the relevant Series Prospectus, the Issuer may close an offer early, whether or not subscriptions have reached the maximum size of the offer, by immediately suspending the acceptance of further subscription requests and by giving notice of such in accordance with the relevant Series Prospectus. In such circumstances, the early closing of the offer will have an impact on

the aggregate amount of the Notes issued and therefore may have an adverse effect on the liquidity of the Notes.

Furthermore, in certain circumstances the Issuer may have the right to postpone the originally designated issue date of the Notes. In the event that the issue date is so delayed, no compensation or other amount in respect of interest shall accrue and be payable in relation to such Notes, unless otherwise agreed with the relevant distributor and/or specified in its distribution policies, and paid by the distributor. Investors will have the right, within a prescribed time period, to withdraw their acceptance of the relevant offer as a result of such postponement.

Limited liquidity of the Notes

Although application may be made to admit the Notes to the Official List and admit them to trading on the Market or on another stock exchange, there is currently no secondary market for the Notes. There can be no assurance that a secondary market for any of the Notes will develop, or, if a secondary market does develop, that it will provide the holders of the Notes with liquidity or that it will continue for the life of the Notes. Consequently, any investor in the Notes must be prepared to hold such Notes for an indefinite period of time or until redemption of the Notes. If a Dealer begins making a market for the Notes, it is under no obligation to continue to do so and may stop making such a market at any time.

There may be less liquidity in any secondary market for the Notes if the Notes are exclusively offered to the public and not to institutional investors. In addition, any secondary market price for the Notes may not reflect any embedded fees and/or other additional costs or inducements included in the price paid for the Notes by initial investors.

Listing may be discontinued

The Issuer may discontinue any listing of the Notes or the Notes may be listed on another stock exchange or exchanges (which may or may not be EEA Regulated Markets and may or may not be in Western Europe). This could have adverse consequences for the Noteholders.

Credit Ratings

The Notes will not be rated. However, a Noteholder should take such steps as it considers necessary to evaluate the ongoing risks and merits of a continued investment in such Note. For example, market indicators (such as rising credit default spreads and yield spreads with respect to the relevant entity) often indicate significant credit issues.

Risks relating to Global Events

For the purposes of this section, references to “Collateral” shall also include Original Collateral to the extent that such Original Collateral has been transferred to the Swap Counterparty under the Swap Agreement by virtue of the Credit Support Annex thereto.

General

Since mid-2007, the global economy and financial markets have experienced extreme levels of instability.

The initial trigger for the instability was a downturn in the U.S. housing market. By mid-2007, concerns about the value of mortgage assets held by global commercial banks, investment banks, government sponsored entities, hedge funds, structured investment vehicles and institutional investors led to a general tightening of available credit and liquidity in the global financial markets.

During 2008, the initial instability intensified into a severe global financial crisis.

In response to the crisis various governments and central banks took substantial measures to ease liquidity problems and enacted fiscal stimulus packages and measures to support certain entities affected by the crisis. Such measures included establishing special liquidity schemes and credit facilities, bank recapitalisation programmes and credit guarantee schemes.

In an attempt to counteract recessionary pressures, the central banks of the U.S., the UK and certain other countries and the European Central Bank also lowered interest rates, in some cases to record low levels.

No assurance can be given that any recovery will be sustained or that certain economies will not encounter a “double dip” recession. In particular, a number of countries have accumulated significant levels of public debt both absolutely and relative to GDP. This has led to international “bail-outs” of certain countries and resulted in general concerns about sovereign credit defaults which could undermine any recovery and could have the effect of taking the credit crisis into a new recessionary phase.

The above factors have also led to substantial volatility in markets across asset classes, including (without limitation) stock markets, foreign exchange markets, fixed income markets and credit markets.

There can be no assurance that any steps taken by governments or international or supra-national bodies to ameliorate the global financial crisis will be successful or that any recovery will continue. The structure, nature and regulation of financial markets in the future may be fundamentally altered as a consequence of the global financial crisis, possibly in unforeseen ways. There can be no assurance that similar or greater disruption may not occur in the future for similar or other reasons. In addition, the attempts being taken to reduce the high level of sovereign debt may themselves contribute to a further global recession.

There can be no assurance as to how severe the global recession will be or as to how long it will last. There can be no assurance that government actions or the actions of international or supra-national bodies to limit the impact of the crisis will be successful and that they will not instead lead or contribute to a deeper and/or longer-lasting recession. Economic prospects are subject to considerable uncertainty.

Prospective investors should ensure that they have sufficient knowledge and awareness of the global financial crisis and the response thereto and of the economic situation and outlook as they consider necessary to enable them to make their own evaluation of the risks and merits of an investment in the Notes. In particular, prospective investors should take into account the considerable uncertainty as to how the global financial crisis and the wider economic situation will develop over time.

Any person who had held securities during the periods considered above, particularly structured securities, would be highly likely to have suffered significant adverse effects as a result of such holding, including, but not limited to, major reductions in the value of those securities and a lack of liquidity. Prospective investors should consider carefully whether they are prepared to take on similar risks by virtue of an investment in the Notes.

Impact on Liquidity

The events outlined above have had an extremely negative effect on the liquidity of financial markets generally and in the markets in respect of certain financial assets or in the obligations of certain obligors. This has particularly been the case with respect to the market for structured assets and the obligations of financial institutions and certain sovereigns. Such assets may either not be saleable at all or may only be saleable at significant discounts to their estimated fair value or to the amount originally invested. No assurance can be given that liquidity in the market generally, or in the market for any particular asset class or in the obligations of any particular financial institution or sovereign, will improve or that it will not worsen in the future. Such limited liquidity may have a negative impact on the value of the Notes, the value of the Collateral or the value of the Swap Agreement, both in terms of the assets or indices referenced therein and in terms of the value of the obligations of the Swap Counterparty. In particular, should the Notes be redeemed early, Noteholders will be exposed to the realisation value of the Collateral and the termination value of the Swap Agreement, which value might be affected (in some cases significantly) by such lack of liquidity.

Concerns about the creditworthiness of the Swap Counterparty, the Custodian and any of the Paying Agents may also impact the value of the Notes.

Impact on Credit

The events outlined above have negatively affected the creditworthiness of a number of entities or governments, in some cases to the extent of collapse or requiring rescue from governments or international or supra-national bodies. Such credit deterioration has and may continue to be widespread. The value of the Notes or of the amount of payments and/or deliveries on them may be negatively affected by such widespread credit deterioration. Prospective investors should note that recoveries on assets of affected entities have in some cases been *de minimis* and that similarly low recovery levels may be experienced with respect to other entities or governments in the future which may include the obligors of the Collateral (or any guarantor or credit support provider in respect thereof) and the Swap Counterparty. Prospective investors should also consider the impact of a default by a Custodian, the Issuing and Paying Agent, any of the Paying Agents and possible delays and costs in being able to access property held with a failed custodian, sub-custodian, security depository or clearing system.

Impact on Valuations and Calculations

Since 2007, actively traded markets for a number of asset classes and obligors have either ceased to exist or have reduced significantly. To the extent that valuations or calculations in respect of instruments related to those asset classes were based on quoted market prices or market inputs, the lack or limited availability of such market prices or inputs has significantly impaired the ability to make accurate valuations or calculations in respect of such instruments. No assurance can be given that similar impairment may not occur in the future.

Furthermore, in a number of asset classes, a significant reliance has historically been placed on valuations derived from models that use inputs that are not observable in the markets and/or that are based on historical data and trends. Such models often rely on certain assumptions about the values or behaviour of such unobservable inputs or about the behaviour of the markets generally or interpolate future outcomes from historical data. In a number of cases, the extent of the market volatility and disruption has resulted in the assumptions being incorrect to a significant degree or in extreme departures from historical trends. Where reliance is placed on historical data, in certain instances such data may only be available for relatively short time periods (for example, data with respect to prices in relatively new markets) and such data may not be as statistically representative as data for longer periods.

Prospective investors should be aware of the risks inherent in any valuation or calculation that is determined by reference to a model and that certain assumptions will be made in operating the model which may prove to be incorrect and give rise to significantly different outcomes to those predicted by the model.

Impact of Increased Regulation and Nationalisation

The events since 2007 have seen increased involvement of governmental and regulatory authorities in the financial sector and in the operation of financial institutions. In particular, governmental and regulatory authorities in a number of jurisdictions have imposed stricter regulatory controls around certain financial activities and/or have indicated that they intend to impose such controls in the future. The United States of America, the European Union and other jurisdictions are actively considering or are in the process of implementing various reform measures. Such regulatory changes and the method of their implementation may have a significant impact on the operation of the financial markets. It is uncertain how a changed regulatory environment will affect the Issuer, the treatment of instruments such as the Notes, the Arranger, the Swap Counterparty and the other Transaction Parties. In addition, governments have shown an increased willingness, wholly or partially to nationalise financial institutions, corporates and other entities in order to support the economy. Such nationalisation may impact adversely on the value of the stock or other obligations of any such entity. In addition, in order to effect such nationalisation, existing obligations or stock might have their terms mandatorily amended or be forcibly redeemed. To the extent that the obligors of the Collateral (or any guarantor or credit support provider in respect thereof), the Swap Counterparty or any other person or entity connected with the Notes is

subject to nationalisation or other government intervention, it may have an adverse effect on a holder of a Note.

Systemic Risk

Financial institutions and other significant participants in the financial markets that deal with each other are interrelated as a result of trading, investment, clearing, counterparty and other relationships. This risk is sometimes referred to as “systemic risk”. Financial institutions such as the Arranger, the Dealer(s), the Trustee, the Swap Counterparty the Custodian and the Agents (or any affiliate of any of them) and any obligors of the Collateral (or any guarantor or credit support provider in respect thereof) that are financial institutions or are significant participants in the financial markets are likely routinely to execute a high volume of transactions with various types of counterparties, including brokers and dealers, commercial banks, investment banks, insurers, mutual and hedge funds and institutional clients. To the extent they do so, they are and will continue to be exposed to the risk of loss if counterparties fail or are otherwise unable to meet their obligations. In addition, a default by a financial institution or other significant participant in the financial markets, or concerns about the ability of a financial institution or other significant participant in the financial markets to meet its obligations, could lead to further significant systemic liquidity problems and other problems that could exacerbate the global financial crisis and as such have a material adverse impact on other entities.

OVERVIEW OF THE PROGRAMME

CHARACTERISTICS OF THE NOTES

Status of Notes:

Each Series of Notes will be secured, limited recourse obligations of the Issuer ranking *pari passu* without any preference among themselves, are subject to the Securitisation Act 2004 and secured in the manner described in “Master Conditions – Condition 5 (*Security*)”. Recourse in respect of any Series will be limited to the Mortgaged Property for that Series. Claims of Noteholders, the Swap Counterparty, the Custodian, the Issuing and Paying Agent, any of the Paying Agents and any other Secured Creditor shall rank in accordance with the priorities specified in “Master Conditions – Condition 15 (*Application of Available Proceeds or Affected Class Collateral Proceeds*)” as it may be amended by the relevant Issue Deed.

Classes:

Each Series of Notes may comprise different Classes of Notes. Where Classes are applicable, all Classes shall be treated as a single Series and the Notes of each Class shall rank *pari passu* and without any preference amongst themselves.

Restrictions:

So long as any Note remains outstanding, the Issuer will not, without the consent of the Trustee and the Swap Counterparty engage in any business other than the issuance or entry into of bonds, notes or other securities or the entry into of loans or other agreements for the payment or repayment of borrowed money, subject to the provisions of the Securitisation Act 2004 and the articles of incorporation of the Company, and provided always that such obligations are secured on assets of the Issuer other than the Issuer’s share capital and those assets securing any other obligations of the Issuer and that they are entered into on a limited recourse and non-petition basis. In addition, the Issuer will be subject to certain other restrictions including that it will not, without the consent of the Trustee and the Swap Counterparty, declare any dividends, have any subsidiaries or employees, purchase, own, lease or otherwise acquire any real property, consolidate or merge

with any other person, convey or transfer its properties or assets substantially as an entity to any person (other than as contemplated by the Conditions) or issue any further shares.

Form of Notes:

The Notes may be issued in bearer form only (“**Bearer Notes**”) or in registered form only (“**Registered Notes**”). Each Tranche of Bearer Notes will be represented on issue by a temporary global note (a “**Temporary Global Note**”) if (i) definitive Notes are to be made available to Noteholders following the expiry of 40 days after their issue date or (ii) such Notes have an initial maturity of more than one year and are being issued in compliance with the D Rules (as defined in “U.S. TEFRA Compliance” below), otherwise such Tranche will be represented by a permanent global note (a “**Permanent Global Note**”). Registered Notes will be represented by certificates (each a “**Certificate**”), one Certificate being issued in respect of each Noteholder’s entire holding of Registered Notes of one Series. Certificates representing Registered Notes of one or more tranches of the same Series are referred to as “Global Certificates”. These may be registered in the name of a nominee for one or more clearing systems.

Limited Recourse and Non-Petition:

The Notes comprise secured, limited recourse obligations of the Issuer.

In respect of a Series, the Transaction Parties, the Noteholders and the Couponholders shall have recourse only to the Mortgaged Property in respect of such Series, subject always to the Security, and not to any other assets of the Issuer.

If after (i) the Mortgaged Property in respect of such Series is exhausted, whether following liquidation or enforcement of the Security or otherwise, and (ii) application of the proceeds derived from the Mortgaged Property as provided in “Master Conditions – Condition 15 (*Application of Available Proceeds or Affected Class Collateral Proceeds*)”, any outstanding claim, debt or liability against the Issuer in respect of the Notes of such Series or Transaction Documents relating to the Notes of such Series remains unpaid, then such outstanding claim, debt or liability, as the case may be, shall be extinguished and the Issuer shall have no further obligation in respect thereof.

Following extinguishment in accordance with “Master Conditions – Condition 17(a) (*General Limited Recourse*)”, none of the Transaction Parties (save for the Trustee who may lodge a claim in liquidation of the Issuer which is initiated by another party or take proceedings to obtain a declaration or judgment as to the obligations of the Issuer), the Noteholders, the Couponholders or the persons acting on behalf of any of them shall be entitled to take any further steps against the Issuer or any of its officers, shareholders, members, incorporators, corporate service providers or directors to recover any further sum in respect of the

extinguished claim, debt or liability and the Issuer shall have no obligation to any such persons in respect of such further sum in respect of such Series. None of the Transaction Parties, the Noteholders, the Couponholders or the persons acting on behalf of any of them may, at any time, institute, or join with any other person in bringing, instituting or joining, insolvency, administration, bankruptcy, winding-up, examinership or any other similar proceedings (whether court-based or otherwise) in relation to the Issuer or any of its officers, shareholders, members, directors or incorporators or any of its assets, and none of them shall have any claim arising with respect to the assets or property attributable to any other notes issued by, or other Obligations entered into by, the Issuer.

Such limited recourse and non-petition provisions shall survive maturity of the Notes and the expiration or termination of the agreements to which the Transaction Parties are party.

Alternative Drawdown Document:	The Original Collateral in respect of a Series of Notes will be as specified in the applicable Pricing Supplement (for unlisted Notes) or Series Prospectus (for listed or unlisted Notes), as the case may be.
Currencies:	Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency as agreed between the Issuer, the Issuing and Paying Agent and the relevant Dealer(s).
Specified Denomination:	Notes will be in such denominations as may be specified in the applicable Issue Terms in accordance with all relevant laws, regulations and directives, save that unless otherwise permitted by current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of Section 19 of the Financial Services and Markets Act 2000 will have a minimum denomination of £100,000 (or its equivalent in other currencies).
Maturities:	Subject to compliance with all relevant laws, regulations and directives, any maturity.
Fixed Rate Notes:	Fixed interest will be payable in arrear on the date or dates in each year specified in the applicable Issue Terms.
Floating Rate Notes:	Floating Rate Notes will bear interest determined separately for each Series and, unless otherwise specified in the applicable Issue Terms, will be determined on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc.
Zero Coupon Notes:	Zero Coupon Notes may be issued at their nominal amount or at a discount to their nominal amount and will not bear interest.
Pass-Through Notes:	Interest payable on a Pass-Through Note will be equal to such Note's <i>pro rata</i> share of each interest amount due and payable to the Issuer in respect of all Original Collateral (less any Pass-Through Fee Amount in respect of such Note specified in the applicable Issue Terms) and, unless otherwise specified in the applicable Issue Terms, will be payable two Reference Business Days following each date on which each such interest amount is due and payable.
Credit Linked Notes:	Credit Linked Notes may be issued in accordance with the Additional CLN Conditions. Such Notes are exposed to the credit risk of the relevant Reference Entit(y)(ies) and may redeem in whole or in part upon the occurrence of a Credit Event, as further specified in the applicable Issue Terms.
Collateral Basket Notes:	Collateral Basket Notes may be issued in accordance with the Additional Collateral Basket Conditions. The Original

Collateral relating to such Notes shall consist of two or more Collateral Components, and events affecting one, but not all, of the Collateral Components may result in redemption of some but not all of the Notes.

Interest Periods, Interest Accrual Periods and Rates of Interest:

The length of the interest periods for the Notes and the applicable rate of interest or its method of calculation may differ from time to time or be constant for any Series. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the applicable Issue Terms.

Redemption:

The applicable Issue Terms will specify the basis for calculating the redemption amounts payable. Unless permitted by then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of Section 19 of FSMA must have a minimum redemption amount of £100,000 (or its equivalent in other currencies) per Note.

Redemption by Instalments:

The Issue Terms issued in respect of each issue of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.

Early Redemption for Events of Default, Tax or Other Reasons:

The Notes may be redeemed prior to or following the Maturity Date upon the occurrence of certain tax events with respect to the Notes or the Original Collateral, upon the occurrence of certain events with respect to the Original Collateral, upon the value of the Original Collateral and the value of the Swap Agreement falling to or beneath a certain level, upon the occurrence of certain regulatory events or upon the termination of the Swap Agreement (any redemption following the Maturity Date would be as a result of a redemption being triggered prior to the Maturity Date but with the resultant liquidation process not being completed until after the Maturity Date). In addition, either the Noteholders and/or the Trustee (dependent on the relevant event and as specified in the Conditions) may have the right to direct a redemption of the Notes upon the occurrence of an Event of Default with respect to the Notes, the occurrence of certain default events relating to the Original Collateral or upon the bankruptcy or certain defaults of the Swap Counterparty.

In such circumstances, the Disposal Agent may be required to liquidate some or all of the Collateral and the Swap Agreement will be terminated in accordance with its terms. The amount payable or transferable to Noteholders in such circumstances will be the Early Redemption Amount.

If "Noteholder Settlement Option" is specified in the applicable Issue Terms and a Noteholder elects or is deemed to have elected to receive the Early Cash

Redemption Amount, the Early Redemption Amount payable by the Issuer to such Noteholder will be the Early Cash Redemption Amount, being, broadly, an amount per Note equal to that Note's *pro rata* share of (i) the proceeds of liquidation or realisation of such Noteholder's *pro rata* share of the Collateral and any other assets in respect of the relevant Series available to the Issuer (other than payments from the Swap Counterparty in respect of the termination of the Swap Agreement) plus any applicable rounding amounts by virtue of the Issuer having to pay any Physical Redemption Amounts (see below), plus (ii) any termination payment payable to the Issuer by the Swap Counterparty on the termination of the Swap Agreement and minus (iii) any termination payment payable to the Swap Counterparty by the Issuer on the termination of the Swap Agreement.

If "Noteholder Settlement Option" is specified in the applicable Issue Terms and a Noteholder does not elect or is not deemed to have elected to receive the Early Cash Redemption Amount, the Early Redemption Amount payable by the Issuer to such Noteholder will be the Physical Redemption Amount, being, broadly, a combination of an amount of assets and/or cash per Note equal to (i) such Note's *pro rata* share (amongst only those Notes in respect of which a Physical Redemption Amount is payable) of any Original Collateral remaining after certain amounts of such Original Collateral (if any) are liquidated, rounded down to the nearest integral multiple of the denomination of the Original Collateral plus (ii) such Note's *pro rata* share (amongst only those Notes in respect of which a Physical Redemption Amount is due) of any cash amounts derived from any rounding contemplated by (i) above plus (iii) such Note's *pro rata* share (amongst all Notes outstanding on the relevant Early Termination Date) of (a) the proceeds of liquidation or realisation of the Collateral and any other assets in respect of the relevant Series available to the Issuer (other than the cash amounts contemplated under (ii) above, and payments from the Swap Counterparty in respect of the termination of the Swap Agreement, and other than all proceeds of liquidation or realisation of Original Collateral solely attributable to those Noteholders entitled to receive an Early Cash Redemption Amount), plus (b) any termination payment payable to the Issuer by the Swap Counterparty on the termination of the Swap Agreement and minus (c) any termination payment payable to the Swap Counterparty by the Issuer on the termination of the Swap Agreement.

If the applicable Issue Terms specify that Classes apply, the Early Redemption Amount payable by the Issuer to such Noteholder will be the Early Cash Redemption Amount being, broadly, an amount per Note equal to that Note's *pro rata* share of the proceeds of liquidation or realisation of such Noteholder's *pro rata* share of the portion of Collateral relating to such Class of Notes redeeming early plus (ii) any

termination payment payable to the Issuer by the Swap Counterparty in respect of the transaction under the Swap Agreement relating to the Class of Notes redeeming early, and minus (iii) any termination payment payable to the Swap Counterparty by the Issuer in respect of the transaction under the Swap Agreement relating to the Class of Notes redeeming early, plus (iv) where the Class of Notes redeeming early is the sole remaining Class of Notes, an amount of cash equal to such Note's *pro rata* share of any cash remaining from any rounding up of Collateral to the next tradable unit in respect of the redemption of other Classes.

The Early Redemption Amount of a Note may be less than or may have a value of less than the Specified Denomination of that Note and may be zero.

In addition, on a redemption of the Notes other than on their final redemption on the Maturity Date, the Issuer or the Trustee (as the case may be) will apply available sums or assets in accordance with the order of priority set out in "Master Conditions – Condition 15 (*Application of Available Proceeds or Affected Class Collateral Proceeds*)" of the Master Conditions. Such sums or assets may not be sufficient to meet the claims of the Secured Creditors against the Issuer in respect of the Series and, accordingly, following application in accordance with the order of priority there may not be sufficient sums or assets available to satisfy the Issuer's obligation to pay the Early Redemption Amount in full or at all. See further the section of this Base Prospectus headed "*Overview of the Programme – Limited Recourse and Non-Petition*".

Cross Default:

None.

Withholding Tax:

All payments in respect of the Notes will be made subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature that the Issuer or any Agent is required by applicable law to make. In that event, the Issuer or such Agent shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount(s) so required to be withheld or deducted. This may result in the early redemption of the Notes – see the section of this Base Prospectus headed "*Overview of the Programme – Early Redemption for Events of Default, Tax or Other Reasons*". Neither the Issuer nor any Agent will be obliged to make any additional payments to holders of Notes in respect of such withholding or deduction.

Sanctions:

Any obligations under the Transaction Documents will be suspended for the duration of a Sanction Event. See "Master Conditions – 10(h) (*Suspension of Obligations Following a Sanctions Event*)".

Further Issues:

The Issuer may from time to time issue further Notes of any

Series (or Class thereof) on the same terms as existing Notes and such further Notes shall be consolidated and form a single Series (or Class thereof) with such existing Notes of the same Series (or Class thereof); provided that, unless otherwise sanctioned by an Extraordinary Resolution, the Issuer provides, in accordance with “Master Conditions – Condition 21 (*Further Issues*)”, additional assets as security for such further Notes.

Governing Law:

The Notes are governed by English law. Articles 86 to 97 of the Luxembourg law dated 10 August 1915 on commercial companies are excluded.

The Notes will be issued in Series (which may consist of different Classes), with the Notes of each Series being intended to be interchangeable with all other Notes of that Series (or Class thereof). Each Series (or Class thereof) may be issued in Tranches on the same or different issue date(s). The specific terms of each Tranche (which will be completed, where necessary, with supplemental terms and conditions and, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series (or Class thereof)) will be completed in the applicable Issue Terms.

In the case of Notes cleared through CREST, investors will hold indirect interests in such Notes through CREST by holding dematerialised depositary interests (“**CDIs**”). CDIs represent indirect interest in the Notes to which they relate and holders of CDIs will not be the legal owners of the Notes.

representing Bearer Notes or the Global Certificate representing Registered Notes may be deposited with a common depository for Euroclear and Clearstream, Luxembourg. Global Notes or Global Certificates may also be deposited with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Paying Agents, the Trustee and the relevant Dealer. Registered Notes that are to be credited to one or more clearing systems on issue will be registered in the name of nominees or a common nominee for such clearing systems.

The Irish Stock Exchange is a regulated market for the purposes of Directive 2004/39/EC.

Notes may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer(s) in relation to a specific Series. Notes which are neither listed nor admitted to trading on any market may also be issued.

- (iii) other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982 ("**TEFRA**"), which circumstances will be referred to in the applicable Issue Terms as a transaction to which TEFRA is not applicable.

QUESTIONS AND ANSWERS

Who is the Company?

The Company is Argentum Capital S.A., a special purpose vehicle incorporated as a *société anonyme* (public limited liability company) under the laws of Luxembourg and has the status of an authorised securitisation undertaking under the Securitisation Act 2004 and is supervised by the CSSF. The company is a special purpose vehicle whose only business is to issue debt securities such as the Notes and to enter into transactions within the limits of the Securitisation Act 2004.

The directors of the Company may be employees of the Corporate Services Provider of the Company. The Company is not an affiliate or a subsidiary of Credit Suisse International or Credit Suisse Group AG, and its obligations are not guaranteed by any other party.

Who is the Issuer?

The Issuer is the Company acting in respect of one of its Compartments.

What are the Notes?

The Notes are debt securities issued by the Issuer which may be in bearer form or registered, as described in the relevant Issue Terms.

The Notes are secured, limited recourse obligations of the Issuer and, unless otherwise specified in the relevant Issue Terms, rank *pari passu* without any preference among themselves.

What is the Series Prospectus and when will the Issuer prepare one?

For some Notes, the Issuer may prepare a Series Prospectus. The Series Prospectus will set out the terms relating to a relevant Series of Notes, incorporating by reference the whole or any part of this Base Prospectus, but will also contain additional information, such as additional risk factors. The Issuer will prepare a Series Prospectus where it needs to do so in order to comply with the Prospectus Directive, including in instances where a Series of Notes is offered to the public for the purposes of the Programme. A Series Prospectus or a Pricing Supplement that incorporates by reference the whole or part of the Base Prospectus will comprise an Alternative Drawdown Document. References to Issue Terms in the Base Prospectus mean the Final Terms or, as the case may be, the Alternative Drawdown Document.

What should I read before investing?

You should carefully read and understand this Base Prospectus and the relevant Issue Terms prior to investing in the Notes. You should note that the Summary section and the Overview section of this Base Prospectus must be read only as an introduction to this Base Prospectus. Any decision to invest in the Notes should be based on a consideration of this Base Prospectus as a whole and the relevant Issue Terms.

This Base Prospectus contains information about the Issuer, the general terms and conditions of the Notes (which, for all Notes, must be read in conjunction with the applicable Issue

Terms) and general information about the offer and issue of the Notes and certain risk factors relating to the Issuer and Notes issued under the Programme.

Whilst the Base Prospectus includes general information about the Notes, the relevant Issue Terms contain the specific issue terms of each particular issuance of Notes, together with information about how investors can purchase them, product specific risk factors and other product specific information. The Issue Terms complete and/or amend the general terms and conditions of the Notes as set out in the Base Prospectus under “*Master Conditions*” and contain, for example, the issue date, the maturity date and the methods used to calculate the redemption amount and any interest payments, if applicable. Therefore, the Issue Terms for a Series of Notes must be read in conjunction with the Base Prospectus.

Investors may request copies of this Base Prospectus free of charge from the Issuer and the Issuing and Paying Agent.

What are the risks of investing in any Notes?

Before making an investment in the Notes, you should carefully consider all of the information set out in the Base Prospectus, and the relevant Issue Terms as well as your own personal circumstances. You should have particular regard to, among other matters, the considerations described under the heading “*Risk Factors*” on pages 17 to 40 of this document and any product specific risk factors identified as such in the relevant Issue Terms.

For some Notes, the amount payable on the maturity date may be less than your original investment and may even be zero. Typically, the higher the potential return on the Notes, the greater the risk of loss attached to those Notes will be. Investors should also note they will, usually in all circumstances, be exposed to the credit risk of the obligor of the Collateral and to the credit risk of the Custodian, each of the Paying Agents and the Swap Counterparty to the Swap Agreement (if there is one). If there is a default on the Collateral, or by the Custodian, or any of the Paying Agents or the Swap Counterparty under the Swap Agreement, investors are highly likely to lose some or all of their money.

You should review the Issue Terms to understand whether your investment is designed to be at risk and the terms on which your investment will be paid.

How do changes in interest rates affect the value of the Notes?

The market value of a Note may be affected by the change in interest rates. All other things being equal, the market value of a Note will go down when interest rates go up and vice versa.

What will the Issuer do with the proceeds of the Notes issuance?

The Issuer will, subject to the provisions of the Securitisation Act 2004, use the proceeds of the issuance of the Notes to purchase the Collateral applicable to such Series of Notes and/or enter into the Transaction Documents and/or to fund any initial payment obligations under any related Swap Agreement and/or may use such proceeds in meeting

certain expenses and fees payable in connection with the operations of the Issuer and the issue of Notes.

The exact Original Collateral acquired on the issue date of the Notes will be specified in the relevant Issue Terms of the Notes. Such Issue Terms of the Notes will also specify if there will be a Swap Agreement entered into by the Issuer and the Swap Counterparty in respect of the Notes and, if so, the name of the Swap Counterparty.

The Collateral and the related Swap Agreement will generally be the only assets available to the Issuer to fund its payment obligations under the Notes. The payments under such assets (both to and from the Issuer) will be designed to ensure that the Issuer has sufficient funds to meet its payment obligations under the Notes and to meet any related payment obligations.

What is the Swap Counterparty's role and what is its relationship to the Issuer?

There may or may not be a Swap Agreement entered into in connection with a Series of Notes. Where the Issuer does enter into a Swap Agreement, the Issuer will use the issue proceeds to meet its payment obligations under the Swap Agreement (which may include an initial payment to the Swap Counterparty of an amount equal to the issue proceeds of the Notes) and/or will exchange the payments received under the Collateral for the payment flows required to meet the payments of interest (if any) and the amounts due on redemption of the Notes. If there is a Swap Agreement, the Swap Counterparty will be Credit Suisse International unless otherwise specified in the relevant Issue Terms.

If there is a Swap Agreement in respect of the Notes, the relevant Issue Terms will also specify whether there is a Credit Support Annex and, if so, whether the Swap Counterparty, the Issuer, or both, are required to provide collateral to the other for their respective obligations under the Swap Agreement.

If the Swap Counterparty is required to provide collateral under the Credit Support Annex to the Issuer, any such collateral posted by the Swap Counterparty and held by the Issuer from time to time is referred to as "CSA Posted Collateral". If the Issuer is required to provide collateral under the Credit Support Annex, the outstanding Collateral it then holds will be used to meet such obligation and, accordingly, the outstanding Collateral will be released from the security and the overall amount of Collateral the Issuer holds will be reduced. Upon posting to the Swap Counterparty as collateral, title to the relevant assets is transferred to the Swap Counterparty.

What types of Collateral are the Notes secured upon and how does my investment differ from a direct investment in such Collateral?

The Collateral (if any) may comprise transferable securities issued by Credit Suisse International or by a third-party issuer or such other Collateral as may be specified in the relevant Issue Terms (which could be in the form of other assets such as shares, loans or cash deposits, for example)

and/or, if applicable, any CSA Posted Collateral held, from time to time, by the Issuer. The Original Collateral, if any, as at the issue date of the Notes will be specified in the relevant Issue Terms.

Original Collateral for a Series shall include any Original Collateral specified in the Issue Terms and any different collateral acquired by the Issuer by way of substitution or replacement of such Original Collateral originally held by it or as a result of its conversion or exchange (see also, “*Are there any circumstances in which the Collateral may change?*” below).

CSA Posted Collateral for a Series shall comprise of any securities, cash or other assets or property transferred by the Swap Counterparty to the Issuer under the Credit Support Annex in respect of the Swap Agreement relating to that particular series of Notes that meet certain eligibility criteria as set out in the relevant Credit Support Annex.

An investment in the Notes differs from a direct investment in the Collateral, as the return on the Notes may differ from the return on the Collateral.

What happens if there is a default in respect of the Collateral or a Swap Agreement is terminated?

If there is a default in relation to any Collateral (or certain other events occur relating to or affecting the Collateral) and/or if a Swap Agreement is terminated, the Notes may be redeemed prior to their stated maturity at the Early Redemption Amount. (See also “*When do the Notes redeem early?*” below).

Are there any circumstances in which the Collateral may change?

If “Original Collateral Substitution” is specified as applicable in the relevant Issue Terms, any holder of more than 50% in principal amount of the relevant Series of Notes for the time being outstanding shall have the right at any time to request a substitution of any Original Collateral with a nominal amount of Replacement Collateral Obligations (which may comprise other debt securities that fulfil the criteria set out in such Issue Terms). Such substitution shall be effected by the Disposal Agent, who will arrange for the Liquidation of the relevant Original Collateral and use the proceeds to purchase the Replacement Collateral Obligations. (See also “*When does Liquidation apply and what is the Disposal Agent’s role?*” below).

Do Noteholders have recourse to particular assets of the Issuer?

The Noteholders and the other Transaction Parties will have recourse to the Mortgaged Property of the Compartment in respect of the Notes of that Series. The Mortgaged Property includes the outstanding Collateral in respect of such Compartment, all cash (if any) held in the Compartment in respect of the Notes of the Series, the Issuer’s rights under the Agency Agreement, the Issuer’s rights under the Swap Agreement (if there is one) and, if there is a Credit Support Annex, the CSA Posted Collateral (which will form part of the outstanding Collateral).

You should note that the Noteholders and the other Transaction Parties will have recourse only to the Mortgaged

Property over which security is given by the Issuer in favour of the Trustee on behalf of the Noteholders and other Secured Creditors, and not to any other assets of the Issuer and subject to the order of priority. If the Mortgaged Property is not sufficient to meet Noteholders' claims and those of all the other relevant parties, the Mortgaged Property will be used to meet claims according to a specified order of priority. Amounts owing to the Swap Counterparty under the Swap Agreement, and certain other sums payable to certain Transaction Parties, will be paid before Noteholders. If there is no Mortgaged Property left after paying them, Noteholders will not be paid.

What rights do Noteholders have against the Issuer?

Noteholders' rights include the right to any payments or deliveries payable to Noteholders in accordance with the Conditions and the relevant Issue Terms. Noteholders may also have the right to make certain determinations or decisions (which may sometimes be required to be by a resolution of Noteholders or which may simply require a direction in writing by a specified percentage of Noteholders) and the Issuer may only take certain actions with respect to the Notes if approved by Noteholders. Noteholders should note that, notwithstanding they may be owed payments or deliveries under the Notes, their rights of direct action against the Issuer are limited as the right to take such action is generally instead vested in the Trustee.

What are the requirements for exercising Noteholders' rights in respect of the Notes?

The Conditions specify the requirements for exercising each right in respect of the Notes, including the person (if any) that is entitled to enforce such right on behalf of the Noteholders and the required percentage of Noteholders (if any) that may direct such person to enforce such right. For example, the Conditions specify that only the Trustee may exercise the right to enforce the Security on behalf of Noteholders if a default in payment by the Issuer has occurred. The Noteholders may direct the Trustee to exercise such rights by way of an Extraordinary Resolution.

An "Extraordinary Resolution" means a resolution passed at a duly convened meeting of the Relevant Noteholder Proportion by a majority consisting of not less than 75 per cent. of the votes cast at such meeting. Noteholders may also pass written resolutions on matters relating to the Notes without calling a meeting. A written resolution signed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes will be deemed to be an Extraordinary Resolution. In certain circumstances, where the Notes are held on behalf of a clearing system, the Issuer and the Trustee will be entitled to rely upon approval of a resolution proposed by the Issuer or the Trustee (as the case may be) given by way of electronic consents communicated through the electronic communication systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of

the holders of not less than 75 per cent. in aggregate nominal amount of the Notes for the time being outstanding of the Relevant Noteholder Proportion, and such electronic consents shall for all purposes be as valid and effective as an Extraordinary Resolution of such Relevant Noteholder Proportion passed at a meeting of Noteholders duly convened and held.

How do you exercise a right to vote or enforce your rights in respect of the Notes?

If the Notes are held through a clearing system then, as rights under the Notes can only be exercised by the legal Noteholders, you must contact the custodian, broker or other entity through which you hold your interest in the Notes if you wish for any vote to be cast or direction to be given on your behalf.

In respect of Notes held outside the clearing system, you may exercise your rights to vote or give directions directly in accordance with the Conditions of the Notes.

What is the maturity of the Notes?

Each Note has a scheduled maturity as stated in the relevant Issue Terms.

What do the Notes redeem at?

Each Note will redeem at its Final Redemption Amount on the relevant Maturity Date or, in the case of a Note falling within Master Condition 8(b) (*Redemption by Instalments*), at its final Instalment Amount, unless, in each case, such Note has been redeemed, purchased or cancelled prior to the relevant Maturity Date. The Final Redemption Amount will be a cash amount as specified in the Issue Terms unless "Physical Settlement" is specified in, or determined in accordance with, the relevant Issue Terms, in which case the Physical Redemption Amount will be delivered in respect of each Note. If no amount is so specified in the relevant Issue Terms, the Final Redemption Amount shall be the outstanding notional amount of such Note. The Instalment Amount will be a cash amount as specified in, or determined in accordance with, the relevant Issue Terms.

Where the Notes are redeemed prior to their stated maturity in any of the circumstances described in "*When may the Notes redeem before their stated maturity?*" below and in any additional circumstance(s) that may be specified in the relevant Issue Terms, each Note will be redeemed at the Early Redemption Amount, which, depending on what is specified in the relevant Issue Terms, may be either the Early Cash Redemption Amount or the Early Physical Redemption Amount. The Early Cash Redemption Amount payable to Noteholders will generally be an amount equal to their share of (i) all cash sums derived from any Liquidation of the Collateral and/or amounts realised by the Trustee on enforcement of the Security and otherwise derived from the Mortgaged Property for the Series and available to either the Issuer or the Trustee plus (ii) any termination payment payable by the Swap Counterparty to the Issuer in respect of the Swap Agreement (if any), and minus (iii) any termination payment payable by the Issuer to the Swap Counterparty in

respect of the Swap Agreement (if any).

Where a Series of Notes comprises of Classes of Notes, the Early Redemption Amount in respect of any Class will be the Early Cash Redemption Amount, which will generally be an amount equal to the Noteholders' share of such Class' share of (i) all cash sums derived from any Liquidation of such Class' *pro rata* share of the Class Collateral and/or amounts realised by the Trustee on enforcement of the Security and otherwise derived from the Mortgaged Property for the Series and available to either the Issuer or the Trustee, plus (ii) any termination payment payable by the Swap Counterparty to the Issuer in respect of the transaction under the Swap Agreement relating to such Class (if any), minus (iii) any termination payment payable by the Issuer to the Swap Counterparty in respect of the transaction under the Swap Agreement relating to such Class (if any).

The amount payable to Noteholders in such circumstances will also be subject to payment of any payments owed by the Issuer to any other Transaction Parties which rank in priority to the claims of Noteholders.

The Early Cash Redemption Amount or the value of any Physical Redemption Amount delivered to Noteholders may be less than the issue price of the Notes and may be zero. In certain circumstances delivery of the Physical Redemption Amount may also be delayed and/or the Issuer may pay a cash amount in lieu of, or in addition to, physical settlement.

The Issuer is subject to the Luxembourg act dated 22 March 2004 on securitisation, as amended. Each Series of Notes will therefore relate to a separate Compartment created by the Board. A Compartment is a separate part of the Issuer's assets and liabilities. An investor's recourse to the Issuer is limited to the assets and liabilities allocated to the relevant Compartment and where such assets are not sufficient to meet the claims of the investors in relation to such series of Notes, the investors will have no further recourse to any other assets of the Issuer. Any shortfall will therefore be borne by investors.

When does Liquidation apply and what is the Disposal Agent's role?

Liquidation of the Collateral may be applicable in certain instances, including where there is a default in the payment or delivery of the Final Redemption Amount, default in the payment or delivery of any interest or Instalment Amount that has become due and payable on the Maturity Date, the occurrence of an Early Redemption Commencement Date (which may arise if the Notes are redeemed prior to their stated maturity in any of the circumstances described in "*When may the Notes redeem before their stated maturity?*" below) and in connection with an Original Collateral Substitution.

Following receipt by it of a valid Substitution Notice (in respect of any Substitution of Original Collateral) or, as the case may be, a valid Liquidation Commencement Notice

from the Issuer (and if it otherwise determines that a Liquidation Event has occurred), the Disposal Agent may take such steps as it considers appropriate in order to effect any Liquidation, including, but not limited to selecting the method of Liquidating any Collateral. The Disposal Agent must effect any Liquidation as soon as reasonably practicable within the available timeframe (if applicable) and in a commercially reasonable manner, even where a larger amount could possibly be received in respect of such Collateral if any such Liquidation were delayed. The Disposal Agent shall not be liable to anyone merely because a larger amount could have been received had any such Liquidation been delayed or had the Disposal Agent selected a different method of Liquidating any such Collateral.

In determining whether or not to take any action as a result of its determination that a Liquidation Event has occurred, the Disposal Agent shall have complete discretion, no duty or obligation to the Issuer, any Noteholder or any other person to take such action or determination and shall not be liable for any such determination decision or the timing thereof. The Disposal Agent shall not be required to monitor whether a Liquidation Event has occurred and shall be entitled to rely on a Liquidation Commencement Notice without investigation, provided that a Liquidation Commencement Notice delivered by the Issuer or the Trustee shall not be valid and the Disposal Agent shall not take any action in relation thereto if the Disposal Agent has already received (i) a valid Liquidation Commencement Notice in respect of the same or prior Liquidation Event or (ii) a Valid Enforcement Notice from the Trustee.

Unless otherwise specified in the applicable Issue Terms, the Disposal Agent will be Credit Suisse International. Upon the occurrence of a Disposal Agent Bankruptcy Event or if the Disposal Agent fails to undertake any material requirement pursuant to the Conditions or any other Transaction Document, the Disposal Agent's appointment will be automatically terminated and the Issuer will use reasonable endeavours (provided it has funds available for this purpose) and with the prior approval of the Trustee and the Swap Counterparty or, if a particular Swap Counterparty default has occurred, an Extraordinary Resolution of the Noteholders to appoint a replacement institution to take its place.

If the Company is subject to a Bankruptcy Event, to the extent that a competent bankruptcy officer has been appointed in the context of the bankruptcy proceedings, such bankruptcy officer will replace the Disposal Agent and will Liquidate the Collateral in accordance with the applicable legal and regulatory provisions.

What is the order of priority?

Following any Liquidation or on an enforcement of the Security, the rights of the Noteholders to be paid amounts or

delivered assets due under the Notes will be subordinated to (i) amounts owing to the Swap Counterparty pursuant to the Credit Support Annex, (ii) the Issuer's share of the payment or satisfaction of all taxes owing by the Company, (iii) the fees, costs, charges, expenses and liabilities due and payable to the Trustee including costs incurred in the enforcement of the Security (including any taxes to be paid, legal fees and remuneration), (iv) fees of the Disposal Agent, (v) certain amounts owing to the Agents in respect of reimbursement for sums paid by them in advance of receipt by them of the funds to make such payment and fees, costs, charges, expenses and liabilities, (vi) any amounts owing to the Swap Counterparty under the Swap Agreement, (vii) the Issuer's share of fees of the Corporate Services Provider owing by the Company and (viii) any other claims as specified in the Conditions as may be amended by the Issue Deed relating to the relevant Series of Notes, that rank in priority to the Notes.

When may the Notes redeem before their stated maturity?

The Notes may be redeemed prior to their stated maturity in any of the following circumstances and in any additional circumstance(s) that may be specified in the relevant Issue Terms:

(i) *Collateral Event*

Upon the Issuer becoming aware that a Collateral Event has occurred, the Issuer shall notify the Noteholders as soon as reasonably practicable thereafter (and in any event, within five Reference Business Days) and each Note shall become due and payable on the Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable with no separate payment of any unpaid accrued interest thereon). A Collateral Event may occur if (i) the Original Collateral has become payable or repayable or becomes capable of being declared due and payable prior to its stated maturity for whatever reason, (ii) notice is given that any of the Original Collateral is called for redemption or repayment (whether in whole or in part) prior to its scheduled maturity date, (iii) there is a failure to make a scheduled payment on the date and in the currency such payment was originally scheduled to be made (disregarding any terms of the Original Collateral that allow for non-payment, deferral or adjustments to any scheduled payments), (iv) the Original Collateral is converted into any other financial instrument upon the exercise by the Original Collateral Obligor of any option or other right to convert the Original Collateral under the terms and conditions of the Original Collateral, or (v) the Swap Counterparty determines that the currency in which the Original Collateral Obligor pays (or is required to pay) interest or principal is redenominated, substituted or otherwise changed from the currency in which any payment of interest or principal was, at the date such Original Collateral was included as Original Collateral, due to be

made.

(ii) Certain Tax Events

If the Issuer or the Calculation Agent determines that the Issuer is, or will be, required to withhold, deduct or account for tax in respect of the Notes (other than in respect of FATCA (as defined in Paragraph (a) of the Master Conditions below)) or the Original Collateral or tax will be or is being withheld or deducted from payments made to the Issuer in respect of the Original Collateral or any other income of the Issuer such that it would be unable to make payment of the full amount due under the Notes (including as a result of FATCA) or that the Issuer is or will be required to comply with any reporting requirement (other than in respect of FATCA) in respect of any payment received in respect of the Original Collateral, the Notes may become due for redemption prior to the maturity. If so, upon becoming aware of the same, the Issuer shall notify the Noteholders as soon as reasonably practicable thereafter (and in any event, within two Reference Business Days) and each Note shall become due and payable on the Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable with no separate payment of any unpaid accrued interest thereon).

Investors should note that certain tax events relating to the Original Collateral and the Notes will not result in an early redemption of the Notes, including in instances where (A) withholding or deduction of taxes on the Notes arises solely in respect of FATCA, (B) reporting requirements on the Original Collateral arises solely in respect of FATCA, (C) withholding or deduction of taxes on the Notes arises solely as a result of the Noteholder's connection with the jurisdiction of incorporation of the Issuer (otherwise than by reason of the holding of any Note or receiving any payment in respect thereof), (D) a withholding or deduction is imposed pursuant to European Council Directive 2003/48/EC (or any other directive implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000) and (E) a withholding or deduction arises as a result of the presentation of payment of any Bearer Note, Receipt or Coupon by a holder who would have been able to avoid such withholding or deduction by presenting the relevant instrument to another Paying Agent in a Member State of the European Union. In such cases, a deduction may instead be made just from the amount(s) payable to the affected Noteholder.

You should carefully review the tax redemption events in "Master Conditions – Condition 8(d) (*Redemption for Taxation Reasons*)" of the Master Conditions before investing in any Notes.

(iii) Trigger Event

If the Calculation Agent determines that the Value of the

Original Collateral plus the Trigger Swap Gain (if any) or minus the Trigger Swap Loss (if any) is equal to or less than the Trigger Level (which will be a level specified in the applicable Issue Terms), the Issuer shall notify the Noteholders as soon as reasonably practicable thereafter (and in any event, within five Reference Business Days) and each Note shall become due and payable on the Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable with no separate payment of unpaid accrued interest thereon).

(iv) Termination of Swap Agreement

Upon the Issuer becoming aware of the early termination of the Swap Agreement, the Issuer shall notify the Noteholders as soon as reasonably practicable thereafter (and in any event, within two Reference Business Days) and each Note shall become due and payable on the Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable with no separate payment of unpaid accrued interest thereon).

The section of this Base Prospectus entitled “*The Swap Agreement*” on pages 231-234 describes the events that may lead to the termination of the Swap Agreement. These include certain payment defaults, breaches of agreement and insolvency as well as the occurrence of certain illegality, redenomination and force majeure events, certain tax-related events and the occurrence of certain regulatory events.

(v) Counterparty Bankruptcy Credit Event

If the Issuer is directed by an Extraordinary Resolution of the Noteholders of the relevant Series of Notes that a Counterparty Bankruptcy Credit Event (broadly speaking, if the Swap Counterparty becomes subject to an insolvency procedure) has occurred and such Extraordinary Resolution directs the Issuer to give a notice of redemption, the Issuer shall as soon as reasonably practicable upon being so directed (and in any event, within two Reference Business Days), notify the Noteholders and each Note shall become due and payable on the Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable with no separate payment of unpaid accrued interest thereon).

(vi) Illegality

Upon the Issuer becoming aware that, due to the adoption of or change in any applicable law or due to the promulgation of, or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law, in each case, after the Issue Date, it becomes unlawful for the Issuer to perform obligations in respect of the Notes, to hold any Collateral or receive payment in respect thereof or to comply with any other material provision of any agreement entered into in

connection with the Notes, the Issuer shall notify the Noteholders as soon as reasonably practicable thereafter (and in any event, within two Reference Business Days) and each Note shall become due and payable on the Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable with no separate payment of unpaid accrued interest thereon).

(vii) Regulatory Event

If the Calculation Agent determines that certain regulatory events have occurred, the Issuer shall notify the Noteholders as soon as reasonably practicable thereafter (and in any event, within five Reference Business Days) and each Note shall become due and payable on the Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable with no separate payment of unpaid accrued interest thereon).

(viii) Events of Default

The Notes may be redeemed early upon the occurrence of certain defined Events of Default. These include (A) a default (for a period of at least 14 days) in the payment of any interest or Instalment Amount due in respect of the Notes (other than any interest or Instalment Amount payable on the Maturity Date), (B) a failure by the Issuer to perform or comply with any of its other obligations in relation to the Notes if such failure is incapable of remedy, or, if in the opinion of the Trustee, such failure is capable of remedy but, in the opinion of the Trustee, is continuing 30 days after the Trustee gives notice of such event to the Issuer and (C) the insolvency of the Issuer. If an Event of Default occurs, the Trustee may at its discretion, and if directed by an Extraordinary Resolution shall (provided it has been indemnified and/or secured and/or prefunded to its satisfaction), give notice that each Note shall become due and repayable on the Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable with no separate payment of unpaid accrued interest thereon).

Will the Programme be rated?

The Programme is not rated.

Will there be a secondary market in the Notes?

A market may not develop for the Notes. While Credit Suisse International or Credit Suisse Securities (Europe) Limited or any of their respective agents may make a market in Notes upon their issuance and/or purchase Notes (subject to all regulatory requirements and the internal policies and procedures of Credit Suisse International or Credit Suisse Securities (Europe) Limited or such agent (as applicable)), it is under no obligation to do so and may cease to do so at any time. Even if Credit Suisse International or Credit Suisse Securities (Europe) Limited or any of their respective agents does make a market in the Notes, there is no guarantee that a secondary market will develop or, to the extent that a secondary market does exist, that such market will provide

If withholding taxes are imposed on payments under the Notes (as described in more detail in the terms and conditions), the Issuer will not pay any additional amounts to “gross-up” such payments and the Notes will generally be redeemed early on the Early Redemption Date.

Any tax, duty, withholding or other payment (including any stamp or transfer tax) which may arise as a result of the ownership, transfer, exercise or enforcement of any Note by any person shall not be borne by the Issuer and all payments made by the Issuer shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted without any obligation for the Issuer or any Agent to gross-up such payments.

In addition or in the alternative to its acquisition of rights, title and/or interests in and to the Collateral, the Issuer may enter into a Swap Agreement with respect to the Notes as specified in the applicable Issue Terms relating to the Notes.

(c) Non-Applicability

Where no reference is made in the Issue Deed and the Issue Terms to any Original Collateral, references in the Conditions to any such Original Collateral, to any Secured Payment Obligation relating to such Original Collateral and to any related Original Collateral Obligor or Secured Creditor relating to such Collateral, as the case may be, shall not be applicable. Where no reference is made in the Issue Deed and the applicable Issue Terms to any Swap Agreement and/or Swap Counterparty (or any Credit Support Annex thereto), references in the Conditions thereto shall not be applicable.

5 Security

(a) Security

Unless otherwise specified in the Issue Deed, the Secured Payment Obligations are secured in favour of the Trustee for the benefit of itself and the other Secured Creditors, pursuant to the Trust Deed, by:

- (i) a pledge of all of the Pledged Collateral held with the Custodian in respect of a Series and the relevant Compartment and the grant of a first ranking security interest ("*gage de premier rang*") over such Pledged Collateral under Luxembourg law (the "**Luxembourg Pledge**"); and
- (ii) in addition, but subject to the Luxembourg Pledge, the following security under English law:
 - (I) an assignment by way of security of all the Issuer's rights, title and interest attaching or relating to the Collateral and all property, sums or assets derived therefrom, including, without limitation, any right to delivery thereof or to an equivalent number

or nominal value thereof which arises in connection with any such assets being held in a clearing system or through a financial intermediary;

- (II) an assignment by way of security of the Issuer's rights, title and interest against the Custodian, to the extent that they relate to the Collateral and/or the Notes;
- (III) an assignment by way of security of the Issuer's rights, title and interest under the Agency Agreement, to the extent they relate to the Collateral and/or Notes;
- (IV) an assignment by way of security of the Issuer's rights, title and interest under the Swap Agreement (without prejudice to, and after giving effect to, any contractual netting provision contained in the Swap Agreement);
- (V) an assignment by way of security of the Issuer's rights, title and interest under the Agency Agreement, to the extent that they relate to any assets held by the Custodian in respect of the Notes;
- (VI) an assignment by way of security of the Issuer's rights against the Disposal Agent under the terms of the Agency Agreement (or any other agreement entered into between the Issuer and the Disposal Agent) to the extent that such rights relate to the Collateral and/or the Notes;
- (VII) a first fixed charge over (A) all sums held by the Issuing and Paying Agent to meet payments due in respect of any Secured Payment Obligation and (B) any sums received by the Issuing and Paying Agent under the Swap Agreement; and
- (VIII) a first fixed charge over all property, sums and assets held or received by the Disposal Agent relating to the Transaction Documents and the Collateral.

Notwithstanding the above, investors should note that where any Collateral and/or any property, assets and sums derived therefrom are held by the Custodian in book-entry form, the security interests granted in respect of the same might, as a result of such book-entry holding, take the form only of a security interest over the Issuer's rights against the Custodian in respect of such Collateral and/or property, sums and assets, as the case may be, rather than a charge over such Collateral and/or property, sums and assets derived therefrom themselves.

Additionally, the Secured Payment Obligations of the Issuer may be secured pursuant to a Security Document other than the Trust Deed as specified in the relevant Issue Deed.

Certain of the assets being the subject of the Security shall be released automatically, without the need for any notice or other formalities, to the extent required for the Issuer to be able to duly make any payment or delivery in respect of the Notes and/or under the related Swap Agreement and/or the other Transaction Documents which is due and payable or deliverable, or in connection with the purchase of Notes or as otherwise provided for under the Conditions or the relevant Transaction Documents in respect of a Series.

(b) Substitution of Original Collateral

If "Original Collateral Substitution" is specified as applicable in the applicable Issue Terms, any holder of more than 50 per cent. in principal amount of the Notes for the time being outstanding shall have the right at any time, by giving at least 10 Reference Business Days' notice substantially in the form set out in the Principal Trust Deed, validly completed and executed by the holder (such notice a "**Substitution Notice**") to the Issuer, the Trustee, the Calculation Agent, the Disposal Agent and the Swap Counterparty, and sufficient proof of ownership of the Notes as the Issuer and the Trustee shall require, to request a substitution of any Original Collateral (such Original Collateral, the "**Substituted Original Collateral**") with a nominal amount of new collateral obligations (rounded down to the nearest whole denomination) that fulfil the criteria set out in the Issue Terms (the "**New Collateral Criteria**", and such new collateral obligations, the

“Replacement Collateral Obligations”). Upon receipt of the Liquidation Proceeds from a Liquidation effected pursuant to this Master Condition 5(b), the Issuer shall use all such proceeds to purchase as many Replacement Collateral Obligations as it can with such Liquidation Proceeds, which may be more or less than the number of Replacement Collateral Obligations identified in the relevant Substitution Notice. Any Liquidation Proceeds remaining after such purchase will be deposited by the Issuer with the Custodian.

Pursuant to the Trust Deed, upon the effective delivery of a valid Substitution Notice to the Disposal Agent identifying Replacement Collateral Obligations which satisfy the New Collateral Criteria (as verified by the Calculation Agent and certified by it to the Disposal Agent), the Security described in Master Condition 5(a) (*Security*) will be automatically released without any further action on the part of the Trustee but only to the extent necessary to allow the Disposal Agent to Liquidate the Substituted Original Collateral and the Disposal Agent shall be obliged to effect such Liquidation as soon as reasonably practicable thereafter, provided that nothing in this Master Condition 5(b) will operate to release the charges and other security interests over the proceeds of such Liquidation.

The Disposal Agent may take such steps as it considers appropriate in order to effect any such Liquidations, including but not limited to selecting the method of Liquidating any Collateral. The Disposal Agent must effect any Liquidation as soon as reasonably practicable and in a commercially reasonable manner, even where a larger amount could possibly be received in respect of such Collateral if any such Liquidation were to be delayed. Subject to such requirement, the Disposal Agent shall be entitled to effect any Liquidation by way of one or multiple transactions on a single or multiple day(s).

The Disposal Agent shall not be liable to the Issuer, the Trustee, the Swap Counterparty, the Noteholders, the Couponholders, holders of Receipts or any other person merely because a larger amount could have been received had any such Liquidation been delayed or had the Disposal Agent selected a different method of Liquidating any such Collateral.

Master Conditions 13(c) (*Proceeds of Liquidation*) to 13(n) (*Transfer of Collateral to Custodian*) (inclusive) shall apply to a Liquidation being effected pursuant to this Master Condition 5(b).

Any Replacement Collateral Obligations substituted in accordance with this paragraph shall thereafter constitute Original Collateral for the purposes of the Conditions and the Transaction Documents, and any Substituted Original Collateral substituted in accordance with this paragraph shall thereafter cease to be Original Collateral for the purposes of the Conditions and the Transaction Documents.

(c) Issuer’s Rights as Beneficial Owner of Collateral

Prior to the Trustee effectively giving a valid Enforcement Notice to the Issuer (copied to the Custodian and any Disposal Agent appointed at that time), the Issuer may, with the prior written consent of the Trustee or with the sanction of an Extraordinary Resolution:

- (i) take such action in relation to the Mortgaged Property as it may think expedient; and
- (ii) exercise any rights incidental to the ownership of the Mortgaged Property and, in particular (but without limitation and without responsibility for their exercise), any voting rights in respect of such property and all rights to enforce any ownership interests in respect of such property,

provided that, in the case of any Mortgaged Property subject to the Luxembourg Pledge, the Issuer shall not cast any vote, provide any consent, waiver or ratification, or take any action, which would:

- (I) be inconsistent with or violate any provision of the Conditions or of any other Transaction Document;
- (II) have an adverse effect on the value of the relevant financial instrument held in the Pledged Accounts or the legal status, ranking, nature or other features of the Collateral; or
- (III) otherwise prejudice the interests of any Secured Creditor under any Transaction Document.

The Issuer will not exercise any rights with respect to Mortgaged Property unless it has the consent or sanction referred to above and, if such consent or sanction is given, the Issuer will act only in accordance with such consent or sanction. For the avoidance of doubt, no such consent or sanction is required in connection with any assets that are released automatically.

For the purpose of Master Condition 5(c), if the Issuer is seeking the prior written consent of the Trustee it shall provide a certificate to the Trustee signed by any director of the Issuer to the effect that, in their opinion, exercising such right does not contravene the requirements of the proviso to Master Condition 5(c)(ii) and the Trustee shall not be responsible or liable for any loss occasioned by acting and/or relying on such a certificate.

(d) Disposal Agent’s Right Following Liquidation Event

Notwithstanding the above, following the effective delivery of a valid Liquidation Commencement Notice to the Disposal Agent (copied to each of the other Transaction Parties), the Disposal Agent on behalf of the Issuer shall have the right to undertake any action as contemplated by the Conditions and the Agency Agreement as it considers appropriate, and any actions in furtherance thereof or ancillary thereto as they relate to the relevant Mortgaged Property, without requiring any sanction referred to therein. Pursuant to the terms of the Trust Deed, upon the effective delivery of a valid Liquidation Commencement Notice to the Disposal Agent the Security described in Master Condition 5(a) (*Security*) will automatically be released without further action on the part of the Trustee to the extent necessary for the Disposal Agent to effect the Liquidation of the relevant Mortgaged Property, provided that nothing in this Master Condition 5(d) will operate to release the charges and other security interests over the proceeds of the Liquidation of the Mortgaged Property or over any Mortgaged Property not subject to such Liquidation.

(e) Credit Support Annex

If “Credit Support Annex” is specified as applicable in the applicable Issue Terms then the Issuer will enter into a Credit Support Annex under the Swap Agreement pursuant to which the Issuer shall, if required in accordance with the terms of the Credit Support Annex, transfer some or all of the Collateral to the Swap Counterparty. The Swap Counterparty may also, if required in accordance with the terms of the Credit Support Annex, transfer to the Issuer from time to time CSA Posted Collateral. Collateral transferred by the Issuer pursuant to the Credit Support Annex will be deemed to be released by the Trustee from the Security described in Master Condition 5(a) (*Security*) immediately prior to the delivery or transfer of such Collateral by or on behalf of the Issuer to the Swap Counterparty.

6 Restrictions

So long as any Note remains outstanding, the Issuer shall not, without the prior consent in writing of the Trustee and the Swap Counterparty, but subject to the provisions of Master Condition 13 (*Liquidation*) and within the limits of the Securitisation Act 2004:

- (a) engage in any business other than the issuance or entry into of Obligations, the entry into of related agreements and transactions and the performing of acts incidental thereto or necessary in connection therewith, and provided that:

- (i) such Obligations are secured on assets of the Issuer other than the Issuer's share capital and any assets securing any other Obligations (other than Equivalent Obligations); and
 - (ii) such Obligations and any related agreements contain provisions that limit the recourse of any holder of, or counterparty to, such Obligations and of any party to any related agreement to assets other than those to which any other Obligations (other than Equivalent Obligations) have recourse;
- (b) sell, transfer or otherwise dispose of any of the Mortgaged Property or any right or interest therein or create any mortgage, charge or other security or right of recourse in respect thereof;
 - (c) cause or permit the Swap Agreement or the priority of the Security created by the Trust Deed or any other Security Document to be amended, terminated or discharged;
 - (d) release any party to the Swap Agreement, the Principal Trust Deed, the Issue Deed or any other Security Document from any existing obligations thereunder;
 - (e) have any subsidiaries;
 - (f) consent to any variation of, or exercise any powers of consent or waiver pursuant to, the terms of the Swap Agreement, the Conditions, the Principal Trust Deed, the Issue Deed, any other Security Document or any other Transaction Document;
 - (g) consolidate or merge with any other person or convey or transfer its properties or assets substantially as an entirety to any person;
 - (h) have any employees;
 - (i) issue any shares (other than such shares as are in issue at the date hereof) or make any distribution to its shareholders;
 - (j) open or have any interest in any account with a bank or financial institution unless (i) such account relates to the issuance or entry into of Obligations and such Obligations have the benefit of security over the Issuer's interest in such account or (ii) such account is opened in connection with the administration and management of the Issuer and only moneys necessary for that purpose are credited to it;
 - (k) declare any dividends;
 - (l) purchase, own, lease or otherwise acquire any real property (including office premises or like facilities);
 - (m) guarantee, act as surety for or become obligated for the debts of any other entity or person or enter into any agreement with any other entity or person whereby it agrees to satisfy the obligations of such entity or person or any other entity or person;
 - (n) acquire any securities or shareholdings whatsoever from its shareholders or enter into any agreements whereby it would be acquiring the obligations and/or liabilities of its shareholders;
 - (o) except as required in connection with the issuance or entry into of Obligations, advance or lend any of its moneys or assets, including but not limited to the Mortgaged Property, to any other entity or person; or
 - (p) approve, sanction or propose any amendment to its constitutional documents,
- except as provided for or contemplated in the Conditions or any Transaction Document.

7 Interest

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Master Condition 7(f) (*Interest Payable*).

(b) Interest on Floating Rate Notes

(i) Interest Payment Dates

Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Master Condition 7(f) (*Interest Payable*).

(ii) Rate of Interest for Floating Rate Notes

The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in accordance with the provisions below relating to ISDA Determination, unless otherwise specified in an applicable Alternative Drawdown Document.

Where ISDA Determination is applicable, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate, subject as provided in Master Condition 7(e) (*Margin*) below. For the purposes of this Master Condition 7(b)(ii), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the applicable Issue Terms;
- (y) the Designated Maturity is a period specified in the applicable Issue Terms; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the applicable Issue Terms.

For the purposes of this Master Condition 7(b)(ii), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(c) Zero Coupon Notes

Where a Note, the Interest Basis of which is specified in the applicable Issue Terms to be Zero Coupon, is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount.

(d) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption save that if, upon due presentation, payment of the full amount of principal and/or interest due on such due date for redemption is improperly withheld or refused, interest will accrue daily on the unpaid amount of principal and/or interest (after as well as before judgment and regardless of the Interest Basis) from and including the due date for redemption to but excluding the Relevant Date at (i) the overnight rate for deposits in the currency in which the payment is due to be made as determined by the Calculation Agent in its commercially reasonable manner or (ii) such other rate as may be specified for such purposes in the applicable Issue Terms. Such interest (the “**Default Interest**”) shall be compounded daily with respect to the overdue sum at the above rate.

(e) Margin

If any Margin is specified in the applicable Issue Terms (either (x) generally or (y) in relation to one or more Interest Accrual Periods), then an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rate(s) of Interest for the specified Interest Accrual Period(s), in the case of (y), calculated in accordance with Master Condition 7(b) (*Interest on Floating Rate Notes*) by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to this Master Condition 7(e).

(f) Interest Payable

The interest payable in respect of any Note for a relevant period shall be an amount determined by the Calculation Agent equal to the product of the amount of interest payable per Calculation Amount, as determined in accordance with this Master Condition 7(f), and the Calculation Amount Factor of the relevant Note. The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

8 Redemption and Purchase

(a) Final Redemption

Provided that no Early Redemption Commencement Date or Early Redemption Date has occurred pursuant to any other Condition in respect of a Note, such Note shall become due and payable on the Maturity Date at its Final Redemption Amount or, in the case of a Note falling within Master Condition 8(b) (*Redemption by Instalments*), its final Instalment Amount.

(b) Redemption by Instalments

Provided that no Early Redemption Commencement Date or Early Redemption Date has occurred pursuant to any other Condition in respect of a Note that provides in the applicable Issue Terms for Instalment Dates and Instalment Amounts, such Note shall be partially redeemed on each Instalment Date at the related Instalment Amount. The outstanding nominal amount of each such Note shall be reduced by the relevant Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

(c) Redemption Following a Collateral Event

Where the applicable Issue Terms specify that the Collateral Basket Product Supplement is an Applicable Product Supplement, this Master Condition 8(c) (Redemption Following a Collateral Event) shall not apply and the Additional Redemption Event set out in Paragraph 2(c) (Early Redemption Event: Early Redemption in Part following a Collateral Event) on page 208 shall apply instead.

Provided that no Early Redemption Commencement Date or Early Redemption Date has occurred pursuant to any other Condition in respect of a Note, if the Calculation Agent determines that a Collateral Event has occurred with respect to any Original Collateral and gives notice of such determination (including a description in reasonable detail of the facts relevant to such determination) to the Issuer (copied to the Issuing and Paying Agent, the Trustee and the Swap Counterparty) (the date of such determination being the “**Collateral Event Determination Date**”), then:

- (i) as soon as reasonably practicable, and in any event within the Early Redemption Notification Period commencing on (and including) the Collateral Event Determination Date, the Issuer (or the Issuing and Paying Agent on its behalf, having been supplied by the Issuer or the Calculation Agent with the relevant Early Redemption Notice) will give an Early Redemption Notice to the Noteholders of the determination of the Collateral Event (the date of such notice to the Noteholders being the “**Early Redemption Commencement Date**”), including a description in reasonable detail of the facts relevant to such determination, by forwarding with such Early Redemption Notice a copy of the notice delivered by the Calculation Agent with respect to the Collateral Event Determination Date or the information provided therein; and
- (ii) each Note shall become due and payable on the related Early Redemption Date at its Early Cash Redemption Amount (which shall be the only amount payable and there will be no separate payment of any unpaid accrued interest thereon), irrespective of whether the relevant Collateral Event is continuing.

For the avoidance of doubt, none of the Issuer, the Trustee or the Calculation Agent shall be required to monitor, enquire or satisfy itself as to whether any Collateral Event has occurred. Neither the Trustee nor the Calculation Agent shall have any obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor. If the Issuer or the Calculation Agent effectively gives a notice to the Trustee of the occurrence of a Collateral Event, the Trustee shall be entitled to rely conclusively on such notice without further investigation.

(d) Redemption for Taxation Reasons

- (i) Subject to Master Condition 8(d)(ii) (*Redemption for Taxation Reasons*) and provided that no Early Redemption Commencement Date or Early Redemption Date has occurred pursuant to any other Condition in respect of all Notes then outstanding (which, for the avoidance of doubt, may have occurred separately pursuant to one or more Master Conditions), the Issuer shall, as soon as is practicable after becoming aware of (whether by notice thereof from the Calculation Agent or otherwise) the occurrence of a Note Tax Event and/or an Original Collateral Tax Event (or, in any case, within two Reference Business Days thereof), give an Early Redemption Notice to the Noteholders and each Note shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Commencement Date**”.

A “**Note Tax Event**” will occur if:

- (l) either the Issuer or the Calculation Agent determines that on the due date for any payment in respect of the Notes, the Issuer will be required by any applicable law to withhold, deduct or account for an amount for any present or future taxes, duties or charges of whatsoever nature other than a withholding or deduction in respect of FATCA or would suffer the same in respect of its income so that it would be unable to make in full the payment in respect of the Notes in respect of such due date; or

- (II) on the due date for any payment in respect of the Notes, such a withholding, deduction or account is actually made in respect of any payment in respect of the Notes other than where such event constitutes an Original Collateral Tax Event.

An “**Original Collateral Tax Event**” will occur if the Issuer, in its or the Calculation Agent’s determination:

- (I) is or will be unable to receive any payment due in respect of any Original Collateral in full on the due date therefor without a deduction for or on account of any withholding tax, back-up withholding or other tax, duties or charges of whatsoever nature imposed by any authority of any jurisdiction;
- (II) is or will be required to pay any tax, duty or charge of whatsoever nature imposed by any authority of any jurisdiction in respect of any payment received in respect of any Original Collateral; and/or
- (III) is or will be required to comply with any reporting requirement (other than in respect of FATCA) of any authority of any jurisdiction in respect of any payment received in respect of any Original Collateral,

provided that the Issuer, using reasonable efforts prior to the due date for the relevant payment, is (or would be) unable to avoid such deduction(s), payment(s) and/or reporting requirements described in sub-paragraphs (I) to (III) of this definition by filing a valid declaration that it is not a resident of such jurisdiction and/or by executing any certificate, form or other document in order to make a claim under a double taxation treaty or other exemption available to it. If the action that the Issuer would be required to undertake so as to avoid any such deduction(s), payment(s) and/or reporting requirements would involve any material expense or is, in the sole opinion of the Issuer, unduly onerous the Issuer shall not be required to take any such action. Without prejudice to the generality of the foregoing, a withholding imposed on payments in respect of any Original Collateral as a result of FATCA shall constitute an Original Collateral Tax Event. For the purposes of this definition, if on the date falling 60 days prior to the earliest date on which FATCA Withholding Tax could apply to payments under, or in respect of sales proceeds of, the relevant Original Collateral (such 60th day prior being the “**FATCA Test Date**”), the Issuer is a “nonparticipating foreign financial institution” (as such term is used under section 1471 of the U.S. Internal Revenue Code or in any regulations or guidance thereunder), the Issuer will be deemed on the FATCA Test Date to be unable to receive a payment due in respect of such Original Collateral in full on the due date therefor without deduction for or on account of any withholding tax and, therefore, an Original Collateral Tax Event will have occurred on the FATCA Test Date.

- (ii) Notwithstanding the foregoing, if the requirement to withhold, deduct or account for any present or future taxes, duties or charges of whatsoever nature referred to in paragraph (i) above arises solely as a result of:
 - (A) any Noteholder’s or Couponholder’s connection with the jurisdiction of incorporation of the Issuer otherwise than by reason only of the holding of any Note or receiving or being entitled to any payment in respect thereof;
 - (B) a withholding or deduction imposed on a payment by or on behalf of the Issuer to an individual required to be made pursuant to European Council Directive 2003/48/EC or any other directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or

- (C) the presentation for payment of any Bearer Note, Receipt or Coupon by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Bearer Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union,

then, to the extent possible, the Issuer shall deduct such taxes, duties or charges, as applicable, from the amount(s) payable to such Noteholder or Couponholder, and provided that payments to other Noteholders or Couponholders would not be impaired, the Issuer shall not give an Early Redemption Notice pursuant to Master Condition 8(d)(i) (*Redemption for Taxation Reasons*). Any such deduction shall not constitute an Event of Default under Master Condition 8(k) (*Redemption Following the Occurrence of an Event of Default*), a Liquidation Event under Master Condition 13 (*Liquidation*) or an Enforcement Event under Master Condition 14 (*Enforcement of Security*).

For the avoidance of doubt, none of the Issuer, the Trustee or the Calculation Agent shall be required to monitor, enquire or satisfy itself as to whether any Note Tax Event or Original Collateral Tax Event has occurred. Neither the Trustee nor the Calculation Agent shall have any obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor. If the Issuer effectively gives a notice to the Trustee of the occurrence of a Note Tax Event or Original Collateral Tax Event, the Trustee shall be entitled to rely conclusively on such notice without further investigation.

(e) Redemption Following a Trigger Event

If “Trigger Event” is specified as applicable in the Issue Terms in respect of the relevant Series, provided that no Early Redemption Commencement Date or Early Redemption Date has occurred pursuant to any other Condition in respect of a Note, if the Calculation Agent determines that a Trigger Event has occurred and gives notice of such determination to the Issuer (copied to the Issuing and Paying Agent, the Trustee and the Swap Counterparty) (the date of such determination being the “**Trigger Event Determination Date**”), then:

- (i) as soon as reasonably practicable and in any event within the Early Redemption Notification Period commencing on (and including) the Trigger Event Determination Date, the Issuer (or the Issuing and Paying Agent, having been supplied by the Issuer or the Calculation Agent with an Early Redemption Notice addressed to the Noteholders, on its behalf) will give an Early Redemption Notice to the Noteholders and attach to that a copy of the notice delivered by the Calculation Agent with respect to the Trigger Event Determination Date or include the information provided therein;
- (ii) the Trigger Event Determination Date shall be the “**Early Redemption Commencement Date**” (and the Early Redemption Commencement Date may therefore, for the avoidance of doubt, be prior to the date on which an Early Redemption Notice is given to the Noteholders); and
- (iii) each Note shall become due and payable on the related Early Redemption Date at its Early Cash Redemption Amount (which shall be the only amount payable and there will be no separate payment of any unpaid accrued interest thereon), irrespective of whether the Trigger Event is continuing on such date.

For the avoidance of doubt, none of the Issuer, the Trustee or the Calculation Agent shall be required to monitor, enquire or satisfy itself as to whether any Trigger Event has occurred. Neither the Trustee nor the Calculation Agent shall have any obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor. If the Issuer or the Calculation Agent effectively gives a notice to the Trustee of the occurrence of a Trigger Event, the Trustee shall be entitled to rely conclusively on such notice without further investigation.

(f) Redemption for Termination of Swap Agreement

The Issuer shall, as soon as is practicable after becoming aware (whether by notice thereof from the Calculation Agent or otherwise) of the occurrence of a Swap Termination Event (or, in any case, within two Reference Business Days thereof), give an Early Redemption Notice to the Noteholders and each Note in respect of which no Early Redemption Commencement Date or Early Redemption Date has previously occurred pursuant to any other Condition, shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Commencement Date**”.

If, prior to the Maturity Date:

- (i) pursuant to the terms of the Swap Agreement the Issuer becomes aware that it is able to designate an Early Termination Date in respect of all outstanding Swap Transactions under the Swap Agreement pursuant to the occurrence of a Swap Counterparty Event and such right is then continuing;
- (ii) no Early Termination Date has already been designated or occurred in respect of all outstanding Swap Transactions under the Swap Agreement; and
- (iii) no Early Redemption Commencement Date or Early Redemption Date has occurred under any other Condition in respect of all Notes outstanding (which, for the avoidance of doubt, may have occurred separately pursuant to one or more Master Conditions),

the Issuer shall, as soon as is practicable after becoming aware of the same, notify the Noteholders in accordance with Master Condition 22 (*Notices*) and the Trustee in writing of the same. Following delivery of such notice from the Issuer, the Trustee shall, if directed by an Extraordinary Resolution and provided that the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction and that no further Early Redemption Commencement Date or Early Redemption Date has occurred pursuant to any other Condition, give notice to the Issuer that the Issuer is to designate an Early Termination Date in respect of all outstanding Swap Transactions under the Swap Agreement.

Subject to the Issuer still having such designation right, the Issuer shall, as soon as reasonably practicable, designate an Early Termination Date in respect of all outstanding Swap Transactions under the Swap Agreement and shall then notify the Noteholders in accordance with Master Condition 22 (*Notices*) and the Trustee in writing of the same. Such notice shall constitute an Early Redemption Notice for purposes of the first paragraph of this Master Condition 8(f).

For the avoidance of doubt, none of the Issuer, the Trustee or the Calculation Agent shall be required to monitor, enquire or satisfy itself as to whether any Swap Termination Event or Swap Counterparty Event has occurred. Neither the Trustee nor the Calculation Agent shall have any obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor. If the Issuer effectively gives a notice to the Trustee and/or the Calculation Agent of the occurrence of a Swap Termination Event or Swap Counterparty Event, the Trustee and/or Calculation Agent, as the case may be, shall be entitled to rely conclusively on such notice without further investigation.

See page 231 “The Swap Agreement” section of the Base Prospectus for more information on Termination Events under the Swap Agreement.

(g) Redemption for a Counterparty Bankruptcy Credit Event

The Issuer shall, if directed by an Extraordinary Resolution that a Counterparty Bankruptcy Credit Event has occurred and that a notice of redemption in respect of the Notes is to be given by or on

behalf of the Issuer, give an Early Redemption Notice to the Noteholders as soon as is practicable upon being so directed (or, in any case, within two Reference Business Days thereof) and each Note in respect of which no Early Redemption Commencement Date or Early Redemption Date has previously occurred pursuant to any other Condition, shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Commencement Date**”.

Notwithstanding anything to the contrary in Master Condition 19 (*Meetings of Noteholders, Modification, Waiver and Substitution*) or the Trust Deed, any holder of a Note then outstanding in respect of which no Early Redemption Commencement Date or Early Redemption Date has previously occurred pursuant to any other Condition, may deliver a request in writing to the Issuer, the Calculation Agent and the Trustee for a meeting of Noteholders to be convened to consider an Extraordinary Resolution to resolve that a Counterparty Bankruptcy Credit Event has occurred and to instruct the Issuer to deliver an Early Redemption Notice in respect of the Notes in respect of which no Early Redemption Commencement Date or Early Redemption Date has previously occurred pursuant to any other Condition. Any such request must (i) describe the Counterparty Bankruptcy Credit Event alleged to have occurred, and (ii) contain information that reasonably confirms that the Counterparty Bankruptcy Credit Event has occurred which in the sole opinion of the Issuer is satisfactory evidence of the occurrence of the Counterparty Bankruptcy Credit Event. Upon receipt of a valid request from a Noteholder satisfying the requirements outlined in the preceding sentence, the Issuer shall convene a meeting of relevant Noteholders in accordance with the provisions of the Trust Deed.

For the avoidance of doubt, none of the Issuer, the Trustee or the Calculation Agent shall be required to monitor, enquire or satisfy itself as to whether any Counterparty Bankruptcy Credit Event has occurred. Neither the Trustee nor the Calculation Agent shall have any obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor. If the Issuer effectively gives a notice to the Trustee and/or the Calculation Agent of the occurrence of a Counterparty Bankruptcy Credit Event, the Trustee and/or Calculation Agent, as the case may be, shall be entitled to rely conclusively on such notice and any related Extraordinary Resolution without further investigation.

(h) Redemption Following an Illegality Event

The Issuer shall, as soon as is practicable after becoming aware (whether by notice thereof from the Calculation Agent or otherwise) of the occurrence of an Illegality Event (or, in any case, within two Reference Business Days thereof), give an Early Redemption Notice to the Noteholders and each Note in respect of which no Early Redemption Commencement Date or Early Redemption Date has occurred pursuant to any other Condition, shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Commencement Date**”.

For the avoidance of doubt, none of the Issuer, the Trustee or the Calculation Agent shall be required to monitor, enquire or satisfy itself as to whether any Illegality Event has occurred. Neither the Trustee nor the Calculation Agent shall have any obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor. If the Issuer effectively gives notice to the Trustee and/or the Calculation Agent of the occurrence of an Illegality Event, the Trustee and/or Calculation Agent, as the case may be, shall be entitled to rely on such notice without further investigation.

(i) Redemption Following a Regulatory Event

If “Regulatory Event” is specified as applicable in the Issue Terms in respect of the relevant Series, provided that no Early Redemption Commencement Date or Early Redemption Date has occurred pursuant to any other Condition in respect of a Note, if the Calculation Agent determines that a Regulatory Event has occurred and gives notice of such determination to the Issuer (copied to the Issuing and Paying Agent, the Trustee and the Swap Counterparty) (the date of such determination being the “**Regulatory Event Determination Date**”), then:

- (i) as soon as reasonably practicable, and in any event within the Early Redemption Notification Period commencing on (and including) the Regulatory Event Determination Date, the Issuer (or the Issuing and Paying Agent, having been supplied by the Issuer or the Calculation Agent with an Early Redemption Notice addressed to the Noteholders, on its behalf) will give an Early Redemption Notice to the Noteholders and attach to that a copy of the notice delivered by the Calculation Agent with respect to the Regulatory Event Determination Date or include the information provided therein;
- (ii) the Regulatory Event Determination Date shall be the “**Early Redemption Commencement Date**”; and
- (iii) each Note shall become due and payable on the related Early Redemption Date at its Early Cash Redemption Amount, irrespective of whether the Regulatory Event is continuing on such date.

For the avoidance of doubt, none of the Issuer, the Trustee or the Calculation Agent shall be required to monitor, enquire or satisfy itself as to whether any Regulatory Event has occurred. Neither the Trustee nor the Calculation Agent shall have any obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor. If the Issuer or the Calculation Agent effectively gives a notice to the Trustee of the occurrence of a Regulatory Event, the Trustee shall be entitled to rely conclusively on such notice without further investigation.

(j) Redemption Following an Additional Redemption Event

If “Additional Redemption Event” is specified as applicable in the Issue Terms in respect of the relevant Series, provided that no Early Redemption Commencement Date or Early Redemption Date has occurred pursuant to any other Condition in respect of a Note, the Issuer shall, as soon as is practicable after becoming aware (whether by notice thereof from the Calculation Agent or otherwise) of the occurrence of an Additional Redemption Event (or, in any case, within two Reference Business Days thereof), give an Early Redemption Notice to the Noteholders and each Note to which such Additional Redemption Event relates shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Commencement Date**”.

For the avoidance of doubt, none of the Issuer, the Trustee or the Calculation Agent shall be required to monitor, enquire or satisfy itself as to whether any Additional Redemption Event has occurred. Neither the Trustee nor the Calculation Agent shall have any obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor. If the Issuer effectively gives notice to the Trustee and/or the Calculation Agent of the occurrence of an Additional Redemption Event, the Trustee and/or Calculation Agent, as the case may be, shall be entitled to rely on such notice without further investigation.

(k) Redemption Following the Occurrence of an Event of Default

If any of the following events (each an “**Event of Default**”) occurs, provided that no Early Redemption Commencement Date or Early Redemption Date has occurred pursuant to this or any other Condition in respect of all Notes outstanding (which, for the avoidance of doubt, may have occurred separately pursuant to one or more Master Conditions), the Trustee at its discretion may, and if directed by an Extraordinary Resolution shall (provided that the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction), give an Early Redemption Notice to the Issuer that all but not some only of the Notes in respect of which no Early Redemption Commencement Date or Early Redemption Date has previously occurred pursuant to any other Condition shall become due and payable at the Early Redemption Amount (which shall be the only amount payable and there will be no separate payment of any unpaid accrued interest thereon) on the Early Redemption Date:

- (i) default is made for more than 14 days in the payment of any interest or Instalment Amount in respect of any Notes forming part of the Series, other than any interest or Instalment Amount due and payable on the Maturity Date, and other than where any such default occurs as a result of a Collateral Event, a Note Tax Event, an Original Collateral Tax Event, a Swap Termination Event, a Swap Counterparty Event or a Counterparty Bankruptcy Credit Event;
- (ii) the Issuer does not perform or comply with any one or more of its other obligations under any Notes forming part of the Series or the Trust Deed which default is incapable of remedy or, if in the opinion of the Trustee such default is capable of remedy, is not in the opinion of the Trustee remedied within 30 days after notice of such default shall have been effectively given to the Issuer by the Trustee; or
- (iii) the Issuer: (1) is dissolved (other than pursuant to a consolidation, amalgamation or merger on terms previously approved in writing by the Trustee or sanctioned by an Extraordinary Resolution); (2) admits in writing in a judicial, regulatory or administrative proceeding or filing its inability generally to pay its debts as they become due; (3) save to the extent contemplated in the Trust Deed, makes a general assignment, arrangement, scheme or composition with or for the benefit of the Noteholders, or such a general assignment, arrangement, scheme or composition becomes effective; (4) institutes or has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other similar relief under any bankruptcy or insolvency law or other law affecting creditors’ rights, or a petition is presented for its winding up or liquidation (including, without limitation, any bankruptcy (*faillite*), insolvency, voluntary, forced or judicial liquidation (*liquidation volontaire ou judiciaire ou forcée*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) of the Issuer or the Company (as appropriate), and, in the case of any such proceeding or petition instituted or presented against it, such proceeding or petition either results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding up or liquidation, or is not dismissed, discharged, stayed or restrained in each case within 30 days of the institution or presentation thereof; (5) has a resolution passed for its winding up or liquidation (other than pursuant to a consolidation, amalgamation or merger); (6) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official (including, without limitation, the appointment of an administrator (including, without limitation, any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), *juge délégué* or *juge commissaire*), provisional administrator (*administration provisoire*) or any application made or petition lodged or documents filed

with the court or administrator in relation to the Issuer or the Company (as appropriate)) for it or for any assets on which the liabilities of the Issuer under the relevant Notes are secured pursuant to the Trust Deed; (7) other than the Trustee (except in circumstances where the Trustee is enforcing the Security pursuant to the Trust Deed) or the Custodian, has a secured party take possession of any assets on which the liabilities of the Issuer under the relevant Notes are secured pursuant to the Trust Deed or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against any assets on which the liabilities of the Issuer under the relevant Notes are secured pursuant to the Trust Deed and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within 30 days thereafter; or (8) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in clauses (1) to (7).

For the purposes of the Conditions and the Transaction Documents, in relation to any Events of Default, the date on which the related Early Redemption Notice is deemed to be given shall be an **“Early Redemption Commencement Date”**.

The Issuer has undertaken in the Principal Trust Deed that, within ten Business Days of the publication of the Issuer’s annual financial statements in each year and within 14 days of any request from the Trustee, it will send to the Trustee a certificate signed by a Director to the effect that, having made all reasonable enquiries, to the best of the knowledge, information and belief of the Issuer as at a date not more than five days prior to the date of the certificate, no Event of Default or event or circumstance that could with the giving of notice, lapse of time and/or issue of a certificate, become an Event of Default has occurred since the certification date of the last such certificate or (if none) the date of such Principal Trust Deed or, if such an event had occurred, giving details thereof.

(l) Redemption Following an Early Redemption Commencement Date in Respect of Certain Class(es) Only

Where the applicable Issue Terms specify that Classes are applicable in respect of a Series:

- (i) unless “Independent Class Early Redemption” is specified as applying in such Issue Terms, any Early Redemption Notice delivered in respect of one Class of Notes shall be deemed to also apply to the other outstanding Class(es) of Notes and, accordingly, the Early Redemption Commencement Date shall be applicable to all outstanding Classes of Notes (each Class of Notes, a **“Redeeming Class of Notes”**) and all Notes shall be redeemed on the Early Redemption Date by payment to each Noteholder of its Early Cash Redemption Amount; and
- (ii) if “Independent Class Early Redemption” is specified as applying in such Issue Terms, any Early Redemption Notice delivered in respect of one or more Class(es) of Notes shall apply to such Class(es) of Notes only (each such Class of Notes, a **“Redeeming Class of Notes”**) and each Redeeming Class of Notes shall be redeemed on its Early Redemption Date by payment to each Noteholder of its Early Cash Redemption Amount.

(m) Redemption of all Classes Following an Enforcement Notice in Respect of Certain Class(es) of Notes Only

Where the applicable Issue Terms specify that Classes and “Independent Class Early Redemption” apply in respect of a Series and an Enforcement Notice is delivered in respect of any Redeeming Class of Notes:

- (i) the Issuer (or the Issuing and Paying Agent on its behalf) will, within five Business Days of the receipt of such Enforcement Notice, give an Early Redemption Notice to the

Noteholders of all outstanding Classes of Notes of the relevant Series specifying that (i) an Enforcement Notice has been delivered in respect of another Class of Notes, and (ii) accordingly, all other outstanding Classes of such Series (each, a “**Triggered Class of Notes**”) shall redeem early and, as such, the Enforcement Notice delivered in respect of the Redeeming Class of Notes shall be deemed to apply to the Triggered Classes;

- (ii) the date of the Enforcement Notice delivered in respect of the Redeeming Class of Notes shall, for the purposes of each Triggered Class of Notes, be the “**Early Redemption Commencement Date**”;
- (iii) the Early Redemption Amount in respect of each Triggered Class of Notes shall be determined on a Business Day falling within the period of five Business Days commencing on the Early Redemption Commencement Date;
- (iv) each Triggered Note shall become due and payable on the related Early Redemption Date at its Early Cash Redemption Amount; and
- (v) notwithstanding paragraph (iv) above, the Trustee shall enforce all of the Security on the Early Redemption Date subject to and in accordance with Master Condition 14(c) (*Enforcement of Security*), and the Noteholders of the Triggered Notes shall be paid (along with, for the avoidance of doubt, the Noteholders of the Redeeming Notes) in accordance with Master Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*).

(n) Definition of Early Redemption Amount

The “**Early Redemption Amount**” means:

- (i) where “**Cash Settlement**” is specified as the Early Redemption Settlement Method or if no method is specified, the Early Cash Redemption Amount; and
- (ii) where “**Noteholder Settlement Option**” is specified as the Early Redemption Settlement Method, each Noteholder may, by depositing not later than the third Business Day following the related Early Redemption Notice (or such other period as may be agreed by the Issuer and the Swap Counterparty) (the “**Settlement Option Cut-off Date**”), the relevant Exercised Notes at the Specified Office of the Paying Agent or Transfer Agent, together with an Exercise Notice, elect whether to receive the Early Cash Redemption Amount or the Physical Redemption Amount, provided that, (i) if no valid election is made as to Early Cash Redemption Amount or Physical Redemption Amount by a Noteholder by the Settlement Option Cut-off Date, (ii) if the Pre-Conditions to Delivery are not satisfied by such Noteholder on or prior to the Settlement Cut-off Date, (iii) the Collateral is not comprised of any Original Collateral on the Settlement Option Cut-off Date, and/or (iv) if the Noteholder Settlement Option has been exercised by a Sole Noteholder and it is not physically or legally permissible to deliver the Original Collateral to such Sole Noteholder, then each Noteholder will be deemed to (a) have elected for Cash Redemption to apply, and (b) to receive the Early Cash Redemption Amount. For the avoidance of doubt, where the Noteholder Settlement Option has been exercised by a Sole Noteholder and such Sole Noteholder is deemed to have elected to receive the Early Cash Redemption Amount, if such Sole Noteholder has paid to the Swap Counterparty an amount equal to any Termination Payment in respect of the Swap Agreement that is payable by the Issuer to the Swap Counterparty (together, if applicable, with any interest payable thereon) pursuant to the Pre-Conditions to Delivery in Master Conditions 8(p)(ii) (*Provisions relating to Physical Redemption Amounts*), such amount shall not be deducted from the Early Cash Redemption Amount in accordance with limb (e) of the definition thereof.

(o) Suspension of Payments

If the Calculation Agent determines that facts exist which may (assuming the expiration of any applicable grace period) amount to a Collateral Event, no payment of principal or interest shall be made by the Issuer in respect of the Notes during the Suspension Period (as defined in the Swap Agreement). If, at any time during the Suspension Period, the Calculation Agent determines that a Collateral Event has occurred, then the provisions of Condition 8(c) (*Redemption Following a Collateral Event*) shall apply. If, on the final Business Day of the Suspension Period, no such determination has been made, then the balance of the principal or interest that would otherwise have been payable in respect of the Notes shall be due on the second Business Day after such final Business Day of the Suspension Period. Noteholders or Couponholders shall not be entitled to a further payment as a consequence of the fact that such payment of such principal or interest is postponed pursuant to this paragraph 8(o).

Notwithstanding the foregoing, if the Calculation Agent determines that the circumstances giving rise to such potential Collateral Event have been remedied (if possible) or no longer exist prior to the end of the applicable grace period such that no related Collateral Event has occurred, then the Issuer shall make any payments that would otherwise have been payable in respect of the Notes on the second Business Day following the date on which the Calculation Agent makes such determination. In determining whether a payment failure has (or may have) occurred, the Calculation Agent may rely on evidence of non-receipt of funds.

(p) Provisions Relating to Physical Redemption Amounts

If an obligation under the Notes in respect of a Series (but not a Class thereof) may be satisfied by the payment of a Physical Redemption Amount:

- (i) upon satisfaction of the Pre-Conditions to Delivery the Issuer will cause to be delivered on or as soon as practicable after the date on which such Early Redemption Amount is due, the Physical Redemption Amount for each Note specified in the related Delivery Instruction Certificate, in accordance with the instructions contained therein; and
- (ii) a Noteholder will not be entitled to any Physical Redemption Amount unless (a) it has surrendered the relevant Notes (in the case of Bearer Notes) or the Certificate representing such Notes (in the case of Registered Notes) and delivered a Delivery Instruction Certificate at the Issuing and Paying Agent's Specified Office, (b) it has paid all costs and expenses (including any stamp or other taxes) payable in connection with the delivery of the Physical Redemption Amount to such Noteholder, (c) it has represented and warranted that delivery of the same to such Noteholder is permitted by all relevant laws, rules and regulations and the terms of the relevant Remaining Original Collateral, and (d) where such Noteholder is a Sole Noteholder, it has paid into the account of the Swap Counterparty designated in the Swap Agreement the absolute amount of any Termination Payment in respect of the Swap Agreement that is payable by the Issuer to the Swap Counterparty in the Termination Currency (as defined in the Swap Agreement) in freely transferable funds for value within three Business Days of the Early Redemption Commencement Date (the "**Pre-Conditions to Delivery**"). As receipt for such Note or Certificate, as the case may be, the Issuing and Paying Agent will issue the Noteholder with a stamped, dated copy of such Delivery Instruction Certificate. The records of the Issuing and Paying Agent will be conclusive evidence of any Noteholder's entitlement to a Physical Redemption Amount provided that the Issuing and Paying Agent shall not be responsible or liable for verifying whether or not the Pre-Conditions to Delivery under paragraph (b), (c) and/or (d) of this Condition 8(p)(ii) have been satisfied.

References in the Conditions to satisfaction of obligations by payment of a Physical Redemption Amount shall, in all circumstances, be deemed to include satisfaction of those obligations by delivery of such Physical Redemption Amount.

(q) Physical Redemption Amounts

“Physical Redemption Amount” means, in respect of each Note outstanding on the relevant Early Redemption Date (where the Physical Redemption Amount is the Early Redemption Amount) or the Maturity Date (where the Physical Redemption Amount is the Final Redemption Amount), as the case may be, in respect of which a Physical Redemption Amount is payable:

- (i) such Note’s *pro rata* share (amongst only those Notes in respect of which a Physical Redemption Amount is due, each an **“Unrounded Note Entitlement Component”**) of an aggregate nominal amount of each Component Collateral comprising the Remaining Original Collateral that is available for delivery after excluding the Non-Physically Deliverable Collateral (if any) relating to the Notes (the **“Available Deliverable Collateral”**), with each such Unrounded Note Entitlement Component being rounded down to the next tradable unit of such Component Collateral (or zero, as applicable) (each, being a **“Note Entitlement”** and the aggregate nominal amount of any rounding down, being the **“Physical Rounding Component”**), provided that where a Noteholder holds more than one Note in respect of which a Physical Redemption Amount is due;
 - (A) the Calculation Agent shall aggregate the Unrounded Note Entitlement Components in respect of all Notes held by such Noteholder before applying any rounding and shall instead round down such aggregated result to the next tradable unit of such Component Collateral (each, an **“Aggregated Note Entitlement”**); and
 - (B) a single Physical Rounding Component shall apply in respect of each Component Collateral and all of the Notes of such Noteholder;
- (ii) an amount of cash equal to such Note’s *pro rata* share (amongst only those Notes in respect of which a Physical Redemption Amount is due) of the Excess Available Deliverable Collateral Proceeds;
- (iii) an aggregate amount of cash equal to such Note’s *pro rata* share (amongst only those Notes in respect of which a Physical Redemption Amount is due) of each Physical Top-Up Portion; and
- (iv) an amount of cash equal to such Note’s *pro rata* share (amongst all Notes outstanding on the relevant Early Redemption Date or the Maturity Date) of:
 - (A) the Specified Currency Proceeds; less
 - (B) the Non-Physically Deliverable Collateral Proceeds (if any); less
 - (C) the Excess Available Deliverable Collateral Proceeds (if any); plus
 - (D) any Termination Payment in respect of the Swap Agreement that is payable to the Issuer (together, if applicable, with any interest payable thereon); less
 - (E) any Termination Payment in respect of the Swap Agreement that is payable by the Issuer to the Swap Counterparty (together, if applicable, with any interest payable thereon), save that where the holder of the Note is the Sole Noteholder and has paid to the Swap Counterparty an amount equal to any Termination Payment in respect of the Swap Agreement that is payable by the Issuer to the Swap Counterparty (together, if applicable, with any interest payable thereon) pursuant to the Pre-Conditions to Delivery in Master Conditions 8(p)(ii) (*Provisions relating to Physical Redemption Amounts*), such amount shall be deemed to be zero.

(r) Purchases

The Issuer may purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price. Such Notes may be held, re-issued, resold or, at the option of the relevant Issuer and subject to the consent of the Trustee surrendered to any Paying Agent or the Registrar for cancellation. The consent of the Trustee in such circumstances shall be dependent upon the Issuer satisfying the Trustee that the Issuer has made arrangements for the realisation of no more than the equivalent proportion of the Collateral and/or for the reduction in the notional amount of the Swap Agreement in connection with the proposed purchase of the Notes, which transactions will leave the Issuer with no assets or net liabilities in respect thereof.

(s) Cancellation

All Notes purchased by or on behalf of the Issuer shall be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Receipts and Coupons and all unexchanged Talons to or to the order of the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to or to the order of the Registrar and, in each case, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Receipts and Coupons and all unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(t) Effect of Redemption, Purchase and Cancellation

Upon any of the Notes being redeemed or purchased and cancelled, Master Conditions 8(a) (*Final Redemption*) to 8(m) (*Redemption of all Classes Following an Enforcement Notice in Respect of Certain Class(es) of Notes Only*) (inclusive) shall no longer apply to such Notes. In addition, and for the avoidance of doubt, Master Conditions 8(c) (*Redemption Following a Collateral Event*) to 8(m) (*Redemption of all Classes Following an Enforcement Notice in Respect of Certain Class(es) of Notes Only*) (inclusive) shall have no effect on or after the Maturity Date.

9 Calculations and Determinations, Rounding and Business Day Convention

(a) Determination and Publication of Rates of Interest, Interest Amounts, any Final Redemption Amount, any Early Redemption Amount and any Instalment Amounts

The Calculation Agent shall, as soon as is practicable on each Interest Determination Date and on each date the Calculation Agent is required to calculate any rate or amount, obtain any quotation or make any determination or calculation under the Conditions or any Transaction Document, as the case may be, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period and Interest Payment Date, calculate the Final Redemption Amount, Early Redemption Amount, Instalment Amount or other amount, obtain such quotation and/or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, any Final Redemption Amount, Early Redemption Amount, Instalment Amount or other amount, to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Accrual Period or Interest Period, as the case may be, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount or (ii) in all other cases, the earlier of the date on which any relevant payment is due (if determined prior to such time) and

the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Master Condition 9(d) (*Business Day Convention*), the Interest Amount(s) and the Interest Payment Date(s) so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.

If in respect of any due date for redemption, payment of the full amount of principal due for redemption is not made, no publication of the rates determined in accordance with this Master Condition 9(a) to be used in the calculation of any Default Interest need be made unless the Trustee notifies the Calculation Agent to the contrary in writing. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all Noteholders, Couponholders, Transaction Parties and all other parties. If the Calculation Agent at any time does not make any determination or calculation or take any action that it is required to do pursuant to the Conditions, it shall forthwith notify the Issuer, the Trustee, the Issuing and Paying Agent and the Swap Counterparty.

(b) Determination or Calculation by Trustee

If the Calculation Agent does not at any time for any reason determine or calculate the Rate of Interest for an Interest Accrual Period or any Interest Amount, any Instalment Amount, the Final Redemption Amount, the Early Redemption Amount or any other amount, then the Trustee, subject to it being indemnified and/or secured and/or prefunded to its satisfaction, may make such determinations and calculations in place of the Calculation Agent (or may appoint an agent on its behalf to do so). Any such determination or calculation so made by the Trustee (or its agent) shall, for the purposes of the Conditions and the Transaction Documents, be deemed to have been made by the Calculation Agent. In doing so, the Trustee shall apply the provisions of the Conditions and/or the relevant Transaction Document(s) with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and, in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

(c) Rounding

For the purposes of any calculations required pursuant to the Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 of a percentage point being rounded up to 0.00001) and (y) all currency amounts that fall due and payable shall be rounded down, if necessary, to the nearest unit of such currency. For these purposes, "unit" means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency (e.g. one cent or one pence).

(d) Business Day Convention

If any date referred to in the Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding

Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(e) Reference Business Day Convention

If any date referred to in the Conditions that is specified to be subject to adjustment in accordance with a Reference Business Day Convention would otherwise fall on a day that is not a Reference Business Day, then, if the Reference Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Reference Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Reference Business Day and (y) each subsequent such date shall be the last Reference Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Reference Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Reference Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Reference Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Reference Business Day.

10 Payments and Talons

(a) Bearer Notes

Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its related Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Master Condition 10(e) (*Unmatured Coupons and Receipts and Unexchanged Talons*)) or Coupons (in the case of interest, save as specified in Master Condition 10(e) (*Unmatured Coupons and Receipts and Unexchanged Talons*)), as the case may be, at the Specified Office of any Paying Agent outside the United States by transfer to an account denominated in such currency with a Bank nominated by such holder presenting such Bearer Note, Receipts and/or Coupons, as the case may be. “**Bank**” means a bank in the principal financial centre for such currency or in the case of euro in a city in which banks have access to the TARGET System.

(b) Registered Notes

- (i) Payments of principal (which for the purposes of this Master Condition 10(b) shall include final Instalment Amounts but not other Instalment Amounts) in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the Specified Office of any of the Transfer Agents or of the Registrar and in the manner provided in paragraph (ii) below.
- (ii) Interest (which for the purposes of this Master Condition 10(b) shall include all Instalment Amounts other than final Instalment Amounts) on Registered Notes shall be paid to the person shown on the Register at the close of business on the 15th day before the due date for payment thereof (the “**Record Date**”). Payments of interest on each Registered Note shall be made in the relevant currency by transfer to an account nominated by such person shown in the Register in the relevant currency maintained by the payee with a Bank.

(c) Payments in the United States

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the Specified Office of any Paying Agent in New York City in the

same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with Specified Offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) Payments Subject to Fiscal Laws

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment. No commission or expenses shall be charged to the Noteholders or the Couponholders in respect of such payments.

(e) Unmatured Coupons and Receipts and Unexchanged Talons

- (i) Upon the due date for redemption of any Bearer Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (ii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iii) Upon the due date for redemption of any Bearer Note which is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iv) Where any Bearer Note that provides that the relative unmatured Receipts and/or Coupons are to become void upon the due date for redemption of these Notes is presented for redemption without all unmatured Receipts, unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provisions of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be.
- (vi) Default Interest on any Note shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be.

(f) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Note, the Talon forming part of such Coupon sheet may be surrendered at the Specified Office of the Issuing and Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Master Condition 18 (*Prescription*)).

(g) Non-Business Days

If any date for payment (other than an Interest Payment Date) in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. If an Interest Payment Date is not a business day, the holder shall not be entitled to payment nor to any interest

or other sum in respect of such postponed payment until the next following business day, except that if the Interest Payment Date would thereby fall into the next calendar month, it shall be brought forward to the immediately preceding business day. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as “Financial Centres” in the applicable Issue Terms and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) which is a TARGET Business Day.

(h) Suspension of Obligations Following a Sanctions Event

Notwithstanding Master Condition 8(h) (*Redemption Following an Illegality Event*), if the Calculation Agent determines (in its sole and absolute discretion) that on any day any Note, Noteholder, the Issuer, the Collateral, the Collateral Obligor, the Trustee, the Arranger, any Agent, the Dealer and/or the Swap Counterparty:

- (i) has become subject to Sanctions; and
- (ii) as a result of such Sanctions, it has become unlawful for any of the above mentioned parties to perform any of their obligations under any of the Transaction Documents (a “**Sanctions Event**”),

the Calculation Agent may (in its sole and absolute discretion) give notice to the Issuer and the Transaction Parties (and the Issuer (or the Issuing and Paying Agent on its behalf, having been supplied by the Issuer or the Calculation Agent with the relevant notice) shall, following receipt of such notice, to the extent permitted by law, give a notice to the Noteholders of the determination of the Sanctions Event) upon which the affected obligations, including the obligation to make any payments, shall be suspended and remain suspended until the date on which the Calculation Agent notifies the Transaction Parties that it has determined that such Sanctions Event is no longer continuing (such date, the “**Sanctions Event End Date**”).

For as long as a Sanctions Event is continuing, all amounts that would otherwise fall due shall, to the extent permitted by the relevant Sanctions, be treated in such manner as the Calculation Agent determines, acting in a commercially reasonable manner, to be appropriate in the circumstances, which may include payment into a suspense account. No interest shall accrue on any such amounts during such suspension.

On the Calculation Agent Business Day following the Sanctions Event End Date, the Calculation Agent shall determine the principal and/or interest amounts (if any) payable to the relevant Noteholders (taking into account, where relevant, the occurrence and effect of any events during the period in which the Sanctions Event was continuing) and such amounts shall be paid by the Issuer five Calculation Agent Business Days following the Sanctions Event End Date.

For the avoidance of doubt, none of the Issuer, the Trustee nor the Calculation Agent shall be required to monitor, enquire or satisfy itself as to whether any Sanctions Event has occurred. Neither the Trustee nor the Calculation Agent shall not have any obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor or be liable for any loss occasioned by the occurrence of a Sanctions Event. If the Issuer or the Calculation Agent effectively gives notice to the Trustee of the occurrence of a Sanctions Event, the Trustee shall be entitled to rely on such notice without further investigation.

11 Agents

(a) Appointment of Agents

The Issuing and Paying Agent, the Paying Agents, the Registrar, the Transfer Agents, the Custodian, the Disposal Agent and the Calculation Agent initially appointed by the Issuer and their respective Specified Offices are listed in the applicable Issue Terms. Subject to the provisions of the Agency Agreement, the Issuing and Paying Agent, the Paying Agents, the Registrar, the Transfer Agents, the Custodian, the Disposal Agent and the Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time with the approval of the Trustee (except that the approval of the Trustee shall not be required for the appointment of a replacement Disposal Agent or Calculation Agent where Noteholders direct the Issuer to appoint such replacement pursuant to this Condition) to vary or terminate the appointment of the Issuing and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent, the Custodian, the Disposal Agent or the Calculation Agent and to appoint additional or other Paying Agents, Transfer Agents, Custodian(s), Disposal Agent(s), Calculation Agent(s) or such other agents as may be required provided that the Issuer shall at all times maintain (i) an Issuing and Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) a Disposal Agent, (v) a Calculation Agent, (vi) a Custodian, (vii) a Paying Agent having its Specified Office in a major European city, (viii) such other agents as may be required by any other stock exchange on which the Notes may be listed, in each case as approved by the Trustee (subject as provided above) and (ix) a Paying Agent with a Specified Office in a European Union Member State that will not be obliged to withhold or deduct tax pursuant to any law implementing European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Master Condition 10(c) (*Payments in the United States*).

Notice of any such change or any change of any Specified Office shall promptly be given by the Issuer to the Noteholders in accordance with Master Condition 22 (*Notices*).

(b) Calculation Agent Appointment, Termination and Replacement

If the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount or Early Redemption Amount or to make any other calculation or determination required of it under the Conditions or the Agency Agreement or any other Transaction Document, as the case may be, or fails to comply with any other material requirement under the Conditions, the Agency Agreement or any other Transaction Document, and in each case such failure has not been remedied within a reasonable period, or a Calculation Agent Bankruptcy Event occurs, then:

- (i) the Issuer shall use reasonable endeavours (provided it has funds available for such purpose) with the prior approval of the Trustee and, provided no Counterparty Bankruptcy Credit Event in relation to the Swap Counterparty or Swap Counterparty Event has occurred, of the Swap Counterparty to appoint a leading bank or financial institution engaged in the interbank market or other appropriate market that is most closely connected with the calculation(s) and/or determination(s) to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place, provided that the terms of such appointment are substantially the same as the terms on which the outgoing Calculation Agent is appointed; or
- (ii) if a Counterparty Bankruptcy Credit Event or Swap Counterparty Event has occurred, and if the Issuer has been directed by an Extraordinary Resolution that the Issuer appoint a replacement Calculation Agent, provided that such replacement is a financial institution of

international repute and the terms of such appointment are substantially the same as the terms on which the outgoing Calculation Agent is appointed and to the extent of any difference to such terms, that such terms do not adversely affect the terms on which the Trustee or any other Agent is appointed, without the prior consent of such adversely affected party and the Issuer has been indemnified and/or secured and/or pre-funded to its satisfaction for any initial or ongoing costs, charges, fees and/or expenses the Issuer may incur in connection with the appointment of a replacement Calculation Agent (whether by one or more Noteholders, a Secured Creditor or any other third party), the Issuer shall use reasonable endeavours (provided it has funds available for such purpose) to appoint the person nominated in such Extraordinary Resolution as calculation agent in respect of the Notes.

(c) Disposal Agent Appointment, Termination and Replacement

If the Disposal Agent fails duly to establish any rate, amount or value required to be determined by it under the Conditions or any Transaction Document or to take the steps required of it under the Conditions or the Agency Agreement or any other Transaction Document to Liquidate the Collateral, as the case may be, or fails to comply with any other material requirement pursuant to the Conditions, the Agency Agreement or any other Transaction Document, or a Disposal Agent Bankruptcy Event occurs, then:

- (i) the Issuer shall use reasonable endeavours (provided it has funds available for such purpose) with the prior written approval of the Trustee and, provided no Counterparty Bankruptcy Credit Event has occurred in relation to the Swap Counterparty, or Swap Counterparty Event has occurred, of the Swap Counterparty to appoint a leading bank or financial institution engaged in the interbank market or other appropriate market to act as such in its place, provided that the terms of such appointment are substantially the same as the terms on which the outgoing Disposal Agent is appointed; or
- (ii) if a Counterparty Bankruptcy Credit Event or Swap Counterparty Event has occurred, and if the Issuer has been directed by an Extraordinary Resolution resolving that the Issuer appoint a replacement Disposal Agent, provided that such replacement is a financial institution of international repute and the terms of such appointment are substantially the same as the terms on which the outgoing Disposal Agent is appointed and to the extent of any difference to such terms, that such terms do not adversely affect the terms on which the Trustee or any other Agent is appointed, without the prior consent of such adversely affected party and the Issuer has been indemnified and/or secured and/or pre-funded to its satisfaction for any initial or ongoing costs, charges, fees and/or expenses the Issuer may incur in connection with the appointment of a replacement Disposal Agent (whether by one or more Noteholders, a Secured Creditor or any other third party), the Issuer shall use its reasonable endeavours (provided it has funds available for such purpose) to appoint the person nominated in such Extraordinary Resolution as Disposal Agent in respect of the Notes,

provided that where the appointment of the Disposal Agent is terminated as a result of a Bankruptcy Event in respect of the Company, the Disposal Agent will no longer be required to liquidate the Mortgaged Property. The Mortgaged Property will be realised in the manner determined by the competent bankruptcy officer in the context of the bankruptcy proceedings.

(d) Replacement of Custodian and/or Issuing and Paying Agent upon a Ratings Downgrade

Where the applicable Issue Terms specify that “Ratings Downgrade” is applicable in respect of the Custodian and/or Issuing and Paying Agent, Clause 20.6 of the Agency Agreement shall apply and the Rating Downgrade Triggers will, unless otherwise specified in the applicable Issue Terms,

be a short-term issuer credit rating higher than or equal to “A-1” by Standard & Poor’s and “P-1” by Moody’s.

12 Taxation

(a) Withholding or Deductions on Payments in respect of the Notes

Without prejudice to Master Condition 8(d) (*Redemption for Taxation Reasons*), all payments in respect of the Notes will be made subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature that the Issuer or any Agent is required by applicable law to make. In that event, the Issuer or such Agent shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount(s) so required to be withheld or deducted. Neither the Issuer nor any Agent will be obliged to make any additional payments to Noteholders in respect of such withholding or deduction. For the purposes of this Master Condition 12(a), any FATCA Withholding Tax shall be deemed to be required by applicable law.

(b) FATCA Information

Each Noteholder and beneficial owner of Notes shall provide the Issuer and/or any agent acting on behalf of the Issuer with such documentation, information or waiver as may be requested by the Issuer and/or any agent acting on behalf of the Issuer in order for the Issuer or any such agent to comply with any obligations any such party may have in connection with the Notes under FATCA and under any agreement entered into by the Issuer and/or any agent acting on behalf of the Issuer pursuant to, or in respect of, FATCA. Each Noteholder and beneficial owner of the Notes further agrees and consents that in respect of FATCA the Issuer may, but is not obliged and owes no duty to any person to, comply with the terms of any intergovernmental agreement between the U.S. and another jurisdiction with respect to FATCA or any legislation implementing such an intergovernmental agreement or enter into an agreement with the U.S. Internal Revenue Service in such form as may be required to avoid the imposition of withholding under FATCA on payments made to the Issuer. In connection therewith, the Issuer may make such amendments to the Notes and the Swap Agreement (if any) as are necessary to enable the Issuer to enter into, or comply with the terms of, any such agreement or legislation. Any such amendment will be binding on the Noteholders and Couponholders.

13 Liquidation

(a) Liquidation Event

Upon the Issuer becoming aware (whether by notice thereof from the Calculation Agent or otherwise) of the occurrence of a Liquidation Event, it shall provide a Liquidation Commencement Notice to the Disposal Agent, the Custodian and the Trustee thereof as soon as is reasonably practicable, provided that if at such time there is no Disposal Agent, then if a replacement Disposal Agent is appointed pursuant to Master Condition 11 (*Agents*), such notice shall be provided to such replacement Disposal Agent (if any) upon its appointment as Disposal Agent.

Where a Liquidation Commencement Notice is not in respect of all Notes outstanding, it shall specify any relevant Early Redeeming Class(es) to which it relates.

The Disposal Agent shall not be required to monitor, enquire or satisfy itself as to whether a Liquidation Event has occurred in respect of a Series or a Class thereof, if applicable. Prior to receipt by it of a Liquidation Commencement Notice in respect of a Series or a Class thereof, if applicable, the Disposal Agent may assume that no such event has occurred.

The Trustee shall not be required to monitor, enquire or satisfy itself as to whether any Liquidation Event has occurred or to calculate any Early Redemption Amount and shall have no obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer, the Disposal Agent

or any other Secured Creditor. The Trustee shall be entitled to rely on any notice given by the Issuer, the Disposal Agent or any other person on their behalf without further enquiry or investigation and without any liability for so relying. The Disposal Agent shall not be regarded as acting as the agent of the Trustee in any circumstances and the Trustee shall not incur any liability to any person in respect of any acts or omissions or the exercise of any discretion by the Disposal Agent. The Trustee shall have no responsibility or liability for the performance or any failure or delay in the performance by the Disposal Agent under the Agency Agreement or the Conditions in relation to any Series or for the payment of any commissions or expenses charged by it or for any failure by the Disposal Agent to account for the proceeds of any Liquidation of Collateral or Affected Claims Collateral, as applicable, in accordance with the Agency Agreement and the Conditions.

The Disposal Agent shall be entitled to rely on a Liquidation Commencement Notice without investigation of whether the relevant Liquidation Event has occurred.

Any Liquidation Commencement Notice delivered by the Issuer or the Trustee shall not be valid and the Disposal Agent shall not take any action in relation thereto if the Disposal Agent has already received (i) a valid Liquidation Commencement Notice in respect of the same or a prior Liquidation Event or (ii) a valid Enforcement Notice from the Trustee.

(b) Liquidation Process

Following receipt by it of a valid Liquidation Commencement Notice the Disposal Agent shall, and if it otherwise determines (in its sole and absolute discretion) that a Liquidation Event has occurred in respect of the Series of Notes or a Class thereof, as applicable (and has so notified the Trustee and the Issuer in writing), may, on behalf of the Issuer, so far as is practicable in the circumstances and to the extent that the relevant Collateral (or, where applicable, Class Collateral) is outstanding:

- (i) subject to paragraph (iii) and (iv) below, where the Early Redemption Settlement Method specified in the applicable Issue Terms is (a) "Cash Settlement" and the applicable Issue Terms do not specify that Classes apply or (b) "Noteholder Settlement Option" and all Noteholders have elected or have been deemed to have elected to receive the Early Cash Redemption Amount, effect a Liquidation of the Collateral commencing on the Liquidation Commencement Date with a view to Liquidating all the Collateral on or prior to the Early Valuation Date or the third Reference Business Day prior to the Relevant Payment Date, as applicable, and provided that the Disposal Agent and the Issuer shall have no liability if the Liquidation of all Collateral has not been effected by such date. If the Collateral has not been Liquidated in full by such date, the Disposal Agent shall continue in its attempts to effect a Liquidation of the Collateral until such time (if any) as it is instructed by the Issuer to the contrary or until it receives a valid Enforcement Notice from the Trustee;
- (ii) where the Early Redemption Settlement Method specified in the applicable Issue Terms is "Noteholder Settlement Option" and one or more of the Noteholders has not elected nor been deemed to have elected to receive the Early Cash Redemption Amount, effect a Liquidation of the Collateral commencing on the Liquidation Commencement Date in the following manner:
 - (1) first, by Liquidating, as soon as reasonably practicable, an amount of Collateral (other than Original Collateral) sufficient to satisfy the obligations of the Issuer ranking in priority to the Noteholders pursuant to Master Condition 15(a) (*Application of Available Proceeds or Affected Class Collateral Proceeds of Liquidation*);
 - (2) secondly, to the extent the proceeds available following a Liquidation under subparagraph (1) above are insufficient to satisfy the obligations of the Issuer ranking in priority to the Noteholders pursuant to Master Condition 15(a) (*Application of*

Available Proceeds or Affected Class Collateral Proceeds of Liquidation), by Liquidating, as soon as reasonably practicable, an amount of Original Collateral sufficient to satisfy the remainder of such obligations (the amount of Original Collateral comprising Collateral following such Liquidation, the “**Remaining Original Collateral**”);

- (3) thirdly, by Liquidating all Non-Physically Deliverable Collateral together with any Excess Available Deliverable Collateral on or prior to the Early Valuation Date or the third Reference Business Day prior to the Relevant Payment Date, as applicable; and
- (4) fourthly, by liquidating any remaining Collateral other than the Original Collateral comprised in any Physical Redemption Amount payable in respect of one or more of the Notes,

and provided (x), in each case, that the Disposal Agent shall have no liability if the Liquidation of all such Collateral has not been effected by the date or within the times specified above, and (y) if any Collateral that is required to be Liquidated has not been so Liquidated in full by the date or within the times specified above, the Disposal Agent shall continue in its attempts to effect a Liquidation of such Collateral until such time (if any) as it is instructed by the Issuer to the contrary or until receiving a valid Enforcement Notice from the Trustee;

- (iii) where the applicable Issue Terms specify that Liquidation Parameters are applicable, for the purpose of paragraph (i) above:

- (1) the Disposal Agent shall seek to Liquidate all of the Collateral as soon as reasonably practicable, and in any event within five Business Days, following the relevant Early Redemption Commencement Date (the “**Target Liquidation Period**”); and
- (2) the Disposal Agent shall request each of five Quotation Dealers to provide its all-in, firm executable bid price (a “**Quotation**”) in the Base Currency to purchase the Collateral on a day within the Target Liquidation Period, and it shall sell the Collateral on such a date to the Quotation Dealer who provides the highest Quotation, save that where no Quotations are obtained, the Disposal Agent shall determine the value of the Collateral in its sole discretion, acting in a commercially reasonable manner,

and, for the avoidance of doubt, where the Target Liquidation Period and/or the number of Quotations to be obtained differ from those specified above, the relevant Liquidation Parameters shall be set out in the applicable Issue Terms; and

- (iv) for the purpose of paragraphs (i)(a) and (iii) above, if (a) the applicable Issue Terms specify that Classes apply in respect of a Series and (b) a valid Liquidation Commencement Notice relates to one or more Early Redeeming Class(es), then references to effecting a Liquidation of the Collateral shall be treated as being references to a Liquidation of each of the Affected Class Collateral relating to the relevant Early Redeeming Class(es) only, each constituent of which shall, where so required, be rounded up to the nearest tradable unit(s) of Original Collateral (the aggregate nominal amount of such rounding up in respect of the relevant Affected Class Collateral, being the “**Affected Collateral Rounding Component**”).

The Disposal Agent may take such steps as it considers appropriate in order to effect any such Liquidations, including but not limited to selecting the method of Liquidating any Collateral or Affected Class Collateral, as applicable. The Disposal Agent must effect any Liquidation as soon as reasonably practicable within the available timeframe and in a commercially reasonable

manner, even where a larger amount could possibly be received in respect of such Collateral if any such Liquidation were to be delayed. Subject to such requirement, the Disposal Agent shall be entitled to effect any Liquidation by way of one or multiple transactions on a single or multiple day(s). In accordance with the terms of the Trust Deed and Master Condition 5(d) (*Disposal Agent's Right Following Liquidation Event*), following the occurrence of a Liquidation Event and effective delivery of a valid Liquidation Commencement Notice, the Security shall be released without further action on the part of the Trustee to the extent necessary for the Disposal Agent to effect the Liquidation of the Collateral or Affected Class Collateral, as applicable. Nothing in this Master Condition 13(b) or Master Condition 5(d) (*Disposal Agent's Right Following Liquidation Event*) will operate to release the charges and other security interests over the proceeds of the Liquidation of the Collateral. The Disposal Agent shall not be liable to the Issuer, the Trustee, the Swap Counterparty, the Noteholders, the Couponholders, holders of Receipts or any other person merely because a larger amount could have been received had any such Liquidation been delayed or had the Disposal Agent selected a different method of Liquidating any such Collateral or Affected Class Collateral, as applicable.

In the event that there is more than one Component Collateral, the Disposal Agent shall (i) determine in its sole and absolute discretion which Component Collateral to Liquidate in order to satisfy its obligations under this Master Condition 13(b), and (ii) not be liable for any such determination or decision or the timing thereof.

In determining whether or not to take any action as a result of its determination that a Liquidation Event has occurred, the Disposal Agent (i) shall have complete discretion, (ii) shall have no duty or obligation to the Issuer, any Noteholder or any other person to take any such action or make any such determination and (iii) shall not be liable for any such determination or decision or the timing thereof.

(c) Proceeds of Liquidation

The Disposal Agent shall not be liable:

- (i) to account for anything except actual proceeds of the Collateral received by it (after deduction of the amounts (if any) described in Master Condition 13(d) (*Costs and Expenses*)) and which shall, upon receipt, automatically become subject to the Security created by the Trust Deed; or
- (ii) for any taxes, costs, charges, losses, damages, liabilities, fees, commissions or expenses arising from or connected with any Liquidation or from any act or omission in relation to the Collateral or otherwise unless such taxes, costs, charges, losses, damages, liabilities or expenses shall be caused by its own negligence, fraud or wilful default.

In addition, the Disposal Agent shall not be obliged to pay to the Issuer, any Transaction Party, any Noteholder or any Couponholder, interest on any proceeds from any Liquidation held by it at any time.

(d) Costs and Expenses

The Issuer acknowledges that in effecting the Liquidation, Liquidation Expenses may be incurred. The Issuer agrees that any such Liquidation Expenses shall be borne by the Issuer and that the Disposal Agent shall only be required to remit the proceeds of such Liquidation net of such Liquidation Expenses. Where the Disposal Agent makes such net remittance to the Issuer but has itself received the relevant payment on a gross basis, the Disposal Agent agrees to apply the relevant amount retained by it in payment of such Liquidation Expense.

"Liquidation Expenses" means (i) any taxes and (ii) any reasonable transaction fees or commissions applicable to such Liquidation, including any brokerage or exchange commissions, provided that such transaction fees or commissions are limited to and no higher than those that

would necessarily and routinely be charged by the third party market participant to whom such fees or commissions are payable for a sale transaction of that type to third parties on an arm's length basis. Save for such reasonable transaction fees or commissions, Liquidation Expenses shall not include any fee charged by, or any other amounts owed to, the Disposal Agent for the performance of its duties specified in, or incidental to, the Conditions (the "**Disposal Agent Fees**"). Such Disposal Agent Fees shall be paid to the Disposal Agent in accordance with Master Condition 15 (*Application of Available Proceeds or Affected Class Collateral Proceeds*).

In addition, the Disposal Agent shall not be obliged to pay to the Issuer, any Transaction Party, any Noteholder or any Couponholder, interest on any proceeds from any Liquidation held by it at any time.

(e) Good Faith of Disposal Agent

In effecting any Liquidation, the Disposal Agent shall act in good faith and, subject as provided above, in respect of any sale, early repayment, early redemption or agreed termination in respect of the Collateral or Affected Class Collateral, as applicable, shall agree a price that it reasonably believes to be representative of or better than the price available in the market for the sale of such Collateral or Affected Class Collateral, as applicable in the appropriate size taking into account the total amount of Collateral or Affected Class Collateral, as applicable to be sold, repaid, redeemed or terminated.

(f) Disposal Agent to Use All Reasonable Care

The Disposal Agent shall use all reasonable care in the performance of its duties but shall not be responsible for any loss or damage suffered by any party as a result thereof save that the Disposal Agent's liability to the Issuer shall not be so limited where the loss or damage results from negligence, wilful default or fraud of the Disposal Agent.

(g) No Relationship of Agency or Trust

The Disposal Agent shall not have any obligations towards or relationship of agency or trust with any Noteholder, Couponholder or other Transaction Party.

(h) Consultations on Legal Matters

The Disposal Agent may consult on any legal matter any reputable legal adviser of international standing selected by it, who may be an employee of the Disposal Agent or adviser to the Issuer, and it shall not be liable in respect of anything done or omitted to be done relating to that matter in good faith in accordance with that adviser's opinion.

(i) Reliance on Documents

The Disposal Agent shall not be liable in respect of anything done or suffered by it in reliance on a document it reasonably believed to be genuine and to have been signed by the proper parties or on information to which it should properly have regard and which it reasonably believed to be genuine and to have been originated by the proper parties.

(j) Entry into Contracts and Other Transactions

The Disposal Agent may enter into any contracts or any other transactions or arrangements with any of the Issuer, any other Transaction Party, any Noteholder, any Couponholder or any Collateral Obligor or any Affiliate of any of them (whether in relation to the Notes, the Collateral, the Security, an Obligation or any other transaction or obligation whatsoever) and may hold or deal in or be a party to the assets, obligations or agreements of which the relevant Collateral forms a part and other assets, obligations or agreements of any Collateral Obligor in respect of the Collateral. The Disposal Agent shall not be required to disclose any such contract, transaction or arrangement to any Noteholder, any Couponholder or other Transaction Party and shall be in no

way accountable to the Issuer or (save as otherwise provided in the Agency Agreement and the Conditions) to any Noteholder, any Couponholder or any other Transaction Party for any profits or benefits arising from any such contract(s), transaction(s) or arrangement(s) and shall resolve any conflict of interest arising out of or in relation thereto in such manner as it deems appropriate, in its sole and absolute discretion.

(k) Illegality

The Disposal Agent shall not be liable to effect a Liquidation of any of the Collateral or Affected Class Collateral, as applicable if it determines, in its sole and absolute discretion, that any such Liquidation of some or all of the Collateral or Affected Class Collateral, as applicable in accordance with Master Condition 13 (*Liquidation*) would or might require or result in a violation of any applicable law or regulation of the jurisdiction in which the Issuer is domiciled or any other relevant jurisdiction, including any insolvency prohibition or moratorium on the disposal of assets, or that for any other reason it is not possible for it to dispose of the Collateral or Affected Class Collateral, as applicable (even at zero), and the Disposal Agent notifies the Issuer and the Trustee of the same.

(l) Sales to Affiliates

In effecting any Liquidation, the Disposal Agent may sell any Collateral to Affiliates of itself or Affiliates of the Swap Counterparty provided that the Disposal Agent sells at a price that it reasonably believes to be a fair market price.

(m) Notification of Enforcement Event

Upon the Trustee effectively giving a valid Enforcement Notice to the Disposal Agent following the occurrence of an Enforcement Event, the Disposal Agent shall cease to effect any further Liquidation of any Collateral and shall take no further action to Liquidate any Collateral or Affected Class Collateral, as applicable, save that any transaction entered into in connection with the Liquidation on or prior to the effective date of any such Enforcement Notice shall be settled and the Disposal Agent shall take any steps and actions necessary to settle such transaction and/or which is incidental thereto.

(n) Transfer of Collateral to Custodian

In effecting any Liquidation, the Disposal Agent may sell any Collateral or Affected Class Collateral, as applicable to itself (subject to Master Condition 13(m) (*Notification of Enforcement Event*)) or to any of its Affiliates, provided that the price for such Collateral is paid to the Custodian or to the order of the Issuer. The Disposal Agent shall not have the right to transfer the Collateral or Affected Class Collateral, as applicable to itself or to any of its Affiliates other than in connection with a sale thereof to itself or one of its Affiliates, as applicable, and provided that such sale is executed on a delivery versus payment basis.

Notwithstanding the immediately preceding paragraph, if the Disposal Agent has reasonable grounds to believe that a Bankruptcy Event has occurred with respect to the Custodian and it has not received contrary orders from the Issuer it shall make arrangements for any such price for the Collateral or Affected Class Collateral, as applicable to instead be paid to the Issuing and Paying Agent, provided that, if it also has reasonable grounds to believe that a Bankruptcy Event has also occurred with respect to the Issuing and Paying Agent, it shall retain and hold such Liquidation Proceeds to the order of the Issuer and subject to the Security created by the Trust Deed.

14 Enforcement of Security

(a) Trustee to Enforce Security

At any time after the Trustee becomes aware of the occurrence of an Enforcement Event (which may, for the avoidance of doubt, where the relevant Series of Notes comprises Classes, relate to one or more (but not all) Classes of Notes), it may, and if requested by holders of at least one-fifth in nominal amount of the Notes of the relevant Series (or Class thereof) then outstanding, directed by an Extraordinary Resolution, or directed in writing by the Swap Counterparty, shall (provided in each case that the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction and provided that the Trustee has effectively delivered a valid Enforcement Notice to the Issuer, the Custodian and the Disposal Agent) enforce all of the Security constituted by the Trust Deed and/or any other Security Documents (if applicable).

(b) Enforcement Notice

Prior to taking any steps to enforce the Security, the Trustee shall notify the Issuer, the Custodian and any Disposal Agent appointed at that time (such notice being an “**Enforcement Notice**”) that (i) the Trustee intends to enforce the Security constituted by the Trust Deed and/or any other Security Documents (if applicable) and (ii) the Disposal Agent is to cease to effect any further Liquidation of the Collateral (if such Liquidation is taking place) save that any transaction entered into in connection with the Liquidation on or prior to the effective date of such Enforcement Notice shall be settled and the Disposal Agent shall take any steps and actions necessary to settle such transaction and/or that are incidental thereto.

(c) Enforcement of Security

In order to enforce the Security the Trustee may:

- (i) sell, call in, collect and convert the Mortgaged Property into money in such manner and on such terms as it shall think fit, and the Trustee may, at its discretion, take possession of all or part of the Mortgaged Property over which the Security shall have become enforceable;
- (ii) take such action, step or proceeding against any Collateral Obligor as it deems appropriate but without any liability to the Noteholders or Couponholders or any other Secured Creditor as to the consequence of such action and without having regard to the effect of such action, step or proceeding on individual Noteholders or Couponholders or any other Secured Creditor; and
- (iii) take any such other action or step or enter into any such other proceedings as it deems appropriate (including, without limitation, taking possession of all or any of the Mortgaged Property and/or appointing a receiver) as are permitted under the terms of the Trust Deed and/or any other Security Documents (if applicable) or, for the avoidance of doubt, in connection with the Luxembourg Pledge, any enforcement method permissible under the law of 5 August 2005 on financial collateral arrangements, as amended from time to time.

The Trustee shall not be required to take any action, step or proceeding in relation to the enforcement of the Security without first being indemnified and/or secured and/or pre-funded to its satisfaction.

15 Application of Available Proceeds or Affected Class Collateral Proceeds

(a) Application of Available Proceeds or Affected Class Collateral Proceeds of Liquidation

The Issuer shall, on each Issuer Application Date, apply the Available Proceeds or the Affected Class Collateral Proceeds, as applicable, as they stand on such date as follows:

- (i) first, where immediately prior to the associated termination of the Swap Agreement, the Swap Counterparty’s Credit Support Balance (if any, in its capacity as Transferor under the Credit Support Annex) was greater than zero, an amount (as determined by the party

responsible for determining such amounts under the Swap Agreement and such amount being a “**CSB Return Amount**”) equal to the lesser of (A) the Available Proceeds or Affected Class Collateral Proceeds, as applicable (B) the value of the Swap Counterparty’s Credit Support Balance (or the relevant portion thereof where not all outstanding Classes, if applicable, are redeeming) that was used in determining the Early Termination Amount payable under the Swap Agreement and (C) the value of the amounts owing to the Swap Counterparty under the Swap Agreement, if any, which shall be deemed to be zero if no such amounts are owing (the excess of the value defined in (C) above the value defined in (B), if any, the “**Remaining Swap Counterparty Claim Amount**”) shall be paid to the Swap Counterparty;

- (ii) secondly, in payment or satisfaction of the Issuer’s share of any taxes owing by the Company;
- (iii) thirdly, in payment or satisfaction of any fees, costs, charges, expenses and liabilities of the Trustee under the Trust Deed and the other Transaction Documents (including any taxes required to be paid, legal fees and the Trustee’s remuneration);
- (iv) fourthly, *pari passu*, in payment of (I) any amounts owing to the Custodian for reimbursement in respect of payments properly made by it in accordance with the terms of the Agency Agreement relating to sums receivable on or in respect of the relevant Mortgaged Property, (II) any amounts owing to the Issuing and Paying Agent for reimbursement in respect of payments properly made by it in accordance with the terms of the Agency Agreement to any person in discharge of a Secured Payment Obligation and (III) any fees, costs, charges, expenses and liabilities then due and payable to the Agents under the Agency Agreement;
- (v) fifthly, in payment or satisfaction of any Disposal Agent Fees;
- (vi) sixthly, *pari passu* in payment of any amounts owing to the Swap Counterparty under the Swap Agreement (which, to the extent that a CSB Return Amount has been paid to the Swap Counterparty in accordance with Condition 15(a)(i) (*Application of Available Proceeds or Affected Class Collateral Proceeds of Liquidation*), shall be limited to the Remaining Swap Counterparty Claim Amount), provided that where:
 - (1) the Swap Agreement (or any relevant Swap Transactions thereunder) has not been subject to a designation or occurrence of an Early Termination Date; and
 - (2) in addition to amounts owing to the Swap Counterparty under the Swap Agreement there are also amounts that are owed by the Swap Counterparty under the Swap Agreement and which remain unpaid or there are obligations that were required to be settled by delivery from the Swap Counterparty to the Issuer and which have not been so settled,

there shall be no payment to the Swap Counterparty under this limb and no payment to any person ranking junior to the Swap Counterparty under this Master Condition 15(a) until such time as an Early Termination Date has been designated or occurred and the Termination Payment determined;

- (vii) seventhly, in payment or satisfaction of the Issuer’s share of Corporate Services Provider Fees owing by the Company;
- (viii) eighthly, *pari passu* in payment of (I) any Early Redemption Amount then due and payable, (II) any Final Redemption Amount then due and payable and/or (III) any interest or Instalment Amount that became due and payable on the Maturity Date and that remains due and payable, as applicable, and, in each case, any interest accrued thereon (which, for

the avoidance of doubt, shall include Default Interest) to the holders of Notes (or any Class thereof); and

- (ix) ninthly, in payment rateably of the Residual Amount to the holders of Notes (or any Class thereof),

save that no such application shall be made at any time following an Enforcement Notice having been effectively delivered by the Trustee following the occurrence of an Enforcement Event.

Any Secured Creditor that has a claim in respect of more than one Secured Payment Obligation may rank differently in respect of each Secured Payment Obligation.

If, following the Initial Issuer Application Date, the Issuer receives any sum from the Mortgaged Property, the Issuer shall send a notice to the Trustee, the Issuing and Paying Agent, the Disposal Agent (where there is one) and the Swap Counterparty of the same as soon as is reasonably practicable upon receiving any such sum.

(b) Application of Available Proceeds of Enforcement of Security

Subject to and in accordance with the terms of the Security Documents, with effect from the date on which any valid Enforcement Notice is effectively delivered by the Trustee following the occurrence of an Enforcement Event, the Trustee will hold the Available Proceeds received by it under the Trust Deed on trust to apply them as they stand on each Trustee Application Date as follows:

- (i) first, where immediately prior to the associated termination of the Swap Agreement, the Swap Counterparty's Credit Support Balance (if any, in its capacity as Transferor under the Credit Support Annex) was greater than zero, an amount (as determined by the Swap Counterparty or the party responsible for determining such amounts under the Swap Agreement and such amount being a "**CSB Return Amount**") equal to the lesser of (A) the Available Proceeds (B) the value of the Swap Counterparty's Credit Support Balance that was used in determining the Early Termination Amount payable under the Swap Agreement and (C) the value of the amounts owing to the Swap Counterparty under the Swap Agreement, if any, which shall be deemed to be zero if no such amounts are owing (the excess of the value defined in (C) above the value defined in (B), if any, the "**Remaining Swap Counterparty Claim Amount**") shall be paid to the Swap Counterparty;
- (ii) secondly, in payment or satisfaction of the Issuer's share of any taxes owing by the Company;
- (iii) thirdly, in payment or satisfaction of any fees, costs, charges, expenses and liabilities of the Trustee or any receiver in preparing and executing the trusts and carrying out its functions under the Trust Deed and the other Transaction Documents (including any taxes required to be paid, legal fees, the cost of realising any Security and the Trustee's remuneration);
- (iv) fourthly, *pari passu*, in payment of (I) any amounts owing to the Custodian for reimbursement in respect of payments properly made by it in accordance with the terms of the Agency Agreement relating to sums receivable on or in respect of the relevant Collateral, (II) any amounts owing to the Issuing and Paying Agent for reimbursement in respect of payments properly made by it in accordance with the terms of the Agency Agreement to any person in discharge of a Secured Payment Obligation and (III) any fees, costs, charges, expenses and liabilities then due and payable to the Agents under the Agency Agreement;
- (v) fifthly, in payment or satisfaction of any Disposal Agent Fees;
- (vi) sixthly, *pari passu* in payment of any amounts owing to the Swap Counterparty in accordance with this Condition 15(b) (i) (*Application of Available Proceeds of Enforcement*

of Security) under the Swap Agreement (which, to the extent that a CSB Return Amount has been paid to the Swap Counterparty, shall be limited to the Remaining Swap Counterparty Claim Amount), provided that where:

- (1) the Swap Agreement has not been subject to a designation or occurrence of an Early Termination Date; and
- (2) in addition to amounts owing to the Swap Counterparty under the Swap Agreement there are also amounts that are owed by the Swap Counterparty under the Swap Agreement and which remain unpaid or there are obligations that were required to be settled by delivery from the Swap Counterparty to the Issuer and which have not been so settled,

there shall be no payment to the Swap Counterparty under this limb and no payment to any person ranking junior to the Swap Counterparty under this Master Condition 15(b) until such time as an Early Termination Date has been designated or occurred and the Termination Payment determined;

- (vii) seventhly, in payment or satisfaction of the Issuer's share of Corporate Services Provider Fees owing by the Company;
- (viii) eighthly, *pari passu* in payment of (I) any Early Redemption Amount then due and payable, (II) any Final Redemption Amount then due and payable and/or (III) any interest or Instalment Amount that became due and payable on the Maturity Date and that remains due and payable, as applicable, and, in each case, any interest accrued thereon (which, for the avoidance of doubt, shall include Default Interest) to the holders of Notes (or any Class thereof); and
- (ix) ninthly, in payment rateably of the Residual Amount to the holders of Notes (or any Class thereof).

Any Secured Creditor that has a claim in respect of more than one Secured Payment Obligation may rank differently in respect of each Secured Payment Obligation.

If the amount of moneys available to the Trustee for payment in respect of the Notes under this Master Condition 15(b) at any time following delivery by the Trustee of an Enforcement Notice in accordance with the Conditions, other than where the Mortgaged Property has been exhausted, amount to less than 10 per cent. of the nominal amount of the Notes then outstanding, the Trustee shall not be obliged to make any payments under this Master Condition 15(b) and shall, place such amounts on deposit as provided in paragraph (c) below and shall retain such amounts and accumulate the resulting income until the amounts and the accumulations, together with any other funds for the time being under the Trustee's control and available for such payment, amount to at least 10 per cent. of the nominal amount of the Notes then outstanding and then such amounts and accumulations (after deduction of, or provision for, any applicable taxes and negative interest) shall be applied as specified in this Master Condition 15(b).

(c) Deposits

Moneys held by the Trustee shall be deposited in its name in a non-interest bearing account at such bank or other financial institution as the Trustee may, acting in good faith and in a commercially reasonable manner and in its absolute discretion, think fit. The parties acknowledge and agree that notwithstanding that such account is intended to be a non-interest bearing account in the event that the interest rate in respect of certain currencies is a negative value, the application thereof would result in amounts being debited from funds held by such bank or financial institution ("**negative interest**").

(d) Insufficient Proceeds

If, following a Liquidation Event or an Enforcement Event, the available cash sums pursuant to Master Condition 15(a) (*Application of Available Proceeds or Affected Class Collateral Proceeds of Liquidation*) or 15(b) (*Application of Available Proceeds of Enforcement of Security*) or assets available for delivery, as the case may be, are insufficient for the holders of Notes to receive payment in full of (A) any Early Redemption Amount that has become due and payable or deliverable, (B) any Final Redemption Amount that has become due and payable or deliverable and/or (C) any interest or Instalment Amount that has become due and payable on the Maturity Date, as applicable, and, in each case, any interest accrued thereon, the holders of Notes will receive an amount which is less than any such amount, and the provisions of Master Condition 17 (*Limited Recourse and Non-Petition*) will apply.

(e) Foreign Exchange Conversion

To the extent that any proceeds payable to any party pursuant to this Master Condition 15 are not in the Specified Currency, then such proceeds shall be converted at such rate or rates, in accordance with such method and as at such date as may reasonably be specified by the Disposal Agent (prior to the Trustee enforcing the Security pursuant to the Security Documents and as described in Master Condition 14 (*Enforcement of Security*)) or the Trustee (following the Trustee enforcing the Security pursuant to the Security Documents and as described in Master Condition 14 (*Enforcement of Security*)), but having regard to current rates of exchange, if available. Any rate, method and date so specified shall be binding on the Issuer, the Noteholders, the Couponholders, the Swap Counterparty and the Custodian.

If, on or after the day falling five Reference Business Days after the Maturity Date of the Notes (such fifth Reference Business Day, the "**Maturity Cut-off Date**"):

- (i) there are amounts that have become payable under the Swap Agreement by the Swap Counterparty and which remain unpaid as at the Maturity Cut-off Date or there are obligations that were required to be settled by delivery from the Swap Counterparty to the Issuer on or prior to the Maturity Date and which have not been so settled as at the Maturity Cut-off Date;
- (ii) no Early Termination Date has already been designated or occurred under the Swap Agreement; and
- (iii) no Early Redemption Commencement Date or Early Redemption Date has occurred under any other Condition,

then the Issuer shall, as soon as is practicable after becoming aware of the same, notify the Noteholders in accordance with Master Condition 22 (*Notices*) and the Trustee in writing of the same. Following delivery of such notice from the Issuer, the Issuer shall, if directed by an Extraordinary Resolution, exercise its right to designate an Early Termination Date in respect of all outstanding Swap Transactions under the Swap Agreement.

16 Enforcement of Rights or Security

(a) Notes

Subject always to the terms of the Trust Deed, only the Trustee may pursue the remedies against the Issuer for any breach by the Issuer of the terms of the Trust Deed, the Notes or the Coupons and no Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound to proceed in accordance with the terms of the Trust Deed, fails to do so within a reasonable period and such failure is continuing. In respect of any failure by the Issuer to make payment of the Final Redemption Amount and/or any interest or Instalment Amount that became due and payable on the Maturity Date, no Noteholder, Couponholder or

other Secured Creditor may direct the Trustee to pursue any remedies against the Issuer for any breach by the Issuer of the terms of the Trust Deed, the Notes or the Coupons until after the Relevant Payment Date and the Trustee shall have no liability to any person for any loss which may arise from such delay.

(b) Security

Only the Trustee may enforce the Security over the Mortgaged Property in accordance with, and subject to the terms of, the Trust Deed.

(c) Indemnity, Security and/or Pre-Funding

The Trustee shall in no circumstances be obliged to take any action, step or proceeding whether pursuant to the Trust Deed, any other Security Document or otherwise without first being indemnified and/or secured and/or pre-funded to its satisfaction.

17 Limited Recourse and Non-Petition

(a) General Limited Recourse

The obligations of the Issuer to pay any amounts due and payable in respect of a Series of Notes and to the other Transaction Parties at any time in respect of a Series shall be limited to the proceeds available out of the Mortgaged Property in respect of such Series at such time to make such payments in accordance with Master Condition 15 (*Application of Available Proceeds or Affected Class Collateral Proceeds*). Notwithstanding anything to the contrary contained herein, or in any Transaction Document, in respect of a Series, the Transaction Parties, the Noteholders and the Couponholders shall have recourse only to the Mortgaged Property in respect of the Series, subject always to the Security, and not to any other assets of the Issuer. If, after (i) the Mortgaged Property in respect of the Series is exhausted (whether following Liquidation or enforcement of the Security or otherwise) and (ii) application of the Available Proceeds or the Affected Class Collateral Proceeds relating to the final outstanding Class(es), as applicable, as provided in Master Condition 15 (*Application of Available Proceeds or Affected Class Collateral Proceeds*), any outstanding claim, debt or liability against the Issuer in relation to the Notes of the Series or the Transaction Documents relating to the Notes of the Series remains unpaid, then such outstanding claim, debt or liability, as the case may be, shall be extinguished and no debt shall be owed by the Issuer in respect thereof. Following extinguishment in accordance with this Master Condition 17(a), none of the Transaction Parties, the Noteholders, the Couponholders or any other person acting on behalf of any of them shall be entitled to take any further steps against the Issuer or any of its officers, shareholders, members, incorporators, corporate service providers or directors to recover any further sum in respect of the extinguished claim and no debt shall be owed to any such persons by the Issuer or any of its officers, shareholders, members, incorporators, corporate service providers or directors in respect of such further sum in respect of the Series.

(b) Non-Petition

None of the Transaction Parties (save for the Trustee who may lodge a claim in liquidation of the Issuer which is initiated by another party or take proceedings to obtain a declaration or judgment as to the obligations of the Issuer), the Noteholders, the Couponholders or any person acting on behalf of any of them may, at any time, institute, or join with any other person in bringing, instituting or joining, insolvency, administration, bankruptcy, winding-up, examinership or any other similar proceedings (whether court-based or otherwise) in relation to the Issuer, the Company or any of its officers, shareholders, members, incorporators, corporate service providers or directors or any of its assets, and none of them shall have any claim arising with respect to the assets and/or property attributable to any other notes issued by the Company (save for any further notes which form a single series with the Notes) or Mortgaged Property in respect of a different

series or Obligations issued or entered into by the Company or any other assets of the Issuer or the Company (other than the Mortgaged Property in respect of this Series).

(c) Shortfall After Application of Proceeds

In addition, no Noteholders may start proceedings against the Issuer which are based on article 98 of the Companies Act 1915.

(d) Corporate Obligation

In addition, none of the Transaction Parties, the Noteholders, the Couponholders or any person acting on behalf of any of them shall have any recourse against any director, shareholder, or officer of the Issuer in respect of any obligations, covenant or agreement entered into or made by the Issuer pursuant to the terms of these Conditions, the Trust Deed or any other Transaction Documents.

(e) Survival

The provisions of this Master Condition 17 shall survive notwithstanding any redemption of the Notes of any Series or the termination or expiration of any Transaction Document.

18 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

19 Meetings of Noteholders, Modification, Waiver and Substitution

(a) Meetings of Noteholders

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Trust Deed) of a modification of any of the Conditions or any provisions of the Trust Deed and give authority, direction or sanction required by, *inter alia*, Master Condition 5 (*Security*) or Master Condition 8 (*Redemption and Purchase*) to be given by Extraordinary Resolution. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding of the Relevant Noteholder Proportion, or as provided in Master Condition 8(g) (*Redemption for a Counterparty Bankruptcy Credit Event*). The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding of the Relevant Noteholder Proportion, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) to vary any method of, or basis for, calculating the Final Redemption Amount or the Early Redemption Amount, (v) to vary the currency or currencies of payment or the currency or currencies of the denomination of the Notes, (vi) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, (vii) to modify the provisions of the Trust Deed concerning this exception, (viii) to modify Master Condition 5 (*Security*) or to hold an Extraordinary Resolution for purposes of Master Condition 5(c) (*Issuer's Rights as Beneficial Owner of Collateral*), (ix) to

modify Master Conditions 15 (*Application of Available Proceeds or Affected Class Collateral Proceeds*) and 17 (*Limited Recourse and Non-Petition*) or (x) to modify Master Conditions 8(b) (*Redemption by Instalments*) to 8(k) (*Redemption Following the Occurrence of an Event of Default*), in which case the necessary quorum (“**Special Quorum**”) shall be two or more persons holding or representing not less than 75 per cent. or at any adjourned meeting not less than 25 per cent. in nominal amount of the Notes for the time being outstanding of the Relevant Noteholder Proportion in accordance with the Trust Deed. In circumstances in which there is only one Noteholder in respect of all the Notes of the Relevant Noteholder Proportion outstanding, the quorum for all purposes shall be one. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at or participated in the meeting at which such resolution was passed) and on the holders of Coupons, Receipts and Talons.

The Trust Deed provides that (i) a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Notes outstanding of the Relevant Noteholder Proportion (a “**Written Resolution**”) or (ii) where the Notes are held by or on behalf of a clearing system or clearing systems, approval of a resolution proposed by the Issuer or the Trustee (as the case may be) given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. in aggregate nominal amount of the Notes then outstanding of the Relevant Noteholder Proportion (“**Electronic Consent**”) shall, in each case for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which the Special Quorum was satisfied) be as valid and effective as an Extraordinary Resolution of such Relevant Noteholder Proportion passed at a meeting of Noteholders duly convened and held. Such Written Resolution may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders. Such Written Resolution and/or Electronic Consent will be binding on all Noteholders and holders of Coupons, Talons and Receipts whether or not they participated in such Written Resolution or Electronic Consent.

The provisions relating to meetings of noteholders contained in articles 86 to 97 of the Companies Act 1915 will not apply in respect of the Notes. Noteholders will be entitled to examine 15 days before the annual general meeting at the registered office of the Company (i) the annual accounts and the list of directors as well as the list of the approved statutory auditors (*réviseurs d’entreprises agréés*), (ii) the list of sovereign debt, shares, bonds and other company securities making up the portfolio, (iii) the report of the Board and (iv) the report of the approved statutory auditors. Noteholders may attend general meetings of the shareholders of the Company and shall be entitled to speak but not to vote.

For the purposes of this Master Condition 19(a):

- (i) references to a meeting are to a meeting of holders of a single Series of Notes or, where a Series comprises separate Classes, to a meeting of each such Class of Notes, as applicable (save that where the meeting relates to a matter in respect of which more than one Class of Notes is affected, and no conflict of interest would arise between such Classes in respect thereof (such affected Classes of Notes, the “**Affected Classes**”), references to a meeting are to a meeting of Noteholders of the Affected Classes); and
- (ii) references to “**Notes**” and “**Noteholders**” are only to the Notes of the Series or to the Notes of a Class or the Affected Classes, as applicable, in respect of which a meeting has been, or is to be, called, and to the holders of such Notes, respectively. With respect to a meeting called in relation to the Notes or Noteholders of a Class (or of the Affected Classes), any reference to Notes or Noteholders of a Series in this Master Condition 19(a), and Schedule 3 of the Trust Deed shall be deemed to be a reference to the Notes or Noteholders of such Class (or, if applicable, of the Affected Classes).

(b) Modification of the Conditions and/or any Transaction Document

The Trustee shall agree, without the consent of the Noteholders or the Couponholders, to (i) any modification of any of the Conditions or any of the provisions of the Transaction Documents that is in its opinion of a formal, minor or technical nature or is made to correct a manifest error and (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of the Conditions or any of the provisions of the Transaction Documents that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders. To the extent that any Agent is appointed or replaced pursuant to Master Condition 11(b)(ii) (*Calculation Agent Appointment, Termination and Replacement*) and/or Master Condition 11(c)(ii) (*Disposal Agent Appointment, Termination and Replacement*), the Issuer may make such amendments to the Conditions and/or the Transaction Documents as it determines necessary to reflect such appointment or replacement to which the Trustee shall agree, and the Trustee shall sign such documents as may be required to give effect to such amendments. Any such modification, authorisation or waiver as is made or given under this Master Condition 19(b) shall be binding on the Noteholders and the Couponholders and, if the Trustee so requires, such modification shall be notified to the Noteholders as soon as is practicable.

(c) Substitution

The Trust Deed contains provisions permitting the Trustee to agree, subject to such amendment of the Trust Deed and such other conditions as the Trustee may require, without the consent of the Noteholders or the Couponholders but subject to the prior written consent of the Swap Counterparty, to the substitution of any other company in place of the Issuer, or of any previous substituted company, as principal debtor under the Trust Deed and the Notes, the Receipts, the Coupons and the Talons, as applicable. In the case of such a substitution the Trustee may agree, without the consent of the Noteholders or the Couponholders, to a change of the law governing the Notes, the Receipts, the Coupons, the Talons and/or the Trust Deed and/or any other Transaction Document provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders.

(d) Entitlement of the Trustee

In connection with the exercise of its functions (including but not limited to those referred to in this Master Condition 19) the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or otherwise to the tax consequences thereof and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

20 Replacement of Notes, Certificates, Receipts, Coupons and Talons

If a Note, Certificate, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the Specified Office of the Issuing and Paying Agent in the applicable Issue Terms (in the case of Bearer Notes, Receipts, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders in accordance with Master Condition 22 (*Notices*), in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment, there shall be paid to the Issuer on demand the amount payable by

the Issuer in respect of such Note, Certificate, Receipt, Coupon or Talon) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

21 Further Issues

The Issuer may from time to time without the consent of the Noteholders or the Couponholders but subject to Master Condition 6 (*Restrictions*) create and issue further notes or other Obligations either having the same terms and conditions as the Notes of a Series or a Class thereof in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with such Series or a Class thereof of the Notes or upon such terms as the Issuer may determine at the time of their issue. Any such further notes shall only form a single series or class with the Notes (unless otherwise sanctioned by an Extraordinary Resolution) if the Issuer provides additional assets (as security for such further notes) which are fungible with, and have the same proportionate composition as, those forming part of the Mortgaged Property for the Notes and in the same proportion as the proportion that the nominal amount of such new notes bears to the Notes and/or the Issuer enters into an additional or supplemental Swap Agreement extending the terms of any existing Swap Agreement to the new notes on terms no less favourable than such existing documents and agreements, as applicable. Any new notes forming a single series with the Notes shall be constituted and secured by a deed supplemental to the Trust Deed, such further security shall be added to the Mortgaged Property so that the new notes and the existing Notes shall be secured by the same Mortgaged Property (and, for the avoidance of doubt, all the holders of the first and all later Tranches of Notes shall benefit from the Mortgaged Property on a *pari passu* basis) and references in the Conditions to “Notes”, “Original Collateral”, “Collateral”, “Mortgaged Property”, the “Swap Agreement”, “Secured Payment Obligations” and “Secured Creditor” shall be construed accordingly. The Trust Deed contains provisions for convening a single meeting of the holders of the Notes and the holders of notes of other specified series in certain circumstances where the Trustee so decides.

22 Notices

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the day it is delivered in the case of recorded delivery and three days (excluding Saturdays and Sundays) in the case of inland post or seven days (excluding Saturdays and Sundays) in the case of overseas post after despatch or if earlier when delivered, save that for the purposes only of determining any Early Redemption Commencement Date the relevant Early Redemption Notice shall be deemed to have been given on the date despatched. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in Europe and for so long as Notes are listed on a stock exchange, published in accordance with the rules of such stock exchange. If in the opinion of the Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Master Condition 22.

In addition, if and for so long as the Notes are listed on a stock exchange, all notices to holders of the Notes will be published in accordance with the rules of such stock exchange.

23 Indemnification and Obligations of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee, for its relief from responsibility including for the exercise of any voting rights in respect of the Collateral and for the validity, sufficiency and enforceability (which the Trustee has not investigated) of the Security created over the Mortgaged Property. The Trustee is not obliged or required to take any step, action or proceeding under the Trust Deed unless indemnified and/or secured and/or pre-funded to its satisfaction. The Trustee and any Affiliate of the Trustee are entitled to enter into business transactions with the Issuer, any Collateral Obligor, the Swap Counterparty or any of their subsidiaries, holding or associated companies without accounting to the Noteholders or Couponholders for profit resulting therefrom.

The Trustee is exempted from liability with respect to any loss or theft or reduction in value of the Collateral, from any obligation to insure or to procure the insuring of the Collateral and from any claim arising from the fact that the Collateral will be held in safe custody by the Custodian or any custodian selected by the Trustee (in each case, if applicable). The Trustee is not responsible for monitoring or supervising the performance by any other person of its obligations to the Issuer and may assume these are being performed unless and until it has actual knowledge to the contrary.

The Trust Deed provides that in acting as Trustee under the Trust Deed the Trustee does not assume any duty or responsibility to the Swap Counterparty, the Disposal Agent, the Custodian, the Calculation Agent or any of the Paying Agents or any other Transaction Party (other than to pay to any of such parties any moneys received and repayable to it and to act in accordance with the provisions of Master Conditions 5 (*Security*) and 15 (*Application of Available Proceeds or Affected Class Collateral Proceeds*) and shall have regard solely to the interests of the Noteholders.

None of the Trustee nor the Paying Agents shall be required or obliged to monitor or enquire as to whether any event, condition or circumstance which could lead to an early redemption of the Notes exists or has occurred. None of the Trustee nor the Paying Agents shall have any obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer, the Calculation Agent or any Secured Creditor.

24 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999, except and to the extent (if any) that the Notes expressly provide for such Act to apply to any of their terms.

25 Governing Law and Jurisdiction

(a) Governing Law

Articles 86 to 97 of the Companies Act 1915 are excluded.

Clauses 5.2, 5.6.1(ii) (in so far as Clause 5.6.1(ii) relates to the Luxembourg Issuer), 5.8.2, 5.9 and 5.12.2 of the Trust Deed and any non-contractual obligations arising out of or in connection therewith shall be governed by Luxembourg law.

(b) Jurisdiction

Apart from Clauses 5.2, 5.6.1(ii) (in so far as Clause 5.6.1(ii) relates to the Luxembourg Issuer), 5.8.2, 5.9 and 5.12.2 of the Trust Deed (in respect of which the parties irrevocably submit to the exclusive jurisdiction of the courts of the City of Luxembourg (Grand Duchy of Luxembourg) in connection with any disputes arising thereunder), the courts of England are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection

with any Notes, Receipts, Coupons or Talons ("**Proceedings**") may be brought in such courts. The Issuer has in the Trust Deed irrevocably submitted to the jurisdiction of such courts.

(c) Service of Process

The Issuer has irrevocably appointed an agent in England to receive, for it and on its behalf, service of process in any Proceedings in England.

PASS-THROUGH NOTE TERMS PRODUCT SUPPLEMENT

1 Incorporation and Interpretation

(a) Applicable Product Supplement

This Product Supplement is the “**Pass-Through Note Terms Product Supplement**”. If in the applicable Issue Terms the Applicable Product Supplement is specified as the Pass-Through Note Terms Product Supplement the terms and conditions of the Notes shall be the Master Conditions, as amended and supplemented by the additional conditions set out in this Pass-Through Note Terms Product Supplement (the “**Additional Conditions**”) and the Alternative Drawdown Document.

Other than with respect to Master Condition 17 (*Limited Recourse and Non-Petition*), to the extent of any inconsistency between (a) the Master Conditions and the Additional Conditions, the Additional Conditions will prevail; and (b) between the Additional Conditions and the applicable Issue Terms, the Issue Terms will prevail.

(b) Defined Terms

Capitalised terms used but not defined in this Pass-Through Note Terms Product Supplement shall have the meaning given to them in the Master Conditions or the applicable Issue Terms. In the event of any inconsistency, the Issue Terms shall prevail over the Master Conditions.

2 Additional Provisions

(a) Interest

On the day falling the Number of Reference Business Days specified in the applicable Issue Terms after each date on which interest is due and payable to the Issuer in respect of the Original Collateral in accordance with the terms and conditions thereof (subject to adjustment in accordance with any business day convention specified in the terms and conditions of the Original Collateral) (each such date, an “**Interest Payment Date**”) or, if no Number of Reference Business Days is specified in the applicable Issue Terms, the day falling two Reference Business Days after each date on which interest is due and payable to the Issuer in respect of the Original Collateral in accordance with the terms and conditions thereof (subject to adjustment in accordance with any business day convention specified in the terms and conditions of the Original Collateral), an amount shall be payable in respect of each Note (an “**Interest Amount**”) equal to (i) such Note’s pro rata share of the aggregate interest amount due and payable to the Issuer in respect of the Original Collateral held by or on behalf of the Issuer the Number of Reference Business Day prior to such Interest Payment Date specified in the applicable Issue Terms or, if not so specified, two Reference Business Days prior to such Interest Payment Date minus (ii) any “**Pass-Through Fee Amount**”, being an amount specified in the applicable Issue Terms.

(b) Early Redemption

- (i) Master Conditions 8(c) (*Redemption Following a Collateral Event*) and 8(c) (*Redemption Following a Trigger Event*) shall not apply to the Notes.
- (ii) Provided that no Early Redemption Commencement Date or Early Redemption Date has occurred pursuant to any other Master Condition, the Issuer shall, as soon as is reasonably practicable after becoming aware (whether by notice thereof from the Calculation Agent or otherwise) of the occurrence of a Pass-Through Notes Event (or, in any case, within two Reference Business Days thereof), give an Early Redemption Notice to the Noteholders and each Note shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be the only amount payable and there will be no

separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Commencement Date**”.

For the avoidance of doubt, none of the Issuer, the Trustee or the Calculation Agent shall be required to monitor, enquire or satisfy itself as to whether any Pass-Through Notes Event has occurred. Neither the Trustee nor the Calculation Agent shall have any obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer. If the Issuer effectively gives a notice to the Trustee and/or the Calculation Agent of the occurrence of a Pass-Through Notes Event, the Trustee and/or Calculation Agent, as the case may be, shall be entitled to rely absolutely on such notice without further investigation.

For such purposes:

(I) a “**Pass-Through Notes Event**” will occur if any Original Collateral becomes payable or repayable, or becomes capable of being declared due and payable or repayable, prior to its stated date of maturity for whatever reason or there is a payment default in respect of any of the Original Collateral in accordance with its terms and conditions;

(II) this Additional Condition 2(b)(ii) (*Early Redemption*) shall be deemed to constitute part of Master Condition 8 for the purposes of the definition of Early Redemption Notice and such definition shall be construed so as to also refer to this Additional Condition 2(b)(ii) immediately after the reference to Master Condition 8(k) (*Redemption Following the Occurrence of an Event of Default*) therein;

(III) Master Condition 8(t) (*Effect of Redemption, Purchase and Cancellation*) shall be construed so as to also refer to this Additional Condition 2(b)(ii) (*Early Redemption*) immediately after the reference to Master Condition 8(k) (*Redemption Following the Occurrence of an Event of Default*) in both the first and second sentence thereof; and

(IV) the Early Redemption Amount shall be the Early Cash Redemption Amount.

(c) Final Redemption

- (i) The “**Final Redemption Amount**” in respect of a Note to which these Additional Conditions apply shall, unless otherwise specified in the applicable Issue Terms, be an amount equal to the outstanding nominal amount of such Note as determined by the Calculation Agent.
- (ii) The “**Maturity Date**” in respect of a Note to which these Additional Conditions apply shall, unless otherwise specified in the applicable Issue Terms, be the date falling two Reference Business Days following the stated maturity date of the Original Collateral.

(d) Swap Agreement

Unless specified in the applicable Issue Terms, no Swap Agreement will be entered into between the parties in relation to the Notes.

CLN CONDITIONS PRODUCT SUPPLEMENT

1 Incorporation and Interpretation

(a) Applicable Product Supplement

This Product Supplement is the “**CLN Conditions Product Supplement**”. If, in the applicable Issue Terms, the CLN Conditions Product Supplement is specified as an applicable Product Supplement:

- (i) the Notes shall be “Credit Linked Notes”;
- (ii) the terms and conditions of the Credit Linked Notes shall be the Master Conditions, as amended and supplemented by the additional conditions comprising this CLN Conditions Product Supplement (the “**Additional CLN Conditions**”), as further amended and supplemented by the applicable Issue Terms;
- (iii) in connection with the relevant Series, the Issuer and the Swap Counterparty shall enter into a credit default swap (the “**CDS**”); and
- (iv) the redemption of the Credit Linked Notes following the occurrence of a Credit Event pursuant to Additional CLN Condition 2(a) (*Redemption following the Occurrence of a Credit Event*) shall be an “Additional Redemption Event” for the purposes of Master Condition 8(j) (*Redemption following an Additional Redemption Event*).

This CLN Conditions Product Supplement shall not apply to Notes issued by way of Final Terms.

In connection with the relevant Series, the Issuer and the Swap Counterparty may also enter into one or more interest rate swap transaction(s) and/or cross-currency swap transaction(s) and/or other swap transaction(s) (each, a “**Related Swap**”).

(b) Defined Terms

Certain terms are defined in Additional CLN Condition 14 (*Definitions*). Capitalised terms used but not defined in this CLN Conditions Product Supplement shall have the meanings given to them in the Master Conditions or the applicable Issue Terms.

Other than with respect to Master Condition 17 (*Limited Recourse and Non-Petition*), to the extent of any inconsistency between: (i) the Master Conditions and the Additional CLN Conditions, the Additional CLN Conditions will prevail; (ii) the Master Conditions and the applicable Issue Terms, the Issue Terms will prevail and (iii) the Additional CLN Conditions and the applicable Issue Terms, the Issue Terms will prevail.

(c) Issue Terms

The applicable Issue Terms shall, amongst other things, specify the following:

- (i) each Reference Entity and whether “Standard Reference Obligation” is applicable in respect of such Reference Entity (and, where it is applicable but no Standard Reference Obligation has been published on or prior to the Trade Date, the Reference Obligation that shall comprise the Original Non-Standard Reference Obligation) or the Reference Obligation if “Standard Reference Obligation” is not applicable thereto;
- (ii) in respect of each Reference Entity, the applicable “Transaction Type”, for the purposes of the application of the Physical Settlement Matrix;
- (iii) the CLN Type, which shall be one of Single Name CLN, Basket CLN or Index Linked CLN;

- (iv) the Credit Event Settlement Method, which shall be either Auction Redemption or Fixed Recovery Redemption; and
- (v) the applicable Restructuring Election (if any), which shall be one of “Mod R” or “Mod Mod R”.

(d) Classes

Where the applicable Issue Terms specify that Classes apply in respect of a particular Series, all references herein to:

- (i) “Credit Linked Notes” shall also refer to the Notes of each of the Classes of the Credit Linked Notes (or, where applicable, Notes of the relevant Class(es));
 - (ii) “Series” shall also refer to each of the Classes of the Credit Linked Notes (or, where applicable, the relevant Class(es)); and
 - (iii) “Collateral” or “Original Collateral” shall also refer to “Class Collateral”,
- in each case, as the context requires.

2 Redemption of Credit Linked Notes

(a) Redemption following the Occurrence of a Credit Event

Provided that no Early Redemption Commencement Date has occurred pursuant to any other Condition as a result of which a Credit Linked Note has been, or is in the process of being, redeemed in full and such Credit Linked Note has not been purchased and cancelled as provided for in Master Condition 8 (*Redemption and Purchase*), if a relevant Event Determination Date has occurred with respect to any Reference Entity, the Issuer will redeem the Applicable Proportion of each such Credit Linked Note as follows:

- (i) if Auction Redemption is the applicable Credit Event Settlement Method, the Applicable Proportion of the Credit Linked Note shall be redeemed by payment of the Early Cash Redemption Amount on the Early Redemption Date in accordance with Additional CLN Condition 6 (*Auction Redemption Terms*);
- (ii) if Auction Redemption is not possible pursuant to sub-paragraphs (i) or (ii) of Additional Condition 6(b) (*Fallback Redemption*), Cash Redemption shall be applicable and the Applicable Proportion of the Credit Linked Note shall be redeemed by payment of the Early Cash Redemption Amount on the Early Redemption Date in accordance with Additional CLN Condition 7 (*Cash Redemption Terms*); or
- (iii) if Fixed Recovery Redemption is the applicable Credit Event Settlement Method, the Applicable Proportion of the Credit Linked Note shall be redeemed by payment of the Early Cash Redemption Amount on the Early Redemption Date in accordance with Additional CLN Condition 10 (*Fixed Recovery Redemption Terms*),

in each case subject to Additional CLN Condition 9 (*Effect of DC Announcements*).

Upon discharge by the Issuer of its payment obligations on the Early Redemption Date (or, if the relevant Early Cash Redemption Amount is zero, upon the occurrence of the Early Redemption Date) pursuant to Additional CLN Condition 6 (*Auction Redemption Terms*), 7 (*Cash Redemption Terms*) or 10 (*Fixed Recovery Redemption Terms*), as applicable, or as otherwise provided herein, the Issuer’s obligations in respect of the Applicable Proportion of the Credit Linked Note shall be discharged in full.

(b) Credit Event Notice and Notice of Publicly Available Information

- (i) If a Credit Event Notice and, if applicable, a Notice of Publicly Available Information is required to be delivered for an Event Determination Date to occur, the Calculation Agent may deliver a Credit Event Notice and, if applicable, a Notice of Publicly Available Information to the Issuer (copied to the Issuing and Paying Agent, the Swap Counterparty, the Disposal Agent and the Trustee) and the Issuer (or the Issuing and Paying Agent, having been supplied by the Issuer or the Calculation Agent with an Early Redemption Notice addressed to the Noteholders, on its behalf) will, as soon as reasonably practicable and in any event within five Reference Business Days after the date on which the Credit Event Notice is delivered, give an Early Redemption Notice (attaching a copy of the Credit Event Notice and, if applicable, the Notice of Publicly Available Information or including equivalent information therein) to the Noteholders (the date of such Early Redemption Notice being the **“Early Redemption Commencement Date”**) in accordance with Master Condition 22 (*Notices*), provided that failure by the Issuer or the Issuing and Paying Agent to deliver a copy of such Credit Event Notice and/or such Notice of Publicly Available Information to the Noteholders shall not affect the effectiveness of the Credit Event Notice and/or the Notice of Publicly Available Information or the Early Redemption Notice, or the rights of the Issuer to redeem the Credit Linked Notes.
- (ii) If a Credit Event Notice is not required to be delivered in order for an Event Determination Date to occur, then the Calculation Agent shall give written notice as soon as reasonably practicable and in any event within five Reference Business Days of it becoming aware of the Credit Event Determination Date, containing the same information required to be included in a Credit Event Notice to the Issuer (copied to the Issuing and Paying Agent, the Swap Counterparty, the Disposal Agent and the Trustee) and the Issuer (or the Issuing and Paying Agent, having been supplied by the Issuer or the Calculation Agent with an Early Redemption Notice addressed to the Noteholders, on its behalf) will give an Early Redemption Notice (attaching a copy of such notice given by the Calculation Agent to the Issuer) to the Noteholders (the date of such Early Redemption Notice being the **“Early Redemption Commencement Date”**) in accordance with Master Condition 22 (*Notices*), provided that any failure to give such notice to the Noteholders shall not affect any determinations made by the Calculation Agent or the rights of the Issuer to redeem the Applicable Proportion of the Credit Linked Notes.
- (iii) The Calculation Agent’s determination of a Credit Event or an applicable Credit Event Resolution Request Date will, in the absence of manifest error and subject to the definition of “Event Determination Date”, be conclusive and binding on all persons (including, without limitation, the Trustee and each Noteholder). For the avoidance of doubt, none of the Issuer, the Trustee or the Calculation Agent shall be required to monitor, enquire or satisfy itself as to whether any Credit Event has, or may have, occurred or may be continuing. Neither the Trustee nor the Calculation Agent shall have any obligation, responsibility or liability for giving or not giving any notice thereof to the Issuer or any Secured Creditor or be liable for any loss occasioned by the occurrence of a Credit Event. If the Issuer or the Calculation Agent effectively gives notice to the Trustee of the occurrence of a Credit Event, the Trustee shall be entitled to rely on such notice without further investigation.
- (iv) Further, none of the Issuer or any Transaction Party (including the Calculation Agent) will have any liability whatsoever if the Calculation Agent for any reason does not determine that a Credit Event has occurred, or with respect to the Calculation Agent’s timing as to when to deliver a Credit Event Notice (or any such other notice required to be delivered by the Calculation Agent to the Issuer or any other party, or by the Issuer to the Noteholders in accordance with these Additional CLN Conditions, including a Notice of Publicly Available Information).

(c) Relevant Time

- (i) Subject to sub-paragraph (ii) of this Additional CLN Condition 2(c), in order to determine the day on which an event occurs for purposes of these Additional CLN Conditions, the demarcation of days shall be made by reference to Greenwich Mean Time (or Tokyo time if the Calculation Agent determines that Tokyo time is the market convention with respect to the relevant Reference Entity), irrespective of the time zone in which such event occurred. Any event occurring at midnight shall be deemed to have occurred immediately prior to midnight.
- (ii) Notwithstanding the definition of “Credit Event Notice” and sub-paragraph (i) of this Additional CLN Condition 2(c), if a payment is not made by the Reference Entity on its due date or, as the case may be, on the final day of the relevant Grace Period, then such failure to make a payment shall be deemed to have occurred on such day prior to midnight Greenwich Mean Time (or Tokyo time if the Calculation Agent determines that Tokyo time is the market convention with respect to the relevant Reference Entity), irrespective of the time zone of its place of payment.

(d) Redemption other than following the occurrence of a Credit Event

If an Early Redemption Commencement Date has occurred pursuant to any other Condition (and not, for the avoidance of doubt, following the occurrence of a Credit Event in accordance with the Additional Redemption Event specified in Additional CLN Condition 2(a) (*Redemption following the Occurrence of a Credit Event*)), each Credit Linked Note outstanding shall be redeemed by payment of the Early Redemption Amount on the Early Redemption Date in accordance with the Master Conditions, save that for such purposes the definition of “Early Cash Redemption Amount” in Master Condition 1(a)(*Definitions*) shall not apply and sub-paragraph (b) of the definition of “Early Cash Redemption Amount” set out in Additional CLN Condition 14 (*Definitions*) shall apply instead.

3 Interest on Credit Linked Notes

(a) Accrual of Interest

Provided that a relevant Event Determination Date has not occurred in respect of a Reference Entity during the Notice Delivery Period and on or prior to the Scheduled Maturity Date and no Early Redemption Date has occurred pursuant to any other Condition, then, subject to Additional CLN Condition 3(b) (*Suspension of Interest following an Applicable DC Credit Event Question*), interest (if any) shall accrue on each outstanding Credit Linked Note in accordance with Master Condition 7 (*Interest*) (as completed by the relevant Issue Terms).

(b) Suspension of Interest

Subject to Additional CLN Conditions 3(c) (*Payment of Suspended Interest*) and 3(d) (*Payment of Interest – M(M)R Restructuring Credit Event*), if (A) an Applicable DC Credit Event Question is made on or prior to any Interest Payment Date in respect of which a DC Resolution has not been published (a “**Suspended Interest Payment Date**”) or (B) the Calculation Agent determines that facts exist which may amount to a Credit Event, the payment of interest (if any) in respect of the Applicable Proportion of each Credit Linked Note scheduled to be paid to Noteholders on or about such Interest Payment Date will be suspended.

(c) Payment of Suspended Interest

- (i) If, in connection with an Applicable DC Credit Event Question, either (A) an Applicable DC Credit Event Announcement is made but the Calculation Agent determines that the Event Determination Date relating thereto is a date falling after such suspended Interest Payment

Date, or (B) an Applicable DC No Credit Event Announcement or an Applicable DC Credit Event Question Dismissal is made, or (B) the Calculation Agent determines that the circumstances giving rise to such potential Credit Event have been remedied (if possible) or no longer exist such that no related Credit Event Determination Date has occurred, payment of the suspended interest will be made five Reference Business Days after the date the Event Determination Date is so determined, the date of the Applicable DC No Credit Event Announcement or Applicable DC Credit Question Event Dismissal, or the date on which the Calculation Agent makes such determination, as applicable.

- (ii) If, in connection with an Applicable DC Credit Event Question, an Applicable DC Credit Event Announcement is made and the Calculation Agent determines that the Event Determination Date relating thereto is a date falling on or prior to such suspended Interest Payment Date, no payment of the suspended interest will be made and the accrual of interest prior to such Interest Payment Date will be determined in accordance with Additional CLN Condition 3(e) (*Accrual of Interest on Credit Event*).
- (iii) No additional amount in respect of interest and no adjustment shall be made to the amount of any interest in connection with the delay or postponement of any payment of interest pursuant to Additional CLN Condition 3(b) (*Suspension of Interest following an Applicable DC Credit Event Question*) above. The Calculation Agent shall endeavour to give notice to the Noteholders, the Trustee and the Issuer in accordance with Master Condition 22 (*Notices*) as soon as reasonably practicable should any payment of interest be suspended and/or postponed pursuant to this Additional CLN Condition 3.

(d) Payment of Interest – M(M)R Restructuring Credit Event

If, in connection with an Applicable DC Credit Event Question, an Applicable DC Credit Event Announcement is made and the Credit Event is an M(M)R Restructuring Credit Event:

- (i) save for the portion of suspended interest relating to the Applicable Proportion of the Credit Linked Notes, payment of the remaining portion (if any) of suspended interest will be made five Reference Business Days after the date on which the relevant Credit Event Notice is delivered; and
- (ii) payment of the portion of suspended interest relating to the Applicable Proportion of the Notes will be not be made and the accrual of interest relating to the Applicable Proportion of the Notes prior to such Interest Payment Date will be determined in accordance with Additional CLN Condition 3(e) (*Accrual of Interest on Credit Event*).

(e) Accrual of Interest on Credit Event

If a relevant Event Determination Date has occurred in respect of a Reference Entity during the Notice Delivery Period but prior to the Scheduled Maturity Date then, notwithstanding anything to the contrary in Master Condition 7 (*Interest*), interest shall be deemed to have ceased to accrue on the Applicable Proportion of each Credit Linked Note from and including the immediately preceding Interest Payment Date (or, if no such immediately preceding Interest Payment Date, the Interest Commencement Date).

For the avoidance of doubt, interest (if any) shall, in the case of Basket CLNs, Index Linked CLNs or Credit Linked Notes to which an M(M)R Restructuring applies, continue to accrue on the remaining portion of each Credit Linked Note then outstanding (if any).

(f) Adjustment Payment

If, in accordance with the provisions above, following the determination of an Event Determination Date, such Event Determination Date is deemed either to have occurred on a date that is different from the date that was originally determined to be the Event Determination Date or not to have

occurred, or an Event Determination Date is deemed to have occurred prior to a preceding Interest Payment Date, the Calculation Agent will determine (A) the adjustment payment, if any, that is payable to reflect any change that may be necessary to the amount previously calculated and/or paid in respect of the relevant Credit Linked Notes and (B) the date on which such adjustment payment is payable, if any. For the avoidance of doubt, no accruals of interest shall be taken into account when calculating any such adjustment payment.

4 Maturity Date Extension

- (a) Where the Calculation Agent reasonably believes, on or prior to the Scheduled Maturity Date, one or more Reference Entities is or may be subject to (i) a Credit Event, (ii) if “Grace Period Extension” is specified as being applicable in the relevant Issue Terms, a Potential Failure to Pay or, (iii) if “Repudiation/Moratorium” is specified as being applicable in the relevant Issue Terms, a Potential Repudiation/Moratorium, it shall notify the Issuer (with a copy to the Swap Counterparty and the Issuing and Paying Agent) that each Credit Linked Note then outstanding shall not be redeemed on the Scheduled Maturity Date but shall be redeemed instead on the Extended Maturity Date, and the Issuer (or the Issuing and Paying Agent, having been supplied by the Issuer or the Calculation Agent with a notice addressed to the Noteholders), will give an equivalent notice to the Noteholders.
- (b) If any amount is payable on the Scheduled Maturity Date of a Credit Linked Note to which the provisions of Additional CLN Condition 4(a) apply, such amount shall fall due on the Extended Maturity Date and shall be payable (i) where the applicable Issue Terms specify that Postponement Interest is applicable, with interest accrued on the unpaid amount payable at the relevant Postponement Rate (as specified in the applicable Issue Terms) and (ii) where the applicable Issue Terms specify that Postponement Interest is not applicable, without any interest or other sum payable in respect of the postponement of the payment of such amount.

5 Exercise Amounts in respect of M(M)R Restructuring

(a) M(M)R Restructuring Credit Event

Where a relevant Event Determination Date occurs as a result of an M(M)R Restructuring, then:

- (i) the Swap Counterparty may elect under the CDS the nominal amount of the Credit Linked Notes to which such M(M)R Restructuring applies (the amount so specified, the “**Exercise Amount**”), which Exercise Amount must be (A) an amount that is at least 1,000,000 units of the Specified Currency (or, if Japanese Yen, 100,000,000 units) and an integral multiple thereof, provided that it can not exceed the then prevailing Reference Entity Outstanding Amount or (B) the then prevailing Reference Entity Outstanding Amount;
- (ii) if the Swap Counterparty does not specify an Exercise Amount, then the relevant Reference Entity Notional Amount outstanding in respect of the affected Reference Entity, and not a portion thereof, will be deemed to have been specified as the Exercise Amount; and
- (iii) accordingly, notwithstanding anything to the contrary in these Additional CLN Conditions, where an M(M)R Restructuring Credit Event has occurred and the Swap Counterparty has elected an Exercise Amount that is less than the Reference Entity Notional Amount outstanding in respect of the affected Reference Entity as at the date immediately prior to the relevant Event Determination Date, the provisions of these Additional CLN Conditions shall be deemed to apply to a nominal amount of the Credit Linked Notes equal to the Exercise Amount only and all the provisions shall be construed accordingly.

If the Swap Counterparty has notified the Issuer within three Reference Business Days of the initial relevant Event Determination Date of an Exercise Amount that is less than the relevant Reference Entity Notional Amount outstanding in respect of the affected Reference Entity, then the Swap Counterparty may subsequently specify one or more Exercise Amounts in respect of such M(M)R Restructuring Credit Event by giving notice to the Issuer (copied to the Issuing and Paying Agent and the Calculation Agent) at any time prior to the Maturity Date. In such circumstances, the Swap Counterparty's notice shall be deemed to have been a Credit Event Notice that has triggered a relevant Event Determination Date on the date of delivery.

(b) Partial Redemption in respect of M(M)R Restructuring

If, in respect of an M(M)R Restructuring, the Swap Counterparty has elected an Exercise Amount in relation to a Reference Entity that is less than the relevant Reference Entity Notional Amount then:

- (i) the relevant provisions of Additional CLN Condition 6 (*Auction Redemption Terms*) or 7 (*Cash Redemption Terms*) or Additional CLN Condition 10 (*Fixed Recovery Redemption Terms*) relating to redemption of Credit Linked Notes shall apply to the Exercise Amount, including for the purposes of calculating the Early Cash Redemption Amount. In such circumstances, the Calculation Agent may adjust such provisions of the Additional CLN Conditions and/or relevant Issue Terms as it determines appropriate to take account of this Additional CLN Condition 5, including the basis of the calculation of any Early Cash Redemption Amount;
- (ii) following any payment of an Early Cash Redemption Amount or any other determination made in respect of any Exercise Amount, the Reference Entity Notional Amount for the relevant Reference Entity shall be reduced by an amount equal to the Exercise Amount (and, for the avoidance of doubt, where there is more than one Reference Entity the aggregate of the Reference Entity Notional Amounts comprising the Aggregate Nominal Amount of the Series shall be reduced accordingly). An amount of Credit Linked Notes equal (in aggregate) to the relevant Reference Entity Notional Amount, as reduced to account for such Exercise Amount, shall remain outstanding (the "**Reference Entity Outstanding Amount**") and the Swap Counterparty may thereafter deliver one or more further notices electing another Exercise Amount in respect of such Reference Entity (which shall be deemed to be Credit Event Notices) in respect of such Reference Entity Outstanding Amount; and
- (iii) the Calculation Agent may adjust the provisions of these Additional CLN Conditions and/or the relevant Issue Terms in such manner as it may determine to be appropriate to account for such event.

If the provisions of this Additional CLN Condition 5 apply in respect of the Credit Linked Notes, on any redemption of part of each such Credit Linked Note, the relevant Credit Linked Note or, if the Credit Linked Notes are represented by a Global Note, such Global Note, shall be endorsed to reflect such part redemption.

6 Auction Redemption Terms

(a) Redemption of Credit Linked Notes where Auction Redemption applies

Notwithstanding anything to the contrary in Master Condition 8 (*Redemption and Purchase*) and provided that no Early Redemption Commencement Date has occurred pursuant to any other Condition as a result of which a Credit Linked Note has, or is in the process of being, redeemed in full and such Credit Linked Note has not been purchased and cancelled as provided for in Master Condition 8 (*Redemption and Purchase*), if a relevant Event Determination Date has occurred with

respect to any Reference Entity and “Auction Redemption” is applicable, then, following the occurrence of an Early Redemption Commencement Date:

- (i) the Credit Event Loss Amount and the Affected Swap Value will be determined as soon as reasonably practicable, and in any event within five Reference Business Days following the Auction Final Price Determination Date (the date upon which the Credit Event Loss Amount and the Affected Swap Value have been determined being the “**Credit Event Valuation Date**”);
- (ii) the Disposal Agent shall effect a Liquidation of an amount of the Collateral (or, where the relevant Issue Terms specify that Classes apply, the relevant Class Collateral) equal to the Applicable Proportion as soon as reasonably practicable, and in any event within five Reference Business Days following the Auction Final Price Determination Date in accordance with Additional CLN Condition 8 (*Liquidation and Early Redemption*); and
- (iii) the Issuer shall redeem a portion of the nominal amount of each Credit Linked Note equal to the Applicable Proportion (determined by reference to the Reference Entity Notional Amount of the Reference Entity in respect of which the Credit Event occurred) on the Early Redemption Date at the Early Cash Redemption Amount irrespective of whether the relevant Credit Event is continuing.

Payment by the Issuer of the Early Cash Redemption Amount shall fully and effectively discharge the Issuer’s obligation to redeem the Applicable Proportion of the relevant Credit Linked Note.

(b) Fallback Redemption

Without prejudice to the foregoing, but without duplication of settlement, if the Calculation Agent determines:

- (i) except where the Calculation Agent exercises the Movement Option on or prior to the Movement Option Cut-off Date pursuant to Additional CLN Condition 6(c) (*Movement Option*), that with respect to a Credit Event, no Applicable Auction is being, or will be, held; or
- (ii) with respect to a Credit Event and any relevant Applicable DC Credit Event Question, Applicable Resolution and/or Applicable Auction, that (A) an Auction Cancellation Date has occurred, (B) a No Auction Announcement Date has occurred (and, in circumstances where such No Auction Announcement Date occurs pursuant to sub-paragraph (b) or sub-paragraph (c)(ii) under the definition of “No Auction Announcement Date”, the Calculation Agent has not exercised the Movement Option), (C) a DC Credit Event Question Dismissal occurs or (D) no Credit Event Resolution Request Date has occurred on or prior to the date falling three Reference Business Days after such relevant Event Determination Date,

then Cash Redemption shall apply and the Issuer shall redeem each Credit Linked Note in accordance with Additional CLN Condition 7 (*Cash Redemption Terms*).

(c) Movement Option

If “Mod R” or “Mod Mod R” is specified in the relevant Issue Terms and the Calculation Agent determines in respect of a Restructuring Credit Event that a No Auction Announcement Date has occurred pursuant to sub-paragraph (b) of the definition of “No Auction Announcement Date”, the Calculation Agent may elect, acting in a commercially reasonable manner, to exercise the Movement Option at any time on or prior to the Movement Option Cut-off Date, and shall provide notice of such exercise of the Movement Option to the Issuer (copied to the Issuing and Paying Agent and the Swap Counterparty), who shall (or the Issuing and Paying Agent shall, having been supplied by the Issuer or the Calculation Agent with a notice addressed to the Noteholders, on its behalf) send an equivalent notice to the Noteholders. If the Movement Option is so exercised,

then, provided that the related Event Determination Date is not reversed on or prior to the relevant Early Redemption Date, redemption of the Applicable Proportion of Credit Linked Notes, shall take place by payment by the Issuer of the Early Cash Redemption Amount on the Early Redemption Date, for which purposes the Early Cash Redemption Amount and the Early Redemption Date shall be determined by reference to the relevant Parallel Auction identified by the Calculation Agent. If the Calculation Agent exercises the Movement Option, all references in these Additional CLN Conditions to “Applicable Auction”, “Applicable Auction Redemption Terms”, “Auction Cancellation Date” and “Auction Final Price Determination Date” shall be deemed to be references to the “Parallel Auction”, “Parallel Auction Redemption Terms” and “Parallel Auction Cancellation Date” and the terms of these Additional CLN Conditions shall be construed accordingly.

(d) Auction Final Price of the Asset Package

If an Asset Package Credit Event has occurred and the Auction Final Price for the Applicable Auction reflects the entire relevant Asset Package in respect of the Prior Deliverable Obligation(s) or Package Observable Bond(s) (as applicable) (including any cash forming part of the Asset Package and the Asset Market Value of any Non-Financial Instrument or Non-Transferable Instrument), the Early Cash Redemption Amount shall be determined using the Auction Final Price. If the Calculation Agent determines that the Auction Final Price does not reflect the price of the entire relevant Asset Package, as determined above, the Calculation Agent shall make such adjustment to the Auction Final Price and/or the Early Cash Redemption Amount, acting in a commercially reasonable manner, as it deems necessary to reflect the value of the Asset Package and to preserve the economic effects of the terms of the Credit Linked Notes and for such purposes the Calculation Agent may take into account any method of determining the Asset Market Value of any Asset that is a Non-Transferable Instrument or a Non-Financial Instrument forming part of the Asset Package but that has not been taken into in the Auction Final Price that may be published by the DC Secretary.

7 Cash Redemption Terms

(a) Redemption of Credit Linked Notes where Cash Redemption applies

Notwithstanding anything to the contrary in Master Condition 8 (*Redemption and Purchase*) and provided that no Early Redemption Commencement Date has occurred pursuant to any other Condition as a result of which a Credit Linked Note has, or is in the process of being, redeemed in full and such Credit Linked Note has not been purchased and cancelled as provided for in Master Condition 8 (*Redemption and Purchase*), and subject to Additional CLN Condition 9 (*Effect of DC Announcements*), if (i) a relevant Event Determination Date has occurred with respect to any Reference Entity, and (ii) Auction Redemption does not apply pursuant to Additional CLN Condition 6(b) (*Fallback Redemption*) then Cash Redemption shall apply and following the occurrence of an Early Redemption Commencement Date:

- (i) the Calculation Agent shall determine (A) the Value of the Valuation Obligations in accordance with Additional Condition 7(b) (*Determination of Value of the Valuation Obligations*) and (B) the Credit Event Loss Amount as soon as reasonably practicable, and in any event within five Reference Business Days following the Valuation Obligation Valuation Date (the date upon which the Credit Event Loss Amount and the Affected Swap Value have been determined being the “**CDS Cash Redemption Valuation Date**”);
- (ii) the Disposal Agent shall effect a Liquidation of an amount of the Collateral (or, where the relevant Issue Terms specify that Classes apply, the relevant Class Collateral) equal to the Applicable Proportion as soon as reasonably practicable and in any event within five Reference Business Days following the Valuation Obligation Date in accordance with Additional CLN Condition 8 (*Liquidation and Early Redemption*); and

- (iii) the Issuer shall redeem:
 - (A) each Credit Linked Note in whole on the relevant Early Redemption Date at the Early Cash Redemption Amount; or
 - (B) if the Credit Linked Notes are Basket CLNs or Index Linked CLNs, (1) a portion of the principal amount of each Credit Linked Note equal to the Applicable Proportion (determined by reference to the Reference Entity Notional Amount of the Reference Entity in respect of which the Credit Event occurred) on the relevant Early Redemption Date at the Early Cash Redemption Amount and (2) the remaining portion of each Credit Linked Note at its *pro rata* Final Redemption Amount on the Scheduled Maturity Date; or
 - (C) if the Credit Event is an M(M)R Restructuring Credit Event, (1) a portion of the principal amount of each Credit Linked Note equal to the Applicable Proportion (determined by reference to the Exercise Amount specified in the Credit Event Notice relating to the relevant Credit Event) on the relevant Early Redemption Date at the Early Cash Redemption Amount and (2) the remaining portion of each Credit Linked Note at its *pro rata* Final Redemption Amount on the Scheduled Maturity Date (save that if another Credit Event Notice is delivered in respect of the Credit Linked Notes, such further Applicable Proportion of the Credit Linked Notes determined by reference to the Exercise Amount specified in the additional Credit Event Notice shall be redeemed in accordance with these Additional CLN Conditions),

in each case irrespective of whether the relevant Credit Event is continuing.

Payment by the Issuer of the Cash Redemption Amount shall fully and effectively discharge the Issuer's obligation to redeem the Applicable Proportion of the relevant Credit Linked Note.

(b) Determination of the Value of the Valuation Obligations

- (i) The Value of the Valuation Obligations will be determined by the Calculation Agent within 120 Reference Business Days of the relevant Event Determination Date (unless otherwise specified in the relevant Issue Terms), the date of such determination being the "**Valuation Obligation Valuation Date**".
- (ii) If:
 - (A) "Include Accrued Interest" is specified in the relevant Issue Terms, the Outstanding Principal Balance of the Valuation Obligations shall include accrued but unpaid interest;
 - (B) "Exclude Accrued Interest" is specified in the relevant Issue Terms, the Outstanding Principal Balance of the Valuation Obligations shall not include accrued but unpaid interest; or
 - (C) neither "Include Accrued Interest" nor "Exclude Accrued Interest" is specified in the relevant Issue Terms, the Calculation Agent shall determine, based on the then current market practice in the market of the Valuation Obligation whether the Outstanding Principal Balance of the Valuation Obligation shall include or exclude accrued but unpaid interest and, if applicable, the amount thereof.
- (iii) The Calculation Agent shall, as soon as reasonably practicable after determining the Value of the Valuation Obligations, notify the Issuer, the Swap Counterparty, the Disposal Agent and the Issuing and Paying Agent in writing of (A) the Valuation Obligations of the Reference Entity which the Calculation Agent has used to calculate the Value of the Valuation Obligations, and (B) the Value of the Valuation Obligations and the Issuer (or the

Issuing and Paying Agent, having been supplied by the Issuer or the Calculation Agent with a notice addressed to the Noteholders, on its behalf) will deliver a copy of such notice to the Noteholders in accordance with Master Condition 22 (*Notices*) (provided that any failure to give such notice to the Noteholders shall not affect any determination made by the Calculation Agent or the rights of the Issuer to redeem the Applicable Proportion of the Credit Linked Notes).

- (iv) If an Asset Package Credit Event has occurred, (A) valuation of a Prior Deliverable Obligation or Package Observable Bond specified in the notice to the Trustee may be satisfied by valuation of the related Asset Package and such Asset Package shall be treated as having the same currency and Outstanding Principal Balance as that of the Prior Deliverable Obligation or Package Observable Bond, as applicable, to which it corresponds immediately prior to the Asset Package Credit Event, (B) if the Asset Package is zero, a Quotation shall be deemed to have been obtained for the Outstanding Principal Balance of the Prior Deliverable Obligation or Package Observable Bond (as applicable) equal to zero, and (C) for any other Asset Package the Calculation Agent shall determine the value of the Asset Package in its sole and absolute discretion and a Quotation shall be deemed to have been obtained for such valuation provided that the Calculation Agent may obtain Quotations for some or all of the components of the Asset Package and/or take account of any method of determining the Asset Market Value of any Asset that is a Non-Transferable Instrument or a Non-Financial Instrument that may be published by the DC Secretary.

8 Liquidation and Early Redemption

Following the occurrence of a relevant Event Determination Date and an Early Redemption Commencement Date in respect of a Series (or, where the relevant Issue Terms specify that Classes apply, a Class), for the purposes of determining the Early Cash Redemption Amount payable on the relevant Early Redemption Date and redeeming such Notes the following shall apply:

- (a) the Disposal Agent shall effect a Liquidation of an amount of the Collateral (or, where the relevant Issue Terms specify that Classes apply, the relevant Class Collateral) equal to the Applicable Proportion in accordance with Master Condition 13(b) (*Liquidation Process*), but for this purpose:
- (i) the Disposal Agent shall seek to Liquidate an amount of the Collateral (or, where the relevant Issue Terms specify that Classes apply, the relevant Class Collateral) equal to the Applicable Proportion as soon as reasonably practicable, and in any event within five Reference Business Days following the Auction Final Price Determination Date or the Value of the Valuation Obligation Valuation Date, as the case may be (the “**Credit Liquidation Period**”); and
- (ii) the Disposal Agent shall request each of five Quotation Dealers to provide its all-in, firm executable bid price (a “**Collateral Quotation**”) in the Base Currency to purchase an amount of the Collateral (or, where the relevant Issue Terms specify that Classes apply, the relevant Class Collateral) equal to the Applicable Proportion on a day within the Credit Liquidation Period, and it shall sell such amount of Collateral on such a date to the Quotation Dealer who provides the highest Collateral Quotation, save that where no Quotations are obtained, the Disposal Agent shall determine the value of the Collateral (or, where the relevant Issue Terms specify that Classes apply, the relevant Class Collateral) equal to the Applicable Proportion in its sole discretion, acting in a commercially reasonable manner,

and for the avoidance of doubt, where the Credit Liquidation Period and/or number of Quotations to be obtained differ from those specified above, the relevant Credit Liquidation

Period and/or number of Quotations to be obtained shall be set out in the applicable Issue Terms;

- (b) the Calculation Agent shall determine the Affected Swap Value as soon as reasonably practicable, and in any event on a day within the Credit Liquidation Period;
- (c) if the applicable Issue Terms specify that Classes apply, in respect of a Class of Credit Linked Notes for which the Specified Currency is not the Base Currency, the Disposal Agent shall make arrangements for the Issuer to convert the relevant Early Cash Redemption Amount, into the Specified Currency at the spot foreign exchange rate prevailing at 5:00 p.m. London time (or such other time as is specified in the applicable Issue Terms) on the relevant Credit Event Valuation Date or CDS Cash Redemption Date, as applicable, for sale of the relevant non-Specified Currency and purchase of the Specified Currency; and
- (d) following such Liquidation and, where applicable, conversion into the Specified Currency in accordance with the foregoing sub-paragraphs of this Additional CLN Condition 8, the Disposal Agent shall transfer such realised monies to the relevant Cash Accounts (as defined in the Agency Agreement) of the Issuer held with the Custodian not later than one Business Day prior to the date on which the Issuer is to make any payment to the Noteholders or Swap Counterparty.

9 Effect of DC Announcements

(a) Reversal of DC Credit Event Announcement

If an Event Determination Date is subsequently reversed prior to the relevant Auction Final Price Determination Date, a Valuation Obligation Valuation Date, an Early Redemption Date or the Scheduled Maturity Date, a Credit Event shall be deemed not to have occurred with respect to the Reference Entity for the purposes of these Additional CLN Conditions.

(b) Basket CLNs and Index Linked CLNs

Where the Credit Linked Notes are Basket CLNs or Index Linked CLNs, an Event Determination Date may occur in respect of each Reference Entity comprised in the Basket or Index provided that, other than in respect of an M(M)R Restructuring, an Event Determination Date shall apply only once to each such Reference Entity.

(c) Redemption Suspension

If, following the occurrence of a relevant Event Determination Date but prior to the relevant Early Redemption Date or, to the extent applicable, an Auction Final Price Determination Date or a Valuation Obligation Valuation Date in respect of a Reference Entity, there is an Applicable DC Credit Event Meeting Announcement, all timing requirements in these Additional CLN Conditions that pertain to settlement shall toll and remain suspended until the date of the Applicable DC Credit Event Announcement or Applicable DC Credit Event Question Dismissal, as applicable. During such suspension period, the Issuer is not obliged to take any action in connection with the settlement of such Credit Event or the redemption, if any, of the Credit Linked Notes. Once the relevant DC Credit Event Announcement or DC Credit Event Dismissal has occurred, the relevant timing requirements that pertain to settlement that have previously tolled or been suspended shall resume on the Reference Business Day following such public announcement by the DC Secretary with the Issuer having the benefit of the full day notwithstanding when the tolling or suspension began. The Calculation Agent shall deliver to the Issuer, and the Issuer (or the Issuing and Paying Agent, having been supplied by the Issuer or the Calculation Agent with a notice addressed to the Noteholders, on its behalf) shall deliver a notice (a “**Redemption Suspension Notice**”) in accordance with Master Condition 22 (*Notices*) to the Noteholders giving notice of any suspension

or resumption of timing requirements pursuant to this Additional CLN Condition 9 (*Effect of DC Announcements*).

10 Fixed Recovery Redemption Terms

(a) Redemption at the Fixed Recovery Redemption Amount

Subject to Additional CLN Condition 9 (*Effect of DC Announcements*), if a relevant Event Determination Date has occurred with respect to any Reference Entity and “Fixed Recovery Redemption” is specified as the Credit Event Settlement Method in the relevant Issue Terms, provided that no Early Redemption Commencement Date has occurred pursuant to any other Condition as a result of which a Credit Linked Note has, or is in the process of being, redeemed in full and such Credit Linked Note has not been purchased and cancelled, then following the occurrence of an Early Redemption Commencement Date:

- (i) the Calculation Agent shall determine the Credit Event Loss Amount and the Affected Swap Value as soon as reasonably practicable, and in any event within five Reference Business Days following the relevant Event Determination Date (the date upon which the Credit Event Loss Amount and the Affected Swap Value have been determined being the “**Fixed Recovery Valuation Date**”);
- (ii) the Disposal Agent shall effect a Liquidation of an amount of the Collateral (or, where the relevant Issue Terms specify that Classes apply, the relevant Class Collateral) equal to the Applicable Proportion as soon as reasonably practicable and in any event within five Reference Business Days following the relevant Event Determination Date in accordance with Additional CLN Condition 8 (*Liquidation and Early Redemption*); and
- (iii) the Issuer shall redeem the Applicable Proportion of each Credit Linked Note on the Early Redemption Date at the Early Cash Redemption Amount.

(b) Fixed Recovery Percentage of Zero

If the Fixed Recovery Percentage is zero, following the occurrence of a relevant Event Determination Date, the occurrence of the Early Redemption Date shall fully and effectively discharge the Issuer’s obligation to redeem the Applicable Proportion of the relevant Credit Linked Note.

11 Successor Provisions

(a) Successor Determinations

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors provided that the Calculation Agent will not make such determination if, at the time of the determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent will make all calculations and determinations required to be made under this definition on the basis of Eligible Information and will notify the Issuer and the Issuing and Paying Agent of any such calculation or determination as soon as practicable. In calculating the percentages used to determine whether an entity qualifies as a Successor under subparagraph (a) of this Additional CLN Condition 11, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

(b) Multiple Successors

Following a Succession Date if more than one Successor has been identified, the Credit Linked Notes will be amended without the consent of the Noteholders or of the Trustee or any other Transaction Party being required to reflect the following terms:

- (i) each Successor will be a Reference Entity and more than one Credit Event may occur during the Term of the Credit Linked Notes in respect thereof but, subject to Additional CLN Condition 5 (*Credit Event Notice after M(M)R Restructuring*), once only in relation to each Successor;
- (ii) where a Credit Event occurs in respect of a Reference Entity after such Succession Date, the Credit Linked Notes will not redeem in whole in respect of a Successor (except where it is the last remaining Reference Entity) but instead the provisions of these Additional CLN Conditions shall be deemed to apply to the Reference Entity Notional Amount represented by that Reference Entity only after division in accordance with sub-paragraph (iii) below, the Credit Linked Notes shall be redeemed in part and the Additional CLN Conditions and/or the Issue Terms shall be construed accordingly; and
- (iii) the Reference Entity Notional Amount of the original Reference Entity will be divided equally between the number of Successors and the Calculation Agent shall determine the relevant type of Reference Entity (including any relevant Obligation and Deliverable Obligation Category and Deliverable Obligation Characteristics in its discretion, acting in a commercially reasonable manner) by reference to market practice in such type of Reference Entity. If a single entity would be a Reference Entity hereunder more than once, then it will be deemed to be a Reference Entity only once, and the Reference Entity Notional Amount for such Reference Entity will be the sum of the Reference Entity Notional Amounts otherwise applicable to it (and such change shall have no effect on the Aggregate Nominal Amount of the Basket CLNs or Index Linked CLNs, as applicable).

(c) Exchange Offer

In the case of an exchange offer, the determination required pursuant to sub-paragraph (a) of the definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

(d) Joint Potential Successors

If two or more entities (each, a "**Joint Potential Successor**") jointly succeed to a Relevant Obligation (the "**Joint Relevant Obligation**") either directly or as a provider of a Relevant Guarantee, then (a) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (b) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

(e) Eligible Successors

An entity may only be a Successor if:

- (i) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after 1 January 2014;

- (ii) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and
- (iii) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.

12 Multiple Holder Obligation

Unless “Multiple Holder Obligation” is specified to be not applicable in the relevant Issue Terms, then none of the events described in sub-paragraphs (i) to (iv) of the definition of “Restructuring” shall constitute a Restructuring unless the Obligation is a Multiple Holder Obligation, where “**Multiple Holder Obligation**” means an Obligation that (a) at the time of the event which constitutes a Restructuring Credit Event is held by more than three holders that are not Affiliates of each other and (b) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six-and two-thirds is required to consent to the event which constitutes a Restructuring Credit Event (provided that sub-paragraph (b) shall be deemed to be satisfied where the Obligation is a Bond).

13 Reference Obligation

(a) Standard Reference Obligation and Non-Standard Reference Obligation

- (i) If “Standard Reference Obligation” is specified as applicable in the relevant Issue Terms, then the Reference Obligation for the relevant Reference Entity will be the Standard Reference Obligation, which is the obligation of the relevant Reference Entity with the relevant Seniority Level specified from time to time on the SRO List published by ISDA on its website at www.isda.org from time to time (or any successor website thereto) or by a third party designated by ISDA for such purposes (if any), provided that:

- (a) if there is no Standard Reference Obligation; and
- (b) a Reference Obligation is specified in the relevant Issue Terms for the purposes of comprising a Non-Standard Reference Obligation,

the relevant Reference Obligation shall be (x) the Non-Standard Reference Obligation to but excluding the first date of publication of the Standard Reference Obligation and (y) the Standard Reference Obligation from such date onwards, provided that the Standard Reference Obligation that is published would have been eligible to be selected as a Substitute Reference Obligation.

- (ii) If “Standard Reference Obligation” is not specified as applicable in the relevant Issue Terms then the Reference Obligation(s) for the relevant Reference Entity will be each Non-Standard Reference Obligation specified in the relevant Issue Terms for such Reference Entity.

(b) Substitute Reference Obligation

- (i) If a Substitution Event has occurred with respect to a Non-Standard Reference Obligation, the Calculation Agent may identify a Substitute Reference Obligation in accordance with sub-paragraphs (iii), (iv) and (v) of this Additional CLN Condition 13(b) to replace such Non-Standard Reference Obligation; provided that the Calculation Agent will not identify an obligation as the Substitute Reference Obligation if, at the time of the determination, such obligation has already been rejected as the Substitute Reference Obligation by the relevant Credit Derivatives Determinations Committee and such obligation has not changed materially since the date of the relevant DC Resolution.

- (ii) If any of the events set forth under sub-paragraph (a) or (c) of the definition of “Substitution Event” have occurred with respect to a Non-Standard Reference Obligation, such Non-Standard Reference Obligation will cease to be the Reference Obligation (other than for purposes of the “Not Subordinated” Obligation Characteristic or “Not Subordinated” Deliverable Obligation Characteristic and sub-paragraph (iii)(B) of this Additional CLN Condition 13(b)). If the event set forth in sub-paragraph (b) of the definition of “Substitution Event” has occurred with respect to a Non-Standard Reference Obligation and no Substitute Reference Obligation is available, such Non-Standard Reference Obligation will continue to be a Reference Obligation until the Substitute Reference Obligation is identified or, if earlier, until any of the events set forth under sub-paragraph (a) or (c) of the definition of “Substitution Event” occur with respect to such Non-Standard Reference Obligation.
- (iii) The Substitute Reference Obligation shall be an obligation that on the Substitution Date:
 - (A) is a Borrowed Money obligation of the Reference Entity (either directly or as provider of a guarantee);
 - (B) satisfies the Not Subordinated Deliverable Obligation Characteristic as of the date it was issued or incurred (without reflecting any change in the priority of payment after such date) and on the Substitution Date; and
 - (C)
 - (I) if the Non-Standard Reference Obligation was a Conforming Reference Obligation when issued or incurred and immediately prior to the Substitution Event Date:
 - 1. is a Deliverable Obligation (other than a Loan) determined in accordance with sub-paragraph (a) of the definition of “Deliverable Obligation”; or if no such obligation is available; or
 - 2. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with sub-paragraph (a) of the definition of “Deliverable Obligation”;
 - (II) if the Non-Standard Reference Obligation was a Bond (or any other Borrowed Money obligation other than a Loan) which was a Non-Conforming Reference Obligation when issued or incurred and/or immediately prior to the Substitution Event Date:
 - 1. is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available,
 - 2. is a Deliverable Obligation (other than a Loan) determined in accordance with sub-paragraph (a) of the definition of “Deliverable Obligation”; or if no such obligation is available,
 - 3. is a Non-Conforming Substitute Reference Obligation which is a Loan (other than a Private-side Loan); or if no such obligation is available,
 - 4. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with sub-paragraph (a) of the definition of “Deliverable Obligation”; or
 - (III) if the Non-Standard Reference Obligation was a Loan which was a Non-Conforming Reference Obligation when incurred and/or immediately prior to the Substitution Event Date:

1. is a Non-Conforming Substitute Reference Obligation which is a Loan (other than a Private-side Loan); or if no such obligation is available,
 2. is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available,
 3. is a Deliverable Obligation (other than a Loan) determined in accordance with sub-paragraph (a) of the definition of "Deliverable Obligation"; or if no such obligation is available,
 4. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with sub-paragraph (a) of the definition of "Deliverable Obligation".
- (iv) If more than one potential Substitute Reference Obligation is identified pursuant to the process described in sub-paragraph (iii) of this Additional CLN Condition 13(b), the Substitute Reference Obligation will be the potential Substitute Reference Obligation that most closely preserves the economic equivalent of the delivery and payment obligations of the Issuer under the relevant Series, as determined by the Calculation Agent. The Calculation Agent will (if a Substitute Reference Obligation has not been identified) notify the Issuer of a Substitute Reference Obligation as soon as reasonably practicable after it has been identified in accordance with sub-paragraph (iii) of this Additional CLN Condition 13(b) and the Substitute Reference Obligation shall replace the Non-Standard Reference Obligation immediately upon such notification.
- (v) If a Substitution Event has occurred with respect to the Non-Standard Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for the Non-Standard Reference Obligation then, subject to sub-paragraph (i) of this Additional CLN Condition 13(b) and notwithstanding the fact that the Non-Standard Reference Obligation may have ceased to be the Reference Obligation in accordance with sub-paragraph (ii) of this Additional CLN Condition 13(b), the Calculation Agent may continue to attempt to identify the Substitute Reference Obligation.

(c) Reference Obligation Only Series

- (i) If the event set out in sub-paragraph (a) of the definition of "Substitution Event" occurs with respect to the Reference Obligation in a Series in respect of a Reference Entity to which "Reference Obligation Only" applies, and such Reference Obligation is the only Reference Obligation for such Reference Entity, the Applicable Proportion of the Credit Linked Notes shall be redeemed at the fair market value of the Applicable Proportion of the Credit Linked Notes determined by the Calculation Agent as at the Substitution Event Date. The Calculation Agent shall deliver to the Issuer and the Issuer (or the Issuing and Paying Agent, having been supplied by the Issuer or the Calculation Agent with a notice addressed to the Noteholders, on its behalf) shall deliver a notice in accordance with Master Condition 22 (*Notices*) to the Noteholders stating the occurrence of such Substitution Event and setting out the Early Redemption Date in respect thereof, which shall be a date not earlier than the relevant Substitution Event Date.
- (ii) Notwithstanding the definition of "Substitute Reference Obligation" (a) no Substitute Reference Obligation shall be determined in respect of the Reference Obligation for a Reference Entity to which "Reference Obligation Only" applies, and (b) if the events set out in sub-paragraph (b) or (c) of the definition of "Substitution Event" occur with respect to the Reference Obligation to which "Reference Obligation Only" applies, such Reference Obligation shall continue to be the Reference Obligation.

(d) DC Substitute Reference Obligation Resolution

Notwithstanding the provision of this Additional CLN Condition 13, the Calculation Agent may, but shall not be obliged to, select as the Substitute Reference Obligation for a Series an obligation of the relevant Reference Entity which is determined by DC Resolution to be the Substitute Reference Obligation to a Non-Standard Reference Obligation.

For the purposes of this definition of “Restructuring”, the term Obligation shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Guarantee. In the case of a Guarantee and an Underlying Obligation, references to the Reference Entity in this definition shall be deemed to refer to the Underlying Obligor and the reference to the Reference Entity in this definition of “Restructuring” shall continue to refer to the Reference Entity.

ANNEX TO THE CLN CONDITIONS PRODUCT SUPPLEMENT FREQUENTLY ASKED QUESTIONS

For the avoidance of doubt, this annex to the CLN Conditions Product Supplement shall not form part of the Additional CLN Conditions.

The questions and answers set out below highlight selected information to help prospective investors understand the Credit Linked Notes. However, any decision to invest in the Credit Linked Notes should only be made after careful consideration of the Base Prospectus and the relevant Terms and Conditions in their entirety, particularly, the terms and conditions of the Credit Linked Notes set out in the CLN Conditions Product Supplement and as amended, supplemented and varied by the relevant Issue Terms (the “**Conditions**” of the Credit Linked Notes). This section should be treated as an introduction to certain terms of the Credit Linked Notes. It is not intended to be a substitute for, nor a summary of, the Conditions of the Credit Linked Notes.

Capitalised terms in relation to the following questions and answers shall have the meaning specified in the Additional CLN Conditions.

What is the difference between the Credit Linked Notes and an ordinary debt security?

The Credit Linked Notes are similar to an ordinary debt security in that they provide the investor with a regular stream of interest payments and the return of par on maturity in the ordinary course (although bear in mind that the Issuer is a special purpose vehicle and recourse is limited to the Mortgaged Property in respect of the Notes). However, the Credit Linked Notes have the added feature not present in ordinary debt securities of an exposure to the credit of one or more Reference Entities. If a Credit Event occurs in relation to a Reference Entity, an investor may lose all or part of its investment in the Notes.

The amount of interest and principal which an investor receives will depend on whether a Credit Event occurs with respect to any Reference Entity and whether an Event Determination Date occurs as a result. If no Event Determination Date has occurred and the Calculation Agent does not believe that such an event (or a Collateral Event will occur), then the Credit Linked Notes will be redeemed at their outstanding nominal amount on the Maturity Date. If an Event Determination Date occurs, except where such event results from a Restructuring Credit Event in respect of which there is a partial exercise or where the Credit Linked Notes are Basket CLNs or Index Linked CLNs, the Notes will be redeemed early in an amount in aggregate equal to the Early Cash Redemption Amount, with no further payment of principal or interest on the Notes (see further “*What is an Event Determination Date?*” and “*What are Noteholders paid if the Notes redeem early due to the occurrence of a Credit Event?*” below). The Early Cash Redemption Amount is likely to be less than the par value of the Credit Linked Notes and may even be zero (see further “*What are Noteholders paid if the Notes redeem early due to the occurrence of a Credit Event?*” below). Interest will cease to accrue on the Credit Linked Notes (or the Applicable Proportion where they are to redeem in part) from and including the Interest Payment Date immediately preceding the Event Determination Date or, if there have not been any previous Interest Payment Dates, from and including the Issue Date.

The Early Cash Redemption Amount takes into account the Credit Event Loss Amount which is the settlement amount as a result of the Credit Event in relation to the Reference Entity. The greater the Credit Event Loss Amount in relation to the Reference Entity, the lower of the Early Cash Redemption Amount that is payable to the Noteholders in relation to the Notes.

What are Credit Linked Notes?

Credit Linked Notes are debt securities, the value of which is linked to the credit risk of one or more Reference Entities. The amount of interest and principal which investors will receive on the Credit Linked Notes is dependent on whether certain Credit Events occur in respect of any relevant Reference Entity to which the Notes are linked.

In purchasing the Credit Linked Notes, investors are assuming credit risk exposure to each Reference Entity (and possible successors thereof). A Credit Linked Note is broadly intended to give the investor access to a credit default swap referencing certain Reference Entity(ies) in funded format. Therefore, many of the features and risks applicable to a market standard credit default swap referencing the relevant Reference Entity(ies) will be equally applicable to the Credit Linked Notes.

What are Single Name CLNs?

Single Name CLNs represent an investment linked to the performance of only one Reference Entity specified in the relevant Issue Terms. If a Credit Event and a relevant Event Determination Date occurs then each Note will be redeemed in full by payment of the Early Cash Redemption Amount, being an amount calculated as an amount per Note equal to the Specified Currency equivalent of an amount equal to the greater of (i) zero and (a) the Collateral Proceeds; plus (b) the Affected Swap Gain (if any); minus (c) the Affected Swap Loss (if any); minus (d) the Credit Event Loss Amount; plus (e) where all Credit Linked Notes are being redeemed, the Swap Counterparty CSA Interest Amount.

What are Basket CLNs?

Basket CLNs represent an investment linked to the performance of a basket of Reference Entities specified in the relevant Issue Terms. The Notes are exposed to the credit risk of each Reference Entity in the basket in proportion to the weighting specified for such Reference Entity in the relevant Issue Terms. If a Credit Event and relevant Event Determination Date occurs in respect of any one of the Reference Entities in the basket then each Basket CLN will be redeemed in part, in proportion to the weighting of the affected Reference Entity, by payment of the Early Cash Redemption Amount calculated as described under “*What are Single Name CLNs?*” above. Credit Events, and therefore Credit Determination Dates, may occur with respect to more than one Reference Entity.

The Early Cash Redemption Amount will be determined by reference to the exercised portion of the Notes equal to the weighting of the affected Reference Entity.

What are Index Linked CLNs?

Index Linked CLNs represent an investment linked to the performance of an index of Reference Entities specified in the relevant Issue Terms. The Notes are exposed to the credit risk of each Reference Entity in the index in proportion to the weighting specified for such Reference Entity in the relevant Issue Terms.

If a Credit Event and relevant Event Determination Date occurs in respect of any one of the Reference Entities in the index then each Index Linked CLN will be redeemed in part, in proportion to the weighting of the affected Reference Entity, by payment of the Early Cash Redemption Amount calculated as described under “*What are Single Name CLNs?*” above. Credit Events, and therefore Credit Determination Dates, may occur with respect to more than one Reference Entity.

The Early Cash Redemption Amount will be determined by reference to the exercised portion of the Notes equal to the weighting of the affected Reference Entity.

What are Fixed Recovery Notes?

If “Fixed Recovery Redemption” is specified as applicable then, following the occurrence of a Credit Event and relevant Event Determination Date, the amount payable on redemption on the relevant Early Redemption Date shall be calculated as set out in “*What are Single Name CLNs?*”, “*What are Basket CLNs?*” and “*What are Index Linked CLNs?*” above, provided that instead of the Auction Final Price or Value of the Valuation Obligations, as the case may be, the “Fixed Recovery Percentage” set out in the relevant Issue Terms shall apply, which may be zero.

What is credit risk?

Credit risk with respect to a Reference Entity is the risk that the Reference Entity fails to perform its obligations under certain types of transactions of the Reference Entity. This is generally (but not exclusively) as a result of a deterioration in its financial condition.

For the Credit Linked Notes, the credit risk is in relation to a broad range of transactions of a Reference Entity, and extends to any borrowed money obligations of the Reference Entity. Borrowed money obligations would include any loan agreements entered into by the Reference Entity and any debt securities issued by the Reference Entity.

What is the difference between the Credit Linked Notes and a bond issued by the Reference Entity?

The Credit Linked Notes give the investor exposure to the credit risk of the Reference Entity without having to own a bond or other type of debt obligation of such Reference Entity. The Reference Entity itself is not a party to and has no direct involvement in the Credit Linked Notes and an investor will not be able to claim against the Reference Entity or Issuer for any losses it suffers from a Credit Event of the Reference Entity. Neither the Issuer nor the Swap Counterparty is obliged to hold any obligation of the Reference Entity or otherwise have credit risk exposure to the Reference Entity. In addition to the credit risk of a Reference Entity to which the Credit Linked Notes are linked, an investor will also be exposed to other credit risks in relation to, for example, the Original Collateral Obligor, the Custodian and the Swap Counterparty. Therefore, even if the Reference Entity is performing well, an investor may still suffer a loss as a result of these other credit risks.

What is ISDA?

The International Swaps and Derivatives Association, Inc. ("**ISDA**") is a trade organisation of participants in the market for over-the-counter derivatives. It is headquartered in New York, and is responsible for creating standardised contracts such as the ISDA Master Agreement and the 2014 ISDA Credit Derivatives Definitions and a wide range of related documentation, that are used to enter into derivatives transactions. Definitions, confirmations and other documents and information published by ISDA are available on ISDA's website: <http://www2.isda.org/>. Certain publications are available free of charge while others are available to subscribers of the website only.

At the date of this Base Prospectus, ISDA has over 800 member institutions from 64 countries. These members include a broad range of OTC derivatives market participants.

What is a Credit Event?

A Credit Event is, broadly speaking, an event which is regarded as being indicative of a default or material decline in the creditworthiness of the Reference Entity.

Credit Events are determined by reference to the relevant Reference Entity itself and certain eligible types of obligations of such Reference Entity which, in relation to the Notes, include loans, debt securities or other borrowed money obligations of the Reference Entity ("**Obligations**").

The Credit Events relevant to the Credit Linked Notes are any of the following events with respect to the Reference Entity, which will apply to a Credit Linked Note if specified or elected by reference to a specified transaction type in the relevant Issue Terms:

- (a) **Failure to Pay:** a failure by the Reference Entity to pay amounts when due under its Obligations, where the failure to pay relates to an amount greater than a pre-determined minimum amount;
- (b) **Bankruptcy:** a bankruptcy or insolvency procedure in respect of the Reference Entity;
- (c) **Restructuring:** a restructuring of an Obligation of the Reference Entity which amends key terms of that Obligation as to repayment of principal or payment of interest thereunder;

- (d) **Obligation Acceleration:** the acceleration of an Obligation of the Reference Entity before it would otherwise be due and payable in respect of a pre-determined minimum amount;
- (e) **Obligation Default:** an Obligation of the Reference Entity in respect of a pre-determined minimum amount becomes capable of being declared due and payable before it would otherwise be due and payable;
- (f) **Repudiation/Moratorium:** the Reference Entity repudiates an Obligation in respect of a pre-determined minimum amount or imposes a moratorium in respect of an Obligation in respect of such minimum amount and a failure to pay under such obligation subsequently occurs within a specified time period; or
- (g) **Governmental Intervention:** an event which would result in the reduction or deferral of payment of principal or interest or change in ranking of priority in, an expropriation of or the mandatory cancellation of an Obligation as the result of an action taken or announcement made by a Governmental Authority.

When does a Credit Event need to occur to affect the payout on the Notes?

If a relevant Credit Derivatives Determinations Committee resolves that a Credit Event has occurred in relation to any Reference Entity or an Obligation thereof (see further “*What are the Credit Derivatives Determinations Committees and how do they affect the Notes?*” below), such Credit Event must have occurred during the period from and including the date that is 60 calendar days prior to the date on which it first received a request to resolve whether or not such Credit Event has occurred (the “**Credit Event Resolution Request Date**”) to and including the Scheduled Maturity Date (subject to extension in certain circumstances). Whereas, if the Calculation Agent determines that a Credit Event has occurred in relation to any Reference Entity or an Obligation thereof and delivers a Credit Event Notice to the Issuer to that effect, when the CDDC is not going to consider the same, such Credit Event must have occurred during the period from 60 calendar days prior to the earlier of the effective delivery date of such Credit Event Notice and the Credit Event Resolution Request Date (subject to extension in certain circumstances).

Can a Credit Event occur prior to the Issue Date?

Yes. A Credit Event may occur prior to the Issue Date of the Notes and may even occur prior to the Trade Date specified in the applicable Issue Terms.

Noteholders should conduct their own review of any recent developments with respect to the Reference Entity by consulting publicly available information. If a request has been delivered to ISDA prior to the Trade Date to determine whether a Credit Event has occurred with respect to the Reference Entity, details of such request may be found on the ISDA website at <http://dc.isda.org/>.

What is an Event Determination Date?

In order for Notes to be redeemed following a Credit Event, it is necessary for a relevant Event Determination Date to have occurred. Depending on the circumstances, this may be the date on which a notice describing the occurrence of the Credit Event has been delivered (together with, if applicable, a notice containing publicly available information confirming the occurrence of the Credit Event), or the date on which, amongst other things, it is publicly announced that a Credit Derivatives Determinations Committee will be convened to determine if a certain Credit Event has occurred.

Can an Event Determination Date only occur if a Credit Derivatives Determinations Committee determines that one has occurred?

No. The Calculation Agent may also deliver a Credit Event Notice to the Issuer in relation to the Credit Event triggering an Event Determination Date. Such notice may be delivered at any time within the Notice Delivery Period including where a Credit Derivatives Determinations Committee has not resolved that a Credit Event has occurred.

What are Noteholders paid if the Notes redeem early due to the occurrence of a Credit Event?

If the Credit Linked Notes redeem early due to the occurrence of a Credit Event, Noteholders will be paid their *pro rata* share of the Early Cash Redemption Amount.

The Early Cash Redemption Amount where Notes redeem early due to the occurrence of a Credit Event is an amount determined with respect to the Notes in the Specified Currency, by the Calculation Agent equal to (a) the Collateral Proceeds, plus (b) the Affected Swap Gain in relation to the Swap Agreement (if any), minus (c) the Affected Swap Loss in relation to the Swap Agreement (if any), minus (d) the Credit Event Loss Amount (if any) and plus (e) where all Credit Linked Notes are being redeemed, any interest amount to be transferred to the Issuer by the Swap Counterparty in respect of the cash balance from time to time (if any) within the Issuer's Credit Support Balance.

The Affected Swap Gain or Affected Swap Loss (as applicable) reflects the market value of the Swap Agreement, as determined by the Calculation Agent acting in a commercially reasonable manner. Where the applicable Issue Terms specify that Classes apply, the Affected Swap Gain or Affected Swap Loss in respect of each Class of Notes will be valued separately in the Base Currency for such Class.

What are Noteholders paid if the Notes redeem early for reasons other than the occurrence of a Credit Event?

The Early Cash Redemption Amount where the Notes redeem for reasons other than the occurrence of a Credit Event is an amount determined with respect to the Notes in the Specified Currency, by the Calculation Agent equal to (a) the Collateral Proceeds, plus (b) the portion of any Termination Payment in respect of the Swap Agreement that is payable to the Issuer by the Swap Counterparty and is, where the applicable Issue Terms specify that Classes apply, attributable to such Class of Notes being redeemed, minus (c) the portion of any Termination Payment in respect of the Swap Agreement that is payable by the Issuer to the Swap Counterparty and is, where the applicable Issue Terms specify that Classes apply, attributable to such Class of Notes being redeemed, plus (d) where all Credit Linked Notes are being redeemed any interest amount to be transferred to the Issuer by the Swap Counterparty in respect of the cash balance from time to time (if any) within the Issuer's Credit Support Balance. Each of limbs (b), (c) and (d) will be subject to the determination by the Calculation Agent, acting in a commercially reasonable manner, as to what portion or amount is attributable to the Swap Transaction relating to each Class of Notes being redeemed.

The Termination Payment payable to the Issuer from the Swap Counterparty, or from the Issuer to the Swap Counterparty, represents an aggregated amount due under the Swap Agreement following an early termination of the same.

What is the Credit Event Loss Amount?

The Credit Event Loss Amount is the settlement amount calculated in relation to a Credit Event with respect to any Reference Entity and such amount is taken into account in calculating the Early Cash Redemption Amount that is payable to the Noteholders on an early redemption of the Notes following the occurrence of a Credit Event.

The Credit Event Loss Amount is determined based on the price of certain eligible obligations ("**Valuation Obligations**") of the Reference Entity on a specified date following the occurrence of a Credit Event with respect to such Reference Entity. With respect to the Credit Linked Notes, the eligible obligations shall be one or more obligations, as selected by the Calculation Agent, that are either a Reference Obligation and/or would constitute a Deliverable Obligation as at the particular observation time in accordance with elections made in the relevant Issue Terms. The price of such eligible obligations may be determined either by an Auction or, where Cash Settlement applies, on the basis of bid quotations received by the Calculation Agent from third party dealers.

How is the Credit Event Loss Amount determined if Auction Redemption applies?

Unless the Calculation Agent determines that Auction Redemption would not apply for certain specified reasons, the Credit Event Loss Amount will be determined by reference to a price determined by way of a credit derivatives auction sponsored by ISDA (an “**Auction**”). The Auction will involve a bidding process by institutions participating in the relevant Auction, pursuant to a bidding procedure set by ISDA, to establish the value of the eligible obligations (the “**Deliverable Obligations**”) of the relevant Reference Entity. Credit Suisse International may act as a participating bidder in any such Auction and may submit bids and offers with respect to the Deliverable Obligations of the Reference Entity.

Deliverable Obligations mean obligations of the Reference Entity which satisfy certain specified “Deliverable Obligation Categories” and “Deliverable Obligation Characteristics”.

If Auction Redemption applies, the Credit Event Loss Amount will be equal to the product of (1) the applicable proportion of the Notes being redeemed and (2) 100 per cent. minus the price (expressed as a percentage) determined through the Auction for certain obligations of such Reference Entity.

The auction price is likely to be lower than the par value of the Deliverable Obligations of the Reference Entity and will be reflective of a loss experienced by the holder of such Deliverable Obligations. Moreover, the price is likely to reflect the lowest prevailing market value of any Deliverable Obligation. The lower the auction price, the greater the Credit Event Loss Amount which gets paid to the Swap Counterparty and thus the smaller the Early Cash Redemption Amount paid to Noteholders on an early redemption of the Notes.

How is the Credit Event Loss Amount determined if Auction Redemption does not apply?

If the Calculation Agent determines that Cash Redemption will apply, the Credit Event Loss Amount will be determined on the basis of the bid quotations sought by the Calculation Agent from third party dealers for the eligible obligations of the relevant Reference Entity selected by the Calculation Agent and satisfying certain specified obligation categories and obligation characteristics (such obligations being the Valuation Obligations). However, if no quotations are obtained, the Calculation Agent will determine the final price acting in a commercially reasonable manner. The Issuer will be entitled to select the cheapest Valuation Obligations for valuation. This could increase the Credit Event Loss Amount and, as a result, reduce the Early Cash Redemption Amount payable to Noteholders on an early redemption.

If Cash Redemption applies, the Credit Event Loss Amount will be equal to the product of (1) the applicable proportion of the Notes being redeemed and (2) 100 per cent. minus the price (expressed as a percentage) determined on the basis of such bid quotations sought by the Calculation Agent from third party dealers for the Valuation Obligations (or determined by the Calculation Agent if two or fewer quotations are obtained).

How much will Noteholders receive if the Notes are partially redeemed following a Restructuring Credit Event?

If a Restructuring Credit Event occurs with respect to the Notes, and it constitutes an M(M)R Restructuring as elected in the Issue Terms, the Swap Counterparty may elect to trigger a partial redemption of the Notes in respect thereof. The Swap Counterparty has sole discretion to decide whether it will exercise a partial redemption of such Notes. The Early Cash Redemption Amount payable to Noteholders will reflect such partial redemption of the Credit Linked Notes.

What if a Restructuring Credit Event occurs and there is no outstanding Original Collateral?

Where there is a Restructuring Credit Event and the Swap Counterparty has elected to trigger a partial redemption of the Notes but there is no Original Collateral standing to the credit of the Custody Account, a Liquidation shall not occur. The Aggregate Outstanding Principal Amount of the Notes shall be deemed to have been reduced by the Exercise Amount, the Swap Transaction will partially redeem, and an adjustment will be made to reflect the payments under the Credit Default Swap.

How much will Noteholders receive if the Notes are not redeemed early?

If no Event Determination Date has occurred, and provided that the Notes are not otherwise redeemed early, repurchased or cancelled (see further “*When may the Issuer redeem the Credit Linked Notes early?*” below), each Credit Linked Note will be redeemed on the Maturity Date (which may in certain circumstances have been extended) at its Final Redemption Amount, which, in such circumstances, will be an amount equal to par.

May Noteholders elect to redeem their Credit Linked Notes early?

The Noteholders do not have a right to require the Issuer to redeem their Notes early. The Dealer may, but is not obligated to, purchase the Notes at any time in the open market or by tender or private treaty.

When may the Issuer redeem the Credit Linked Notes early?

The Issuer may redeem the Notes early if (i) an Event Determination Date occurs (other than where the Credit Linked Notes are Basket CLNs or Index Linked CLNs or where such Credit Event Determination Date has occurred as a result of a Restructuring Credit Event and the Swap Counterparty selects an Exercise Amount which is less than 100 per cent., in which case an amount of Credit Linked Notes equal to the Reference Entity Notional Amount or Exercised Amount will be redeemed), (ii) a Collateral Event occurs with respect to any Original Collateral, (iii) a Trigger Event occurs, (iv) certain Regulatory Events occur, (v) certain tax events occur with respect to the Notes or the Original Collateral, (vi) the Swap Agreement is terminated early, (vii) certain events occur which make it unlawful for the Issuer to perform certain obligations, comply with material provisions of agreements entered into in connection with the Notes or hold Original Collateral or (viii) certain Events of Default occur.

What interest payments will Noteholders receive after the occurrence of a Credit Event?

If an early redemption event occurs, Interest shall cease to accrue on the Credit Linked Notes being redeemed from and including the Interest Payment Date preceding such occurrence of the early redemption event or, (if no such Interest Payment Date exists), the Issue Date.

How do changes in share prices of any Reference Entity affect the value of the Notes?

Taking credit risk on the Reference Entity by purchasing Notes is different from taking equity risk by investing in shares of the Reference Entity. There are a number of reasons for this. For example:

- (a) credit derivatives reference debt obligations of the Reference Entity, and a Reference Entity must generally pay amounts due to the creditors on these debt obligations before paying dividends or capital to shareholders;
- (b) the obligations of the Reference Entity referenced by the Notes consist of bonds and other debt; holders of this type of debt will generally rank ahead of holders of ordinary shares in the insolvency of a Reference Entity, and so may have (but are not guaranteed) a higher rate of recovery of moneys due to them;
- (c) because the Notes reference these debt obligations, the market value of the Notes is related to (although not necessarily equal to) the value of these debt obligations; and
- (d) there is no direct link between share prices and the value of the Notes.

However, in some circumstances, change in the share price of the Reference Entity may result in or from, at a general level, a change in the market value of its debt and vice versa.

What is the Applicable Proportion?

The Applicable Proportion for determining the amount payable on redemption or partial redemption of a Credit Linked Note following the occurrence of a Credit Event will be (a) if the Credit Linked Note is a Single Name CLN and redemption is not as a result of an M(M)R Restructuring Credit Event, 100 per cent. of the Specified Denomination, (b) if the Credit Linked Note is a Basket CLN or an Index Linked CLN and redemption is not as a result of an M(M)R Restructuring Credit Event, an amount equal to the

product of the percentage weighting specified for the affected Reference Entity and the Specified Denomination, or (c) if the Credit Event is an “M(M)R Restructuring Credit Event”, an amount equal to the relevant Exercise Amount specified in the relevant Credit Event Notice divided by the Aggregate Nominal Amount of the Credit Linked Notes as at the Issue Date.

What are the Financial Reference Entity Terms?

Where the Reference Obligation is a senior obligation and, if “Financial Reference Entity Terms” has been specified as applicable, if a Credit Event would only affect the subordinated obligations of the relevant obligor, a Credit Event will not be triggered in respect of such senior obligation.

What is Asset Package Delivery?

If (a) a Restructuring Credit Event (which does not constitute a Governmental Intervention) or a Governmental Intervention Credit Event occurs with respect to such senior obligation, or (b) a Restructuring Credit Event occurs with respect to a Sovereign, such a Credit Event will constitute an “Asset Package Credit Event”. In those circumstances, (unless, in respect of a Sovereign Reference Entity, Asset Package Delivery has been specified not to apply in the relevant Issue Terms), the obligations or assets used to determine the Final Auction Price or Value of the Valuation Obligations, as the case may be, (i.e. the “Asset Package”) will be those assets received or retained by a Relevant Holder after the relevant Credit Event by reference to:

- (i) in respect of (a) above, either an obligation of the Reference Entity which existed immediately prior to the Asset Package Credit Event which would have constituted a Deliverable Obligation, or the Reference Obligation (i.e. a “Prior Deliverable Obligation”); or
- (ii) in respect of (b) above, a benchmark obligation of the relevant Sovereign identified as such by ISDA and published on its website which immediately prior to the Asset Package Credit Event would have constituted a Deliverable Obligation (i.e. a “Package Observable Bond”).

What are the Credit Derivatives Determinations Committees and how do they affect the Notes?

The Credit Derivatives Determinations Committees were established by ISDA in March 2009 to make determinations that are relevant to the majority of the credit derivatives market and to promote transparency and consistency.

Prospective Noteholders should note that a Credit Derivatives Determinations Committee has the power to make binding decisions which the Calculation Agent may determine are applicable for the purposes of the Notes on critical issues, including:

- (a) the occurrence of a Credit Event and Credit Event Determination Date;
- (b) whether one or more Auctions will be held in respect of the Reference Entity for which a Credit Event has occurred and the price determined in such Auction;
- (c) if one or more Auctions is to be held, what Deliverable Obligations of the Reference Entity will be used for the purposes of determining the price for each such Auction; and
- (d) the occurrence of a “Succession Event” and the identity of any “Successors”.

Consequently, Noteholders will be bound by any such relevant decisions determined to be applicable to the Notes and the payments on the Notes and the timing of any such payments may be affected by such decisions or determinations. Questions referred to the Credit Derivatives Determinations Committee and the results of binding votes will be published on <http://www2.isda.org/>.

The Credit Derivatives Determinations Committees are regional and there is a Credit Derivatives Determinations Committee for each of the following five regions: the Americas, Asia (excluding Japan), Australia and New Zealand, Europe, the Middle East and Africa and Japan. The Credit Derivatives Determinations Committees which are relevant for the Notes will be the one constituted for Europe.

The proceedings of each Credit Derivatives Determinations Committee will be governed by rules published from time to time by ISDA. A copy of such rules is available as at the date of this Issue Memorandum free of charge at <http://www2.isda.org/>.

Each Credit Derivatives Determinations Committee is composed of fifteen voting members and three non-voting consultative members. Ten of the voting members are dealer institutions, with eight serving across all regions and two potentially varying by region. The other five voting members are non-dealer institutions that serve across all regions. The three non-voting consultative members consist of one dealer institution and one non-dealer institution that serve across all regions and one dealer institution that could potentially vary by region.

As at the date of this Base Prospectus, Credit Suisse International and certain of its affiliates are members of one or more Credit Derivatives Determinations Committee.

Is it possible to change a Reference Entity?

The Reference Entity may not be changed unless a “Successor” determination has been made with respect to the Reference Entity on or after the “Successor Backstop Date” (or, in the case of a “Universal Successor”, on or after 1 January 2014).

A “Universal Successor” means, with respect to any Reference Entity, the single entity which assumes all of the obligations (including at least one relevant bond or loan) of the Reference Entity and at the time of the determination either (A) the Reference Entity has ceased to exist, or (B) the Reference Entity is in the process of being dissolved (however described) and the Reference Entity has not issued or incurred any borrowed money obligation at any time since the legally effective date of the assumption.

What is a “Successor” to the Reference Entity and how can succession affect the Notes?

If the DC Secretary publicly announces that a Credit Derivatives Determinations Committee has resolved that a different entity or entities has or have become successor(s) to the original Reference Entity to which the Notes are linked, then such entity may be identified as a “Successor” to the original Reference Entity. The Calculation Agent under the Swap Agreement (being Credit Suisse International) may also, following a Succession Event, identify an entity or entities as a successor(s) to the original Reference Entity.

The identity of the original Reference Entity will be treated as having been amended accordingly for the purposes of the Notes so that, following the determination or announcement of a “Successor”, the Notes will be linked to the credit risk of the Successor. The credit risk associated with a Successor or Successors may be different from and could be greater than the credit risk associated with the original Reference Entity.

The events which may lead to the determination or announcement of a Successor may occur at any time from and including the “Successor Backstop Date” (or, in the case of a “Universal Successor”, on or after 1 January 2014), which is a rolling date that is:

- (a) if a Credit Derivatives Determinations Committee receives a request to resolve whether or not there is one or more Successors to the Reference Entity, 90 calendar days prior to the date of such request (regardless of whether the Credit Derivatives Determinations Committee resolves to determine such matter or not); or
- (b) otherwise, 90 calendar days prior to the date on which notice of the occurrence of a succession is delivered by the Calculation Agent under the Swap Agreement to the Issuer and the Swap Counterparty under the Swap Agreement.

Can a succession occur prior to the Issue Date?

Yes. A succession may occur prior to the Issue Date of the Credit Linked Notes and may even occur prior to the Trade Date specified in the applicable Issue Terms. The Successor Backstop Date may fall prior to the Trade Date and accordingly a succession may occur prior to the Trade Date.

Noteholders should conduct their own review of any recent developments with respect to the Reference Entity by consulting publicly available information. If a request has been delivered to convene a Credit Derivatives Determinations Committee prior to the Trade Date to determine whether a succession has occurred with respect to the Reference Entity, details of such request may be found on the ISDA website <http://dc.isda.org/>.

COLLATERAL BASKET PRODUCT SUPPLEMENT

1 Incorporation and Interpretation

(a) Applicable Product Supplement

This Product Supplement is the “**Collateral Basket Product Supplement**”. If the applicable Issue Terms specify that this Collateral Basket Product Supplement is an Applicable Product Supplement:

- (i) the Notes shall be “Collateral Basket Notes”;
- (ii) the terms and conditions of the Notes shall be the Master Conditions, as amended and supplemented by the additional conditions comprising this Collateral Basket Product Supplement (the “**Additional Collateral Basket Conditions**”), as further amended and supplemented by the applicable Issue Terms.

This Collateral Basket Product Supplement shall not apply to Notes issued by way of Final Terms.

Other than with respect to Master Condition 17 (*Limited Recourse and Non-Petition*), to the extent of any inconsistency between (i) the Master Conditions and the Additional Collateral Basket Conditions, the Additional Collateral Basket Conditions will prevail; (ii) the Master Conditions and the applicable Issue Terms, the Issue Terms will prevail; and (iii) the Additional Collateral Basket Conditions and the applicable Issue Terms, the Issue Terms will prevail.

(b) Defined Terms

Capitalised terms used but not defined in this Collateral Basket Product Supplement shall have the meanings given to them in the Master Conditions or the applicable Issue Terms. In addition, the following expressions shall have the following meanings in relation to this Collateral Basket Product Supplement:

“**Aggregate Post-Collateral Event Amount**” means the aggregate of the Post-Collateral Event Amounts for each Affected Collateral Component.

“**Cash Redemption Date**” means:

- (i) in relation to any Programme Event, the day falling five Reference Business Days after the Programme Event Valuation Date;
- (ii) in relation to any Collateral Event, where the applicable Issue Terms specify that the Collateral Event Noteholder Payment Option is “Interim Payment”, the day falling five Reference Business Days after the Collateral Event Valuation Date; and
- (iii) in relation to any Collateral Event, where the applicable Issue Terms specify that the Collateral Event Noteholder Payment Option is “Final Payment”:
 - (a) where a Collateral Event occurs in respect of the sole outstanding Collateral Component, the day falling five Reference Business Days after the relevant Collateral Event Valuation Date; and
 - (b) otherwise, the Maturity Date.

“**Class Currency**” means, where Classes apply and the Classes are denominated in more than one currency, such currency as is determined by the Calculation Agent to apply for the purposes of the Series of Notes as a whole, and any Classes not denominated in such currency shall be converted into the Class Currency at a rate determined by the Calculation Agent to be representative of the spot foreign exchange rates prevailing for sale of the relevant non-Class Currency and purchase of the Class Currency.

“Collateral Component” means each asset comprising the Original Collateral, as set out in the applicable Issue Terms.

“Outstanding Principal Percentage” means, in respect of any day, the sum of the Weightings of each Collateral Component.

“Initial Principal Amount” means the Aggregate Nominal Amount of the Notes specified as such in the applicable Issue Terms as at the Issue Date.

“Partial Swap Gain” means (i) where the Partial Swap Value would be payable to the Issuer, the absolute value of the Partial Swap Value, or (ii) otherwise, zero.

“Partial Swap Loss” means (i) where the Partial Swap Value would be payable to the Swap Counterparty, the absolute value of the Partial Swap Value, or (ii) otherwise, zero.

“Partial Swap Value” means, for the purposes of the relevant Valuation Date, an amount determined by the Calculation Agent in the Specified Currency of the Notes or the Class Currency of the Notes, as applicable, equal to the Early Termination Amount (as defined in the Swap Agreement) of the Swap Agreement (but excluding any Unpaid Amounts relating to the Credit Support Balance of either the Issuer or the Swap Counterparty under the Credit Support Annex) that would be payable by the Issuer to the Swap Counterparty or by the Swap Counterparty to the Issuer under the Swap Agreement upon a termination of the Swap Agreement on the relevant Valuation Date. Such Early Termination Date shall be determined on the basis that:

- (i) the Swap Counterparty is not the Affected Party;
- (ii) the Base Currency is Specified Currency of the Notes or the Class Currency of the Notes, as applicable;
- (iii) the Swap Transaction is deemed to relate to (a) a nominal amount of Notes equal to the product of the Initial Principal Amount of the Notes and the Weighting of the relevant Collateral Component (adjusted to reflect any prior redemptions, purchases and/or cancellations of the Notes) and (b) the nominal amount of the relevant Collateral Component only;
- (iv) the Swap Counterparty’s claim to any Early Termination Amount payable to the Issuer shall be limited to the prevailing market value of the Mortgaged Property at that time that corresponds to the relevant Collateral Component;
- (v) the Calculation Agent is the Determining Party and Section 6(e)(ii)(1) of the Swap Agreement applies but without reference to Section 6(e)(ii)(3) thereof.

“Post-Collateral Event Amount” means, for the purposes of a Collateral Event Valuation Date, an amount denominated in the Specified Currency of the Notes or the Class Currency of the Notes, as applicable, calculated by the Calculation Agent equal to the greater of:

- (i) zero; and
- (ii)
 - (a) the Post- Event Value of the Original Collateral; plus
 - (b) the Partial Swap Gain (if any) in respect of the Affected Collateral Component; minus
 - (c) the Partial Swap Loss (if any) in respect of the Affected Collateral Component; plus
 - (d) where no Notes shall be outstanding following the partial redemption, the Swap Counterparty CSA Interest Amount (if any).

“Post-Event Amount” means, for the purposes of a Programme Event Valuation Date, an amount denominated in Specified Currency of the Notes or the Class Currency of the Notes, as applicable, calculated by the Calculation Agent equal to the greater of:

 - (b) the Programme Event Swap Gain (if any); minus
 - (c) the Programme Event Swap Loss (if any); plus
 - (d) the Swap Counterparty CSA Interest Amount (if any).

“Post-Event Value of the Original Collateral” means:

- (i) for the purposes of a Collateral Event Valuation Date, the Value of the Affected Collateral Component; and

in each case determined in accordance with paragraph 2(f) of these Additional Collateral Basket conditions.

“Programme Event Swap Gain” means (i) where the Programme Event Swap Value would be positive (and therefore payable to the Issuer), the absolute value of the Programme Event Swap Value, or (ii) otherwise, zero.

“Programme Event Swap Loss” means (i) where the Programme Event Swap Value would be negative (and therefore payable to the Swap Counterparty), the absolute value of the Programme Event Swap Value, or (ii) otherwise, zero.

“Programme Event Swap Value” means, for the purposes of a Programme Event Valuation Date, an amount determined by the Calculation Agent in Specified Currency of the Notes or the Class Currency of the Notes, as applicable, equal to the

- (i) the sum of all Partial Swap Gains; minus
- (ii) the sum of the absolute value of all Partial Swap Losses,

where such Partial Swap Gains and Partial Swap Losses shall be determined separately in respect of each Collateral Component then comprising the Original Collateral at the Programme Event Valuation Date.

“Weighting” means the percentage weighting in respect of a Collateral Component as specified in the applicable Issue Terms; and **“Weightings”** shall be construed accordingly.

“Valuation Date” means any of the Collateral Event Valuation Date or the Programme Event Valuation Date, as applicable.

“Value” has the meaning given to it in paragraph 2(f)(*Determination of Value*) below.

2 Amendments to Master Conditions

(a) Interest

Master Condition 7(f) (*Interest Payable*) shall be amended such that the amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be

equal to the product of (i) the Rate of Interest, (ii) the Calculation Amount, (iii) the Outstanding Principal Percentage as at the last day of such Interest Accrual Period and (iv) the Day Count Fraction for such Interest Accrual Period.

(b) Non-application of Master Condition 8(c) (*Redemption following a Collateral Event*)

Master Condition 8(c) (*Redemption following a Collateral Event*) shall not apply to the Notes and references to such Master Condition throughout shall be ignored.

(c) Early Redemption Event: Early Redemption in Part following a Collateral Event

The following Additional Redemption Event shall apply to the Notes for the purposes of Master Condition 8(j) (*Redemption following an Additional Redemption Event*):

“Redemption in Part following a Collateral Event

Provided that no Early Redemption Commencement Date or Early Redemption Date has occurred pursuant to any other Condition (ignoring, for the avoidance of doubt, any Early Redemption Commencement Date that has occurred as a result of a different Collateral Component becoming an Affected Collateral Component), if the Calculation Agent determines that a Collateral Event has occurred with respect to any Collateral Component (such Collateral Component, an **“Affected Collateral Component”**) and gives notice of such determination (including a description in reasonable detail of the facts relevant to such determination) to the Issuer (copied to the Issuing and Paying Agent, the Trustee and the Swap Counterparty) pursuant to the Swap Agreement (the date of such determination being the **“Collateral Event Determination Date”**), then:

- (i) the Outstanding Principal Percentage shall decrease to reflect such Affected Collateral Component so that Interest Amounts payable on any subsequent Interest Payment Date (if any) shall be determined on the basis of a reduced nominal amount;
- (ii) within five Reference Business Days following the Collateral Event Determination Date, the Issuer (or the Issuing and Paying Agent on its behalf) will give an Early Redemption Notice (which shall relate solely to the portion of the Notes being partially redeemed in accordance with this Additional Collateral Basket Condition and the Conditions shall be construed accordingly) to the Noteholders of the determination of the Collateral Event (the date of such notice to the Noteholders being the **“Early Redemption Commencement Date”**), including a description in reasonable detail of the facts relevant to such determination, by forwarding with such Early Redemption Notice a copy of the notice delivered by the Calculation Agent with respect to the Collateral Event Determination Date or the information provided therein;
- (iii) the Post-Event Value of the Original Collateral and the Partial Swap Value in respect of the Affected Collateral Component shall be determined on a Reference Business Day falling within 15 Reference Business Days of the Early Redemption Commencement Date (the date on which all such values are determined, the **“Collateral Event Valuation Date”**);
- (iv) each Note will be partially redeemed (or, where the Collateral Event occurs in respect of the sole outstanding Collateral Component, redeemed in whole) on the Cash Redemption Date by payment to each Noteholder of its Early Cash Redemption Amount, irrespective of whether the relevant Collateral Event is continuing; and
- (v) the outstanding nominal amount of each Note shall be reduced by an amount equal to the product of (X) the Weighting of the Affected Collateral Component and (Y) the Specified Denomination of such Note, for all purposes with effect from the relevant Cash Redemption Date, unless payment of the relevant Early Cash Redemption Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Early Cash Redemption Amount.

For such purposes:

- (I) this Additional Collateral Basket Condition 2(c) shall be deemed to constitute part of Master Condition 8 (*Redemption and Purchase*) for the purposes of the definition of Early Redemption Notice and such definition shall be construed so as to also refer to this Additional Collateral Basket Condition 2(c) immediately after the reference to Master Condition 8(m) (*Redemption of All Classes Following an Enforcement Notice in Respect of Certain Class(es) of Notes Only*) therein;
- (II) Master Condition 8(u) (*Effect of Redemption, Purchase and Cancellation*) shall be construed so as to also refer to this Additional Collateral Basket Condition 2(c) immediately after the reference to Master Condition 8(m) (*Redemption of All Classes Following an Enforcement Notice in Respect of Certain Class(es) of Notes Only*) in both the first and second sentence thereof;
- (III) Where the applicable Issue Terms specify that the Collateral Event Noteholder Payment Option is “Interim Payment”, the definition of “Early Cash Redemption Amount” in Master Condition 1(a) (*Definitions*) shall be deleted in its entirety and replaced with:

“**Early Cash Redemption Amount**” means, in respect of each Note outstanding on the relevant Early Redemption Date, the amount specified as such in the applicable Issue Terms (or the amount determined in accordance with the formula or method for determining such amount specified therein) or, if no such amount is specified in the applicable Issue Terms:

- (i) subject to sub-paragraph (iii) below, where the Notes are redeemed early pursuant to any of Master Condition 8(d) (*Redemption for Taxation Reasons*), Master Condition 8(e) (*Redemption following a Trigger Event*), Master Condition 8(f) (*Redemption for Termination of Swap Agreement*) (save where the Swap Termination Event has occurred as a result of an Event of Default under the Swap Agreement in respect of either the Issuer or the Swap Counterparty), Master Condition 8(h) (*Redemption Following an Illegality Event*), Master Condition 8(i) (*Redemption following a Regulatory Event*) or Master Condition 8(k) (*Redemption Following the Occurrence of an Event of Default*), an amount per Note equal to that Note’s pro rata share of the Post-Event Amount;
 - (ii) where the Notes are partially redeemed early (or, where the Collateral Event occurs in respect of the sole outstanding Collateral Component, redeemed in whole early) pursuant to Additional Collateral Basket Condition 2(c) (*Redemption in part following a Collateral Event*), an amount per Note equal to that Note’s pro rata share of the Post-Collateral Event Amount;
 - (iii) where the Notes are redeemed early pursuant to Master Condition 8(g) (*Redemption for a Counterparty Bankruptcy Credit Event*) or Master Condition 8(f) (*Redemption for Termination of Swap Agreement*) (where the Swap Termination Event has occurred as a result of an Event of Default under the Swap Agreement in respect of either the Issuer or the Swap Counterparty), the Early Cash Redemption Amount shall be determined in accordance with sub-paragraph (i) of that definition contained in Master Condition 1(a) (where the applicable Issue Terms do not specify that Classes apply) or sub-paragraph (iii) (where the applicable Issue Terms specify that Classes apply).”
- (IV) Where the applicable Issue Terms specify that the Collateral Event Noteholder Payment Option is “Final Payment”:

- (i) the definition of “Early Cash Redemption Amount” in Master Condition 1(a) (*Definitions*) shall be deleted in its entirety and replaced with:

“**Early Cash Redemption Amount**” means, in respect of each Note outstanding on the relevant Early Redemption Date, the amount specified as such in the applicable Issue Terms (or the amount determined in accordance with the formula or method for determining such amount specified therein) or, if no such amount is specified in the applicable Issue Terms:

- (i) subject to sub-paragraph (iii) below, where the Notes are redeemed early pursuant to any of Master Condition 8(d) (*Redemption for Taxation Reasons*), Master Condition 8(e) (*Redemption following a Trigger Event*), Master Condition 8(f) (*Redemption for Termination of Swap Agreement*) (save where the Swap Termination Event has occurred as a result of an Event of Default under the Swap Agreement in respect of either the Issuer or the Swap Counterparty), Master Condition 8(h) (*Redemption Following an Illegality Event*), Master Condition 8(i) (*Redemption following a Regulatory Event*) or Master Condition 8(k) (*Redemption Following the Occurrence of an Event of Default*), an amount per Note equal to that Note’s pro rata share of the Post-Event Amount;
- (ii) where the Collateral Event occurs in respect of the sole outstanding Collateral Component and the Notes are redeemed early pursuant to Additional Collateral Basket Condition 2(c) (*Redemption in part following a Collateral Event*), an amount per Note equal to that Note’s pro rata share of the Aggregate Post-Collateral Event Amount;
- (iii) (where the Notes are redeemed early pursuant to Master Condition 8(g) (*Redemption for a Counterparty Bankruptcy Credit Event*) or Master Condition 8(f) (*Redemption for Termination of Swap Agreement*) (where the Swap Termination Event has occurred as a result of an Event of Default under the Swap Agreement in respect of either the Issuer or the Swap Counterparty), the Early Cash Redemption Amount shall be determined in accordance with sub-paragraph (i) of that definition contained in Master Condition 1(a) (where the applicable Issue Terms do not specify that Classes apply) or sub-paragraph (iii) (where the applicable Issue Terms specify that Classes apply).”; and
- (iv) the definition of “Final Redemption Amount” in Master Condition 1(a) (*Definitions*) shall be deleted in its entirety and replaced with:
- “**Final Redemption Amount**” means, in respect of each Note, that Note’s pro rata share of the sum of:
- (a) the Initial Principal Amount of the Notes;
- (b) the Aggregate Post-Collateral Event Amount; and
- (c) the Swap Counterparty CSA Interest Amount (if any).”.

(d) Alternative Early Redemption

Notwithstanding Master Conditions 8(d) (*Redemption for Taxation Reasons*), 8(c) (*Redemption following a Trigger Event*), 8(f) (*Redemption for Termination of Swap Agreement*), 8(h) (*Redemption Following an Illegality Event*), 8(i) (*Redemption following a Regulatory Event*) or 8(k)

(*Redemption Following the Occurrence of an Event of Default*) (each, a “**Programme Event**” and together, the “**Programme Events**”), Additional Collateral Basket Condition 2(c) (*Redemption in part following a Collateral Event*) above or Condition 1(a) (*Definitions*), but subject always to Additional Collateral Basket Condition 2(e) (*Liquidation Fallback*) below, the occurrence of an Early Redemption Commencement Date in respect of any of the Programme Events or Additional Collateral Basket Condition 2(c) (*Redemption in part following a Collateral Event*) above shall not constitute a Liquidation Event for the purposes of Master Condition 13 (*Liquidation*) and the following shall apply to the redemption of the Notes:

- (i) if an Early Redemption Commencement Date occurs in respect of any of the Programme Events:
 - (a) the Post-Event Value of the Original Collateral and the Programme Event Swap Value shall be determined:
 - (i) in the case of a Programme Event which occurs pursuant to Conditions 8(d) (*Redemption for Taxation Reasons*), 8(e) (*Redemption following a Trigger Event*), 8(f) (*Redemption for Termination of Swap Agreement*), 8(i) (*Redemption following a Regulatory Event*) and 8(h) (*Redemption Following an Illegality Event*), as soon as reasonably practicable following the determination by the Issuer or the Calculation Agent acting on its behalf that the relevant Programme Event has occurred; or
 - (ii) in the case of a Programme Event which occurs pursuant to Condition 8(k) (*Redemption Following the Occurrence of an Event of Default*), on a Reference Business Day falling within 10 Reference Business Days of the Early Redemption Commencement Date,

(in each case, the “**Programme Event Valuation Date**”); and
 - (b) each Note will be redeemed on the Cash Redemption Date by payment to each Noteholder of the Early Cash Redemption Amount, irrespective of whether the relevant Programme Event is continuing; and
- (ii) if an Early Redemption Commencement Date occurs in respect of the Additional Redemption Event, the provisions of Additional Collateral Basket Condition 2(c) (*Redemption in part following a Collateral Event*) above shall apply.

(e) Liquidation Fallback

If:

- (i) an Early Redemption Commencement Date occurs in respect of Condition 8(g) (*Redemption for a Counterparty Bankruptcy Credit Event*); or
- (ii) an Early Redemption Commencement Date has occurred pursuant to any other Condition but, prior to the delivery by the Issuer of any Original Collateral to the Swap Counterparty in connection therewith (which could comprise one or more Collateral Components), the Issuer is directed by an Extraordinary Resolution that a Counterparty Bankruptcy Credit Event has occurred; or
- (iii) an Early Redemption Commencement Date occurs in respect of Condition 8(f) (*Redemption for Termination of Swap Agreement*) where the Swap Termination Event has occurred as a result of an Event of Default under the Swap Agreement in respect of either the Issuer or the Swap Counterparty,

then the provisions of Condition 8(g) (*Redemption for a Counterparty Bankruptcy Credit Event*) or Condition 8(f) (*Redemption for Termination of Swap Agreement*), as the case may be, and

Condition 13 (*Liquidation*) will take precedence and thereafter govern the redemption of the Notes (in the case of (ii) above, as if the previous Early Redemption Commencement Date had not occurred).

(f) Determination of Value

Where the Value of the Affected Collateral Component or each Collateral Component as applicable (each, a “**Value**”), is required to be determined by the Calculation Agent in respect of a Valuation Date, the Calculation Agent shall request each of five dealers in the relevant market to provide its all-in, firm executable bid price (for the purpose of the Value of the Affected Collateral Component or each Collateral Component, as applicable, a “**Collateral Component Quotation**”) in the Specified Currency to purchase the Affected Collateral Component or each Collateral Component, as applicable, on the relevant Valuation Date:

- (i) if four or more Collateral Component Quotations are obtained, the Calculation Agent shall disregard the highest and lowest quotations and the Value shall be the arithmetic mean of the remaining Collateral Component Quotations provided that (a) if more than one Collateral Component Quotation has the same highest or lowest value, then one of such Collateral Component Quotations shall be disregarded unless (b) all Collateral Component Quotations have the same value, in which case two of such Collateral Component Quotations shall be disregarded;
- (ii) if three Collateral Component Quotations are obtained, the Calculation Agent shall disregard the highest and lowest Collateral Component Quotations and the Value shall be the remaining Collateral Component Quotation, provided that (a) if two Collateral Component Quotations have the same highest or lowest value, then one of such Collateral Component Quotations shall be disregarded and (b) if three Collateral Component Quotations have the same value, then two of such Collateral Component Quotations shall be disregarded; and
- (iii) if two or fewer Collateral Component Quotations are obtained, the Value shall be determined by the Calculation Agent acting in a commercially reasonable manner.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

If the Global Notes or the Global Certificates are stated in the applicable Issue Terms to be issued in NGN form or to be held under the NSS (as the case may be), the Global Notes or the Global Certificates will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Depositing the Global Notes or the Global Certificates with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form and Global Certificates which are not held under the NSS may be delivered on or prior to the original issue date of the Tranche to a Common Depository.

If the Global Note is a CGN, upon the initial deposit of a Global Note with a common depository for Euroclear and Clearstream, Luxembourg (the “**Common Depository**”) or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relevant Global Certificate to the Common Depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Global Note is a NGN, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depository may also be credited to the accounts of subscribers with (if indicated in the applicable Issue Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other clearing system (“**Alternative Clearing System**”) as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or any such Alternative Clearing System (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, or such Alternative Clearing System (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

Exchange

Temporary Global Notes

Each Temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the applicable Issue Terms indicates that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “*Overview of the Programme – Selling Restrictions*”), in whole, but not in part, for the Definitive Notes defined and described below; and
- (ii) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement for interests in a Permanent Global Note or, if so provided in the applicable Issue Terms, for Definitive Notes.

Permanent Global Notes

Each Permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not in part for Definitive Notes if the Permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or an Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so.

In the event that a Permanent Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a Definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

Global Certificates

If the Issue Terms state that the Notes are to be represented by a Global Certificate on issue, the following will apply in respect of transfers of Notes held in Euroclear or Clearstream, Luxembourg or an Alternative Clearing System. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

Transfers of the holding of Notes represented by any Global Certificate pursuant to Master Condition 3(b) (*Transfers of Registered Notes*) may only be made in part:

- (i) if the Notes represented by the Global Certificate are held on behalf of Euroclear or Clearstream, Luxembourg or an Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so; or
- (ii) with the consent of the Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to paragraph (i) above, the Registered Holder has given the Registrar not less than 30 days’ notice at its Specified Office of the Registered Holder’s intention to effect such transfer. Where the holding of Notes represented by a Global Certificate is only transferable in its entirety, the Certificate issued to the transferee upon transfer of such holding shall be a Global Certificate. Where transfers are permitted in part, Certificates issued to transferees shall not be Global Certificates unless the transferee so requests and certifies to the Registrar that it is, or is acting as a nominee for, Clearstream, Luxembourg, Euroclear and/or an Alternative Clearing System.

Delivery of Notes

If the Global Note is a CGN, on or after any due date for exchange, the holder of a Global Note may surrender such Global Note to or to the order of the Issuing and Paying Agent. In exchange for any Global Note, the Issuer will (i) in the case of a Temporary Global Note exchangeable for a Permanent Global Note, deliver, or procure the delivery of, a Permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a Temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a Permanent Global Note

to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes or, if the Global Note is a NGN, the Issuer will procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system.

In this Base Prospectus, “**Definitive Notes**” means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Trust Deed. On exchange in full of each Permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

Exchange Date

“Exchange Date” means, in relation to a Temporary Global Note, the first day following the expiry of 40 days after its issue date and, in relation to a Permanent Global Note, a day falling not less than 60 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the Specified Office of the Issuing and Paying Agent is located.

Amendment to Conditions

The Temporary Global Notes, Permanent Global Notes and Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the Master Conditions as completed by the provisions of Part A of the applicable Final Terms or completed, amended, supplemented and/or varied by the applicable Alternative Drawdown Document. The following is a summary of certain of those provisions:

Payments

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a Permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any Temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Issuing and Paying Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Notes. Master Condition 8(d) (*Redemption for Taxation Reasons*) and Master Condition 11(a) (*Appointment of Agents*) will apply to the Definitive Notes only. If the Global Note is a NGN or if the Global Certificate is held under the NSS, the Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and, in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note or the Global Certificate will be reduced accordingly. Payments under a NGN will be made to its holder. Each payment so made will discharge the Issuer’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge. For the purpose of any payments made in respect of a Global Note, the words “in the relevant place of presentation,” shall not apply in the definition of “business day” in Master Condition 10(g) (*Non-Business Days*).

All payments in respect of Registered Notes represented by a Global Certificate will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment (the “**Record Date**”), where “**Clearing System Business Day**” means Monday to Friday inclusive except 25 December and 1 January.

Prescription

Claims against the Issuer in respect of Notes that are represented by a Global Note will become void unless they are presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in the Conditions).

Meetings

The holder of a Global Note or of the Notes represented by a Global Certificate shall (unless such Global Note or Global Certificate represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. All holders of Registered Notes are entitled to one vote in respect of each integral currency unit of the Specified Currency of the Notes comprising such Noteholder's holding, whether or not represented by a Global Certificate.

Cancellation

Cancellation of any Note represented by a Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by a reduction in the nominal amount of the relevant Global Note.

Purchase

Notes represented by a Global Note may only be purchased by the Issuer if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) thereon.

NGN Nominal Amount

Where the Global Note is a NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of, or Registered Notes are registered in the name of any nominee for, a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders or participants with entitlements to such Global Note or Registered Notes and may consider such interests as if such accountholders were the holders of the Notes represented by such Global Note or Global Certificate.

Amendments

While any Global Note is held on behalf of, or any Global Certificate is registered in the name of any nominee for, a clearing system, for the purpose of determining whether a written resolution has been validly passed the Issuer and the Trustee shall be entitled to rely on consent or instructions given by accountholders in the clearing system with entitlements to such Global Note or Global Certificate or, where the accountholders hold any such entitlement on behalf of another person, on consent from or instruction by the person for whom such entitlement is ultimately beneficially held, whether such beneficiary holds directly with the accountholder or via one or more intermediaries and provided that, in each case, the Issuer and the Trustee have obtained commercially reasonable evidence to ascertain the validity of such holding and have taken reasonable steps to ensure that such holding does not alter following the giving of such consent or instruction and prior to the effecting of such amendment. Any resolution passed in such manner shall be binding on all Noteholders and Couponholders, even if the relevant consent or instruction proves to be defective. As used in this paragraph, "**commercially reasonable evidence**" includes any certificate or other document issued by Euroclear, Clearstream, Luxembourg or any other relevant clearing system, or issued by an accountholder of them or an

intermediary in a holding chain, in relation to the holding of interests in the Notes. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EUCLID or Clearstream, Luxembourg's Creation Online system) in accordance with its usual procedures and in which the accountholder of a particular principal or nominal amount of the Notes is clearly identified together with the amount of such holding. The Issuer shall not be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.

Noteholder Settlement Option

Where "Noteholder Settlement Option" is specified as being applicable in the applicable Final Terms, the person appearing as the accountholder for Euroclear or Clearstream, Luxembourg or any relevant Alternative Clearing System shall, on behalf and in accordance with the directions of each person for whom such accountholder holds Notes and by giving the appropriate notice(s) through Euroclear or Clearstream, Luxembourg or any relevant Alternative Clearing System, elect on behalf of each such person which proportion of Notes attributable to such person shall receive an Early Cash Redemption Amount and which shall receive a Physical Settlement Amount; provided that (i) only one such election can be made per Note, (ii) the aggregate holding of Notes of each person for whom an accountholder holds Notes shall be treated as separate from any other person's holding of Notes and (iii) any rounding required in determining the Early Cash Redemption Amount or Physical Redemption Amount as contemplated by the Conditions shall be determined based on each person's proportion of Notes in respect of which it has elected to receive an Early Cash Redemption Amount or Physical Redemption Amount, as the case may be, and not on an individual Note basis or aggregated across persons.

Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note, except that if and for so long as the Notes are listed on a stock exchange, all notices to holders of the Notes will be published in accordance with the rules of such stock exchange.

CREST CLEARING ARRANGEMENTS

The Notes will be cleared through the clearing system(s) specified in the relevant Issue Terms in accordance with the rules and procedures of the relevant clearing system. The International Securities Identification Number (ISIN) and any Common Code and/or other applicable clearing system identification numbers will be specified in the relevant Issue Terms.

Settlement and CREST

If specified in the relevant Issue Terms, investors may hold indirect interests in the Notes (such Notes being “**Underlying Notes**”) through the system for the paperless settlement of trades and the holding of uncertificated securities operated by Euroclear UK & Ireland Limited or any successor thereto in accordance with the United Kingdom Uncertificated Securities Regulations 2001 (“**CREST**”) by holding dematerialised depository interests (“**CREST Depository Interests**” or “**CDIs**”).

CDIs are independent securities constituted under English law issued, held, settled and transferred through CREST. CDIs are issued by CREST Depository Limited or any successor thereto (the “**CREST Depository**”) pursuant to a global deed poll dated 25 June 2001 (in the form contained in Chapter 3 of the CREST International Manual (which forms part of the CREST Manual)) (as subsequently modified, supplemented and/or restated) (the “**CREST Deed Poll**”). CDIs are issued by the CREST Depository and held through CREST in dematerialised uncertificated form in accordance with the CREST Deed Poll. CDIs in respect of Underlying Notes will be constituted, issued to investors and transferred pursuant to the terms of the CREST Deed Poll.

CDIs represent indirect interests in the Underlying Notes to which they relate and holders of CDIs will not be the legal owners of the Underlying Notes. Application may be made for such Underlying Notes to be “listed on a recognised stock exchange” within the meaning of section 1005 of the Income Tax Act 2007 with the aim of ensuring that those Underlying Notes are of the same class in the Issuer as securities which are so listed for the purposes of Paragraphs 2(d)(i) and (3) of the Stamp Duty Reserve Tax (UK Depository Interests in Foreign Securities) Regulations 1999 (SI 1999/2383) and hence that the CDIs are exempt from United Kingdom Stamp Duty Reserve Tax so long as such Underlying Notes are not registered in a register located, kept or maintained in the United Kingdom by or on behalf of the Issuer and certain other conditions are met.

The Issuer will issue Underlying Notes with the intention that indirect interests in such Underlying Notes be held through CDIs. In order to enable the settlement of indirect interest in the relevant Underlying Notes within CREST, investors will need to hold such indirect interests via CDIs. The CDIs will not be offered to the public or admitted to trading on a regulated market.

Following the delivery of the Underlying Notes into a relevant clearing system permitted in the CREST Manual, indirect interests in Underlying Notes may be delivered, held and settled in CREST by means of the creation of dematerialised CDIs representing indirect interests in the relevant Underlying Notes. For Underlying Notes which are cleared through Euroclear and Clearstream Luxembourg, interests in the Underlying Notes will be credited to the Euroclear account of CREST International Nominee Limited (the “**CREST Nominee**”) and the CREST Nominee will hold such interests as nominee for CREST Depository Limited (the “**CREST Depository**”) which will issue CDIs to the relevant CREST participants. The CDIs will therefore consist of indirect rights of a CDI holder in, or relating to, the Underlying Notes which are held (through the CREST Nominee) on trust for the benefit of the CDI holder by the CREST Depository and will constitute a record acknowledging that the CREST Nominee holds the Underlying Notes as nominee on behalf of the CREST Depository. The CDIs will be issued once the relevant Underlying Notes are credited to the CREST Nominee’s account. It is intended that CDIs will be issued to the relevant CREST participants on or around the Issue Date of the relevant Underlying Notes. However, CDIs may be created at any time following the credit of relevant Underlying Notes to the CREST Nominee’s account with Euroclear.

Each CDI will be treated as one Underlying Note, for the purposes of determining all rights and obligations and all amounts payable in respect thereof. The CREST Depository will pass on to holders of CDIs any interest or other amounts received by it as holder of the Underlying Notes on trust for such CDI holder. Therefore, the holders of CDIs are entitled to the proceeds from the Underlying Notes. If a matter arises that requires a vote of Noteholders, the Issuer may, with the prior written consent of the Trustee or with the sanction of an Extraordinary Resolution, make arrangements to permit the holders of CDIs to instruct the CREST Depository to exercise the voting rights of the CREST Nominee in respect of the Underlying Notes. However, there is no guarantee that it will be possible to put such voting arrangements in place for holders of CDIs.

Transfers of interests in Underlying Notes by the CREST Nominee to a participant of the relevant clearing system will be effected by cancellation of the CDIs and transfer of an interest in such Underlying Notes underlying the CDIs to the account of the relevant participant with the relevant clearing system. It is expected that the CDIs will have the same securities identification number as the ISIN of the Underlying Notes and will not require a separate listing on a recognised stock exchange.

The rights of the holders of CDIs will be governed by the arrangements between CREST and the relevant clearing system, including the CREST Deed Poll executed by the CREST Depository. These rights may be different from those of holders of Notes which are not represented by CDIs.

The attention of investors in CDIs is drawn to the terms of the CREST Deed Poll, the CREST Manual and the CREST Rules, copies of which are available from Euroclear UK & Ireland Limited at 33 Cannon Street, London EC4M 5SB or by calling +442078490000 or from the Euroclear UK & Ireland Limited website at www.euroclear.com.

USE OF PROCEEDS

The net proceeds of an issue of a Series of Notes will be applied by the Issuer, subject to the provisions of the Securitisation Act 2004, to purchase the Collateral applicable to such Series and/or enter into the Transaction Documents and/or to fund any initial payment obligations under any related Swap Agreement and/or in meeting certain expenses and fees payable in connection with the operations of the Issuer and the issue of any Notes.

The Board is entitled to create one or more Compartments (representing the assets of the Company relating to an issue by an Issuer of securities), in each case corresponding to a separate part of the Company's estate.

The descriptions above are to be understood in their broadest sense. The corporate purpose of the Company shall include any transaction or agreement which is entered into by the Company, provided it is not inconsistent with the foregoing stated purposes.

CSSF supervision

The Company has the status of an authorised securitisation undertaking under the Securitisation Act 2004 and since the Company intends to issue securities to the public on a continuous basis, it is supervised by the CSSF. The CSSF ensures that it complies with the law and its obligations. This supervision will continue until such time as the Company is liquidated.

According to the Securitisation Act 2004, the CSSF may request from the Company a periodical statement of its assets and liabilities and its operating results.

The CSSF may also require communication of any information or carry out on-site investigations and inspect all the documents of the Company and of the Corporate Services Provider which relate to the organisation, administration, management, or operation of the Company or to the valuation of and return on the assets, in order to verify compliance with the provisions of the Securitisation Act 2004. The provisions set out in the Articles and in agreements relating to the issuance of securities (including, for instance, the Notes), and the accuracy of the information it has been provided with.

If the CSSF finds that the Company is not complying with the provisions of the Securitisation Act 2004, the Articles or the agreements relating to the issuance of securities, or that the rights attached to the securities issued by the Company may be impaired, it may require the Company to remedy the situation within a period of time it determines. If such requirement is not complied with, the CSSF may (i) render public its position regarding the findings it has made, (ii) prohibit the issuance of securities, (iii) request the listing of the securities issued by the Company to be suspended, (iv) request the presiding judge of the chamber of the Luxembourg district court dealing with commercial matters to appoint a provisional administrator for the Company, or (v) withdraw its authorisation.

ARTICLES OF ASSOCIATION

The following is only a summary of certain provisions of the Articles and is subject to the express terms of the Articles which are binding on all Noteholders. Potential Investors should also refer to the Articles, which are available for inspection as set out in "General Information" below. The Articles are incorporated by reference in full into this Base Prospectus. Capitalised terms used in this section shall bear the meaning of the terms defined in the Articles.

The Articles contain provisions to the following effect:

Compartments and application of assets

The Board may establish one or more Compartments which may be distinguished by the nature of acquired risks or assets, the distinctive terms of the issues made in their respect, the reference currency or other distinguishing characteristics. The terms and conditions of the Notes issued in respect of, and the specific objects of, each Compartment shall be determined by the Board and shall be stated in the Conditions relating to that Compartment. Each Noteholder shall be fully aware of the Conditions applicable to the Notes and the Articles. Each Compartment may issue Notes.

Subject to any particular rights or variation of the following provisions or limitations for the time being set out in any Notes, as may be specified in the Articles or upon which such Notes may be issued including, without limitation, the relevant Conditions, if a Compartment is liquidated, its assets shall be applied in the following order:

- (a) first, *pro rata* in payment or satisfaction of all fees, costs, charges, expenses, liabilities and other amounts incurred by or payable in respect of such liquidation, including, if applicable, any such amounts incurred by or payable to the Trustee (if any) in respect of such Notes, any appointee thereof, or any receiver made or pursuant to the Issue Deed (if any) executed in respect of such Notes (including any taxes required to be paid, the costs of realising any security and the Trustee's remuneration);
- (b) secondly, *pro rata* in payment of any amounts owing to the Swap Counterparty under the Swap Agreement (which for this purpose shall include any amounts owing to the Custodian for reimbursement in respect of payments made to the Swap Counterparty relating to sums receivable on or in respect of the Collateral);
- (c) thirdly, *pro rata* in payment of any amounts owing to the relevant Noteholders (which for this purpose shall include any amount owing to the Issuing and Paying Agent and/or the Registrar, as the case may be, for reimbursement in respect of any payment made to Noteholders or to a clearing system on behalf of such holders); and
- (d) fourthly, in payment of the balance (if any) to the Issuer which shall use such proceeds to pay, among other things, all other claims that have arisen in connection with the creation, operation or liquidation of the Compartment and which are not provided for in the previous paragraphs or in the waterfall included in the Conditions (and any creditors of such claims, the "**Compartment-Specific Claims Creditors**").

No Notes shall be issued on terms that entitle the Noteholders of any Series of Notes to participate in the assets of the Issuer other than the assets (if any) of the relevant Compartment. If the realised net assets of any Compartment are insufficient to pay any amounts otherwise payable on the relevant Series in full in accordance with the Conditions and the Articles, the relevant holders shall have no claim against the Issuer for or in respect of any shortfall and shall have no claim against any other Compartment or any other assets of the Issuer.

Each Compartment corresponds to a separate part of the Company's assets and liabilities. The rights of the Noteholders of Notes issued in respect of a Compartment and the rights of creditors (including,

without limitation, the Compartment-Specific Claims Creditors) are limited to the assets of that Compartment, where these rights relate to that Compartment or have arisen at the occasion of the constitution, the operation or the liquidation of that Compartment.

The assets of a Compartment are, subject to the Pro Rata Rights (as defined below) of the Non Compartment-Specific Claims Creditors (as defined below), exclusively available to satisfy the rights of the Noteholders of Notes issued in relation to that Compartment and the rights of creditors (including, without limitation, the Compartment-Specific Claims Creditors) whose claims have arisen at the occasion of the constitution, the operation or the liquidation of that Compartment and such Noteholders and such creditors acknowledge and accept that once all the assets allocated to that Compartment under which they have invested or in respect of which their claims have arisen, have been realised, they are not entitled to take any further steps against the Issuer or the Company to recover any further sums due and the right to receive any such sum shall be extinguished.

In the relationship between the Noteholders, each Compartment is deemed to be a separate entity.

The rights of creditors (the “**Non Compartment-Specific Claims Creditors**”) whose claims have not arisen in connection with the creation, operation or liquidation of a Compartment and which have not waived their recourse to the assets of any Compartment, shall be allocated by the Company on a half year basis in arrears to all the Compartments (on an equal basis and *pro rata temporis* for Compartments created within such half year) where the relevant Conditions or the Articles expressly authorise Non Compartment-Specific Claims Creditors to have recourse against the rights and assets allocated to such Compartments. Such rights of a Non Compartment-Specific Claims Creditor against a Compartment are hereinafter referred to as the “**Pro Rata Rights**”. Each Non Compartment-Specific Claims Creditor acknowledges and accepts that once all the assets allocated to a Compartment in respect of which it has Pro Rata Rights have been realised, it is not entitled to take any further steps against the Issuer or the Company to recover such Pro Rata Rights and the right to receive any sum in respect of the Pro Rata Rights shall be extinguished.

The Compartment-Specific Claims Creditors and the Non Compartment-Specific Claims Creditors expressly accept, and shall be deemed to have accepted by entering into contractual obligations with the Issuer or the Company (as applicable), that priority of payment and waterfall provisions are included in the Articles and will be included in the Conditions and they expressly accept, and shall be deemed to have accepted the consequences of such priority of payments and waterfall provisions.

The Board shall establish and maintain separate accounting records for each of the Compartments of the Company for the purposes of ascertaining the rights of the Noteholders of Notes issued in respect of each Compartment for the purposes of the Articles and the Conditions, such accounting records to be conclusive evidence of such rights in the absence of manifest error. Where any asset is derived from another asset (whether cash or otherwise) such derivative asset shall be applied in the books of the Company to the same Compartment as the asset from which it was derived and on each revaluation of an asset the increase or diminution in the value of such asset shall be applied to the relevant Compartment. In the case of any asset of the Company (not being attributable to the shares) which the Board, or any person acting on behalf of the Board, does not consider is attributable to a particular Compartment, the Board, or any person acting on behalf of the Board, shall have the discretion to determine the basis upon which any such asset shall be allocated or apportioned between Compartments, if at all, and the Board shall have power at any time and from time to time to vary such basis.

Unless otherwise determined in the Conditions of a Compartment, the Board (or its delegate) may at any time liquidate single Compartments, unless such liquidation occurs in the context of a general liquidation of the Company.

Consolidated accounts of the Company, including all Compartments, shall be expressed in euros. The reference currencies of the Compartments may be in different denominations.

The rights of the shareholders or the sole shareholder of the Company are limited to the assets of the Company which are not allocated to a Compartment.

Meetings of the Board

The Board can deliberate and/or act validly only if at least the majority of the Company's directors is present or represented at a meeting of the Board and if at least 50 per cent. of the directors who are present at such meeting are resident in Luxembourg for tax purposes. Decisions shall be taken by a majority of the votes of the directors present or represented at such meeting. In the event that at any meeting the number of votes for and against a resolution are equal, the chairman of the Board shall have a casting vote.

Directors

The Company shall be managed by a Board composed of at least three directors who need not be shareholders. They shall be elected for a term not exceeding six years and shall be eligible for re-election. Each director shall be appointed by the shareholders at the general meeting of the shareholders. The shareholders shall also determine the number of directors, their remuneration (if any) and the term of their office.

When a legal person is appointed as a member of the Board (the "**Legal Entity**"), the Legal Entity must designate a permanent representative (*représentant permanent*) who will represent the Legal Entity as member of the Board in accordance with the Companies Act 1915.

A majority of the directors are not resident in the United Kingdom for tax purposes.

Delegation of Powers

The Board may appoint one or more persons (*délégués à la gestion journalière*), who may be, but need not be, directors, who shall have full authority to act on behalf of the Company in all matters concerned with the daily management and affairs of the Company. The Board is also authorised to appoint one or more persons, who may be, but need not be, directors without the prior authorisation of the general meeting of the shareholders, for the purposes of performing specific functions at every level within the Company. The Board is further authorised to appoint proxies for specific transactions.

Directors' Interests

No contract or other transaction between the Company or an Issuer (as appropriate) and any other company or firm shall be affected or invalidated by the fact that any one or more of the directors or officers of the Company is interested in, or is a director, associate, officer or employee of, such other company or firm. Any director or officer of the Company who serves as director, officer or employee of any company or firm with which the Company or an Issuer shall contract or otherwise engage in business shall not, solely by reason of such affiliation with such other issuer or firm, be prevented from considering and voting or acting upon any matters with respect to such contract or other business.

In the event that any director of the Company may have any personal and conflicting interest in any transaction of the Company or of an Issuer, such director shall make known to the Board such personal and conflicting interest and shall not consider or vote upon any such transaction, and such transaction, and such director's interest therein, shall be reported to the next following general meeting of the shareholders.

The paragraph above does not apply to resolutions of the Board concerning transactions made in the ordinary course of business of the Company or of an Issuer (as appropriate) which are entered into on arm's length terms.

Winding-up

The Company may be dissolved, at any time, by a resolution of the general meeting of shareholders adopted in the manner required for amendment of the Articles.

In the event of a dissolution of the Company, the liquidation shall be carried out by one or more liquidators (who may be physical persons or legal entities) named by the general meeting of shareholders deciding such liquidation. Such general meeting of shareholders shall also determine the powers and the remuneration of the liquidator(s). The liquidation of a Compartment will not affect the status of any other Compartment nor of the Company. Sums and assets payable to investors (be they holders of Notes, other securities issued by the Issuer or Company or shareholders) who failed to present themselves at the time of the closure of the liquidation shall be paid to the public trust office (*Caisse de consignation*) to be held for the benefit of the persons entitled thereto.

DESCRIPTION OF THE SWAP COUNTERPARTY

The information set out below has been obtained from Credit Suisse International. Such information has been accurately reproduced and, as far as the Issuer is aware and able to ascertain from information published by Credit Suisse International, no facts have been omitted that would render the reproduced information inaccurate or misleading.

Unless specified to the contrary in an applicable Alternative Drawdown Document, the Swap Counterparty for a Series of Notes will be Credit Suisse International.

Credit Suisse International (the “**Swap Counterparty**”) was incorporated in England and Wales under the Companies Act 1985, on 9 May 1990, with registered no. 2500199 and was re-registered as an unlimited company under the name “Credit Suisse Financial Products” on 6 July 1990, and was renamed Credit Suisse First Boston International on 27 March 2000 and Credit Suisse International on 16 January 2006. Its registered office and principal place of business is at One Cabot Square, London E14 4QJ, telephone number +44 (0)20 7888 8888. The Swap Counterparty is an English bank and is regulated as an EU credit institution by the Financial Conduct Authority (including any organisation which replaces it or takes over conduct of its responsibilities for the relevant purposes, the “**FCA**”) and the Prudential Regulation Authority (“**PRA**”) under the Financial Services and Markets Act 2000. The PRA has issued a scope of permission notice authorising the Swap Counterparty to carry out specified regulated investment activities.

The Swap Counterparty is an unlimited company and, as such, its shareholders have a joint, several and unlimited obligation to meet any insufficiency in the assets of the Swap Counterparty in the event of its liquidation. The joint, several and unlimited liability of the shareholders of the Swap Counterparty to meet any insufficiency in the assets of the Swap Counterparty will only apply upon liquidation of the Swap Counterparty. Therefore, prior to any liquidation of the Swap Counterparty, the creditors may only have recourse to the assets of the Swap Counterparty and not to those of its shareholders. The Swap Counterparty has securities admitted to trading on the Main Securities Market of the Irish Stock Exchange.

The Swap Counterparty commenced business on 16 July 1990. Its principal business is banking, including the trading of derivative products linked to interest rates, foreign exchange, equities, commodities and credit. The primary objective of the Swap Counterparty is to provide comprehensive treasury and risk management derivative product services. The Swap Counterparty has established a significant presence in global derivative markets through offering a full range of derivative products and continues to develop new products in response to the needs of its customers and changes in underlying markets. The business is managed as a part of the Investment Banking Division of Credit Suisse AG in the Europe, Middle East and Africa region, and is supported by Credit Suisse AG’s Shared Services Division, which provides business support services in such areas as finance, legal, compliance, risk management, and information technology.

ORIGINAL COLLATERAL

Notes to be admitted to the Official List and to trading on the Main Securities Market may only be issued under this Base Prospectus by way of Final Terms for the purposes of Article 5.4 of the Prospectus Directive where the Original Collateral is collateral having the following characteristics (“**CS Original Collateral**”):

Issuer of CS Original Collateral:	Credit Suisse International (as described under the section of this Base Prospectus headed “ <i>Description of the Swap Counterparty</i> ”)
Status:	Senior, unsecured
Legal Nature:	Bonds
Governing law:	English law
Other:	Admitted to trading on a regulated market or equivalent market

In all other cases, the Original Collateral in respect of a Series of Notes will be as specified in the applicable Alternative Drawdown Document.

THE SWAP AGREEMENT

The following applies only in relation to Notes in connection with which there is a Swap Agreement in respect of which Credit Suisse International is the Swap Counterparty. If in respect of a Series where Credit Suisse International is not the Swap Counterparty, the applicable Alternative Drawdown Document will specify which Swap Agreement applies.

General

In connection with the issue of the Notes, the Issuer may enter into an ISDA 2002 ISDA Master Agreement together with a Schedule thereto (the “**ISDA Master Agreement**”) with a counterparty (the “**Swap Counterparty**”) and may also enter into a credit support annex to the Schedule to the ISDA Master Agreement in the form of the Credit Support Annex (Bilateral Form – Transfer) (the “**Credit Support Annex**”). The Credit Support Annex (if any) will supplement, form part of, and be subject to, the ISDA Master Agreement and will form part of the Schedule thereto (the ISDA Master Agreement as supplemented by the Credit Support Annex (if any) the “**Master Agreement**”). For the purposes of the ISDA Master Agreement, the credit support arrangements set out in the Credit Support Annex (if any) will constitute a transaction for the purposes of the ISDA Master Agreement (for which purposes the Credit Support Annex will constitute the confirmation). In connection with the issue of a Series of Notes, the Issuer may enter into a transaction under the ISDA Master Agreement (the “**Swap Transaction**”, and the confirmation evidencing such transaction together with the Master Agreement, the “**Swap Agreement**”). Any Swap Agreement will be governed by the laws of England and Wales.

Except as provided in the Trust Deed, the terms of a Swap Agreement may not be amended without the consent of the Trustee and, in respect of a material change only, the Noteholders themselves. The Trustee can agree, without the consent of the Noteholders, to any modification which is, in its opinion, of a formal, minor or technical nature or to correct a manifest error. The Trustee may (subject to limits set out in the Trust Deed) also agree to any modification that is in its opinion not materially prejudicial to the interests of the Noteholders,

Set out below are summaries of certain provisions of the Swap Agreement (and should be construed as such) that will be applicable if the Swap Counterparty is Credit Suisse International.

Payments

The Swap Agreement sets out certain payments to be made from the Issuer to the Swap Counterparty and vice versa. Payments by the Issuer under the Swap Agreement will be limited recourse obligations and will be funded from sums received (i) on the issue of the relevant Notes and/or (ii) in respect of the Collateral (if any) relating to such Notes.

The payments required between the Issuer and the Swap Counterparty under the Swap Agreement are designed to ensure that following the making of such payments the Issuer will have such funds, when taken together with remaining amounts available to it from the issue of the relevant Notes and/or received in respect of the Collateral (if any) relating to such Notes, as are necessary for it to meet its obligations under such Notes and the related Transaction Documents. Such obligations may include, without limitation, its obligation:

- (i) to pay the purchase price for the Collateral (if any) relating to the relevant Series of Notes; and/or
- (ii) to make payments of any Interest Amount (or any other amount payable by it by way of interest), Instalment Amount and Final Redemption Amount.

The exact payments due under the Swap Agreement for a particular Series will vary from Series to Series depending on the terms of the relevant Series. The exact payments will be agreed between the Issuer and the Swap Counterparty at the time of entry into of the relevant Swap Agreement. There is no

restriction upon the payments that may be agreed. In addition, Collateral may be transferable to or from the Issuer under the Credit Support Annex. As with respect to payments under the Swap Agreement, the provisions of the Credit Support Annex will be agreed between the Issuer and the Swap Counterparty at the time of entry into of the relevant Swap Agreement. There is no restriction upon the provisions that may be agreed under the Credit Support Annex.

Events of Default

The Swap Agreement provides for certain “Events of Default” (as defined in the Swap Agreement) relating to the Issuer and the Swap Counterparty, the occurrence of which may lead to a termination of the Swap Agreement.

The Events of Default which relate to the Issuer are limited to:

- (i) failure by the Issuer to make, when due, any payment or delivery under the Swap Agreement required to be made by it if not remedied within the time period specified therein;
- (ii) certain breaches by the Issuer of its obligations under the Swap Agreement which are not following notice of such failure remedied within the time period specified therein;
- (iii) the Issuer disaffirming, disclaiming, repudiating or rejecting, in whole or in part, or challenging the validity of the Swap Agreement, any relevant Confirmation or Swap Transaction;
- (iv) certain representations made by the Issuer in the Swap Agreement proving to be incorrect or misleading in any material respect when made or repeated;
- (v) certain bankruptcy events relating to the Issuer; and
- (vi) the Issuer consolidating or amalgamating with, or merging with or into, or transferring all or substantially all its assets to, or reorganising, reincorporating or reconstituting into or as, another entity in circumstances where the resultant, surviving or transferee entity fails to assume all the obligations of the Issuer under the Swap Agreement.

The Events of Default which relate to the Swap Counterparty are limited to:

- (i) failure by the Swap Counterparty to make, when due, any payment or delivery under the Swap Agreement required to be made by it if not remedied within the time period specified therein;
- (ii) certain breaches by the Swap Counterparty of its obligations under the Swap Agreement which are not following notice of such failure remedied within the time period specified therein;
- (iii) the Swap Counterparty disaffirming, disclaiming, repudiating or rejecting, in whole or in part, or challenging the validity of the Swap Agreement, any relevant Confirmation or Swap Transaction;
- (iv) certain representations made by the Swap Counterparty in the Swap Agreement proving to be incorrect or misleading in any material respect when made or repeated;
- (v) certain bankruptcy events relating to the Swap Counterparty; and
- (vi) the Swap Counterparty consolidating or amalgamating with, or merging with or into, or transferring all or substantially all its assets to, or reorganising, reincorporating or reconstituting into or as, another entity in circumstances where the resulting, surviving or transferee entity fails to assume all the obligations of the Swap Counterparty under the Swap Agreement.

Upon the occurrence of an Event of Default under the Swap Agreement, the non-defaulting party may deliver a notice of termination designating an Early Termination Date in respect of all outstanding Swap Transactions under the Swap Agreement.

Termination Events

The Swap Agreement provides for certain “Termination Events” (as defined in the Swap Agreement) the occurrence of any of which may lead to termination of all outstanding Swap Transactions under the Swap Agreement. These include:

- (i) the occurrence of certain illegality and force majeure events;
- (ii) if sums paid or received under the relevant Swap Transaction(s) are subject to a withholding or a deduction on account of tax and such withholding or deduction arises as a result of a change in tax law or as a result of any action taken by a taxing authority or a court after the entry into of the relevant Swap Transaction(s);
- (iii) if sums paid or received under the relevant Swap Transaction(s) are subject to a withholding or a deduction on account of tax as a result of certain merger events with respect to the Issuer or the Swap Counterparty;
- (iv) the occurrence of an Original Collateral Default;
- (v) the Notes being subject to an early redemption (other than where such early redemption is itself caused by a termination of the Swap Agreement);
- (vi) the Issuer failing to give an Early Redemption Notice to Noteholders when required to do so pursuant to the Conditions;
- (vii) the Issuer being required to make any deduction or withholding on account of FATCA in respect of any payment due from it to the Swap Counterparty under the Swap Agreement;
- (viii) any Transaction Document relating to the relevant Series of Notes is amended or waived without the Swap Counterparty’s prior written consent, such that the Swap Counterparty would, immediately after such amendment or waiver, be required to pay more or receive less under the Swap Agreement on any following payment date than would otherwise have been the case immediately prior to such amendment or waiver; and
- (ix) the rights of the Swap Counterparty are contractually subordinated to any other Secured Creditor, or the Issuer breaches certain covenants set out in the Trust Deed.

The occurrence of the events described in paragraphs (i) to (iii) above will entitle the Issuer or the Swap Counterparty, depending on who is the “Affected Party” (as such term is defined in the Swap Agreement), to terminate the Swap Agreement and the occurrence of the events described in (iv) to (vii) above will entitle the Swap Counterparty to terminate the Swap Agreement.

Early Termination Amount

In connection with any “Early Termination Date” (as defined in the Swap Agreement), either the Swap Counterparty or the Issuer will be required to determine the “Early Termination Amount” (as defined in the Swap Agreement) under the Swap Agreement and whether such amount is payable from the Issuer to the Swap Counterparty or vice versa. Which of the Swap Counterparty or the Issuer determines the Early Termination Amount will depend on the reason for the termination of the Swap Agreement. Where the termination is as a result of an Event of Default, it will be the non-defaulting party who makes the determination. Where the termination is as a result of a Termination Event, the Swap Agreement will specify for each event which of the parties will make such determination (or, in certain circumstances, that both parties will make such determination).

The Early Termination Amount is calculated by reference to the costs that would be incurred by the party making the calculation in replacing (or providing the economic equivalent of) the rights and obligations that have been terminated, or the gain that would be made in so doing (referred to in the Swap

Agreement as the “**Close-out Amount**”) and taking into account the value of any collateral posted between the parties pursuant to any Credit Support Annex to the Swap Agreement.

Under the Agency Agreement, where the Issuer is the party required to make the calculation of the Close-out Amount, the Calculation Agent has agreed to make the requisite calculation on behalf of the Issuer. If a Calculation Agent Bankruptcy Event occurs in such circumstances, there may be a delay in the determination of the Close-out Amount (and, as a result, in the payment of the Early Termination Amount) pending appointment of a replacement Calculation Agent as provided in the Conditions.

The termination currency in respect of a Swap Agreement will be the currency in which the relevant Series to which such Swap Agreement relates is denominated.

Sanctions

Upon the occurrence of a Sanctions Event, all obligations will be suspended under the Swap Agreement until the Sanctions Event End Date.

SECURITY ARRANGEMENTS

The Issuer pledges to the Trustee, and grants to the Trustee a Luxembourg law security interest (“*gage*”) over, all of the Collateral from time to time held with the Custodian in Luxembourg as continuing security for the full payment, discharge and performance of the Issuer’s liabilities in respect of a Series of Notes and in relation to the relevant Compartment and subject to Luxembourg law.

In addition, the Issuer also grants a fixed charge under English law over the Collateral to the extent not already secured under the Luxembourg law pledge described above.

The Security may include a pledge and a fixed charge over the Collateral which may be held by or through the Custodian through Euroclear and/or Clearstream, Luxembourg and/or an alternative clearing system (each, a “**clearing system**”). The charge is intended to create a property interest in the Collateral in favour of the Trustee to secure the Issuer’s liabilities. However, where the Collateral is held through a clearing system, neither the Issuer nor the Custodian is the legal owner of the physical collateral itself but instead they merely have interests in that physical collateral. As between the Issuer and the Custodian, such interests arise from the Agency Agreement. In turn, the Custodian will have rights either against an intermediary or against the relevant clearing system as an accountholder in that clearing system; the clearing system will have rights against the common depositary and the common depositary will have rights against the issuer of the Collateral. As a result, where Collateral is held in a clearing system, the Security will take the form of an assignment of the Issuer’s rights against the Custodian under the Agency Agreement, rather than a charge over the Collateral itself.

TAXATION

Prospective investors should consult their professional advisers on the possible tax consequences of buying, holding or selling any Notes under the laws of their country of citizenship, residence or domicile.

Luxembourg Tax Considerations

Luxembourg Taxation

The following overview is of a general nature. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Taxation of the Issuer

The Company will be considered a fiscal resident of Luxembourg from a Luxembourg tax law perspective and should therefore be able to obtain a residence certificate from the Luxembourg tax authorities.

The Company will be liable for Luxembourg corporation taxes. The current standard applicable rate in Luxembourg city, including corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*) and solidarity taxes, is 29.22 per cent. Liability for such corporation taxes extends to the Company's worldwide profits including capital gains, subject to the provisions of any relevant double taxation treaty. The taxable income of the Company is computed by application of all rules of the Luxembourg income tax law of 4 December 1967, as amended (*loi concernant l'impôt sur le revenu*), as commented and currently applied by the Luxembourg tax authorities.

Under certain conditions, dividends received by the Company from qualifying participations and capital gains realised by the Company on the sale of qualifying participations may be exempt from Luxembourg corporation taxes under the Luxembourg participation exemption. The Company may further deduct from its taxable profits interest payments made to Noteholders.

A fixed registration duty (*droit fixe spécifique d'enregistrement*) of EUR75 is payable at the moment of the amendment of the Articles. The transfer or sale of securities of the Issuer or the Company (as appropriate) will not be subject to Luxembourg registration or stamp duty.

The Company will be exempt from wealth tax (*impôt sur la fortune*).

Taxation of the Noteholders

Withholding tax

Under Luxembourg general tax laws currently in force and with the possible exception of interest paid to certain individual Noteholders or so-called residual entities, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident Noteholders, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident Noteholders.

Non-resident Noteholders

Under the laws of 21 June 2005, as amended, (the "**Laws**") implementing the Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments (the "**Savings Directive**") and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the "**Territories**"), payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the Laws, which are resident of, or established in, an EU Member State (other than Luxembourg) or certain Territories will be subject to a withholding tax

unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax certificate issued by the fiscal authorities of his/her country of residence in the required format to the relevant paying agent. Where withholding tax is applied, it is currently levied at a rate of 35 per cent. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes are currently subject to withholding tax of 35 per cent.

The Council of the European Union adopted certain amendments to the Savings Directive, which will, upon implementation, amend or broaden the scope of the requirements described above.

In accordance with the law of 25 November 2014, Luxembourg will elect out of the withholding system in favour of an automatic exchange of information with effect as from 1 January 2015.

Resident Noteholders

Under the Law of 23 December 2005, as amended, (the “**Law**”) payments of interest or similar income made or ascribed by a paying agent (defined in the same way as in the Savings Directive) established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 10 per cent.

Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Law would be subject to withholding tax of 10 per cent.

Income Taxation

Noteholders who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal.

A Noteholder who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a fixed place of business in Luxembourg, to which the Notes are attributable, is subject to Luxembourg income tax in respect of the interest paid or accrued on, or any other income derived from, the Notes. An individual Luxembourg resident Noteholder, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax in respect of interest or any other income received, except if withholding tax has been levied on such payments in accordance with the Law.

Under Luxembourg domestic tax law, gains realised by an individual Noteholder, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, on the sale or disposal, in any form whatsoever, of Notes are not subject to Luxembourg income tax, provided this sale or disposal took place at least six months after the acquisition of the Notes. An individual Noteholder, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, has further to include the portion of the gain corresponding to accrued but unpaid interest in respect of the Notes in his taxable income, except if (i) withholding tax has been levied on such payments in accordance with the Law, or (ii) the individual Noteholder has opted for the application of a 10 per cent. tax in full discharge of income tax in accordance with the Law, which applies if a payment of interest has been made or ascribed by a paying agent established in an EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than an EU Member State), or in a state that has entered into a treaty with Luxembourg relating to the Savings Directive.

The withholding tax or self-applied tax are the final tax liability for the Luxembourg individual resident taxpayers receiving the interest payment in the framework of their private wealth.

Gains realised by a corporate Noteholder or by an individual Noteholder, who acts in the course of the management of a professional or business undertaking, who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a fixed place of business in Luxembourg, to which

the Notes are attributable, on the sale or disposal, in any form whatsoever, of Notes are subject to Luxembourg income tax.

A Luxembourg Noteholder that is governed by the law of 11 May 2007 on family estate companies, as amended by the law of 17 December 2010 on undertakings for collective investment, as amended, or by the law of 13 February 2007 on specialised investment funds, as amended, will not be subject to any Luxembourg income tax in respect of interest received or accrued on the Notes, or on gains realised on the sale or disposal, in any form whatsoever, of Notes.

Noteholders will not be deemed to be resident, domiciled or carrying on business in Luxembourg solely by reason of holding, execution, performance, delivery, exchange and/or enforcement of the Notes.

Gains realised by a non-resident Noteholder, who does not have a permanent establishment or fixed place of business in Luxembourg, to which the Notes are attributable, on the sale or disposal of Notes are not subject to Luxembourg income tax.

Wealth tax

A corporate Noteholder, whether it is a resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which such Notes are attributable, is subject to Luxembourg wealth tax on such Notes, except if the Noteholder is governed by the law of 11 May 2007 on family estate companies, as amended, by the law of 17 December 2010 on undertakings for collective investment, as amended, by the law of 13 February 2007 on specialised investment funds, as amended, or is a securitisation company governed by the law of 22 March 2004 on securitisation, as amended, or a capital company governed by the law of 15 June 2004 on venture capital vehicles, as amended.

An individual Noteholder, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg wealth tax on Notes.

Other Taxes

Under present Luxembourg tax law, in the case where a Noteholder is a resident for tax purposes of Luxembourg at the time of his death, the Notes are included in his taxable estate, for inheritance tax purposes and gift tax may be due on a gift or donation of Notes, if the gift is recorded in a Luxembourg deed.

Swiss Tax Considerations

Swiss Taxation

The following is a summary only of the Issuer's understanding of current (as per the date of this Base Prospectus) law and practice in Switzerland relating to the taxation of the Notes issued under the Programme. Because this summary does not address all tax considerations under Swiss law and as the specific tax situation of an investor cannot be considered in this context, prospective investors are recommended to consult their personal tax advisers as to the tax consequences of the purchase, ownership, sale or redemption of and the income derived from the Notes issued under the Programme including, in particular, the effect of tax laws of any other jurisdiction.

The Swiss Federal Tax Administration has issued on 7 February 2007 a Circular Letter No. 15 regarding Certificates and Derivative Financial Instruments subject to Direct Federal Tax, Withholding Tax and Stamp Duty. The Notes issued under the Programme will be taxed in accordance with this Circular Letter No. 15 and its appendices, as updated from time to time. Depending on the qualification of the relevant Note by the competent Swiss tax authorities the taxation of each Note may be different.

Income Tax

Notes are held as private assets (*Privatvermögen*) by investors resident in Switzerland

Pursuant to the principles of Swiss income taxation, capital gains are in principle Swiss personal income tax exempt for (i) federal direct tax purposes if realised upon a disposal or exchange of movable and immovable private assets and for (ii) cantonal/municipal direct tax purposes if realised upon a disposal or exchange of movable private assets whereas investment income (such as, in particular but not limited to, interest, dividends etc.) deriving from private assets is subject to Swiss personal income tax. However, any capital losses sustained in relation to private assets are not tax deductible. Hence, (i) capital gains realised upon a sale of the Notes or (ii) income derived from the Notes stemming from capital gains are in principle Swiss personal income tax exempt for an investor resident in Switzerland holding the Notes as private assets whereas investment income deriving from the Notes is in principle subject to Swiss personal income tax.

Notes are held as business assets (*Geschäftsvermögen*) by investors resident in Switzerland

Pursuant to the principles of Swiss income taxation, capital gains realised upon disposal, exchange or re-evaluation of business assets are in general subject to (i) either Swiss personal income tax with respect to individuals or (ii) to Swiss corporate income tax with respect to corporations in the same manner as any other commercial or investment income. This applies to both, i.e. movable and immovable, assets. However, as capital gains in relation to business assets are in principle fully taxable, it follows that capital loss in relation to business assets is tax deductible. Hence, (i) capital gains realised upon a sale, exchange, redemption or re-evaluation of the Notes or (ii) income derived from the Notes, irrespective of whether such income stems from investment income or capital gains, are in principle subject to either Swiss personal income tax with respect to an individual investor resident in Switzerland holding the Notes as business assets or subject to Swiss corporate income tax with respect to a corporate investor resident in Switzerland.

Withholding Tax

The Swiss federal withholding tax is in principle levied on income (such as, but not limited to, interest, pensions, profit distributions etc.) from, amongst others, bonds and other similar negotiable debt instruments issued by a Swiss tax resident (*Inländer*), distributions from Swiss tax resident corporations, interest on deposits with Swiss banks as well as distributions of or in connection with Swiss tax resident collective investment schemes. For Swiss federal withholding tax purposes, an individual or corporation qualifies as a Swiss tax resident (*Inländer*) being subject to withholding taxation if it (i) is resident in Switzerland, (ii) has its permanent abode in Switzerland, (iii) is a company incorporated under Swiss law having its statutory seat in Switzerland, (iv) is a company incorporated under foreign law but with a registered office in Switzerland, or (v) is a company incorporated under foreign law but is managed and conducts business activities in Switzerland. Hence, as long as the Notes are not issued by an issuer qualifying as a Swiss tax resident for the purposes of the Swiss withholding tax, income derived from the Notes is in principle not subject to Swiss withholding tax.

Securities transfer tax

Swiss securities transfer tax is levied on the transfer of ownership against consideration of certain taxable securities (including, but not limited to, bonds) if a Swiss securities dealer is involved in the transaction and no exemption applies. The Swiss securities transfer tax is calculated on the purchase price or sales proceeds if the Notes are qualified as taxable securities.

EU System of Tax Retention and Bilateral Tax Agreements

Switzerland has introduced a tax retention (withholding tax) pursuant to the agreement between the European Community and the Swiss Confederation providing for measures equivalent to those laid down in the Council Directive 2003/48/EC on taxation of savings income in the form of interest payments effective as of 1 July 2005 (the "**Agreement**") on interest payments or similar income paid by a Swiss

paying agent to an individual resident of an EU Member State, unless the interest payments are made as debt-claims issued by debtors who are residents of Switzerland or pertaining to permanent establishments in Switzerland of non-residents, of 35 per cent. as from 1 July 2011. The beneficial owner may avoid the retention by expressly authorising the paying agent in Switzerland to report the interest payments to the competent authority of that state. The competent authority of Switzerland then communicates the information to the competent authority of the EU Member State of residence of the beneficial owner.

Switzerland has signed two tax agreements (*Quellensteuerabkommen*) with Austria and the United Kingdom regarding retrospective taxation of existing banking relationships in Switzerland of persons resident in Austria or the United Kingdom and the taxation of future investment income and capital gains. Future investment income and capital gains of Austrian and British bank clients in Switzerland will be subject to a final withholding tax (various tax rates apply) to be levied by a Swiss paying agent. Beneficial owners may avoid the retention by expressly authorising the paying agent in Switzerland to report amongst others any investment income and capital gains to the competent authority of Austria or the United Kingdom. These two tax agreements are in force since 1 January 2013.

Irish Tax Considerations

Irish Taxation

The following is a summary based on the laws and practices currently in force in Ireland of Irish withholding tax on interest and addresses the tax position of investors who are the absolute beneficial owners of the Notes. Particular rules not discussed below may apply to certain classes of taxpayers holding Notes, including dealers in securities and trusts. The summary does not constitute tax or legal advice and the comments below are of a general nature only and it does not discuss all aspects of Irish taxation that may be relevant to any particular holder of Notes. Prospective investors in the Notes should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Notes and the receipt of payments thereon under the laws of their country of residence, citizenship or domicile.

Withholding Tax

Tax at the standard rate of income tax (currently 20 per cent.) is required to be withheld from payments of Irish source interest. The Issuer will not be obliged to withhold Irish income tax from payments of interest on the Notes so long as such payments do not constitute Irish source income. Interest paid on the Notes may be treated as having an Irish source if:

- (a) the Issuer is resident in Ireland for tax purposes; or
- (b) the Issuer has a branch or permanent establishment in Ireland, the assets or income of which is used to fund the payments on the Notes; or
- (c) the Issuer is not resident in Ireland for tax purposes but the register for the Notes is maintained in Ireland or (if the Notes are in bearer form) the Notes are physically held in Ireland.

It is anticipated that, (i) the Issuer is not and will not be resident in Ireland for tax purposes; (ii) the Issuer will not have a branch or permanent establishment in Ireland; (iii) payments under the Notes will not be derived from Irish sources or assets; (iv) bearer Notes will not be physically located in Ireland and the Issuer will not maintain a register of any registered Notes in Ireland.

Encashment Tax

Irish tax will be required to be withheld at the standard rate of income tax (currently 20 per cent.) from interest on any interest paid on the Notes issued by a company not resident in Ireland, where such interest is collected or realised by a bank or encashment agent in Ireland on behalf of any holder of the Notes who is Irish resident. Encashment tax does not apply where the holder of the Notes is not resident in Ireland and has made a declaration in the prescribed form to the encashment agent or bank.

European Union Directive on Taxation of Savings Income

Ireland has implemented the Savings Directive income into national law. Accordingly, any Irish paying agent making an interest payment on behalf of the Issuer to an individual or certain residual entities resident in another Member State of the European Union or certain associated and dependent territories of a Member State will have to provide details of the payment and certain details relating to the Noteholder (including the Noteholder's name and address) to the Irish Revenue Commissioners who in turn are obliged to provide such information to the competent authorities of the state or territory of residence of the individual or residual entity concerned.

The Council of the European Union has adopted an amending directive (the "**Amending Directive**") which will, when implemented, amend and broaden the scope of the requirements described above. The Amending Directive will expand the range of payments covered by Directive 2003/48/EC, in particular to include additional types of income payable on securities, and the circumstances in which payments must be reported or paid subject to withholding. For example, payments made to (or for the benefit of) (i) an entity or legal arrangement effectively managed in a Member State that is not subject to effective taxation, or (ii) a person, entity or legal arrangement established or effectively managed outside of the EU (and outside any third country or territory that has adopted similar measures to Directive 2003/48/EC) which indirectly benefit an individual resident in a Member State, may fall within the scope of Directive 2003/48/EC, as amended. The Amending Directive requires EU Member States to adopt national legislation necessary to comply with it by 1 January 2016, which legislation must apply from 1 January 2017.

Investors who are in any doubt as to their position should consult their professional advisers.

The Proposed Financial Transactions Tax ("FTT")

The European Commission has published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "participating Member States").

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are exempt.

Under the current European Commission proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

In the following paragraphs of this “*Subscription and Sale*” section, references to “**Notes**” should be taken to include references to “interests in Notes held through CDIs”.

Summary of Dealer Agreement

Subject to the terms and conditions contained in the dealer agreement (constituted by the execution of the Programme Deed) (the “**Dealer Agreement**”), the Notes may be sold to Credit Suisse International, Credit Suisse Securities (Europe) Limited or any further financial institution appointed as dealer under the Dealer Agreement (together, the “**Dealers**”), who shall act as principals in relation to such sales. The Dealer Agreement also provides for Notes to be issued in Series or Tranches which are jointly and severally underwritten by two or more Dealers.

The Issuer may pay a Dealer a commission as agreed between the Issuer and a Dealer in respect of the Notes subscribed by it.

By entering into the relevant Dealer Agreement the Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement may be terminated in relation to all the Dealers or any of them by the Issuer or, in relation to itself and itself only, by any Dealer, at any time on giving not less than 10 days’ notice.

The Dealers may sell Notes to subsequent purchasers in individually negotiated transactions at negotiated prices, which may vary among different purchasers and which may be greater or less than the Issue Price of the Notes.

Selling Restrictions

United States

The Issuer is Category 2 for the purposes of Regulation S of the Securities Act, as amended. The Notes have not been and will not be registered under the Securities Act, as amended, and may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons at any time. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Each Dealer has represented and agreed that it has not offered, sold or delivered and will not offer, sell or deliver the Notes within the United States or to, or for the account or benefit of, U.S. persons at any time. Terms used in this paragraph have the meanings given to them by Regulation S.

The Notes are being offered and sold outside the United States in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with

effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Issue Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) if the relevant Series Prospectus in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”) following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Series Prospectus contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Series Prospectus, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (ii) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (iii) to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (iv) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

**[SCHEDULE 1 TO THE ISSUE TERMS -
CREDIT SUPPORT ANNEX**

This schedule highlights selected elections made in the Credit Support Annex forming part of the Swap Agreement. It is not intended to be a substitute for, nor a summary of, the detailed provisions of the Credit Support Annex that are available for inspection at the registered office of the Issuer and at the Specified Office of the Issuing and Paying Agent.

Under the terms of the Credit Support Annex, a [●] valuation will be performed by the Swap Counterparty (in its capacity as Valuation Agent) as to the Exposure (as defined in the Credit Support Annex) under the Swap Agreement, whereupon (subject to certain thresholds being met, as set out below) a party may be required to transfer Eligible Credit Support (as defined in the Credit Support Annex) to the other party as credit support in order to collateralise any such Exposure. Such Eligible Credit Support may, at the option of the Swap Counterparty where it is required to transfer the same to the Issuer, comprise [●].

The Valuation Percentage (as defined in the Credit Support Annex) for [Eligible Credit Support transferred as credit support is [●] per cent.]. This means that the minimum value of Eligible Credit Support required to be transferred by the Swap Counterparty to the Issuer will be [greater][less] than the corresponding Exposure of the Issuer (at around [●] per cent.).

The amount of credit support required to be transferred by the Transferor (as defined in the Credit Support Annex) under the Credit Support Annex in respect of a Valuation Date (as defined in the Credit Support Annex) will depend on the Transferee's Exposure to the Transferor under the Swap Agreement and the value of any existing Credit Support Balance (as defined in the Credit Support Annex) held by the Transferee, as determined by the Swap Counterparty (in its capacity as Valuation Agent) in accordance with the terms of the Credit Support Annex.

All valuations will be by reference to the Base Currency under the Credit Support Annex, being [●].

To the extent that the value of any existing Credit Support Balance held by a party exceeds that party's Exposure to the other party, then such party may be obliged to return any excess credit support to the other party in accordance with the terms of the Credit Support Annex.]
