**Series 2017-08****EUR 20,000,000 Secured Repackaged Notes due 2046****issued under the Secured Note Programme****Issue Price: 100 per cent.**

This document is a series prospectus (the "**Series Prospectus**"), prepared for the purposes of Article 5(1) of Directive 2003/71/EC (and amendments thereto, including Directive 2010/73/EU, the "**Prospectus Directive**"). This Series Prospectus contains information relating to the above notes (the "**Notes**") issued by Argentum Capital S.A., a public limited liability company (*société anonyme*) incorporated under the laws of the Grand Duchy of Luxembourg, with its registered office at 51, Avenue J.-F. Kennedy, L-1855 Luxembourg, registered with the Luxembourg trade and companies register under number B.182.715 and subject to the Securitisation Act 2004 (the "**Company**", and acting in respect of its Compartment 2017-08 (as defined below), the "**Issuer**"). The Series Prospectus should be read in conjunction with the base prospectus dated 5 September 2016 relating to the Secured Note Programme (the "**Programme**") of the Issuer which has been approved by the Central Bank of Ireland (the "**Base Prospectus**"). Unless defined herein, terms defined in the Base Prospectus have the same meanings in this Series Prospectus.

This Series Prospectus constitutes a "prospectus" for the purposes of the Prospectus Directive.

This Series Prospectus has been approved by the Central Bank of Ireland (the "**Central Bank**") as competent authority under the Prospectus Directive. The Central Bank only approves this Series Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Application has been made to the Irish Stock Exchange plc for the Notes to be admitted to the Official List and trading on its regulated market. There can be no assurance that any such listing will be obtained, or if obtained, will be maintained. References in this Series Prospectus to Notes being "listed" (and all related references) shall mean that such Notes have been admitted to trading on the regulated market of the Irish Stock Exchange plc and have been admitted to the Official List (the "**Official List**"). The regulated market of the Irish Stock Exchange plc is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2004/39/EC).

The Notes will be issued in respect of a separate compartment ("**Compartment 2017-08**") created by the board of directors of the Company (the "**Board**"). The Company is subject to the Luxembourg act dated 22 March 2004 on securitisation, as amended (the "**Securitisation Act 2004**") and the Luxembourg act dated 10 August 1915 on commercial companies, as amended (the "**Companies Act 1915**"). The terms and conditions (the "**Conditions**") of the Notes comprise the Master Conditions set out in the Base Prospectus, as completed by the Issue Terms (the "**Issue Terms**"), as set out herein. The Notes will be issued in bearer form.

Under Luxembourg law, the Company's assets and liabilities can be divided into "compartments". The Issuer will purchase assets with the proceeds of the Notes, and those and the Issuer's liabilities in respect of the Notes will be allocated to the Compartment 2017-08 created for the Notes and will be segregated from the Company's other assets and liabilities and from the assets and liabilities allocated to all other Compartments. The assets in the Compartment 2017-08 will be available exclusively to meet the Issuer's obligations in respect of the Notes and may not be used by the Company to meet its obligations in respect of any other series of Notes or any other obligations. In addition, the Notes will be secured by a security interest over the assets allocated to the Compartment 2017-08 and the Issuer's rights under certain Transaction Documents relating to the Notes and certain property, sums and other assets derived therefrom. The Company's other assets or assets of another Compartment will not be available to meet any shortfall.

Any investor based in a Member State of the European Economic Area shall be required to purchase a principal amount of the Notes at least equal to EUR 100,000 or its equivalent in any other currency.

Each of the Arranger and the Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Series Prospectus or any such statement.

Prospective purchasers of Notes should have regard to the factors described under the section headed "*Risk Factors*" in this Series Prospectus. This Series Prospectus does not describe all of the risks of an investment in

the Notes. Neither this Series Prospectus nor any financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger, the Dealer, the Trustee or the Agents that any recipient of this Series Prospectus or any other financial statements should purchase the Notes.

Prospective purchasers of Notes should conduct such independent investigation and analysis regarding the Issuer, the security arrangements and the Notes as they deem appropriate to evaluate the merits and risks of an investment in the Notes. Prospective purchasers of Notes should have sufficient knowledge and experience in financial and business matters, and access to, and knowledge of, appropriate analytical resources, to evaluate the information contained in this Series Prospectus and the merits and risks of investing in the Notes in the context of their financial position and circumstances. None of the Arranger, the Dealer, the Trustee or the Agents undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Series Prospectus or the term of any Notes issued nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Arranger, the Dealer, the Trustee or the Agents. The risk factors identified in this Series Prospectus are provided as general information only and the Arranger and the Dealer disclaim any responsibility to advise purchasers of Notes of the risks and investment considerations associated therewith as they may exist at the date hereof or as they may from time to time alter.

The Issuer will not be providing any post-issuance information in relation to the Notes.

## **RISK FACTORS**

The risk factors set out below should be read in addition to those set out in pages 18 to 65 of the Base Prospectus. Such risk factors are risk factors that are material to the Notes in order to assess the market risk associated with them or which may affect the Issuer's ability to fulfil its obligations under them. None of the Issuer, the Arranger or any Dealer is in a position to express a view on the likelihood of any contingency highlighted by a risk factor occurring.

### **Limitations on claims against the Issuer**

The Notes are solely obligations of the Issuer and none of the Swap Counterparty or any Original Collateral Obligor has any obligation to the Noteholders for payment of any amount due in respect of the Notes. The Issuer is a special purpose vehicle established, inter alia, for the purpose of issuing the Notes. The Notes are limited in recourse to the Mortgaged Property which includes, inter alia, the Issuer's rights in respect of the Swap Agreement and the Original Collateral (if any) held pursuant to the Custody Agreement. Other than the Mortgaged Property, there are no other assets of the Issuer available to meet any outstanding claims of the Secured Creditors, including the Noteholders. For further consideration of this risk, please refer to the following Risk Factors: (a) "*The Company is a Special Purpose Vehicle*"; (b) "*Contracting on a limited recourse basis*"; and (c) "*Limited recourse obligations*" in the Base Prospectus.

### **Suspension of Payments**

If the Calculation Agent determines that facts exist which may (assuming the expiration of any applicable grace period) amount to a Collateral Event (as defined below), no payment of principal or interest shall be made by the Issuer in respect of the Notes for a period of ten Business Days following such determination (the "**Suspension Period**"), and the Calculation Agent shall give written notice to the Issuer, the Trustee and the Noteholders of such determination. If, at any time during the Suspension Period, the Calculation Agent determines that a Collateral Event has occurred then the Notes shall redeem early pursuant to the Issue Terms. If, on the final Business Day of the Suspension Period, no such determination has been made then the balance of the principal or interest that would otherwise have been payable in respect of the Notes shall be due on the second Business Day after such final Business Day of the Suspension Period. Noteholders shall not be entitled to a further payment as a consequence of the fact that such payment of such principal or interest is postponed.

### **Original Collateral**

The outstanding principal amount of the Original Collateral held on behalf of the Issuer may be reduced from time to time (to an amount not less than zero) to the extent that Original Collateral is required to be transferred to the Swap Counterparty pursuant to the Credit Support Annex. This will occur if the Swap Agreement increases in value from the Swap Counterparty's perspective.

In the event that the Disposal Agent is required to effect a Liquidation of the Original Collateral following an early redemption of the Notes, Noteholders will be paid such liquidated amounts after payment of any priority claims in accordance with the Conditions. There is no assurance that in such circumstances that the proceeds available following payment of any such priority claims will be sufficient to pay in full the amounts that holders of the Notes would expect to receive in the event that the Notes redeemed in accordance with the Issue Terms on the Scheduled Maturity Date or that the holders of the Notes will receive back the amount they originally invested.

### **Inflation Linkage**

Asset 3 of the Original Collateral is inflation linked and as such, the value of the Original Collateral and the Swap Agreement will be affected by changes in any relevant inflation rates.

### **Security**

The Notes have the benefit of English law governed security interests and a Luxembourg law governed security interest (pledge agreement) which are granted to the Trustee (for the benefit of the Transaction Parties) over the Mortgaged Property allocated to Compartment 2017-08. The Collateral and any related cash in respect of such security arrangements will be held on a pooled basis in respect of this Series and not allocated to specified accounts.

### **Early Redemption of the Notes**

If an early redemption event occurs under the Conditions all of the Notes will fall due for redemption at their Early Cash Redemption Amount pursuant to the Master Conditions as set out in the Base Prospectus and as completed hereby.

### **Early Redemption Amount**

The Notes are subject, amongst other things, to the credit risk of the Original Collateral Obligor, the Custodian and the Swap Counterparty.

If the Notes are redeemed early, interest shall be deemed to have ceased to accrue from and including the immediately preceding Interest Payment Date or (if no such preceding Interest Payment Date) the Issue Date, the Notes will fall due for redemption at an amount equal in aggregate to the Early Redemption Amount and no further payments of interest and/or principal in respect of the Notes will be due and payable.

The Early Redemption Amount is a combination of physical delivery of any Original Collateral and distribution of any cash amounts that may be distributable (which may be any Available Cash Proceeds Excess and/or Liquidation Return Amounts, if any, each as defined herein). Prior to any such physical delivery of Original Collateral or distribution of cash amounts to the Noteholders, any amounts due to the Swap Counterparty (i.e. a Termination Payment payable by the Issuer to the Swap Counterparty) or any other creditors senior to the Noteholders in the waterfall will be funded by partial, or complete, as the case may be, Liquidation of the Original Collateral. The amount of Original Collateral physically delivered to Noteholders will therefore be exposed to the market value obtainable in respect of such Original Collateral so Liquidated. Noteholders will also, as a result of the way in which the Early Redemption Amount is determined, be exposed to the market value of the Swap Agreement.

Prospective Noteholders must read and understand all the provisions herein that relate to the calculation of the Early Redemption Amount before investing in the Notes.

### **Noteholders may not receive physical delivery of any Original Collateral**

Upon an enforcement of the Security, Noteholders will not receive physical delivery of any Original Collateral, but will instead receive a cash amount, if any, equivalent to a valuation of their claim based on their holding of Notes.

A Noteholder will also not receive physical delivery of any Original Collateral if the Calculation Agent determines that such physical delivery is not permitted by any relevant laws, rules or regulations. In such an instance, the Disposal Agent will Liquidate the Physical Entitlement(s) (as defined herein) of the affected Noteholders, and each affected Noteholder will receive a cash amount, if any, based on its pro rata share of the proceeds of such Liquidation.

### **Swap Counterparty Exposure**

Upon the scheduled maturity of the Original Collateral, the redemption proceeds in respect thereof are expected to be used by the Issuer to satisfy its payment obligations to the Swap Counterparty under the Swap Transaction. As the scheduled Maturity Date of the Notes falls after the scheduled maturity date of the Original Collateral, following its payment of such redemption proceeds to the Swap Counterparty the Issuer will rely solely upon the amounts payable to it by the Swap Counterparty under the Swap Transaction on the Maturity Date to fund its redemption on the Notes. As a result, in these circumstances, the Issuer and the Noteholders are exposed to the credit risk of the Swap Counterparty and will not have the benefit of any security over any Original Collateral or redemption proceeds thereof.

### **Available Original Collateral**

The sum of the remaining Original Collateral standing to the credit of the Securities Account will change over the life of the Notes. As each of Asset 1, Asset 2 and Asset 3 (as defined herein) matures during the life of the Notes, the Available Original Collateral will consequently reduce.

### **CSA Posted Collateral**

The amount of the CSA Posted Collateral held on behalf of the Issuer may be reduced from time to time to the extent required to be transferred to the Swap Counterparty pursuant to the Credit Support Annex. This will occur if the Swap Agreement increases in value from the Swap Counterparty's perspective.

## **Liquidation of the Original Collateral**

Where the Disposal Agent is required to liquidate any Original Collateral following an early redemption of the Notes, it shall do so by obtaining five Quotations (as defined in the Conditions) from dealers in the market and selling any Original Collateral to the dealer with the highest Quotation. Where an asset the value of which is being sought is illiquid or of a low notional amount, there may be limited availability of dealers willing to provide Quotations. In such circumstances, the Disposal Agent would instead make such determination. No assurance can be given that any Quotations will be available.

## **Payments on Swap Termination**

Amounts payable on an early redemption of the Notes may be reduced or increased to take account of any termination amount payable by or to the Issuer under the Swap Agreement. The determination of such an Early Termination Amount may, without limitation, involve the relevant party (i) valuing different components of the Swap Transaction that are traded separately in the market and/or (ii) using financial models to determine the value of the Swap Transaction. Financial models are typically simplified projections of what is expected to occur in practice and are likely to contain certain assumptions which may or may not be accurate. Different financial institutions may use different financial models to value the same asset, which may result in diverging valuations for such asset.

## **Provision of information**

Neither the Issuer nor the Dealer (i) has provided or will provide prospective purchasers of Notes with any information or advice with respect to the Original Collateral, the Original Collateral Obligor, the Custodian or the Swap Counterparty, or (ii) makes any representation as to the credit quality of the Original Collateral, the Original Collateral Obligor, the Custodian or the Swap Counterparty. The Issuer and/or the Swap Counterparty may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Custodian, the Original Collateral and the Original Collateral Obligor which will not be disclosed to Noteholders. The timing and limited scope of the information provided to Noteholders regarding the Original Collateral, the Original Collateral Obligor and the occurrence of a Collateral Event, may affect the liquidity of the Notes and the ability of Noteholders to value the Notes accordingly. Neither the Issuer nor the Dealer is under any obligation to make such information, whether or not confidential, available to Noteholders.

## **Business relationships**

There is no limitation or restriction on Credit Suisse International or any of its affiliates with regard to acting as adviser (or acting in any other similar role) to other parties or persons or entering into, performing or enforcing its rights in respect of a broad range of transactions in various capacities for its own account and for the account of other persons from time to time in relation to its business. This, and other future activities of it and/or its affiliates, may give rise to conflicts of interest. These interests may conflict with the interests of the Noteholders, and the Noteholders may suffer a loss as a result.

The Issuer and/or the Swap Counterparty may have existing or future business relationships with the Original Collateral Obligor (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that it deems or they deem necessary or appropriate to protect their and/or its interests (in whatever capacity) arising therefrom (including, without limitation, any action which might constitute or give rise to a Collateral Event) without regard to the consequences for a Noteholder.

The Issuer and the Swap Counterparty may deal in any derivatives linked to the Original Collateral and any other obligations of the Original Collateral Obligor and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with the Original Collateral Obligor and may act with respect to such business in the same manner as each of them would have had the Notes not been in issue, regardless of whether any such action might have an adverse effect on the Original Collateral, the Original Collateral Obligor or the position of a Noteholder or otherwise.

## **No claim against the Original Collateral Obligor**

The Notes will not represent a claim against the Original Collateral Obligor and, in the event of any loss, a Noteholder will not have recourse under the Notes to the Original Collateral Obligor.

## **Determinations**

The Calculation Agent has broad discretionary authority to make various determinations and adjustments under the Notes, any of which may have an adverse effect on the market value thereof or amounts payable or other benefits to be received thereunder. Any such discretion exercised by, or any calculation made by, the Calculation Agent (in the absence of manifest error) shall be binding on the Issuer and all holders of the Notes.

In making calculations and determinations with regard to the Notes, there may be a difference of interest between the investors and the Calculation Agent. The Calculation Agent is required to act in good faith and in a commercially reasonable manner but does not have any obligations of agency or trust for any investors and has no fiduciary obligations towards them. In particular the Calculation Agent and its affiliated entities may have interests in other capacities (such as other business relationships and activities).

The determination as to whether a Collateral Event has occurred shall be made by the Calculation Agent under the Notes and without regard to any related determination by the Original Collateral Obligor or any action taken, omitted to be taken or suffered to be taken by any other person, including, without limitation, any creditor of the Original Collateral Obligor.

## **Trading Market for the Notes / Liquidity Risk**

Under Normal Market Conditions, Credit Suisse International will endeavour to provide a secondary market for the Notes, but neither Credit Suisse International, the Issuer, nor any of their affiliates are under any legal obligation to do so. Upon investor demand Credit Suisse International may provide bid/offer prices for the Notes, depending on actual market conditions. There will be a price difference between bid and offer prices (spread).

There can be no assurance that a secondary market in the Notes will develop, or if it does develop, that it will provide holders of the Notes with any liquidity of investment or that it will continue for the life of the Notes. The Notes will not be listed on any securities exchange. Because other dealers are not likely to make a secondary market for the Notes, the price at which any investor may be able to trade the Notes is likely to depend on the price, if any, at which Credit Suisse International is willing to buy the Notes.

For these purposes, "**Normal Market Conditions**" means the absence of the following events: (i) there is a market disruption in the relevant markets, as determined by Credit Suisse International in its sole and absolute discretion acting in good faith and in a commercially reasonable manner, or (ii) such failure results from an act of any Government or other competent authority, civil commotion, rebellion, storm, tempest, fire or any other cause beyond the reasonable control of Credit Suisse International.

## **Further Product Specific Risks**

The likelihood of a Collateral Event occurring in respect of the Original Collateral will generally fluctuate with, among other things, the financial condition and other characteristics of the Original Collateral Obligor, general economic conditions, the condition of certain financial markets, political events, developments or trends in any particular industry and changes in prevailing interest rates. The whole of an investor's investment is at risk if a Collateral Event occurs in respect of the Original Collateral.

The Original Collateral Obligor is the Kingdom of Spain, and as such, the Notes bear the risk of Spain. A decline in the creditworthiness of Spain may reduce the market value of the Notes. No statement is made in this Series Prospectus about the creditworthiness of Spain and prospective Noteholders should make their own investigations relating to the creditworthiness of Spain and must base their decision to invest entirely on their own investigations.

Prospective investors should review the Original Collateral Obligor and conduct their own investigation and analysis with respect to the creditworthiness of the Original Collateral Obligor and the likelihood of the occurrence of a Collateral Event with respect to the Original Collateral Obligor.

## **Exchange rates and exchange controls**

The Issuer will pay interest and principal on the Notes in EUR. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than EUR. These include the risk that exchange rates may significantly change (including changes due to a devaluation of EUR or a revaluation of the Investor's Currency) and the risk that

authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to EUR would decrease (1) the Investor's Currency equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less than expected.

## SCHEDULE 1 TO THE ISSUE TERMS - AMENDMENTS TO MASTER CONDITIONS

### 1. Amendments to Master Condition 1(a) (*Definitions*):

(a) The following definition shall be added to Master Condition 1(a) (*Definitions*):

""**Available Original Collateral**" means, on any day, the sum of the remaining Original Collateral standing to the credit of the Securities Account.";

(b) Definitions for "Aggregated Note Entitlement", "Aggregated Unrounded Note Entitlement", "Excess Available Deliverable Collateral", "Note Entitlement" and "Unrounded Note Entitlement" in Master Condition 1(a) (*Definitions*) shall, in each case, be deemed to have been amended to have their meanings as set out in Master Condition 8(n) (*Definition of Early Redemption Amount*) (as amended by Schedule 1 of the Issue Terms); and

(c) The definition for "Remaining Original Collateral" in Master Condition 1(a) (*Definitions*) shall have its meaning amended by paragraph 4(g) of this Schedule 1 to the Issue Terms.

### 2. Amendments to Master Condition 8

All references to "Early Cash Redemption Amount" in Master Condition 8 shall be amended to refer to "Early Redemption Amount".

### 3. Amendments to Master Condition 8(n) (*Definition of Early Redemption Amount*)

The provisions for Master Condition 8(n) (*Definition of Early Redemption Amount*) shall be deleted in its entirety and replaced with the following:

"The "**Early Redemption Amount**" means, in respect of each Note outstanding on the relevant Early Redemption Date:

- (i) provided that the delivery of such Physical Entitlement (as defined below) is permitted by all relevant law, rules and regulations and the terms of the Remaining Original Collateral, the relevant Physical Entitlement determined according to each Note's *pro rata* share (each, an "**Unrounded Note Entitlement**") of an aggregate nominal amount of the Remaining Original Collateral that is available for delivery, with each such Unrounded Note Entitlement being rounded down to the next tradable unit of such Remaining Original Collateral (or zero, as applicable) (each, being a "**Note Entitlement**"). Where a Noteholder holds more than one Note being redeemed, the Calculation Agent shall aggregate the Unrounded Note Entitlements in respect of all Notes held by such Noteholder (each, an "**Aggregated Unrounded Note Entitlement**") before applying any rounding and shall instead round down such Aggregated Unrounded Note Entitlement to the next tradable unit of such Remaining Original Collateral (each, an "**Aggregated Note Entitlement**" and "**Physical Entitlement**" shall refer to a Note Entitlement or an Aggregated Note Entitlement as applicable);
- (ii) an amount of cash equal to each Note's *pro rata* share of the Excess Available Deliverable Collateral, provided that after such distribution under sub-paragraph (i) above is complete and to the extent that any Original Collateral is remaining (the "**Excess Available Deliverable Collateral**"), the Disposal Agent shall seek to Liquidate such Excess Available Deliverable Collateral as soon as reasonably practicable in accordance with Condition 13 (*Liquidation*) (as amended by Schedule 1 to the Issue Terms); and
- (iii) to the extent that there is any Available Cash Proceeds Excess and/or Liquidation Return Amount and/or (in aggregate, the "**Excess Cash Proceeds**"), an amount of cash equal to each Note's *pro rata* share of such Excess Cash Proceeds on the Early Redemption Date."

### 4. Early Redemption

Following the occurrence of an Early Redemption Commencement Date pursuant to Master Condition 8, the following provisions shall apply:

- (a) the Disposal Agent shall effect a Liquidation of the CSA Posted Collateral (if any) in accordance with paragraph 5 (*Liquidation*) of this Schedule 1 to the Issue Terms and the proceeds thereof (including, for the avoidance of doubt, where they are deemed to be zero) shall be the "**CSA Posted Collateral Proceeds**";
- (b) the Termination Payment will be determined, the date on which the CSA Posted Collateral Proceeds and the Termination Payment have each been determined being the "**Swap Value Determination Date**";
- (c) if the aggregate value of the obligations of the Issuer ranking in priority to the Noteholders pursuant to Master Condition 15(a) (*Application of Available Proceeds of Liquidation*) (such value being the "**Priority Amount**" and including, for the avoidance of doubt, any Termination Payment owed to the Swap Counterparty), as determined by the Calculation Agent acting in a commercially reasonable manner as at the Swap Value Determination Date, is greater than the sum of the CSA Posted Collateral Proceeds and the Termination Payment owed to the Issuer (if any) (such sum being the "**Available Cash Proceeds**", and any excess of the Priority Amount after exhaustion of the Available Cash Proceeds (if any) being the "**Priority Amount Excess**"), the Disposal Agent is instructed to effect a Liquidation of such principal amount of the Original Collateral then held with the Custodian as is required to realise an amount in EUR not less than the Priority Amount Excess (the "**Liquidated Collateral Principal**");
- (d) if the Available Cash Proceeds are greater than the Priority Amount, then:
  - (1) no Liquidation shall be effected in accordance with paragraph 4(c) above; and
  - (2) the excess of such Available Cash Proceeds over the Priority Amount shall be an "**Available Cash Proceeds Excess**" and shall form part of the Excess Cash Proceeds;
- (e) if a Liquidation is required to be effected in accordance with paragraph 4(c) above, then for the purpose of determining the Liquidated Collateral Principal, the following procedure will apply:
  - (1) the allocation with respect to each of Asset 1 of the Original Collateral, Asset 2 of the Original Collateral and Asset 3 of the Original Collateral will be determined by the Calculation Agent in accordance with the formula below:

$$Q(k) = \frac{\text{Bond}(k)\text{Principal} \times \text{Value of Swap Agreement}}{\sum_{k=1}^n \text{Bond}(k)\text{Principal} \times \text{Bond}(k)\text{Market Value}}$$

Where:

"**Bond(k)**" means Asset 1 of the Original Collateral, Asset 2 of the Original Collateral or Asset 3 of the Original Collateral, as applicable;

"**Bond(k)Market Value**" means, in respect of each Bond(k), the market value of such Bond(k) quoted as a percentage per nominal amount of the Bond(k), as determined by the Disposal Agent in accordance with paragraph 4(e)(2);

"**Bond(k)Principal**" means the outstanding principal amount of bonds with respect to each Bond(k), as per paragraph 19 of these Issue Terms;

"**n**" means the number of Bond(k) (being one (1), two (2) or three (3), as applicable) then outstanding at any point in time during the life of the Notes in the event of a Liquidation. "n" shall be, unless any Bond(k) is redeemed early, equal to (i) three (3) until the relevant maturity date of Asset 3 of the Original Collateral, (ii) two (2) until the relevant maturity date of Asset 2 of the Original Collateral and (iii) one (1) until the relevant maturity date of Asset 1 of the Original Collateral;

"**Q(k)**" means the number of bonds to be liquidated with respect to each Bond(k); and

"**Value of Swap Agreement**" means, in the event of a Swap Termination Event, the market value of the Swap Agreement as determined by the Calculation Agent;

- (2) the Disposal Agent shall liaise with each of five dealers in the relevant market to determine the Bond(k)Market Value in respect of each Bond(k) and consequently the lowest principal amount of the Original Collateral (being an integer multiple of its tradable unit) that such dealer would need to purchase, in addition to any other Collateral that is not Original Collateral, on the basis of that dealer's Quotation in the Base Currency (the "**Required Collateral Amount**") such that, subject to sub-paragraph (2) below, the price paid by that dealer would not be less than the Priority Amount Excess; and
- (3) if the Required Collateral Amount is:
  - (x) less than or equal to the Available Original Collateral, then the Liquidated Collateral Principal shall be the Required Collateral Amount and the Disposal Agent shall sell the Required Collateral Amount in accordance with paragraph 6 (*Liquidation*) of this Schedule 1 to the Issue Terms below; or
  - (y) greater than the Available Original Collateral, then the Liquidated Collateral Principal shall be the Available Original Collateral and the Disposal Agent shall sell the Available Original Collateral in accordance with paragraph 6 (*Liquidation*) of this Schedule 1 to the Issue Terms below; and
  - (z) the proceeds of the Liquidation of the Liquidated Collateral Principal, in accordance with this paragraph 4(e), shall be the "**Liquidated Collateral Principal Proceeds**";
- (f) if the Liquidated Collateral Principal Proceeds exceeds the Priority Amount Excess (such excess being a "**Liquidation Return Amount**"), then such Liquidation Return Amount shall form part of the Excess Cash Proceeds; and
- (g) to the extent that the Disposal Agent has to Liquidate any Original Collateral under paragraph 4(c) above, then the amount of Original Collateral remaining following such Liquidation, if any, shall be the "**Remaining Original Collateral**".

#### 5. Early redemption where physical delivery is impossible

Where the Calculation Agent determines that delivery of the Physical Entitlement is not permitted by any relevant laws, rules or regulations, paragraphs 4(a) to (c) above of this Schedule 1 to the Issue Terms will not apply and the Disposal Agent will instead, on the Early Redemption Date, Liquidate the relevant Physical Entitlement(s) in accordance with paragraph 6 (*Liquidation*) of this Schedule 1 to the Issue Terms and each such affected Noteholder will receive its *pro rata* share of the proceeds of such Liquidation (if any) on the related Early Redemption Date.

#### 6. Liquidation

If the Disposal Agent is to effect a Liquidation of any of the Collateral in whole or in part ("**Relevant Collateral**") in connection with an early redemption of the Notes, it shall do so in accordance with Master Condition 13(b) (*Liquidation*), subject to the following amendments to Master Conditions 13(b)(iii):

- (a) the sentence ", for the purpose of paragraph (i) above" shall be deleted; and
- (b) "all of the Collateral" in sub-paragraph (iii)(1) shall be deleted and replaced with "the Relevant Collateral".

### **SCHEDULE 3 TO THE ISSUE TERMS: CREDIT SUPPORT ANNEX**

*This schedule highlights selected elections made in the Credit Support Annex forming part of the Swap Agreement. It is not intended to be a substitute for, nor a summary of, the detailed provisions of the Credit Support Annex that are available for inspection at the registered office of the Issuer and at the Specified Office of the Issuing and Paying Agent.*

Under the terms of the Credit Support Annex, a daily valuation will be performed by the Swap Counterparty (in its capacity as Valuation Agent) as to the Exposure (as defined in the Credit Support Annex) under the Swap Agreement, whereupon (subject to certain thresholds being met, as set out below) a party may be required to transfer Eligible Credit Support (as defined in the Credit Support Annex) to the other party as credit support in order to collateralise any such Exposure. Such Eligible Credit Support may, at the option of the Swap Counterparty where it is required to transfer the same to the Issuer, comprise:

1. the Original Collateral; and
2. transferable debt instruments of any currency or denomination issued by the Original Collateral Obligor or the United States of America, the United Kingdom of Great Britain and Northern Ireland, the Republic of France, the Federal Republic of Germany, the Republic of Italy, the Kingdom of Belgium, the Swiss Confederation or Japan.

The Valuation Percentage (as defined in the Credit Support Annex) for Eligible Credit Support is 100 per cent. save in respect of debt issued by (a) the Original Collateral Obligor and (b) the Republic of Italy where it is 85 per cent.

The amount of credit support required to be transferred by the Transferor (as defined in the Credit Support Annex) under the Credit Support Annex in respect of a Valuation Date (as defined in the Credit Support Annex) will depend on the Transferee's Exposure to the Transferor under the Swap Agreement and the value of any existing Credit Support Balance (as defined in the Credit Support Annex) held by the Transferee, as determined by the Swap Counterparty (in its capacity as Valuation Agent) in accordance with the terms of the Credit Support Annex.

All valuations will be by reference to the Base Currency under the Credit Support Annex, being EUR.

To the extent that the value of any existing Credit Support Balance held by a party exceeds that party's Exposure to the other party, then such party may be obliged to return any excess credit support to the other party in accordance with the terms of the Credit Support Annex.

## **INFORMATION ON THE SWAP COUNTERPARTY**

Information on the Swap Counterparty is incorporated by reference from the Base Prospectus into this Series Prospectus, with the following the amendment to the "Description of the Swap Counterparty " section of the Base Prospectus:

The following sentence "The business is managed as a part of the Investment Banking Division of Credit Suisse AG in the Europe, Middle East and Africa region, and is supported by Credit Suisse AG's Shared Services Division, which provides business support services in such areas as finance, legal, compliance, risk management, and information technology." shall be deleted in its entirety and replaced with the following: "The business is managed as a part of the Global Markets and Investment Banking and Capital Markets Divisions of Credit Suisse AG."

## AMENDMENTS TO TAXATION

All provisions under "Luxembourg Tax Considerations" and before "Swiss Tax Considerations" in the "Taxation" section of the Base Prospectus from pages 261 to 263 (including provisions in respect of "*Taxation of the Issuer*", "*Taxation of the Noteholders*", "*Withholding tax*", "*Non-resident Noteholders*", "*Resident Noteholders*", "*Income Taxation*", "*Wealth tax*" and "*Other taxes*" under "*Luxembourg Taxation*") shall be deleted in its entirety and replaced as follows:

### **"Luxembourg Taxation**

*The following overview is of a general nature. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.*

#### **Taxation of the Issuer**

The Company will be considered a fiscal resident of Luxembourg from a Luxembourg tax law perspective and should therefore be able to obtain a residence certificate from the Luxembourg tax authorities.

The Company will be liable for Luxembourg corporation taxes. The current standard applicable rate in Luxembourg city, including corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*) and solidarity taxes, is 27.08 per cent. Liability for such corporation taxes extends to the Company's worldwide profits including capital gains, subject to the provisions of any relevant double taxation treaty. The taxable income of the Company is computed by application of all rules of the Luxembourg income tax law of 4 December 1967, as amended (*loi concernant l'impôt sur le revenu*).

Under certain conditions, dividends received by the Company from qualifying participations and capital gains realised by the Company on the sale of qualifying participations may be exempt from Luxembourg corporation taxes under the Luxembourg participation exemption. The Company may further deduct from its taxable profits interest payments made to Noteholders.

A fixed registration duty (*droit fixe spécifique d'enregistrement*) of EUR 75 is payable at the moment of the amendment of the Articles. There is no Luxembourg registration tax, capital tax, stamp duty or any other similar tax or duty payable in Luxembourg in respect of or in connection with the issue of the Notes or in respect of the payment of principal or interest under the Notes or the transfer of the Notes. If any documents in respect of the Notes are required to be registered in Luxembourg, they could be subject to a fixed or an *ad valorem* registration duty, depending on the nature of the document being registered.

As from the 2017 tax year, the Company will be subject to lump sum minimum net wealth tax (*impôt sur la fortune*) for an amount of EUR 4,815 if the Company's financial assets (financial fixed assets, amounts owed by affiliated undertakings, transferable securities and cash at bank and in hand) exceed (i) 90% of the Company's balance sheet total and (ii) EUR 350,000.-. In case the latter conditions are not met, the lump sum minimum net wealth tax ranges from EUR 535.- to 32,100.- depending on the Company's balance sheet total.

#### **Taxation of the Noteholders**

##### **Withholding tax**

Subject to the discussion of FATCA contained herein, under Luxembourg general tax laws currently in force and with the possible exception of interest paid to certain individual Noteholders there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident Noteholders, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident Noteholders.

##### ***Non-resident Noteholders***

Subject to the discussion of FATCA contained herein under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident Noteholders, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident Noteholders.

### ***Resident Noteholders***

Under the Law of 23 December 2005, as amended, (the "**Law**") payments of interest or similar income made or ascribed by a paying agent within the meaning of the Law established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 20 per cent.

Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Law would be subject to withholding tax of 20 per cent.

### **Income Taxation**

Noteholders who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal.

A Noteholder who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a fixed place of business in Luxembourg, to which the Notes are attributable, is subject to Luxembourg income tax in respect of the interest paid or accrued on, or any other income derived from, the Notes. An individual Luxembourg resident Noteholder, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax in respect of interest or any other income received, except if withholding tax has been levied on such payments in accordance with the Law.

Under Luxembourg domestic tax law, gains realised by an individual Noteholder, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, on the sale or disposal, in any form whatsoever, of Notes are not subject to Luxembourg income tax, provided this sale or disposal took place at least six months after the acquisition of the Notes. An individual Noteholder, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, has further to include the portion of the gain corresponding to accrued but unpaid interest in respect of the Notes in his taxable income, except if (i) withholding tax has been levied on such payments in accordance with the Law, or (ii) the individual Noteholder has opted for the application of a 20 per cent. tax in full discharge of income tax in accordance with the Law, which applies if a payment of interest has been made or ascribed by a paying agent established in an EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than an EU Member State).

The withholding tax or self-applied tax are the final tax liability for the Luxembourg individual resident taxpayers receiving the interest payment in the framework of their private wealth.

Gains realised by a corporate Noteholder or by an individual Noteholder, who acts in the course of the management of a professional or business undertaking, who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a fixed place of business in Luxembourg, to which the Notes are attributable, on the sale or disposal, in any form whatsoever, of Notes are subject to Luxembourg income tax.

A Luxembourg Noteholder that is governed by (i) the law of 11 May 2007 on family estate companies, as amended, by (ii) the law of 17 December 2010 on undertakings for collective investment, as amended, by (iii) the law of 13 February 2007 on specialised investment funds, as amended, or (iv) by the law of 23 July 2016 on reserved alternative investment funds provided that said Noteholder did not foresee in its incorporation documents that its exclusive object is the investment in risk capital and that article 48 of the aforementioned law of 23 July 2016 applies, will not be subject to any Luxembourg income tax in respect of interest received or accrued on the Notes, or on gains realised on the sale or disposal, in any form whatsoever, of Notes.

Noteholders will not be deemed to be resident, domiciled or carrying on business in Luxembourg solely by reason of holding, execution, performance, delivery, exchange and/or enforcement of the Notes.

Gains realised by a non-resident Noteholder, who does not have a permanent establishment or fixed place of business in Luxembourg, to which the Notes are attributable, on the sale or disposal of Notes are not subject to Luxembourg income tax.

### **Net wealth tax**

A corporate Noteholder, whether it is a resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which such Notes are attributable, is subject to Luxembourg net wealth tax on such Notes, except if the Noteholder is governed by (i) the law of 11 May 2007 on family estate companies, as amended, by (ii) the law of 17 December 2010 on undertakings for

collective investment, as amended, by (iii) the law of 13 February 2007 on specialised investment funds, as amended, (iv) by the law of 23 July 2016 on reserved alternative investment funds, or (v) is a securitisation company governed by the law of 22 March 2004 on securitisation, as amended.

An individual Noteholder, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg net wealth tax on Notes.

**Other Taxes**

Under present Luxembourg tax law, in the case where a Noteholder is a resident for tax purposes of Luxembourg at the time of his death, the Notes are included in his taxable estate, for inheritance tax purposes and gift tax may be due on a gift or donation of Notes, if the gift is recorded in a Luxembourg deed."
