This document is a series prospectus (the "**Series Prospectus**"), prepared for the purposes of Article 5(1) of Directive 2003/71/EC (and amendments thereto, including Directive 2010/73/EU, the "**Prospectus Directive**"). This Series Prospectus contains information relating to the above Notes (the "**Notes**") issued by Argentum Capital S.A., a public limited liability company (société anonyme) incorporated under the laws of the Grand Duchy of Luxembourg, with its registered office at 51, Avenue J.-F. Kennedy, L-1855 Luxembourg, registered with the Luxembourg trade and companies register under number B.182.715 and subject to the Securitisation Act 2004 (the "**Company**", and acting in respect of its Compartment 2015-34 (as defined below), the "**Issuer**"). The Series Prospectus should be read in conjunction with the base prospectus dated 22 December 2014 relating to the Secured Note Programme (the "**Programme**") of the Issuer which has been approved by the Central Bank of Ireland (the "**Base Prospectus**"). Unless defined herein, terms defined in the Base Prospectus have the same meanings in this Series Prospectus.

This Series Prospectus constitutes a "prospectus" for the purposes of the Prospectus Directive.

This Series Prospectus has been approved by the Central Bank of Ireland (the "**Central Bank**") as competent authority under the Prospectus Directive. The Central Bank only approves this Series Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Application has been made to the Irish Stock Exchange for the Notes to be admitted to the Official List and trading on its regulated market. There can be no assurance that any such listing will be obtained, or if obtained, will be maintained. References in this Series Prospectus to Notes being "listed" (and all related references) shall mean that such Notes have been admitted to trading on the regulated market of the Irish Stock Exchange and have been admitted to the Official List (the "**Official List**"). The regulated market of the Irish Stock Exchange is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2004/39/EC).

The Notes will be issued in respect of a separate compartment ("**Compartment 2015-34**") created by the board of directors of the Company (the "**Board**"). The Company is subject to the Luxembourg act dated 22 March 2004 on securitisation, as amended (the "**Securitisation Act 2004**") and the Luxembourg act dated 10 August 1915 on commercial companies, as amended (the "**Companies Act 1915**"). The terms and conditions (the "**Conditions**") of the Notes comprise the Master Conditions set out in the Base Prospectus, as completed by the Issue Terms (the "**Issue Terms**"), as set out herein. The Notes will be issued in bearer form.

Under Luxembourg law, the Company's assets and liabilities can be divided into "compartments". The Issuer will purchase assets with the proceeds of the Notes, and those and the Issuer's liabilities in respect of the Notes will be allocated to the Compartment 2015-34 created for the Notes and will be segregated from the Company's other assets and liabilities and from the assets and liabilities allocated to all other Compartments. The assets in the Compartment 2015-34 will be available exclusively to meet the Issuer's obligations in respect of the Notes and may not be used by the Company to meet its obligations in respect of any other series of Notes or any other obligations. In addition, the Notes will be secured by a security interest over the assets allocated to the Compartment 2015-34 and the Issuer's rights under certain Transaction Documents relating to the Notes and certain property, sums and other assets derived therefrom. The Company's other assets or assets of another Compartment will not be available to meet any shortfall.

RISK FACTORS

The risk factors set out below should be read in addition to those set out in pages 17 to 49 of the Base Prospectus. Such risk factors are risk factors that are material to the Notes in order to assess the market risk associated with them or which may affect the Issuer's ability to fulfil its obligations under them. None of the Issuer, the Arranger or any Dealer is in a position to express a view on the likelihood of any contingency highlighted by a risk factor occurring.

Limitations on claims against the Issuer

The Notes are solely obligations of the Issuer and none of the Swap Counterparty or any Original Collateral Obligor has any obligation to the Noteholders for payment of any amount due in respect of the Notes. The Issuer is a special purpose vehicle established, inter alia, for the purpose of issuing the Notes. The Notes are limited in recourse to the Mortgaged Property which includes, inter alia, the Issuer's rights in respect of the Swap Agreement and the Original Collateral (if any) held pursuant to the Custody Agreement. Other than the Mortgaged Property, there are no other assets of the Issuer available to meet any outstanding claims of the Secured Creditors, including the Noteholders. For further consideration of this risk, please refer to the following Risk Factors: (a) "*The Company is a Special Purpose Vehicle*"; (b) "*Contracting on a limited recourse basis*"; and (c) "*Limited recourse obligations in the Base Prospectus*".

Suspension of Payments

If the Calculation Agent determines that facts exist which may (assuming the expiration of any applicable grace period) amount to a Collateral Event (as defined below), no payment of principal or interest shall be made by the Issuer in respect of the Notes for a period of ten Business Days following such determination (the "**Suspension Period**"), and the Calculation Agent shall give written notice to the Issuer, the Trustee and the Noteholders of such determination. If, at any time during the Suspension Period, the Calculation Agent determines that a Collateral Event has occurred then the Notes shall redeem early pursuant to the Issue Terms. If, on the final Business Day of the Suspension Period, no such determination has been made then the balance of the principal or interest that would otherwise have been payable in respect of the Notes shall be due on the second Business Day after such final Business Day of the Suspension Period. Noteholders shall not be entitled to a further payment as a consequence of the fact that such payment of such principal or interest is postponed.

Original Collateral

The outstanding principal amount of the Original Collateral held on behalf of the Issuer may be reduced from time to time (to an amount not less than zero) to the extent that Original Collateral is required to be transferred to the Swap Counterparty pursuant to the Credit Support Annex. This will occur if the Swap Agreement increases in value from the Swap Counterparty's perspective.

Security

The Notes have the benefit of English law governed security interests and a Luxembourg law governed security interest (pledge agreement) which are granted to the Trustee (for the benefit of the Transaction Parties) over the Mortgaged Property allocated to Compartment 2015-34. The Collateral and any related cash in respect of such security arrangements will be held on a pooled basis in respect of this Series and not allocated to specified accounts.

Early Redemption of the Notes

If an early redemption event occurs under the Conditions all of the Notes will fall due for redemption at their Early Cash Redemption Amount pursuant to the Master Conditions as set out in the Base Prospectus and as supplemented hereby.

Swap Counterparty Exposure

Upon the scheduled maturity of the Original Collateral, the redemption proceeds in respect thereof are expected to be used by the Issuer to satisfy its payment obligations to the Swap Counterparty under the Swap Transaction. As the scheduled Maturity Date of the Notes falls after the scheduled maturity date of the Original Collateral, following its payment of such redemption proceeds to the Swap Counterparty the Issuer will rely solely upon the amounts payable to it by the Swap Counterparty under the Swap Transaction on the Maturity Date to fund its redemption on the Notes. As a result, in these circumstances, the Issuer and the Noteholders are exposed to the

credit risk of the Swap Counterparty and will not have the benefit of any security over any Original Collateral or redemption proceeds thereof.

CSA Posted Collateral

The amount of the CSA Posted Collateral held on behalf of the Issuer may be reduced from time to time to the extent required to be transferred to the Swap Counterparty pursuant to the Credit Support Annex. This will occur if the Swap Agreement increases in value from the Swap Counterparty's perspective.

Payments on Swap Termination

Amounts payable on an early redemption of the Notes may be reduced or increased to take account of any termination amount payable by or to the Issuer under the Swap Agreement. The determination of such an Early Termination Amount may, without limitation, involve the relevant party (i) valuing different components of the Swap Transaction that are traded separately in the market and/or (ii) using financial models to determine the value of the Swap Transaction. Financial models are typically simplified projections of what is expected to occur in practice and are likely to contain certain assumptions which may or may not be accurate. Different financial institutions may use different financial models to value the same asset, which may result in diverging valuations for such asset.

Provision of information

Neither the Issuer nor the Dealer (i) has provided or will provide prospective purchasers of Notes with any information or advice with respect to the Original Collateral, the Original Collateral Obligor, the Custodian or the Swap Counterparty, or (ii) makes any representation as to the credit quality of the Original Collateral, the Original Collateral Obligor, the Custodian or the Swap Counterparty. The Issuer and/or the Swap Counterparty may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Custodian, the Original Collateral and the Original Collateral Obligor which will not be disclosed to Noteholders. The timing and limited scope of the information provided to Noteholders regarding the Original Collateral, the Original Collateral Obligor and the occurrence of a Collateral Event, may affect the liquidity of the Notes and the ability of Noteholders to value the Notes accordingly. Neither the Issuer nor the Dealer is under any obligation to make such information, whether or not confidential, available to Noteholders.

Business relationships

There is no limitation or restriction on Credit Suisse International or any of its affiliates with regard to acting as adviser (or acting in any other similar role) to other parties or persons or entering into, performing or enforcing its rights in respect of a broad range of transactions in various capacities for its own account and for the account of other persons from time to time in relation to its business. This, and other future activities of it and/or its affiliates, may give rise to conflicts of interest. These interests may conflict with the interests of the Noteholders, and the Noteholders may suffer a loss as a result.

The Issuer and/or the Swap Counterparty may have existing or future business relationships with the Original Collateral Obligor (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that it deems or they deem necessary or appropriate to protect their and/or its interests (in whatever capacity) arising therefrom (including, without limitation, any action which might constitute or give rise to a Collateral Event) without regard to the consequences for a Noteholder.

The Issuer and the Swap Counterparty may deal in any derivatives linked to the Original Collateral and any other obligations of the Original Collateral Obligor and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with the Original Collateral Obligor and may act with respect to such business in the same manner as each of them would have had the Notes not been in issue, regardless of whether any such action might have an adverse effect on the Original Collateral, the Original Collateral Obligor or the position of a Noteholder or otherwise.

No claim against the Original Collateral Obligor

The Notes will not represent a claim against the Original Collateral Obligor and, in the event of any loss, a Noteholder will not have recourse under the Notes to the Original Collateral Obligor.

Determinations

The Calculation Agent has broad discretionary authority to make various determinations and adjustments under the Notes, any of which may have an adverse effect on the market value thereof or amounts payable or other benefits to be received thereunder. Any such discretion exercised by, or any calculation made by, the Calculation Agent (in the absence of manifest error) shall be binding on the Issuer and all holders of the Notes.

In making calculations and determinations with regard to the Notes, there may be a difference of interest between the investors and the Calculation Agent. The Calculation Agent is required to act in good faith and in a commercially reasonable manner but does not have any obligations of agency or trust for any investors and has no fiduciary obligations towards them. In particular the Calculation Agent and its affiliated entities may have interests in other capacities (such as other business relationships and activities).

The determination as to whether a Collateral Event has occurred shall be made by the Calculation Agent under the Notes and without regard to any related determination by the Original Collateral Obligor or any action taken, omitted to be taken or suffered to be taken by any other person, including, without limitation, any creditor of the Original Collateral Obligor.

Trading Market for the Notes / Liquidity Risk

Credit Suisse International will endeavour to provide a secondary market, but neither Credit Suisse International, the Issuer, nor any of their affiliates are under any legal obligation to do so. Upon investor demand Credit Suisse International may provide bid/offer prices for the Notes, depending on actual market conditions. There will be a price difference between bid and offer prices (spread).

There can be no assurance that a secondary market in the Notes will develop, or if it does develop, that it will provide holders of the Notes with any liquidity of investment or that it will continue for the life of the Notes. The Notes will not be listed on any securities exchange. Because other dealers are not likely to make a secondary market for the Notes, the price at which any investor may be able to trade the Notes is likely to depend on the price, if any, at which Credit Suisse International is willing to buy the Notes.

Further Product Specific Risks

The likelihood of a Collateral Event occurring in respect of the Original Collateral will generally fluctuate with, among other things, the financial condition and other characteristics of the Original Collateral Obligor, general economic conditions, the condition of certain financial markets, political events, developments or trends in any particular industry and changes in prevailing interest rates. The whole of an investor's investment is at risk if a Collateral Event occurs in respect of the Original Collateral. Prospective investors should review the Original Collateral Obligor and conduct their own investigation and analysis with respect to the creditworthiness of the Original Collateral Obligor and the likelihood of the occurrence of a Collateral Event with respect to the Original Collateral Obligor.

Dear Sirs

Confirmation of swap transaction relating to Argentum Capital S.A.'s Series 2015-34 EUR 6,000,000 Secured Repackaged Notes due 2034

1. The purpose of this letter agreement (this "**Confirmation**") is to confirm the terms and conditions of the swap transaction entered into between Party A and Party B (each as defined below) on the Trade Date specified below in respect of the Notes (as defined below) (the "**Transaction**"). This Confirmation constitutes a "**Confirmation**" as referred to in the Agreement specified below.

Words and expressions used, but not otherwise defined herein, shall have the same meaning ascribed to them in the Terms and Conditions of Argentum Capital S.A.'s Series 2015-34 EUR 6,000,000 Secured Repackaged Notes due 2034 (the "**Notes**").

The definitions and provisions contained in the 2006 ISDA Definitions (the "**2006 Definitions**"), as published by the International Swaps and Derivatives Association, Inc. Effective Date: 23 June 2015 subject to adjustment in accordance with the Following Business Day Convention.

Termination Date: 7 February 2034 subject to adjustment in accordance with the Following Business Day Convention and provided that, if the Termination Date falls during the Suspension Period, it shall be postponed to the date falling two Business Days following the final Business Day of the Suspension Period or such other date determined by the Calculation Agent in its sole discretion.

SCHEDULE 3 TO THE ISSUE TERMS: CREDIT SUPPORT ANNEX

This schedule highlights selected elections made in the Credit Support Annex forming part of the Swap Agreement. It is not intended to be a substitute for, nor a summary of, the detailed provisions of the Credit Support Annex that are available for inspection at the registered office of the Issuer and at the Specified Office of the Issuing and Paying Agent.

Under the terms of the Credit Support Annex, a weekly valuation will be performed by the Swap Counterparty (in its capacity as Valuation Agent) as to the Exposure (as defined in the Credit Support Annex) under the Swap Agreement, whereupon (subject to certain thresholds being met, as set out below) a party may be required to transfer Eligible Credit Support (as defined in the Credit Support Annex) to the other party as credit support in order to collateralise any such Exposure. Such Eligible Credit Support may, at the option of the Swap Counterparty where it is required to transfer the same to the Issuer, comprise:

1. the Original Collateral; and
2. transferable debt instruments of any currency or denomination issued by the Original Collateral Obligor and the United States of America, the United Kingdom of Great Britain and Northern Ireland, the Republic of France, the Federal Republic of Germany, the Kingdom of Spain, Portuguese Republic, Republic of Italy, Kingdom of Belgium, the Swiss Confederation or Japan.

The Valuation Percentage (as defined in the Credit Support Annex) for Eligible Credit Support transferred as credit support is 100 per cent or, in relation to transferable debt obligations of the Original Collateral Obligor, 85 per cent.

The amount of credit support required to be transferred by the Transferor (as defined in the Credit Support Annex) under the Credit Support Annex in respect of a Valuation Date (as defined in the Credit Support Annex) will depend on the Transferee's Exposure to the Transferor under the Swap Agreement and the value of any existing Credit Support Balance (as defined in the Credit Support Annex) held by the Transferee, as determined by the Swap Counterparty (in its capacity as Valuation Agent) in accordance with the terms of the Credit Support Annex.

All valuations will be by reference to the Base Currency under the Credit Support Annex, being EUR.

To the extent that the value of any existing Credit Support Balance held by a party exceeds that party's Exposure to the other party, then such party may be obliged to return any excess credit support to the other party in accordance with the terms of the Credit Support Annex.
