Each of the Arranger and the Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Series Prospectus or any such statement.

Prospective purchasers of Notes should have regard to the factors described under the section headed "*Risk Factors*" in this Series Prospectus. RISK FACTORS

The risk factors set out below should be read in addition to those set out in pages 18 to 65 of the Base Prospectus and, in the event of any inconsistency, the risk factors set out below will prevail. Such risk factors are risk factors that are material to the Notes in order to assess the market risk associated with them or which may affect the Issuer's ability to fulfil its obligations under them. None of the Issuer, the Arranger or any Dealer is in a position to express a view on the likelihood of any contingency highlighted by a risk factor occurring.

Limitations on claims against the Company

The Notes are solely obligations of the Issuer and neither the Swap Counterparty nor any Original Collateral Obligor (each as defined herein) has any obligation to the Noteholders for payment of any amount due in respect of the Notes. The Company is a special purpose vehicle established as a *société anonyme* (public limited liability company) subject to the Luxembourg Securitisation Act 2004, *inter alia*, for the purpose of issuing the Notes.

This means that claims against the Company by the Noteholders in respect of the Notes are limited in recourse to the Mortgaged Property which includes, *inter alia*, the Issuer's rights in respect of the Swap Agreement and the Original Collateral included in Compartment 2017-50 (if any) held pursuant to the Custody Agreement. Further, under the Securitisation Act 2004, the net proceeds of the Mortgaged Property are generally available only for distribution to the specified Noteholders and other creditors relating to this Series of Notes (but see "*Securitisation Act 2004 and Compartments*", "*Contracting on a limited recourse basis*" and "*Allocation of liabilities among all Noteholders*" below).

Other than the Mortgaged Property, there are no other assets of the Issuer available to meet any outstanding claims of the Secured Creditors, including the Noteholders.

Securitisation Act 2004 and Compartments

A creditor of the Company may have claims against the Company in respect of more than one Series, in which case the claims in respect of each individual Series will be limited to the net proceeds of the Mortgaged Property relating to such Series only. Assets held in different Compartments of the Company are deemed to be assets of separate entities for the purpose of creditors. Each Compartment is a separate and distinct part of the Company's estate (*patrimoine*) which may be distinguished by the nature of acquired risks or assets, the Conditions and the relevant Issue Terms of the Notes issued in relation to the Compartment, and the reference currency or other distinguishing characteristics.

The specific objects of each Compartment and the Conditions of the Notes issued in respect of it shall be determined by the Board. Each Noteholder shall be deemed to fully adhere to, and be bound by, the Conditions applicable to the relevant Notes and the Articles.

If the net assets of Compartment 2017-50 are liquidated, the proceeds of liquidation shall be applied in the order set out in the Conditions. The rights of Noteholders and the rights of creditors in respect of the Notes are limited to the assets of Compartment 2017-50, where these rights relate to Compartment 2017-50 or have arisen at the creation, the operation or the liquidation of Compartment 2017-50.

Fees, expenses and other liabilities incurred on behalf of the Company but which do not relate specifically to any Compartment may, under certain circumstances, be payable out of the assets allocated to Compartments (see "*Allocation of liabilities among all Noteholders*" below). The Board shall ensure, to the extent possible (although there is no guarantee that the Board will be able to achieve this), that creditors of such liabilities expressly waive recourse to the assets of any Compartment. The Board shall establish and maintain separate accounting records for each of the Compartments of the Company for the purposes of ascertaining the rights of the Noteholders of Notes issued in respect of each

Compartment for the purposes of the Articles, the Conditions and the relevant Issue Terms, and such accounting records shall be conclusive evidence of such rights in the absence of manifest error.

The fees, costs and expenses in relation to the Notes will be allocated to Compartment 2017-50.

Contracting on a limited recourse basis

The rights of Noteholders to participate in the assets of the Issuer are limited to the net proceeds of the Mortgaged Property. If the payments received by the Issuer in respect of the Mortgaged Property are not sufficient to make all payments due in respect of the Notes, the obligations of the Issuer in respect of the Notes will be limited to the Mortgaged Property.

To give effect to the provisions of the Securitisation Act 2004 under which the net proceeds of the Mortgaged Property of a Compartment are available only for the Transaction Parties for the relevant Series relating to that Compartment, the Issuer is (subject as provided for in the Trust Deed) permitted only to contract with parties on a "limited recourse" basis such that claims against the Issuer in relation to each Series would be restricted to the net proceeds of the Mortgaged Property of the Compartment for the relevant Series. In addition, the Issuer is (subject as provided for in the Trust Deed) permitted only to contract with parties on a "non-petition" basis. Provided such parties have agreed a non-petition clause, no such party will be able to petition or take any other step for the winding-up or the bankruptcy of the Company or any other similar insolvency related proceedings in Luxembourg. However, there is no guarantee that all claims which arise against the Company will be on a limited recourse and non-petition basis, in particular claims arising from parties which have no direct contractual relationship with the Issuer.

The Mortgaged Property relating to one or more Compartments may be subject to claims by creditors other than the relevant Transaction Parties for the relevant Series (including creditors whose claims are preferred by law), resulting in a shortfall in the amounts available to meet the claims of the relevant Transaction Parties. Noteholders may be exposed to competing claims of other creditors of the Company if foreign courts which have jurisdiction over assets of the Company allocated to a Compartment do not recognise the segregation of assets and the compartmentalisation, as provided for in the Securitisation Act 2004. The claims of these other creditors may affect the scope of assets which are available for the claims of Noteholders and those of the Transaction Parties. If, as a result of such claims, a shortfall arises, such shortfall will be borne by the Noteholders and the Transaction Parties.

Allocation of liabilities among all Noteholders

Any liability which is not a Series-specific liability (that is, it does not relate to any Compartment in respect of which any Series of Notes is issued) which is not otherwise funded may be apportioned between the Series. The apportionment of such liability will reduce the return that would otherwise have been payable on the Notes. The Issuer will seek to contract with all counterparties on a limited recourse basis such that claims in respect of any liability which is not Series-specific may not be made in respect of the assets of any Compartment.

The rights of creditors whose claims have not arisen in connection with the creation, operation or liquidation of a Compartment and which have not waived their recourse to the assets of any Compartment (the "**Non Compartment-Specific Claims Creditors**"), shall be allocated by the Issuer on a half year basis in arrear to all the Compartments (on an equal basis and *pro rata temporis* for Compartments created within such half year) where the relevant Conditions or the Articles expressly authorise Non Compartment-Specific Claims Creditors to have recourse against the rights and assets allocated to such Compartments. Such rights of a Non Compartment-Specific Claims Creditor against a Compartment are hereinafter referred to as the "**Pro Rata Rights**". Each Non Compartment-Specific Claims Creditor acknowledges and accepts that such Pro Rata Rights are subject to the rights of any creditor having the benefit of any security created over such assets allocated to a Compartment and

once all the assets allocated to a Compartment in respect of which it has Pro Rata Rights have been realised, it is not entitled to take any further steps against the Issuer to recover such Pro Rata Rights and the right to receive any sum in respect of the Pro Rata Rights shall be extinguished.

Consequences of winding-up proceedings

The Company is structured to be an insolvency-remote vehicle.

The Company will seek to contract only with parties who agree not to make any application for the commencement of winding-up, liquidation or bankruptcy or similar proceedings against the Company. Legal proceedings initiated against the Company in breach of these provisions shall, in principle, be declared inadmissible by a Luxembourg court.

However, if the Company fails for any reason to meet its obligations or liabilities, a creditor who has not (and cannot be deemed to have) accepted non-petition and limited recourse provisions in respect of the Company is entitled to make an application for the commencement of insolvency proceedings against the Company. In that case, such creditor should not have recourse to the assets of any Compartment but would have to exercise his rights over the general assets of the Company, unless his rights arise in connection with the “creation, operation or liquidation” of a Compartment, in which case the creditor would have recourse to the assets allocated to that Compartment (subject to the rights of any creditor having the benefit of any security created over such assets allocated to such Compartment) but not to the assets of any other Compartment.

Furthermore, the commencement of such proceedings may, in certain conditions, entitle creditors to terminate contracts with the Company and claim damages for any loss suffered as a result of such early termination.

The Company is insolvency-remote, not insolvency-proof.

Disposal Agent appointment to terminate on a Company Bankruptcy Event

If the Company is subject to a Bankruptcy Event, the appointment of the Disposal Agent shall be terminated as a matter of Luxembourg law, such that the Disposal Agent will no longer be authorised to Liquidate the Collateral.

Certain powers may not be enforceable under Luxembourg law

Certain powers of the Trustee or any receiver as conferred to it under the Law of Property Act 1925 or the Insolvency Act 1986 may not be enforceable under Luxembourg law.

Fees and expenses

The Noteholders should note that fees and expenses (including fees payable to the Dealer and/or the Trustee) may rank senior to payments of principal and interest on the Notes.

Early Cash Redemption Amount

The Notes are subject, amongst other things, to the credit risk of the Original Collateral Obligor, the Custodian and the Swap Counterparty and to the market risk of the Collateral.

If (i) a Collateral Event occurs with respect to any Original Collateral, (ii) certain tax events occur with respect to the Notes or the Original Collateral, (iii) the Swap Agreement is terminated early, (iv) a Counterparty Bankruptcy Credit Event occurs, (v) certain events occur which make it unlawful for the Issuer to perform certain obligations, comply with material provisions of agreements entered into in connection with the Notes or hold Original Collateral, (vi) certain Events of Default occur or, (iii) certain regulatory events occur, interest shall be deemed to have ceased to accrue from and including the immediately preceding Interest Payment Date or (if no such preceding Interest Payment Date) the Issue

Date, each Note will fall due for redemption at an amount equal to its Early Cash Redemption Amount and no further payments of interest and/or principal in respect of the Notes will be due and payable.

The Early Cash Redemption Amount is an amount determined by Credit Suisse International (acting in its capacity as Calculation Agent) to be an amount per Note equal to that Note's *pro rata* share of (i) the realised proceeds of the Collateral plus (ii) any Termination Payment in respect of the Swap Agreement that is payable by the Swap Counterparty to the Issuer (together, if applicable, with any interest payable thereon) minus (iii) any Termination Payment in respect of the Swap Agreement that is payable by the Issuer to the Swap Counterparty (together, if applicable, with any interest payable thereon).

The Termination Payment is an amount equal to any Early Termination Amount due in respect of the Swap Agreement. Upon early termination of the Swap Agreement, an early termination payment based on the losses or costs or, as the case may be, gains of the determining party in entering into a replacement transaction or its economic equivalent (or otherwise determined in accordance with the terms of such Swap Agreement) will be payable by the Issuer to the Swap Counterparty, or (as the case may be) by the Swap Counterparty to the Issuer under the Swap Agreement. The determination of any such losses or costs or, as the case may be, gains will be dependent on a number of factors including, without limitation, (i) the creditworthiness and liquidity of the assets underlying the swap payments, (ii) market perception, interest rates, yields and foreign exchange rates, (iii) the time remaining to the scheduled termination date of the Swap Transaction under the Swap Agreement and (iv) where a Credit Support Annex has been entered into as part of the Swap Agreement, the value of any collateral received by the Issuer, or collateral posted by the Issuer, thereunder.

Prospective Noteholders must read and understand all the provisions herein that relate to the calculation of the Early Cash Redemption Amount before investing in the Notes.

An event may constitute a Collateral Event for these purposes even if it occurs prior to the Issue Date, provided that it occurs on or after the Collateral Event Observation Start Date.

Liquidation of the Collateral

Where the Disposal Agent is required to liquidate Collateral following an early redemption of the Notes, it shall do so by obtaining five Quotations (as defined in the Conditions) from dealers in the market and selling the Collateral to the dealer with the highest Quotation. Where an asset the value of which is being sought is illiquid or of a low notional amount and a value for such asset is being sought, there may be limited availability of dealers willing to provide Quotations. In such circumstances, the Disposal Agent may receive limited Quotations and may even sell such assets at zero. No assurance can be given that any Quotations will be available. The quantum of the Early Cash Redemption Amount is directly linked to the realised proceeds of the Collateral (if any) realised by the Disposal Agent at the relevant time.

Swap Counterparty exposure

Upon the scheduled maturity of the Original Collateral, the redemption proceeds in respect thereof are expected to be used by the Issuer to satisfy its payment obligations to the Swap Counterparty under the Swap Transaction. Such payment obligations fall due on the Business Day immediately following the scheduled maturity of the Original Collateral. Following its payment of such redemption proceeds to the Swap Counterparty, the Issuer will rely solely upon the amounts payable to it by the Swap Counterparty under the Swap Transaction (which are due on the Business Day preceding the Maturity Date) to fund its redemption on the Notes (see also "*Maturity Date extension and suspension of payments*" below). As a result, in these circumstances, the Issuer and the Noteholders are exposed to the credit risk of the Swap Counterparty and will not have the benefit of any security over any Original Collateral or redemption proceeds thereof.

Maturity Date extension and suspension of payments

If the Calculation Agent determines that facts exist which may (assuming the expiration of any applicable grace period) amount to a Collateral Event, no payment of principal or interest shall be made by the Issuer in respect of the Notes for a period of ten Business Days following such determination (the “**Suspension Period**”), and the Calculation Agent shall give written notice to the Issuer, the Issuing and Paying Agent, the Trustee and the Noteholders of such determination. If, at any time during the Suspension Period, the Calculation Agent determines that a Collateral Event has occurred then the Notes shall redeem early pursuant to the Issue Terms. If, on the final Business Day of the Suspension Period, no such determination has been made then the balance of the principal or interest that would otherwise have been payable in respect of the Notes shall be due on the second Business Day after such final Business Day of the Suspension Period. Noteholders shall not be entitled to a further payment as a consequence of the fact that such payment of such principal or interest is postponed.

Provision of information

Neither the Issuer nor the Dealer (i) has provided (beyond what is included in this Series Prospectus) or will provide prospective purchasers of Notes with any information or advice with respect to the Original Collateral, the Original Collateral Obligor, the Custodian or the Swap Counterparty, or (ii) makes any representation as to the credit quality of the Original Collateral, the Original Collateral Obligor, the Custodian or the Swap Counterparty. The Issuer and/or the Swap Counterparty may have acquired, or during the term of the Notes may acquire, non-public information with respect to each other, the Custodian, the Original Collateral and the Original Collateral Obligor which will not be disclosed to Noteholders. The timing and limited scope of the information provided to Noteholders regarding the Original Collateral, the Original Collateral Obligor and the occurrence of a Collateral Event, may affect the liquidity of the Notes and the ability of Noteholders to value the Notes accordingly. Neither the Issuer nor the Dealer is under any obligation to make such information, whether or not confidential, available to Noteholders.

Business relationships

There is no limitation or restriction on Credit Suisse International or any of its affiliates with regard to acting as adviser (or acting in any other similar role) to other parties or persons or entering into, performing or enforcing its rights in respect of a broad range of transactions in various capacities for its own account and for the account of other persons from time to time in relation to its business. This, and other future activities of it and/or its affiliates, may give rise to conflicts of interest. These interests may conflict with the interests of the Noteholders, and the Noteholders may suffer a loss as a result.

The Issuer and/or the Swap Counterparty may have existing or future business relationships with the Original Collateral Obligor (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that it deems or they deem necessary or appropriate to protect their and/or its interests (in whatever capacity) arising therefrom (including, without limitation, any action which might constitute or give rise to a Collateral Event) without regard to the consequences for a Noteholder.

The Issuer and the Swap Counterparty may deal in any derivatives linked to the Original Collateral and any other obligations of the Original Collateral Obligor and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with the Original Collateral Obligor and may act with respect to such business in the same manner as each of them would have had the Notes not been in issue, regardless of whether any such action might have an adverse effect on the Original Collateral, the Original Collateral Obligor or the position of a Noteholder or otherwise.

No claim against the Original Collateral Obligor

The Notes will not represent a claim against the Original Collateral Obligor and, in the event of any loss, a Noteholder will not have recourse under the Notes to the Original Collateral Obligor.

In particular, Noteholders will not have:

- (a) the right to vote or give or withhold from giving any consent in relation to the Original Collateral Obligor;
- (b) the right to receive any coupons, fees or other distributions which may be paid by the Original Collateral Obligor to holders of Original Collateral; or
- (c) the right to receive any information from the Original Collateral Obligor.

Accordingly, an investment in the Notes is not equivalent to an investment in the Original Collateral.

Determinations

The determination as to whether a Collateral Event has occurred shall be made by the Calculation Agent and without regard to any related determination by the Original Collateral Obligor or any action taken, omitted to be taken or suffered to be taken by any other person, including, without limitation, any creditor of the Original Collateral Obligor.

Original Collateral

The outstanding principal amount of the Original Collateral held on behalf of the Issuer may be reduced from time to time (to an amount not less than zero) to the extent that Original Collateral is required to be transferred to the Swap Counterparty pursuant to the Credit Support Annex. Such a transfer will be required under the Credit Support Annex if the value of the Swap (as determined by Credit Suisse International in its role as Valuation Agent under the Credit Support Annex) increases in value from the Swap Counterparty's perspective, which may result from, among other things, a deterioration in the creditworthiness of the Original Collateral Obligor.

Where the Original Collateral Obligor does not make a payment due to the Issuer in respect of the Original Collateral in the currency such payment was originally scheduled to be made, the Issuer is unlikely to be able to make the related payments due to the Swap Counterparty under the Swap Agreement, which will result in the Notes being redeemed early. As such, the ability of the Issuer to meet its obligations under the Swap Agreement will depend on the receipt by it of the payments due from the Original Collateral Obligor in respect of the Original Collateral in the originally scheduled currency.

Exchange rates and exchange controls

The Issuer will pay principal and interest on the Notes in EUR. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than EUR. These include the risk that exchange rates may significantly change (including changes due to a devaluation of EUR or a revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to EUR would decrease (i) the Investor's Currency equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal and interest payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less principal than expected, or no principal at all.

No secondary market

No secondary market is expected to develop in respect of the Notes and, in the unlikely event that a secondary market in the Notes does develop, there can be no assurance that it will continue. Accordingly, the purchase of Notes is suitable only for investors who can bear the risks associated with a lack of liquidity in the Notes and the financial and other risks associated with an investment in the Notes.

Reliance on creditworthiness of Credit Suisse International

The ability of the Issuer to meet its obligations under the Notes depends on the receipt by it of payments under the Swap Agreement. Furthermore, the ability of the Issuer to meet its obligations under the Notes may be impaired if Credit Suisse International (acting as the Arranger, amongst other capacities) fails to pay the Issuer's fees and expenses and neither the Trustee nor the holders of the Notes elect to pay such fees and expenses. Investors in the Notes are accordingly exposed, as to both principal and interest, to the credit risk of Credit Suisse International.

Default by the Swap Counterparty may result in the termination of the Swap Agreement and, in such circumstances, any amount due to the Issuer upon such termination may not be paid in full. If, on the termination of the Swap Agreement, an amount is payable by the Swap Counterparty to the Issuer (for the avoidance of doubt, taking into account any collateral posted between the parties pursuant to the terms of any Credit Support Annex to the Swap Agreement), then the Issuer shall have an unsecured claim against the Swap Counterparty. Any termination of the Swap Transaction under a Swap Agreement will result in a redemption in full of the Notes at their Early Redemption Amount. Upon any such redemption, the amount paid or delivered to Noteholders to redeem the Notes may be significantly less than the Noteholder's original investment in such Notes and may be zero.

Potential investors should further note that Credit Suisse International may be subject to recovery and resolution measures pursuant to national laws transposing and implementing the EU Bank Recovery and Resolution Directive (the "**BRRD**"). These measures are intended to be used prior to the point at which any insolvency proceedings with respect to Credit Suisse International could have been initiated. Recovery and resolution measures available to a resolution authority (being a relevant regulator of Credit Suisse International) include the ability to modify contractual arrangements in certain circumstances; powers to suspend enforcement or termination rights that might be invoked as a result of the exercise of the resolution powers; and powers for a resolution authority to disapply or modify laws (with possible retrospective effect). A resolution authority may also exercise the "bail-in tool" to enable it to recapitalise an institution in resolution by allocating losses to its shareholders and unsecured creditors (which potentially includes the Issuer) in a manner that is consistent with shareholders and creditors not receiving a less favourable treatment than they would have received in ordinary insolvency proceedings of the relevant entity (known as the "no creditor worse off" safeguard). The bail-in tool also includes the power to cancel a liability or modify the terms of contracts for the purposes of reducing or deferring the liabilities of the relevant entity under resolution and the power to convert a liability from one form or class to another.

The Issuer is not within scope of the BRRD because it is not a bank or investment firm or an affiliate of such. However, the exercise of any resolution power by a resolution authority vis-à-vis Credit Suisse International, including exercise of the bail-in tool, or any suggestion of any such exercise, could:

- (a) materially adversely affect the rights of the Noteholders, the price or value of their investment in the Notes; and/or
- (b) result in the cancellation or deferral of all, or a portion, of any close-out amount owed to the Issuer by the Swap Counterparty; and/or
- (c) impair the ability of the Issuer to satisfy its obligations under the Notes; and/or

(d) lead to Noteholders losing some or all of the value of their investment in such Notes.

A resolution authority is not required to provide any advance notice to the Issuer or to holders of the Notes of its decision to exercise any resolution power in relation to the Swap Counterparty. Therefore, holders of the Notes may not be able to anticipate a potential exercise of any such powers nor the potential effect of any exercise of such powers on the Swap Counterparty (and indirectly on the Issuer and the Notes). The Issuer, the Trustee and the Noteholders may have only very limited rights to challenge and/or seek a suspension of any decision of a resolution authority to exercise its resolution powers or to have that decision reviewed by a judicial or administrative process or otherwise. Furthermore, even in circumstances where a claim for compensation is established under the "no creditor worse off" safeguard in accordance with a valuation performed after the resolution action has been taken, it is unlikely that such compensation would be equivalent to the full losses incurred by the Issuer (and indirectly by the Noteholders) in the resolution and there can be no assurance that the Issuer (and indirectly the Noteholders) would recover such compensation promptly.

**SCHEDULE 1 TO THE ISSUE TERMS -
AMENDMENTS TO MASTER CONDITIONS**

1 Identical Collateral

For the purposes of this Series of Notes only, the definition of “Identical Collateral” in Master Condition 1 (*Definitions and interpretation*) shall be deleted in its entirety and all references to such definition throughout the Master Conditions shall be ignored.

2 Original Collateral Payment Failure

The definition of “Original Collateral Payment Failure” in Master Condition 1 (*Definitions and interpretation*) shall be deleted in its entirety and replaced with the following:

“**Original Collateral Payment Failure**” means, in respect of any Original Collateral, the failure by the Original Collateral Obligor to make a scheduled payment on the date, in the place and in the currency such payment was scheduled to be made as at the Collateral Event Observation Start Date (disregarding any terms allowing for non-payment, deferral or adjustments to any scheduled payments and any notice or grace period in respect thereof) in respect of such Original Collateral.”.

3 Original Collateral

For the purposes of this Series of Notes only, “Original Collateral” shall be construed to include any Original Collateral that is transferred by the Issuer to the Swap Counterparty pursuant to the Credit Support Annex.

4 Amendment to Master Condition 8(o) (*Suspension of Payments*)

Master Condition 8(o) (*Suspension of Payments*) shall be amended by inserting the words “and the Calculation Agent shall give written notice to the Issuer, the Issuing and Paying Agent, the Trustee and the Noteholders of such determination” after “(the “**Suspension Period**”)” in the first sentence thereof.

5 Amendment to Master Condition 19 (*Meetings of Noteholders, Modification, Waiver and Substitution*)

Master Condition 19(a) (*Meetings of Noteholders*) shall be amended by inserting the words “and/or any Transaction Document” after the words “of a modification of any of the provisions of the Trust Deed”.

**SCHEDULE 2 TO THE ISSUE TERMS -
ADDITIONAL DEFINITIONS**

The following words and expressions shall be deemed to be inserted in Master Condition 1(a) (*Definitions*) in the correct alphabetical order:

“**Collateral Event Observation Start Date**” means 27 June 2017; and

“**Confirmation**” means the confirmation dated 18 July 2017 evidencing the Swap Transaction between the Issuer and the Swap Counterparty in relation to the Notes.

SCHEDULE 3 TO THE ISSUE TERMS - CREDIT SUPPORT ANNEX

Under the terms of the Credit Support Annex, a daily valuation (on each Reference Business Day only) will be performed by the Swap Counterparty (in its capacity as Valuation Agent) as to the Exposure (as defined in the Credit Support Annex) under the Swap Agreement, whereupon (subject to certain thresholds being met, as set out below) a party may be required to transfer Eligible Credit Support (as defined in the Credit Support Annex) to the other party as credit support in order to collateralise any such Exposure. Such Eligible Credit Support may, at the option of the Swap Counterparty where it is required to transfer the same to the Issuer, comprise transferable debt instruments issued by the Original Collateral Obligor, the United States of America, the United Kingdom of Great Britain and Northern Ireland, the Republic of France, the Federal Republic of Germany and/or the Kingdom of Belgium.

The Valuation Percentage (as defined in the Credit Support Annex) for Eligible Credit Support transferred as credit support is 100%.

The amount of credit support required to be transferred by the Transferor (as defined in the Credit Support Annex) under the Credit Support Annex in respect of a Valuation Date (as defined in the Credit Support Annex) will depend on the Transferee's Exposure to the Transferor under the Swap Agreement and the value of any existing Credit Support Balance (as defined in the Credit Support Annex) held by the Transferee, as determined by the Swap Counterparty (in its capacity as Valuation Agent) in accordance with the terms of the Credit Support Annex.

This means that the minimum value of Eligible Credit Support required to have been transferred by the Swap Counterparty to the Issuer will be equal to the corresponding Exposure of the Issuer.

All valuations will be by reference to the Base Currency under the Credit Support Annex, being EUR.

To the extent that the value of any existing Credit Support Balance held by a party exceeds that party's Exposure to the other party, then such party may be obliged to return any excess credit support to the other party in accordance with the terms of the Credit Support Annex.

**SCHEDULE 4 TO THE ISSUE TERMS -
FORM OF CONFIRMATION OF THE SWAP TRANSACTION**

Argentum Capital S.A., acting in respect of its Compartment 2017-50
51 Avenue J.-F. Kennedy
L-1855 Luxembourg

18 July 2017

3 Other Provisions

3.1 Suspension of Payments

If the Calculation Agent determines that facts exist which may (assuming the expiration of any applicable grace period) amount to a Collateral Event, (i) no payment shall be made by Party A under this Transaction during the period (the "**Suspension Period**") of ten Business Days following such determination and (ii) if the Termination Date would fall within the Suspension

Period, it shall be postponed until the second Business Day following the end of the Suspension Period. At any time during the Suspension Period, the Calculation Agent may determine that a Collateral Event has occurred. If, on the final Business Day of the Suspension Period, no such determination has been made, then (x) one Business Day thereafter, Party A shall pay the balance of any scheduled payment that was otherwise due by it under this Transaction and (y) the date falling two Business Days thereafter shall be the Termination Date where it was postponed in accordance with (ii) above.

Notwithstanding the foregoing, if the Calculation Agent determines that the circumstances giving rise to such potential Collateral Event have been remedied (if possible) or no longer exist prior to the end of the applicable grace period such that no related Collateral Event has occurred, then Party A shall make any payments that would otherwise have been payable under this Transaction on the first Business Day following the date on which the Calculation Agent makes such determination and the Suspension Period shall be deemed to have ceased. In determining whether a payment failure has (or may have) occurred, Party A may rely on evidence of non-receipt of funds.

3.2 Notice of Collateral Events

If the Calculation Agent determines that a Collateral Event has occurred or that facts exist which may (assuming the expiration of any applicable grace period) amount to a Collateral Event, it will notify the Issuer, the Swap Counterparty, the Issuing and Paying Agent and the Trustee of this in accordance with the provisions of the Issue Terms of the Notes.

3.3 Definitions

The following terms are defined below:

“Available Amount” means, in respect of any Original Collateral, the amount in respect of interest and/or principal scheduled to be paid (and in the currency in which it is scheduled to be paid) as at the Collateral Event Observation Start Date (and, for the avoidance of doubt, any such amount scheduled to be paid shall not be net of any Deductions).

“Deductions” means an amount, determined by the Calculation Agent in its opinion, equal to the aggregate of (a) any amount withheld or deducted or required to be withheld or deducted from any amount in respect of interest and principal otherwise payable to Party B under the Original Collateral in respect of any taxes, fees, levies, duties, charges or assessments to the extent that the Original Collateral Obligor does not pay such additional amounts as would result in the receipt by Party B of such amounts (after it has discharged any such amount imposed, levied or assessed against it) as would have been received by Party B under the Original Collateral had no such withholding or deduction been imposed; (b) fees of any nature, in each case imposed, levied or assessed by or on behalf of any government, territory or taxing authority having jurisdiction over the Original Collateral Obligor or any governmental subdivision thereof on Party B relating to the Original Collateral; (c) any fees, taxes or duties imposed on Party B relating to the transfer of the Original Collateral; and (d) any funding costs incurred by Party B in respect of (a), (b) and (c).

- 3.4** Party A hereby agrees to perform all the functions required of it, and Party B hereby agrees that Party A shall be entitled to exercise all rights expressed to be exercisable by Party A, under the terms of the Notes, including (but without limitation) making the calculations and determinations that it is required or entitled to make under the terms of the Notes and delivering the notices that it is required or entitled to deliver under the terms of the Notes. TAXATION

Prospective purchasers of Notes should read the corresponding section of the Base Prospectus set out in pages 261 to 266 of the Base Prospectus save that the section entitled “Luxembourg Tax Considerations” shall be deleted in its entirety and replaced with the following:

“Luxembourg Tax Considerations

Luxembourg Taxation

The following overview is of a general nature. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Taxation of the Issuer

The Company will be considered a fiscal resident of Luxembourg from a Luxembourg tax law perspective and should therefore be able to obtain a residence certificate from the Luxembourg tax authorities.

The Company will be liable for Luxembourg corporation taxes. The current standard applicable rate in Luxembourg city, including corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*) and solidarity taxes, is 27.08 per cent. Liability for such corporation taxes extends to the Company's worldwide profits including capital gains, subject to the provisions of any relevant double taxation treaty. The taxable income of the Company is computed by application of all rules of the Luxembourg income tax law of 4 December 1967, as amended (*loi concernant l'impôt sur le revenu*).

Under certain conditions, dividends received by the Company from qualifying participations and capital gains realised by the Company on the sale of qualifying participations may be exempt from Luxembourg corporation taxes under the Luxembourg participation exemption. The Company may further deduct from its taxable profits interest payments made to Noteholders.

A fixed registration duty (*droit fixe spécifique d'enregistrement*) of EUR 75 is payable at the moment of the amendment of the Articles. There is no Luxembourg registration tax, capital tax, stamp duty or any other similar tax or duty payable in Luxembourg in respect of or in connection with the issue of the Notes or in respect of the payment of principal or interest under the Notes or the transfer of the Notes. If any documents in respect of the Notes are required to be registered in Luxembourg, they could be subject to a fixed or an *ad valorem* registration duty, depending on the nature of the document being registered.

As from the 2017 tax year, the Company will be subject to lump sum minimum net wealth tax (*impôt sur la fortune*) for an amount of EUR 4,815 if the Company's financial assets (financial fixed assets, amounts owed by affiliated undertakings, transferable securities and cash at bank and in hand) exceed (i) 90% of the Company's balance sheet total and (ii) EUR 350,000.-. In case the latter conditions are not met, the lump sum minimum net wealth tax ranges from EUR 535.- to 32,100.- depending on the Company's balance sheet total.

Taxation of the Noteholders

Withholding tax

Subject to the discussion of FATCA contained herein, under Luxembourg general tax laws currently in force and with the possible exception of interest paid to certain individual Noteholders, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident Noteholders,

nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident Noteholders.

Non-resident Noteholders

Subject to the discussion of FATCA contained herein under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident Noteholders, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident Noteholders.

Resident Noteholders

Under the Law of 23 December 2005, as amended, (the "**Law**") payments of interest or similar income made or ascribed by a paying agent within the meaning of the Law established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 20 per cent.

Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Law would be subject to withholding tax of 20 per cent.

Income Taxation

Noteholders who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal.

A Noteholder who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a fixed place of business in Luxembourg, to which the Notes are attributable, is subject to Luxembourg income tax in respect of the interest paid or accrued on, or any other income derived from, the Notes. An individual Luxembourg resident Noteholder, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax in respect of interest or any other income received, except if withholding tax has been levied on such payments in accordance with the Law.

Under Luxembourg domestic tax law, gains realised by an individual Noteholder, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, on the sale or disposal, in any form whatsoever, of Notes are not subject to Luxembourg income tax, provided this sale or disposal took place at least six months after the acquisition of the Notes. An individual Noteholder, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, has further to include the portion of the gain corresponding to accrued but unpaid interest in respect of the Notes in his taxable income, except if (i) withholding tax has been levied on such payments in accordance with the Law, or (ii) the individual Noteholder has opted for the application of a 20 per cent. tax in full discharge of income tax in accordance with the Law, which applies if a payment of interest has been made or ascribed by a paying agent established in an EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than an EU Member State).

The withholding tax or self-applied tax are the final tax liability for the Luxembourg individual resident taxpayers receiving the interest payment in the framework of their private wealth.

Gains realised by a corporate Noteholder or by an individual Noteholder, who acts in the course of the management of a professional or business undertaking, who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a fixed place of business in Luxembourg, to which the Notes are attributable, on the sale or disposal, in any form whatsoever, of Notes are subject to Luxembourg income tax.

A Luxembourg Noteholder that is governed by (i) the law of 11 May 2007 on family estate companies, as amended, by (ii) the law of 17 December 2010 on undertakings for collective investment, as amended, by (iii) the law of 13 February 2007 on specialised investment funds, as amended, or (iv) by the law of 23 July 2016 on reserved alternative investment funds, provided that said Noteholder did not foresee in its incorporation documents that its exclusive object is the investment in risk capital and that article 48 of the aforementioned law of 23 July 2016 applies, will not be subject to any Luxembourg income tax in respect of interest received or accrued on the Notes, or on gains realised on the sale or disposal, in any form whatsoever, of Notes.

Noteholders will not be deemed to be resident, domiciled or carrying on business in Luxembourg solely by reason of holding, execution, performance, delivery, exchange and/or enforcement of the Notes.

Gains realised by a non-resident Noteholder, who does not have a permanent establishment or fixed place of business in Luxembourg, to which the Notes are attributable, on the sale or disposal of Notes are not subject to Luxembourg income tax.

New wealth tax

A corporate Noteholder, whether it is a resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which such Notes are attributable, is subject to Luxembourg net wealth tax on such Notes, except if the Noteholder is governed by (i) the law of 11 May 2007 on family estate companies, as amended, by (ii) the law of 17 December 2010 on undertakings for collective investment, as amended, by (iii) the law of 13 February 2007 on specialised investment funds, as amended, (iv) by the law of 23 July 2016 on reserved alternative investment funds, or (v) is a securitisation company governed by the law of 22 March 2004 on securitisation, as amended.

An individual Noteholder, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg net wealth tax on Notes.

Other Taxes

Under present Luxembourg tax law, in the case where a Noteholder is a resident for tax purposes of Luxembourg at the time of his death, the Notes are included in his taxable estate, for inheritance tax purposes and gift tax may be due on a gift or donation of Notes, if the gift is recorded in a Luxembourg deed.”.
