Each of the Arranger and the Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Series Prospectus or any such statement.

Prospective purchasers of Notes should have regard to the factors described under the section headed "*Risk Factors*" in this Series Prospectus. RISK FACTORS

The risk factors set out below should be read in addition to those set out in pages 20 to 74 of the Base Prospectus and, in the event of any inconsistency, the risk factors set out below will prevail. Such risk factors are risk factors that are material to the Notes in order to assess the market risk associated with them or which may affect the Issuer's ability to fulfil its obligations under them. None of the Issuer, the Arranger or any Dealer is in a position to express a view on the likelihood of any contingency highlighted by a risk factor occurring.

Limitations on claims against the Company

The Notes are solely obligations of the Issuer and neither the Swap Counterparty nor any Original Collateral Obligor (each as defined herein) has any obligation to the Noteholders for payment of any amount due in respect of the Notes. The Company is a special purpose vehicle established as a *société anonyme* (public limited liability company) subject to the Luxembourg Securitisation Act 2004, *inter alia*, for the purpose of issuing the Notes.

This means that claims against the Company by the Noteholders in respect of the Notes are limited in recourse to the Mortgaged Property which includes, *inter alia*, the Issuer's rights in respect of the Swap Agreement and the Original Collateral included in Compartment 2018-42 (if any) held pursuant to the Custody Agreement. Further, under the Securitisation Act 2004, the net proceeds of the Mortgaged Property are generally available only for distribution to the specified Noteholders and other creditors relating to this Series of Notes (but see "*Securitisation Act 2004 and Compartments*", "*Contracting on a limited recourse basis*" and "*Allocation of liabilities among all Noteholders*" below).

Other than the Mortgaged Property, there are no other assets of the Issuer available to meet any outstanding claims of the Secured Creditors, including the Noteholders.

Securitisation Act 2004 and Compartments

A creditor of the Company may have claims against the Company in respect of more than one Series, in which case the claims in respect of each individual Series will be limited to the net proceeds of the Mortgaged Property relating to such Series only. Assets held in different Compartments of the Company are deemed to be assets of separate entities for the purpose of creditors. Each Compartment is a separate and distinct part of the Company's estate (*patrimoine*) which may be distinguished by the nature of acquired risks or assets, the Conditions and the relevant Issue Terms of the Notes issued in relation to the Compartment, and the reference currency or other distinguishing characteristics.

The specific objects of each Compartment and the Conditions of the Notes issued in respect of it shall be determined by the Board. Each Noteholder shall be deemed to fully adhere to, and be bound by, the Conditions applicable to the relevant Notes and the Articles.

If the net assets of Compartment 2018-42 are liquidated, the proceeds of liquidation shall be applied in the order set out in the Conditions. The rights of Noteholders and the rights of creditors in respect of the Notes are limited to the assets of Compartment 2018-42, where these rights relate to Compartment 2018-42 or have arisen at the creation, the operation or the liquidation of Compartment 2018-42.

Fees, expenses and other liabilities incurred on behalf of the Company but which do not relate specifically to any Compartment may, under certain circumstances, be payable out of the assets allocated to Compartments (see "*Allocation of liabilities among all Noteholders*" below). The Board shall ensure, to the extent possible (although there is no guarantee that the Board will be able to achieve this), that creditors of such liabilities expressly waive recourse to the assets of any Compartment. The Board shall establish and maintain separate accounting records for each of the Compartments of the Company for the purposes of ascertaining the rights of the Noteholders of Notes issued in respect of each

Compartment for the purposes of the Articles, the Conditions and the relevant Issue Terms, and such accounting records shall be conclusive evidence of such rights in the absence of manifest error.

The fees, costs and expenses in relation to the Notes will be allocated to Compartment 2018-42.

Contracting on a limited recourse basis

The rights of Noteholders to participate in the assets of the Issuer are limited to the net proceeds of the Mortgaged Property. If the payments received by the Issuer in respect of the Mortgaged Property are not sufficient to make all payments due in respect of the Notes, the obligations of the Issuer in respect of the Notes will be limited to the Mortgaged Property.

To give effect to the provisions of the Securitisation Act 2004 under which the net proceeds of the Mortgaged Property of a Compartment are available only for the Transaction Parties for the relevant Series relating to that Compartment, the Issuer is (subject as provided for in the Trust Deed) permitted only to contract with parties on a "limited recourse" basis such that claims against the Issuer in relation to each Series would be restricted to the net proceeds of the Mortgaged Property of the Compartment for the relevant Series. In addition, the Issuer is (subject as provided for in the Trust Deed) permitted only to contract with parties on a "non-petition" basis. Provided such parties have agreed a non-petition clause, no such party will be able to petition or take any other step for the winding-up or the bankruptcy of the Company or any other similar insolvency related proceedings in Luxembourg. However, there is no guarantee that all claims which arise against the Company will be on a limited recourse and non-petition basis, in particular claims arising from parties which have no direct contractual relationship with the Issuer.

The Mortgaged Property relating to one or more Compartments may be subject to claims by creditors other than the relevant Transaction Parties for the relevant Series (including creditors whose claims are preferred by law), resulting in a shortfall in the amounts available to meet the claims of the relevant Transaction Parties. Noteholders may be exposed to competing claims of other creditors of the Company if foreign courts which have jurisdiction over assets of the Company allocated to a Compartment do not recognise the segregation of assets and the compartmentalisation, as provided for in the Securitisation Act 2004. The claims of these other creditors may affect the scope of assets which are available for the claims of Noteholders and those of the Transaction Parties. If, as a result of such claims, a shortfall arises, such shortfall will be borne by the Noteholders and the Transaction Parties.

Allocation of liabilities among all Noteholders

Any liability which is not a Series-specific liability (that is, it does not relate to any Compartment in respect of which any Series of Notes is issued) which is not otherwise funded may be apportioned between the Series. The apportionment of such liability will reduce the return that would otherwise have been payable on the Notes. The Issuer will seek to contract with all counterparties on a limited recourse basis such that claims in respect of any liability which is not Series-specific may not be made in respect of the assets of any Compartment.

The rights of creditors whose claims have not arisen in connection with the creation, operation or liquidation of a Compartment and which have not waived their recourse to the assets of any Compartment (the "**Non Compartment-Specific Claims Creditors**"), shall be allocated by the Issuer on a half year basis in arrear to all the Compartments (on an equal basis and *pro rata temporis* for Compartments created within such half year) where the relevant Conditions or the Articles expressly authorise Non Compartment-Specific Claims Creditors to have recourse against the rights and assets allocated to such Compartments. Such rights of a Non Compartment-Specific Claims Creditor against a Compartment are hereinafter referred to as the "**Pro Rata Rights**". Each Non Compartment-Specific Claims Creditor acknowledges and accepts that such Pro Rata Rights are subject to the rights of any creditor having the benefit of any security created over such assets allocated to a Compartment and

once all the assets allocated to a Compartment in respect of which it has Pro Rata Rights have been realised, it is not entitled to take any further steps against the Issuer to recover such Pro Rata Rights and the right to receive any sum in respect of the Pro Rata Rights shall be extinguished.

Consequences of winding-up proceedings

The Company is structured to be an insolvency-remote vehicle.

The Company will seek to contract only with parties who agree not to make any application for the commencement of winding-up, liquidation or bankruptcy or similar proceedings against the Company. Legal proceedings initiated against the Company in breach of these provisions shall, in principle, be declared inadmissible by a Luxembourg court.

However, if the Company fails for any reason to meet its obligations or liabilities, a creditor who has not (and cannot be deemed to have) accepted non-petition and limited recourse provisions in respect of the Company is entitled to make an application for the commencement of insolvency proceedings against the Company. In that case, such creditor should not have recourse to the assets of any Compartment but would have to exercise his rights over the general assets of the Company, unless his rights arise in connection with the “creation, operation or liquidation” of a Compartment, in which case the creditor would have recourse to the assets allocated to that Compartment (subject to the rights of any creditor having the benefit of any security created over such assets allocated to such Compartment) but not to the assets of any other Compartment.

Furthermore, the commencement of such proceedings may, in certain conditions, entitle creditors to terminate contracts with the Company and claim damages for any loss suffered as a result of such early termination.

The Company is insolvency-remote, not insolvency-proof.

Disposal Agent appointment to terminate on a Company Bankruptcy Event

If the Company is subject to a Bankruptcy Event, the appointment of the Disposal Agent shall be terminated as a matter of Luxembourg law, such that the Disposal Agent will no longer be authorised to Liquidate the Collateral.

Certain powers may not be enforceable under Luxembourg law

Certain powers of the Trustee or any receiver as conferred to it under the Law of Property Act 1925 or the Insolvency Act 1986 may not be enforceable under Luxembourg law.

Fees and expenses

The Noteholders should note that fees and expenses (including fees payable to the Dealer and/or the Trustee) may rank senior to payments of principal and interest on the Notes.

Early Redemption Amount

The Notes are subject, amongst other things, to the credit risk of the Original Collateral Obligor, the Custodian and the Swap Counterparty and to the market risk of the Collateral.

If (i) a Collateral Event occurs with respect to the Original Collateral, (ii) certain tax events occur with respect to the Notes or the Original Collateral, (iii) the Swap Agreement is terminated early, (iv) a Counterparty Bankruptcy Credit Event occurs, (v) certain events occur which make it unlawful for the Issuer to perform certain obligations, comply with material provisions of agreements entered into in connection with the Notes or hold Original Collateral, (vi) certain Events of Default occur or, (vii) certain regulatory events occur, interest shall be deemed to have ceased to accrue from and including the immediately preceding Interest Payment Date or (if no such preceding Interest Payment Date) the Issue

Date, each Note will fall due for redemption at an amount equal to its Early Redemption Amount and no further payments of interest and/or principal in respect of the Notes will be due and payable.

The Early Redemption Amount is a combination of physical delivery of the Original Collateral and distribution of any cash amounts that may be distributable. Upon the receipt of an Early Redemption Notice, the Noteholders will be deemed to have elected to receive the Physical Redemption Amount (instead of the Early Cash Redemption Amount) and, accordingly, must satisfy the Pre-Conditions to Delivery (unless any Pre-Conditions to Delivery are waived by the Calculation Agent), including the requirement to surrender the Notes at the Issuing and Paying Agent's Specified Office, to deliver a Delivery Instruction Certificate (the form of which is set out in the Principal Trust Deed) to the Issuing and Paying Agent and to pay all costs and expenses payable in connection with the delivery of such Physical Redemption Amount. Prior to any such physical delivery of Original Collateral or distribution of cash amounts by the Issuer (who will instruct the Custodian to effect such delivery or distribution accordingly) to the Noteholders, any amounts due to the Swap Counterparty or any other creditors senior to the Noteholders in the waterfall will be funded by partial, or complete, as the case may be, Liquidation of the Original Collateral. The amount of Original Collateral physically delivered to Noteholders will therefore be exposed to the market value obtainable in respect of such Original Collateral so Liquidated. Noteholders will also, as a result of the way in which the Early Redemption Amount is determined, be exposed to the market value of the Swap Agreement.

Prospective Noteholders must read and understand all the provisions herein that relate to the calculation of the Early Redemption Amount before investing in the Notes, including provisions related to the calculation of any Physical Redemption Amount as set out in Condition 8(q) (*Physical Redemption Amounts*).

An event may constitute a Collateral Event for these purposes even if it occurs prior to the Issue Date, provided that it occurs on or after the Initial Trade Date.

Liquidation of the Collateral

Where the Disposal Agent is required to liquidate Collateral following an early redemption of the Notes, it shall do so by obtaining five Quotations (as defined in the Conditions) from dealers in the market and selling the Collateral to the dealer with the highest Quotation. Where an asset the value of which is being sought is illiquid or of a low notional amount and a value for such asset is being sought, there may be limited availability of dealers willing to provide Quotations. In such circumstances, the Disposal Agent may receive limited Quotations and may even sell such assets at zero. No assurance can be given that any Quotations will be available.

Swap Counterparty exposure

Upon the scheduled maturity of the Original Collateral, the redemption proceeds in respect thereof are expected to be used by the Issuer to satisfy its payment obligations to the Swap Counterparty under the Swap Transaction. Such payment obligations fall due on the Business Day immediately following the scheduled maturity of the Original Collateral. Following its payment of such redemption proceeds to the Swap Counterparty, the Issuer will rely solely upon the amounts payable to it by the Swap Counterparty under the Swap Transaction (which are due on the Business Day preceding the Maturity Date) to fund its redemption on the Notes (see also "*Maturity Date extension and suspension of payments*" below). As a result, in these circumstances, the Issuer and the Noteholders are exposed to the credit risk of the Swap Counterparty and will not have the benefit of any security over the Original Collateral or redemption proceeds thereof.

Application of negative interest rates to amounts held by a Custodian

Negative interest rates may apply from time to time in certain circumstances to any cash funds held by the Custodian on behalf of the Issuer which have been transferred by the Swap Counterparty to cover its credit risk under the Credit Support Annex or derive therefrom. To the extent that such negative interest rates were to apply, the amount of cash collateral held by the Issuer in respect of its exposure to the Swap Counterparty would be reduced. Whilst the application of any negative interest rates will ultimately be borne by the Swap Counterparty unless the Swap Agreement is terminated as a result of an Event of Default thereunder by either the Issuer or the Swap Counterparty or as a result of a Counterparty Bankruptcy Credit Event, where such a termination does occur as a result of such an Event of Default or Counterparty Bankruptcy Credit Event the reduction in funds held by the Custodian could increase the amount to be claimed by the Issuer from (and therefore the credit risk to) the Swap Counterparty under the Swap Agreement.

Further, negative interest rates may apply from time to time in certain circumstances to any cash funds held by the Swap Counterparty which have been transferred by the Issuer to cover its credit risk under the Credit Support Annex or derive therefrom. To the extent that such negative interest rates were to apply, the amount of cash collateral held by the Swap Counterparty in respect of its exposure to the Issuer would be reduced, and accordingly, the Issuer may need to transfer additional Eligible Credit Support to the Swap Counterparty under the Credit Support Annex.

Maturity Date extension and suspension of payments

If the Calculation Agent determines that facts exist which may (assuming the expiration of any applicable grace period) amount to a Collateral Event, no payment of principal or interest shall be made by the Issuer in respect of the Notes for a period of ten Business Days following such determination (the “**Suspension Period**”), and the Calculation Agent shall give written notice to the Issuer, the Issuing and Paying Agent, the Trustee and the Noteholders of such determination. If, at any time during the Suspension Period, the Calculation Agent determines that a Collateral Event has occurred then the Notes shall redeem early pursuant to the Issue Terms. If, on the final Business Day of the Suspension Period, no such determination has been made then the balance of the principal or interest that would otherwise have been payable in respect of the Notes shall be due on the second Business Day after such final Business Day of the Suspension Period. Noteholders shall not be entitled to a further payment as a consequence of the fact that such payment of such principal or interest is postponed.

Provision of information

Neither the Issuer nor the Dealer (i) has provided (beyond what is included in this Series Prospectus) or will provide prospective purchasers of Notes with any information or advice with respect to the Original Collateral, the Original Collateral Obligor, the Custodian or the Swap Counterparty, or (ii) makes any representation as to the credit quality of the Original Collateral, the Original Collateral Obligor, the Custodian or the Swap Counterparty. The Issuer and/or the Swap Counterparty may have acquired, or during the term of the Notes may acquire, non-public information with respect to each other, the Custodian, the Original Collateral and the Original Collateral Obligor which will not be disclosed to Noteholders. The timing and limited scope of the information provided to Noteholders regarding the Original Collateral, the Original Collateral Obligor and the occurrence of a Collateral Event, may affect the liquidity of the Notes and the ability of Noteholders to value the Notes accordingly. Neither the Issuer nor the Dealer is under any obligation to make such information, whether or not confidential, available to Noteholders.

Business relationships

There is no limitation or restriction on Credit Suisse International or any of its affiliates with regard to acting as adviser (or acting in any other similar role) to other parties or persons or entering into,

performing or enforcing its rights in respect of a broad range of transactions in various capacities for its own account and for the account of other persons from time to time in relation to its business. This, and other future activities of it and/or its affiliates, may give rise to conflicts of interest. These interests may conflict with the interests of the Noteholders, and the Noteholders may suffer a loss as a result.

The Issuer and/or the Swap Counterparty may have existing or future business relationships with the Original Collateral Obligor (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that it deems or they deem necessary or appropriate to protect their and/or its interests (in whatever capacity) arising therefrom (including, without limitation, any action which might constitute or give rise to a Collateral Event) without regard to the consequences for a Noteholder.

The Issuer and the Swap Counterparty may deal in any derivatives linked to the Original Collateral and any other obligations of the Original Collateral Obligor and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with the Original Collateral Obligor and may act with respect to such business in the same manner as each of them would have had the Notes not been in issue, regardless of whether any such action might have an adverse effect on the Original Collateral, the Original Collateral Obligor or the position of a Noteholder or otherwise.

No claim against the Original Collateral Obligor

The Notes will not represent a claim against the Original Collateral Obligor and, in the event of any loss, a Noteholder will not have recourse under the Notes to the Original Collateral Obligor.

In particular, Noteholders will not have:

- (i) the right to vote or give or withhold from giving any consent in relation to the Original Collateral Obligor;
- (ii) the right to receive any coupons, fees or other distributions which may be paid by the Original Collateral Obligor to holders of Original Collateral; or
- (iii) the right to receive any information from the Original Collateral Obligor.

Accordingly, an investment in the Notes is not equivalent to an investment in the Original Collateral.

Determinations

The determination as to whether a Collateral Event has occurred shall be made by the Calculation Agent and without regard to any related determination by the Original Collateral Obligor or any action taken, omitted to be taken or suffered to be taken by any other person, including, without limitation, any creditor of the Original Collateral Obligor.

Original Collateral

The outstanding principal amount of the Original Collateral held on behalf of the Issuer may be reduced from time to time (to an amount not less than zero) to the extent that Original Collateral is required to be transferred to the Swap Counterparty pursuant to the Credit Support Annex. Such a transfer will be required under the Credit Support Annex if the value of the Swap (as determined by Credit Suisse International in its role as Valuation Agent under the Credit Support Annex) increases in value from the Swap Counterparty's perspective, which may result from, among other things, a deterioration in the creditworthiness of the Original Collateral Obligor.

Where the Original Collateral Obligor does not make a payment due to the Issuer in respect of the Original Collateral in the currency such payment was originally scheduled to be made, the Issuer is unlikely to be able to make the related payments due to the Swap Counterparty under the Swap

Agreement, which will result in the Notes being redeemed early. As such, the ability of the Issuer to meet its obligations under the Swap Agreement will depend on the receipt by it of the payments due from the Original Collateral Obligor in respect of the Original Collateral in the originally scheduled currency.

Exchange rates and exchange controls

The Issuer will pay principal and interest on the Notes in EUR. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than EUR. These include the risk that exchange rates may significantly change (including changes due to a devaluation of EUR or a revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to EUR would decrease (i) the Investor's Currency equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal and interest payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less principal than expected, or no principal at all.

Further, if the Notes are redeemed early, the Disposal Agent may have to determine a representative spot foreign exchange rate to apply to the USD proceeds of scheduled redemption of the Original Collateral in order to convert the same into EUR.

No secondary market

No secondary market is expected to develop in respect of the Notes and, in the unlikely event that a secondary market in the Notes does develop, there can be no assurance that it will continue. Accordingly, the purchase of Notes is suitable only for investors who can bear the risks associated with a lack of liquidity in the Notes and the financial and other risks associated with an investment in the Notes.

Reliance on creditworthiness of Credit Suisse International

The ability of the Issuer to meet its obligations under the Notes depends on the receipt by it of payments under the Swap Agreement. Furthermore, the ability of the Issuer to meet its obligations under the Notes may be impaired if Credit Suisse International (acting as the Arranger, amongst other capacities) fails to pay the Issuer's fees and expenses and neither the Trustee nor the holders of the Notes elect to pay such fees and expenses. Investors in the Notes are accordingly exposed, as to both principal and interest, to the credit risk of Credit Suisse International.

Default by the Swap Counterparty may result in the termination of the Swap Agreement and, in such circumstances, any amount due to the Issuer upon such termination may not be paid in full. If, on the termination of the Swap Agreement, an amount is payable by the Swap Counterparty to the Issuer (for the avoidance of doubt, taking into account any collateral posted between the parties pursuant to the terms of any Credit Support Annex to the Swap Agreement), then the Issuer shall have an unsecured claim against the Swap Counterparty. Any termination of the Swap Transaction under a Swap Agreement will result in a redemption in full of the Notes at their Early Redemption Amount. Upon any such redemption, the amount paid or delivered to Noteholders to redeem the Notes may be significantly less than the Noteholder's original investment in such Notes and may be zero.

Potential investors should further note that Credit Suisse International may be subject to recovery and resolution measures pursuant to national laws transposing and implementing the EU Bank Recovery and Resolution Directive (the "**BRRD**"). These measures are intended to be used prior to the point at which any insolvency proceedings with respect to Credit Suisse International could have been initiated. Recovery and resolution measures available to a resolution authority (being a relevant regulator of Credit Suisse International) include the ability to modify contractual arrangements in certain circumstances; powers to suspend enforcement or termination rights that might be invoked as a result of the exercise of

the resolution powers; and powers for a resolution authority to disapply or modify laws (with possible retrospective effect). A resolution authority may also exercise the "bail-in tool" to enable it to recapitalise an institution in resolution by allocating losses to its shareholders and unsecured creditors (which potentially includes the Issuer) in a manner that is consistent with shareholders and creditors not receiving a less favourable treatment than they would have received in ordinary insolvency proceedings of the relevant entity (known as the "no creditor worse off" safeguard). The bail-in tool also includes the power to cancel a liability or modify the terms of contracts for the purposes of reducing or deferring the liabilities of the relevant entity under resolution and the power to convert a liability from one form or class to another.

The Issuer is not within scope of the BRRD because it is not a bank or investment firm or an affiliate of such. However, the exercise of any resolution power by a resolution authority vis-à-vis Credit Suisse International, including exercise of the bail-in tool, or any suggestion of any such exercise, could:

- (i) materially adversely affect the rights of the Noteholders, the price or value of their investment in the Notes; and/or
- (ii) result in the cancellation or deferral of all, or a portion, of any close-out amount owed to the Issuer by the Swap Counterparty; and/or
- (iii) impair the ability of the Issuer to satisfy its obligations under the Notes; and/or
- (iv) lead to Noteholders losing some or all of the value of their investment in such Notes.

A resolution authority is not required to provide any advance notice to the Issuer or to holders of the Notes of its decision to exercise any resolution power in relation to the Swap Counterparty. Therefore, holders of the Notes may not be able to anticipate a potential exercise of any such powers nor the potential effect of any exercise of such powers on the Swap Counterparty (and indirectly on the Issuer and the Notes). The Issuer, the Trustee and the Noteholders may have only very limited rights to challenge and/or seek a suspension of any decision of a resolution authority to exercise its resolution powers or to have that decision reviewed by a judicial or administrative process or otherwise. Furthermore, even in circumstances where a claim for compensation is established under the "no creditor worse off" safeguard in accordance with a valuation performed after the resolution action has been taken, it is unlikely that such compensation would be equivalent to the full losses incurred by the Issuer (and indirectly by the Noteholders) in the resolution and there can be no assurance that the Issuer (and indirectly the Noteholders) would recover such compensation promptly.

Benchmarks and the risk of a Reference Rate Event

Reference rates and indices, including interest rate benchmarks such as the London Interbank Offered Rate, which are used to determine the amounts payable under financial instruments or the value of such financial instruments ("**Benchmarks**") have, in recent years, been the subject of political and regulatory scrutiny as to how they are created and operated. This has resulted in regulatory reform (including, in the European Union, through implementation of the EU Benchmark Regulation) and changes to existing Benchmarks, with further changes expected.

As the Notes reference a Benchmark, there is a risk that a Reference Rate Event could occur in respect of such Benchmark. There is no certainty as to when a Reference Rate Event may occur. If a Reference Rate Event does occur in respect of such Benchmark (or any Benchmark referenced by a Replacement Reference Rate), the Calculation Agent will attempt to (i) identify an alternative Benchmark and (ii) calculate an Adjustment Spread that will be applied to the alternative Benchmark to take account of any transfer of economic value that would otherwise occur by replacing the relevant Benchmark.

Investors in the Notes should be aware that (a) the application of any alternative Benchmark (notwithstanding the inclusion of any Adjustment Spread) could result in a lower amount being payable to

Noteholders than would otherwise have been the case and (b) if no alternative Benchmark can be identified or Adjustment Spread calculated by the Calculation Agent, the Notes will be the subject of an early redemption. There is no guarantee that an alternative Benchmark will be identified or an Adjustment Spread calculated by the Calculation Agent and the less liquidity a Benchmark has, the greater the risk that a Reference Rate Event will cause either a transfer of economic value from the Noteholders to the Issuer or an early redemption of the Notes.

In the case of a discrepancy or conflict with such Master Conditions, the following Issue Terms shall prevail.

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available at any time to any retail investor in the European Economic Area (“**EEA**”). Master Condition 8(c)(ii) (*Redemption Following a Collateral Event*) shall be amended by replacing the words “each Note shall become due and payable on the related Early Redemption Date at its Early Cash Redemption Amount” with the following:

“each Note shall become due and payable on the related Early Redemption Date at its Early Redemption Amount”.

2 Amendment to Master Condition 8(i)(iii) (*Redemption Following a Regulatory Event*)

Master Condition 8(i)(iii) (*Redemption Following a Regulatory Event*) shall be amended by replacing the words “each Note shall become due and payable on the related Early Redemption Date at its Early Cash Redemption Amount” with the following:

“each Note shall become due and payable on the related Early Redemption Date at its Early Redemption Amount”.

SCHEDULE 2 TO THE ISSUE TERMS - BENCHMARK PROVISIONS

1 Amendment to Condition 1(a) (Definitions) – Additional Definitions

“Adjustment Spread” means the adjustment, if any, to a Replacement Reference Rate that the Calculation Agent determines is the Industry Standard adjustment which is required in order to reduce or eliminate, to the extent reasonably practicable, any transfer of economic value from the Issuer to the Noteholders (or vice versa) as a result of the replacement of the Reference Rate with the Replacement Reference Rate. Any such adjustment may take account of, without limitation, any transfer of economic value as a result of any difference in the term structure or tenor of the Replacement Reference Rate by comparison to the Reference Rate. The Adjustment Spread may be positive, negative or zero or determined pursuant to a formula or methodology.

“Administrator/Benchmark Event” means the occurrence of a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event, being treated for the purposes of the Notes as having occurred on the Administrator/Benchmark Event Date.

“Administrator/Benchmark Event Date” means:

- (i) in respect of a Non-Approval Event, the date on which the relevant authorisation, registration, recognition, endorsement, equivalence, approval, inclusion in any official register or compliance with similar regulatory or legal requirement is required under any applicable law or regulation or, if such date occurs before the Initial Trade Date, the Initial Trade Date;
- (ii) in respect of a Rejection Event, the date on which the relevant application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register is rejected or refused or, if such date occurs before the Initial Trade Date, the Initial Trade Date; and
- (iii) in respect of a Suspension/Withdrawal Event, the earliest date on which the relevant competent authority or other relevant official body suspends or withdraws the authorisation, registration, recognition, endorsement, equivalence decision or approval or the date on which the Reference Rate or the administrator of the Reference Rate is removed from the official register, as applicable, or if such earliest date occurs before the Initial Trade Date, the Initial Trade Date.

“Alternative Pre-nominated Reference Rate” means the first of the indices, benchmarks or other price sources specified as such in the Issue Terms and not subject to a Reference Rate Event.

“Cut-off Date” means the 60th Reference Business Day following the occurrence of the Reference Rate Event.

“EU Benchmark Regulation” means Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014.

“Industry Standard” means, in respect of a Reference Rate and an Adjustment Spread, any (i) index, benchmark or other price source or (ii) spread or formula or methodology for calculating a spread (as applicable), that is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference such Reference Rate (which recognition or acknowledgment may be in the form of a press release, a member announcement, a member advice, letter, protocol, publication of standard terms or otherwise by ISDA).

“Non-Approval Event” means, in respect of a Reference Rate:

- (i) any authorisation, registration, recognition, endorsement, equivalence or approval in respect of such Reference Rate or the administrator of such Reference Rate is not obtained;
- (ii) such Reference Rate or the administrator of such Reference Rate is not included in an official register; or
- (iii) such Reference Rate or the administrator of such Reference Rate does not fulfil any legal or regulatory requirement applicable to the Issuer or the Calculation Agent or the Reference Rate,

in each case, as required under any applicable law or regulation in order for the Issuer, the Calculation Agent or any other entity to perform its or their respective obligations under the Notes. For the avoidance of doubt, a Non-Approval Event shall not occur if the Reference Rate or the administrator of the Reference Rate is not included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended if, at the time of such suspension, the continued provision and use of the Reference Rate is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension.

“Reference Rate” means any index, benchmark or price source by reference to which any amount payable under the Notes is determined. To the extent that a Replacement Reference Rate is determined to be used in respect of the Notes, such Replacement Reference Rate shall be a “Reference Rate” during the period in which it is used.

“Reference Rate Event” means:

- (i) a Reference Rate (or the publication thereof) has been permanently discontinued;
- (ii) the occurrence of an Administrator/Benchmark Event; or
- (iii) a Reference Rate is, with respect to over-the-counter derivatives transactions which reference such Reference Rate, the subject of any market-wide development (which may be in the form of a protocol by ISDA) pursuant to which such Reference Rate is, on a specified date, replaced with a risk-free rate established in order to comply with the recommendations in the Financial Stability Board’s paper titled “Reforming Major Interest Rate Benchmarks” dated 22 July 2014.

“Rejection Event” means, in respect of a Reference Rate, the relevant competent authority or other relevant official body rejects or refuses any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to such Reference Rate or the administrator of such Reference Rate under any applicable law or regulation for the Issuer, the Calculation Agent or any other entity to perform its or their respective obligations under the Notes.

“Replacement Reference Rate” means, in respect of a Reference Rate, an index, benchmark or other price source that the Calculation Agent determines to be a commercially suitable alternative for such Reference Rate, provided that the Replacement Reference Rate must be:

- (i) an Alternative Pre-nominated Reference Rate; or
- (ii) the Industry Standard index, benchmark or other price source for such purpose.

If an index, benchmark or other price source is recognised or acknowledged pursuant to paragraph (ii) above, then that shall be the Replacement Reference Rate.

“Suspension/Withdrawal Event” means, in respect of a Reference Rate:

- (i) the relevant competent authority or other relevant official body suspends or withdraws any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation

to such Reference Rate or the administrator of such Reference Rate which is required under any applicable law or regulation in order for the Issuer, the Calculation Agent or any other entity to perform its or their respective obligations under the Notes; or

- (ii) such Reference Rate or the administrator of such Reference Rate is removed from any official register where inclusion in such register is required under any applicable law in order for the Issuer, the Calculation Agent or any other entity to perform its or their respective obligations under the Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or where inclusion in any official register is withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Reference Rate is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension or withdrawal.

2 Additional Redemption Event for purposes of Condition 8(j) (*Redemption Following an Additional Redemption Event*)

The following shall constitute an “Additional Redemption Event” for the purposes of Condition 8(j) (*Redemption Following an Additional Redemption Event*):

“If following the occurrence of a Reference Rate Event:

- (i) the Calculation Agent determines that it cannot identify a Replacement Reference Rate or determine an Adjustment Spread in accordance with Condition 9(g) (*Occurrence of a Reference Rate Event*) on or before the Cut-off Date;
- (ii) it (A) is or would be unlawful at any time under any applicable law or regulation or (B) would contravene any applicable licensing requirements, for the Calculation Agent to perform the actions prescribed in Condition 9(g) (*Occurrence of a Reference Rate Event*) (or it would be unlawful or would contravene those licensing requirements were a determination to be made at such time); or
- (iii) the Calculation Agent determines that an Adjustment Spread is or would be a benchmark, index or other price source whose production, publication, methodology or governance would subject the Calculation Agent or the Issuer to material additional regulatory obligations (such as the obligations for administrators under the EU Benchmark Regulation),

then the Calculation Agent shall give notice of such fact to the Issuer (copied to the Issuing and Paying Agent, the Trustee and the Swap Counterparty).”

3 Amendment to Condition 8(o) (*Suspension of Payments*)

The following two paragraphs shall be included at the end of Condition 8(o) (*Suspension of Payments*):

“If a Reference Rate Event occurs and the Calculation Agent has not identified a Replacement Reference Rate or determined an Adjustment Spread in time for any determination for which the Replacement Reference Rate (as adjusted) is required under the Conditions on or prior to the Cut-off Date (the “**Interim Reference Rate Calculation Date**”), no payment of principal or interest shall be made by the Issuer in respect of the Notes during the period from the Interim Reference Rate Calculation Date to the Cut-off Date (the “**Reference Rate Event Suspension Period**”).

However, if, at any time during the Reference Rate Event Suspension Period, the Calculation Agent identifies a Replacement Reference Rate and determines an Adjustment Spread in respect of such Replacement Reference Rate, then the provisions of Condition 9(g) (*Occurrence of a Reference Rate Event*) shall apply and the balance of the principal or interest that would otherwise have been payable in respect of the Notes shall be due on the second Reference Business Day following such identification

and determination. Noteholders or Couponholders shall not be entitled to a further payment as a consequence of the fact that such payment of such principal or interest is postponed pursuant to this Condition 8(o).”

4 Amendment to Condition 9 (*Calculations and Determinations, Rounding and Business Day Convention*) – Occurrence of a Reference Rate Event

The following shall be included as a new Condition 9(g):

“(g) Occurrence of a Reference Rate Event

If the Calculation Agent determines that a Reference Rate Event has occurred and gives notice of such determination (including a description in reasonable detail of the facts relevant to such determination) to the Issuer (copied to the Issuing and Paying Agent, the Trustee and the Swap Counterparty), then:

- (i) the Calculation Agent shall attempt to identify a Replacement Reference Rate;
- (ii) the Calculation Agent shall attempt to determine the Adjustment Spread; and
- (iii) if the Calculation Agent identifies a Replacement Reference Rate pursuant to paragraph (i) above:
 - (A) the terms of the Notes shall, without the consent of the Noteholders or the Couponholders, be amended so that references to the Reference Rate are replaced by references to the Replacement Reference Rate (provided that the Replacement Reference Rate, after application of the Adjustment Spread, may not be less than zero); and
 - (B) the Calculation Agent shall, without the consent of the Noteholders or the Couponholders, apply the Adjustment Spread to the Replacement Reference Rate and shall make such other adjustments to the Conditions (including, but not limited to, any Business Day, Business Day Convention, Day Count Fraction, Default Interest, Interest Determination Date, Interest Amount, Interest Payment Date, Interest Period, Interest Period End Date and Rate of Interest) as it determines necessary or appropriate in order to account for the effect of the replacement of the Reference Rate with the Replacement Reference Rate and/or to preserve as nearly as practicable the economic equivalence of the Notes before and after the replacement of the Reference Rate with the Replacement Reference Rate.

The Calculation Agent shall not have any duty to monitor, enquire or satisfy itself as to whether any Reference Rate Event has occurred. The Calculation Agent shall not have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that a Reference Rate Event has occurred. If the Noteholders provide the relevant business unit of the Calculation Agent with details of the circumstances which could constitute a Reference Rate Event, the Calculation Agent will consider such notice, but will not be obliged to determine that a Reference Rate Event has occurred solely as a result of receipt of such notice.”

SCHEDULE 3 TO THE ISSUE TERMS - CREDIT SUPPORT ANNEX

Under the terms of the Credit Support Annex, a daily valuation (on each Reference Business Day only) will be performed by the Swap Counterparty (in its capacity as Valuation Agent) as to the Exposure (as defined in the Credit Support Annex) under the Swap Agreement, whereupon (subject to certain thresholds being met, as set out below) a party may be required to transfer Eligible Credit Support (as defined in the Credit Support Annex) to the other party as credit support in order to collateralise any such Exposure. Such Eligible Credit Support may, at the option of the Swap Counterparty where it is required to transfer the same to the Issuer, comprise transferable debt instruments issued by the Original Collateral Obligor (in respect of the Issuer only), the United Kingdom of Great Britain and Northern Ireland, the Republic of France, the Federal Republic of Germany, the Kingdom of Spain, the Portuguese Republic, the Republic of Italy and/or the Kingdom of Belgium.

The Valuation Percentage (as defined in the Credit Support Annex) for Eligible Credit Support transferred as credit support is:

- (i) in respect of (a) the Original Collateral or (b) transferrable debt instruments issued by the Original Collateral Obligor, the Kingdom of Spain, the Portuguese Republic and the Republic of Italy, 80%; and
- (ii) in respect of transferrable debt instruments issued by the United Kingdom of Great Britain and Northern Ireland, the Republic of France, the Federal Republic of Germany or the Kingdom of Belgium, 100%.

The amount of credit support required to be transferred by the Transferor (as defined in the Credit Support Annex) under the Credit Support Annex in respect of a Valuation Date (as defined in the Credit Support Annex) will depend on the Transferee's Exposure to the Transferor under the Swap Agreement and the value of any existing Credit Support Balance (as defined in the Credit Support Annex) held by the Transferee, as determined by the Swap Counterparty (in its capacity as Valuation Agent) in accordance with the terms of the Credit Support Annex, subject to a minimum transfer amount of EUR 100,000.

This means that the minimum value of Eligible Credit Support required to have been transferred by the Swap Counterparty to the Issuer will be equal to the corresponding Exposure of the Issuer.

All valuations will be by reference to the Base Currency under the Credit Support Annex, being EUR.

To the extent that the value of any existing Credit Support Balance held by a party exceeds that party's Exposure to the other party, then such party may be obliged to return any excess credit support to the other party in accordance with the terms of the Credit Support Annex.

3.1 Suspension of Payments and/or postponement of Termination Date relating to a Collateral Event

If the Calculation Agent determines that facts exist which may (assuming the expiration of any applicable grace period) amount to a Collateral Event, (i) no payment shall be made by Party A under this Transaction during the period (the “**Suspension Period**”) of ten Business Days following such determination and (ii) if the Termination Date would fall within the Suspension Period, it shall be postponed until the second Business Day following the end of the Suspension Period. 3.4 Party A hereby agrees to perform all the functions required of it, and Party B hereby agrees that Party A shall be entitled to exercise all rights expressed to be exercisable by Party A, under the terms of the Notes, including (but without limitation) making the calculations and determinations that it is required or entitled to make under the terms of the Notes and delivering the notices that it is required or entitled to deliver under the terms of the Notes. SUBSCRIPTION AND SALE

Prospective purchasers of Notes should read the corresponding section of the Base Prospectus set out in pages 289 to 293 of the Base Prospectus.

TAXATION

Prospective purchasers of Notes should read the corresponding section of the Base Prospectus set out in pages 285 to 288 of the Base Prospectus, save that the section entitled “Luxembourg Tax Considerations” shall be deleted in its entirety and replaced with the following:

“Luxembourg Tax Considerations

Luxembourg Taxation

The following overview is of a general nature. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Taxation of the Issuer

The Company will be considered a fiscal resident of Luxembourg from a Luxembourg tax law perspective and should therefore be able to obtain a residence certificate from the Luxembourg tax authorities.

The Company will be liable for Luxembourg corporation taxes. The current standard applicable rate in Luxembourg city, including corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*) and solidarity taxes, is 26.01 per cent. Liability for such corporation taxes extends to the Company's worldwide profits including capital gains, subject to the provisions of any relevant double taxation treaty. The taxable income of the Company is computed by application of all rules of the Luxembourg income tax law of 4 December 1967, as amended (*loi concernant l'impôt sur le revenu*).

Under certain conditions, dividends received by the Company from qualifying participations and capital gains realised by the Company on the sale of qualifying participations may be exempt from Luxembourg corporation taxes under the Luxembourg participation exemption. The Company may further deduct from its taxable profits at arm's length interest payments made to Noteholders.

A fixed registration duty (*droit fixe spécifique d'enregistrement*) of EUR 75 is payable at the moment of the amendment of the Articles. There is no Luxembourg registration tax, capital tax, stamp duty or any other similar tax or duty payable in Luxembourg in respect of or in connection with the issue of the Notes or in respect of the payment of principal or interest under the Notes or the transfer of the Notes. If any documents in respect of the Notes are registered in Luxembourg, they could be subject to a fixed or an ad valorem registration duty, depending on the nature of the document being registered.

The Company will be subject to lump sum minimum net wealth tax (*impôt sur la fortune*) for an amount of EUR 4,815 if the Company's financial assets (financial fixed assets, amounts owed by affiliated undertakings, transferable securities and cash at bank and in hand) exceed (i) 90% of the Company's balance sheet total and (ii) EUR 350,000.-. In case the latter conditions are not met, the minimum net wealth tax amount ranges from EUR 535.- to 32,100.- depending on the Company's balance sheet total.

Taxation of the Noteholders

Withholding tax

Subject to the discussion of FATCA contained herein, under Luxembourg general tax laws currently in force and with the possible exception of interest paid to certain individual Noteholders there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident Noteholders, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident Noteholders.

Non-resident Noteholders

Subject to the discussion of FATCA contained herein under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident Noteholders, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident Noteholders.

Resident Noteholders

Under the Law of 23 December 2005, as amended, (the "**Law**") payments of interest or similar income made or ascribed by a paying agent within the meaning of the Law established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 20 per cent.

Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Law would be subject to withholding tax of 20 per cent.

Income Taxation

Noteholders who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal.

A Noteholder who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a fixed place of business in Luxembourg, to which the Notes are attributable, is subject to Luxembourg income tax in respect of the interest paid or accrued on, or any other income derived from, the Notes. An individual Luxembourg resident Noteholder, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax in respect of interest or any other income received, except if withholding tax has been levied on such payments in accordance with the Law.

Under Luxembourg domestic tax law, gains realised by an individual Noteholder, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, on the sale or disposal, in any form whatsoever, of Notes are not subject to Luxembourg income tax, provided this sale or disposal took place at least six months after the acquisition of the Notes. An individual Noteholder, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, has further to include the portion of the gain corresponding to accrued but unpaid interest in respect of the Notes in his taxable income, except if (i) withholding tax has been levied on such payments in accordance with the Law, or (ii) the individual Noteholder has opted for the application of a 20 per cent. tax in full discharge of income tax in accordance with the Law, which applies if a payment of interest has been made or ascribed by a paying agent established in an EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than an EU Member State).

The withholding tax or self-applied tax are the final tax liability for the Luxembourg individual resident taxpayers receiving the interest payment in the framework of their private wealth.

Gains realised by a corporate Noteholder or by an individual Noteholder, who acts in the course of the management of a professional or business undertaking, who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a fixed place of business in Luxembourg, to which the Notes are attributable, on the sale or disposal, in any form whatsoever, of Notes are subject to Luxembourg income tax.

A Luxembourg Noteholder that is governed by (i) the law of 11 May 2007 on family estate companies, as amended, by (ii) the law of 17 December 2010 on undertakings for collective investment, as amended, by (iii) the law of 13 February 2007 on specialised investment funds, as amended, or (iv) by the law of 23 July 2016 on reserved alternative investment funds provided that said Noteholder did not foresee in its

incorporation documents that its exclusive object is the investment in risk capital and that article 48 of the aforementioned law of 23 July 2016 applies, will not be subject to any Luxembourg income tax in respect of interest received or accrued on the Notes, or on gains realised on the sale or disposal, in any form whatsoever, of Notes.

Noteholders will not be deemed to be resident, domiciled or carrying on business in Luxembourg solely by reason of holding, execution, performance, delivery, exchange and/or enforcement of the Notes.

Gains realised by a non-resident Noteholder, who does not have a permanent establishment or fixed place of business in Luxembourg, to which the Notes are attributable, on the sale or disposal of Notes are not subject to Luxembourg income tax.

Net wealth tax

A corporate Noteholder, whether it is a resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which such Notes are attributable, is subject to Luxembourg net wealth tax on such Notes, except, excluding the application of a possible minimum net wealth tax, if the Noteholder is governed by (i) the law of 11 May 2007 on family estate companies, as amended, by (ii) the law of 17 December 2010 on undertakings for collective investment, as amended, by (iii) the law of 13 February 2007 on specialised investment funds, as amended, (iv) by the law of 23 July 2016 on reserved alternative investment funds, (v) is a securitisation company governed by the law of 22 March 2004 on securitisation, as amended, or (vi) is a risk capital company governed by the law of 15 June 2004 as amended.

An individual Noteholder, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg net wealth tax on Notes.

Other Taxes

Under present Luxembourg tax law, in the case where a Noteholder is a resident for tax purposes of Luxembourg at the time of his death, the Notes are included in his taxable estate, for inheritance tax purposes and gift tax may be due on a gift or donation of Notes, if the gift is recorded in a Luxembourg deed.”.
